

A Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it contains and holds the solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antifungal. It adds greatly to the efficacy of the Black Cherry bark, Gold Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic or lingering coughs, bronchial throat and lung afflictions, for which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach and those in the early stages of consumption, there can be no better than the glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherry bark in promoting digestion and building up the flesh and strength, controlling the cough and chronic throat and lung afflictions of the whole system. Of course, it is not to be expected to work miracles. It will not cure consumption except in its early stages, will cure rheumatism, chronic coughs, those of long standing, even when the disease has become chronic, lung trouble, and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering coughs, or those of long standing, even when the disease has become chronic, that it has performed its most marvelous cures. Send for and read the little book of extracts, treating of the properties and uses of the several medications recommended by Dr. Pierce. Golden Medical Discovery and learn why this medicine has such a wide range of application in the cure of diseases. It is sent free. Address Dr. R. V. Pierce, Buffalo, N. Y. Contains no alcohol or harmful habit-forming drug. Ingredients all printed on each bottle wrapped in plain English.

Sick people, especially those suffering from diseases of long standing, are invited to consult Dr. Pierce, and learn free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Medical Adviser is sent free on request. Stamps to pay expense of mailing only. Send 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy.

[Publishers' Press.] New York, Dec. 17.—Friends of Commander Robert E. Peary, the Arctic explorer, stated today that the holder of the farthest north record of 87 degrees, 6 minutes, has practically decided to make another trial in search of the North Pole, but one unlike any of his former trials.

INSURANCE VOTES TO BE CAST TODAY

Fight for Control of Big Companies Will Likely End in Supreme Court.

THE OUTLOOK LAST NIGHT

SEEMED THAT BOTH THE MUTUAL AND NEW YORK LIFE ADMINISTRATION TICKETS WILL BE SUCCESSFUL.

[Publishers' Press.] New York, Dec. 17.—At four o'clock Tuesday afternoon the contest for control of the Mutual and New York Life Insurance Companies will have ended and immediately thereafter five representatives of each company, named by State Superintendent of Insurance Otto Kelsey, Jr., will begin the tabulation of the votes that have been cast for members of the new board of trustees. Both sides will have watchers present, and there is every reason to believe tonight that not only will the result of the election be protested but that the highest courts in the United States will be asked to pass upon the legality of the result when finally announced by the inspectors.

A careful canvas of both camps at a late hour tonight indicates that the policy holder's tickets are beaten. Judging from the indications at present, the New York Life Administration ticket will have very nearly one hundred thousand majority out of the total vote cast and the present administration in the Mutual Life will be successful by between 20,000 and 30,000. Although the officials of the two corporations say that the vote will not be more than sixty per cent of the total policyholders, judging from all eighty per cent of the policyholders have voted either yes or no for the administration tickets.

In addition to the New York and Mutual Life elections, there will take place tomorrow, the election of trustees of the Equitable, the Mutual Reserve and the Security Mutual. In all of those however, the present boards will be re-elected, as there is no serious opposition.

Boarding House Land

HERE is always a "star" and a lady with curly hair. And a growler who growls at the pie: There is always a tough and a bokie and a tough and a bokie. And a girl with a squint in her eye. In the Land of the Prune, that is them of my tune. The boarding house land everywhere, Where the prune is the prince and the hash is the pride. Of the landlady dominant there.

Some swear as if Prune Land were viles and accursed;

Some cast it aside with a slur;

Some enter its vast, hidden voids with a smile;

And leave it without a demur.

The youth who has broken the old ties at home.

And sought the far cities to win,

The maiden who typewrites, the middle aged clerk.

By Prune Land are soon gobbed in.

To Prune Land they go, and from Prune Land they come.

But ever in Prune Land there stays

The lady with curly hair and the gent who defers.

To the mistress and finds that it pays.

Sanctimonious and fickle, erudite and unlearned.

Sweet sixteen, the baldheads, the gray,

The "star" who makes good and the tough bloke who kicks—

They are anchored in Prune Land for aye.

Prune breakfasts, prune dinners, prune suppers complete.

Is the round of the diet of prune.

Unashamed, unchanged by the cruel hand of time.

Or the dry or the wet of the moon.

Prune desserts, prune solids, prune dreams through the night.

Prune people to talk with and sing;

In Prune Land the prune lasts the whole winter long.

And begins a fresh reign in the spring.
