

## CHARGE SERIOUS PLOT WANTED TO KILL SHEA

Declared at Trial of Teamsters President That he Was to Have Been Made the Victim of Assassins' Bullet.

[Publishers' Press.] Chicago, Dec. 22.—A plot to assassinate President Cornelius P. Shea of the Teamsters' Union, was charged by the defense today at the trial of the labor leader and seven of his lieutenants on a charge of conspiracy in connection with the big strike of Chicago drivers in 1905.

The accusation was directed at Albert Young, a follower of Shea at the time of the strike but now head of the rival teamsters union. Young is also under indictment but, with three of his supporters, turned state evidence and is trying by his testimony to send his rivals to the penitentiary.

The four men were recently smuggled out of Chicago by the prosecution with the explanation that they were in danger of violence at the hands of members of the Shea faction.

"We are able to show," said Attorney Brady, for the defense, "that within twelve months Young conspired at and assisted in a plot to assassinate Shea. That's why we want him brought back. We learned of this within 48 hours."

"Young and some of his friends offered money to a slagger to put me out of the way," supplemented Shea. "What was they willing to pay," was asked.

"It didn't get that far," answered Shea, doubling his fist. "The man wouldn't touch the job."

The effort to compel the return of the missing men will be continued Monday.

## XMAS VACATION BEGINS

All the Schools in the County, City as Well as County Will Reconvene on Morning of January 2—Uniform Rule.

The schools of the county closed for the holidays Friday and will not reconvene until January 2nd. All the schools will open on the same date, as the County Board of Education deemed it wise to start the remaining half year at the same time thereby doing away with the usual disorder which generally is the most noticeable feature of the re-opening of the schools after the holidays. The Richmond schools will be no exception to the rule, they opening on the same day as the county schools. The Christmas vacation this year is one of the shortest given the children in several years.

### Important if True.

New York, Dec. 22.—Attorney General Hadley of Missouri is credited with the discovery that the Standard Oil company has practically been dissolved in so far as it is in conflict with the federal laws. It is stated on good authority that evidence proving that the holding company known as the Standard Oil company of New Jersey has been dissolved will be presented by the trust attorneys when the government's suit for the dissolution of the trust is begun in St. Louis in January. Officials of the Standard Oil company are emphatic in their denials when questioned on the reported dissolution of the trust. They insisted that no change was contemplated and if it had been effected there would be no reason for keeping it secret.

### Connecting Link Franchise.

New York, Dec. 22.—The deadlock lasting three years over the granting of a franchise to the New York Connecting railroad was broken when Mayor McClellan and a representative of the company agreed on terms. This means that work on the \$20,000,000 improvement which is to unite the Pennsylvania and the New Haven railroads by a belt line around Brooklyn and Long Island City will go ahead soon after Jan. 1. The terms will go to the rapid transit commissioners for final approval. According to the agreement the railroad is to pay 10 per cent more for the franchise than was provided for in the original terms. This makes the price of the franchise \$1,237,500.

### Wage Increase.

Salem, Mass., Dec. 22.—An increase of 5 per cent in wages was announced at the mills of the Naumkeag Steam Cotton company of this city. The increase will go into effect Dec. 31, and will apply to about 1,500 employees. The Naumkeag company never cut the wages of mill hands to conform to the prices paid in other cities.

## FOUND PRIZE AT A RUMMAGE SALE

The Experience of a New Castle Woman is Out of the Ordinary.

### GOT CLOAK AT BARGAIN

HAD BEEN LAID ASIDE CAREFULLY BY ANOTHER WOMAN—PURCHASE PRICE WAS 75 CENTS FOR \$20 GARMENT.

New Castle, Dec. 22. (Spl.)—A story with a moral for women has developed here. The story deals with absent mindedness or carelessness and the lesson drawn from it is that people who possess costly clothes and wish to keep them should not throw them on the bargain table at a rummage sale.

Fair members of the Christian church held a rummage sale in the basement of the church this week, and it was well patronized by persons of a saving disposition, sometimes called "bargain hunters." All articles were "marked down below cost in order to reduce stock," and incidentally to replenish the church treasury.

One woman who recently bought a cloak from a regular storekeeper for \$20 attended the rummage sale, and being warm, she took off her cloak and thoughtlessly laid it on a counter that was covered with articles for sale.

Another woman, a "bargain hunter," entered the room and seeing the nice new cloak on the counter, said to herself: "Here's my opportunity to get a real bargain." She wished to buy a cloak for a friend, but did not care to pay a high price. The "saleslady," new to the business and not having examined the stock, sold the cloak for 75 cents, and the purchaser took her "bargain away."

Half an hour later, when the careless woman who laid the cloak among the "bargains" was ready to go home, she found it had disappeared. Then there was dismay and excitement in the church. Some of the amateur "salesladies" went skimming in a hurry, but it required an hour's time to find the "bargain" purchaser, make the necessary explanation and return the cloak to the hysterical owner.

## ARE SORE AT JEFFERIES

### PUGILIST IN DISFAVOR

His Indifference to Requests that He Act as Referee in Coming Nevada Fight, Causes Sports to Do Much Knocking.

### [Publishers' Press.]

Tonopah, Nev., Dec. 22.—Tonopah fight promoters are much disgusted with the treatment they have received from Jefferies in their negotiations for a referee for the Gans-Herman battle.

"It will be a long time before Jefferies will be asked to officiate at a fight before my club," said Matchmaker Riley, soon after the conclusion of arrangements with Jack Welch to figure as third man in the ring.

What irritated the fight magnates was Jefferies' failure even to notice the offers from the Casino Club. "He might at least have had the courtesy to answer my messages," added Riley.

The Herman men would have preferred Siler to Welch but made no strong objection to the latter's selection. Welch has been acting as referee in the West for several years and bears an excellent reputation for ability and fairness.

Though the odds in Gans favor are holding up well there is plenty of Herman money in circulation and many big wagers were made today. Adolph Marks, a prominent Chicago lawyer and life-long friend of the kid placed \$2,000 against \$6,000 on the latter, the Gans backer being James Garry, a Wall street broker who has seen the negro fight several times and thinks he has no equal in his class.

At least \$10,000 more in Herman money will arrive from Chicago next week in the hands of Sam Rotchild.

## BURGLARS CAUSED FIRE

### THREE PERSONS ARE DEAD

Blaze Which Destroyed Residence and Cremated Mrs. Alice McWhitney and Two Children, Was Due to Peculiar Cause.

[Publishers' Press.] Paterson, N. J., Dec. 22.—The authorities now believe that the visit of burglars to the house was the cause of the fire at Pompton Plains, in which Mrs. Alice McWhitney and her two little daughters, Helen, 7 years old, and Elizabeth, five years old, perished. A thorough search of the ruins has revealed the fact that all the valuable silverware, of which Mr. McWhitney was known to have a great amount, was missing, although articles as small as Mrs. McWhitney's diamond and wedding rings, when recovered from the ruins, were found to be unharmed by the heat.

The theory is that Mrs. McWhitney heard noises, got up, took a lamp and went down to find the cause. When she got there and found that there were burglars in the house, it is supposed that she fainted and that the overturned lamp set her and the house on fire. The burglars, frightened by the noise and the flames, the authorities believe, fled with their booty, leaving the unconscious woman and little girls alone in the burning house.

## Teachers Will Attend.

Not only Richmond, but Wayne county generally will be well represented by teachers at the meeting of the State Association at Indianapolis this week. Reports from various points in the county indicate this.

Andrew Carnegie has come to the assistance of the Enoch Pratt Library of Baltimore, with a suit of \$500.00 for the expansion of its work in the establishment of twenty branch libraries.

HERE is no special argument needed these days to impress people with the fact that really good beer is beneficial to one's health. Almost everybody recognizes its value as a tonic. The real issue is GOOD beer, and in this day of scientific brewing it is one's own fault if he selects a poor article of beer for home use. When one investigates the methods of brewing in vogue at the MINCK BREWERY it is plain that there is something gained in the scientific process as against the old methods. Then when the certificates of analysis made by proper officials shows that MINCK'S BEER fulfills the requirements of the pure food laws, there is no getting away from the fact that the product of the Minck Brewery is superior to most other brews and equals the best. Just ask your neighbor what beer he uses in his home. It is reasonable to expect that he will say "MINCK'S RICHMOND EXPORT." Order a case, either pints or quarts
