

KNOLLENBERG'S STORE

OUR ANNUAL THANKSGIVING UNDERWEAR SALE!

Begins today, Tuesday, and will close Saturday. It has been our custom for a number of years to give our customers the benefit of a **SPECIAL UNDERWEAR SALE** which has been much appreciated and brought great activity to the department.

Several Thousand Pieces of Underwear

for men, women, youths, misses and children, are embraced in our stock, and a reduction will be made on every piece. Four days' sale — Tuesday, Wednesday, Friday and Saturday (store will be closed on Thursday). It's an opportunity worthy of attention.

THE GEO. H. KNOLLENBERG CO.

Beech-Nut Sliced Beef

DECISION WAS REVERSED

A. H. COLLETT ACQUITTED

Judge Fox renders decision favorable to saloon keeper who was fined by Judge Converse in the City Court.

In the city police court last June, A. H. Collett was fined \$2 and costs for an alleged violation of the liquor laws, it being charged by the police that a colored man had been seen in his saloon on a certain Sunday. Yesterday in the Wayne circuit court where the case was re-tried recently on an appeal from the city court, Judge Fox gave his decision, acquitting Collett. By the testimony of the defendant it was shown that he had been in the saloon on the day in question as he had a right to be. The prosecuting witnesses testified that Collett's reputation for truth and veracity was good, and Judge Fox rendered his judgment on the testimony of the defendant.

When you ask for Mrs. Austin's Pancake flour, insist upon having it and say Mrs. Austin's and no other.

Palladium's Story.

Every reader of the Palladium should follow Anna Katherine Green's "The Filigree Ball," which begins in this issue. Beyond doubt the best story yet published by the Palladium.

Use artificial gas for light and heat.

TAFT WOULDN'T LISTEN

HE CHANGED THE SUBJECT.

Secretary of War Department Refuses to Listen to Reflections on Integrity of Army Engineers Concerning Niagara Falls.

[Publishers' Press.] Washington, Nov. 26.—Secretary Taft of the war department declined to listen to reflections on the integrity of the corps of army engineers and by emphatic interruption changed the course of arguments being made to him by J. H. McFarland, president of the American Civic association of Philadelphia in opposition to the diversion of waters from the Niagara river for the creation of power and for the transmission of power from Canada to the United States. McFarland found fault with statements alleged to have been made in a newspaper interview by Captain Charles W. Kunz of the corps of engineers, who investigated for the war department the applications of persons and corporations for permits to divert water for power.

In addition to officers of the American Civic association the following were present to protest against the diversion of waters from the falls to the amount that grandeur would be interfered with: F. W. Stevens, representing a special committee of the New York chamber of commerce; E. B. De Bevoise, representing the New York Merchants' association; H. A. Potter, a member of the Niagara reservation commission; H. E. Gregory, representing the American Scenic and Historic Reservation society; Dr. John M. Clarke, state geologist of New York.

DESERTION FROM ARMY INCREASING

During Past Year Over Six Thousand Soldiers Quit Without Permission.

MOST IN ARTILLERY RANKS

COLORED SOLDIERS SHOW MUCH HIGHER DEGREE OF FAITHFULNESS THAN THE WHITE REGULARS.

[Publishers' Press.]

Washington, Nov. 26.—Desertion is on the increase in the United States army. The annual report of the military secretary shows that in the year ended June 30 there were 6,258 desertions or 7.4 for every 100 soldiers in the army. In 1905 the rate of desertion was only 6.8, and for the three years previous to that time the rate of desertion was only 6.1. From 1895 to 1904 the average of desertion was only 4.5 per cent. The rate of desertion in 1906 was highest in the field artillery, 9.2 per cent. The cavalry was next with 7.8 per cent.

White soldiers showed a desertion average of 5.4 per cent, while the negro soldiers showed an average of only 2.3 per cent. One-fourth of the desertions were in the first three months of enlistment; 90 per cent of the deserters were of native birth and 89 per cent of the enlisted men in 1906 were of native birth. The rate of desertion among natives and foreigners were about the same.

Of the men who deserted in 1906 813 were apprehended and 240 surrendered to the military authorities. The total number of deserters convicted of desertion, sentenced to confinement and dishonorably discharged was 528.

"The number of desertions," says General Ainsworth, "doubtless will be decreased if the military authorities themselves cease to exercise the leniency with which they have hitherto treated deserters who have been apprehended and returned to military control."

hat in our store reduced. Miss Mary Austin, under Westcott Hotel.

After lagging for several days the measles epidemic has again come to the front. Three cases were reported yesterday.

Father Stanton on "Christian Civilization," Tuesday evening, Nov. 27, St. Mary's Hall.

You will never tire of Mrs. Austin's Pancakes. A fresh supply now on hand at your grocers.

Artificial gas, the 20th century fuel.

Dunne Will Not Preside.

Chicago, Nov. 26.—The negro situation suddenly brought to the acute stage by the radical utterances of Senator Tillman, came to a climax with the announcement by Mayor Dunne that he will not preside or even attend the meeting Tuesday evening, at which the senator is to speak. The mayor's decision came after he was called on by a committee of negroes. The members of the committee denounced the senator as a believer in mob law. They asked that the mayor use the police, if necessary, to prevent Tillman speaking.

CASITORIA. The Kind You Have Always Bought Bears the Signature *Charles H. Fletcher*
