

## MANY NEW LAWS NOW IN EFFECT

Pure Food, Anti-pass, Denatured Alcohol and Other Legislation Takes Life.

### ENACTED LAST SESSION.

STATUTES ARE MOST IMPORTANT TO THE COUNTRY AT LARGE—LICENSING OF DRUGGISTS IN DISTRICT OF COLUMBIA.

[Publishers' Press.]  
Washington, Jan. 1.—Tuesday was the beginning of the life of several legislative acts of congress, important alike to the nation as a whole and to the citizens of the District of Columbia. These are the free alcohol law, the pure food law, the anti-pass act, the modification of the navigation laws to simplify enrollments and licenses, and a law with reference to the licensing of druggists in the District of Columbia.

The pure food law contemplates bringing from interstate commerce food that are injurious to health, and it free alcohol law is intended to assist farmers and smaller users of power to have a fuel that in efficiency and cost shall be cheaper than gasoline or kerosene.

The anti-pass provision of the interstate commerce law forbids common carriers, directly or indirectly giving free tickets or passes for passengers, except to employees of their roads and their families, agents of carriers, and their surgeons, physicians and attorneys, to persons engaged in religious and charitable work and to certain other specified classes.

### Treated as Anarchists.

[Publishers' Press.]  
San Francisco, Jan. 1.—Acting under orders from Washington, a secret agent is engaged in an investigation of the so-called Japanese socialist organization, whose organ is the "Revolution," published at Berkeley. The commissioner of immigration is also giving his attention to the matter. It is stated that according to the definition of the immigration law the Japanese of Berkeley who issued the paper contained a veiled threat against the president are anarchists, and as such are subject to deportation.

## NEWS OF THE THEATERS

### Vaudeville at the Phillips.

It is a safe prediction that every man, woman and child in Richmond who cares in the least for vaudeville will take occasion to see the bill that is running at the New Phillips this week, for without a doubt it has not been equaled in months. Business so far this week has been so large that no doubt remains that it is to be one of the banner weeks in the history of this style of entertainment at this house. Sid Baxter, aerial bicyclist and juggler, is a most interesting personage in addition to his ability to entertain. He has been over a large portion of the earth and at one time came very near trying to walk a slack wire over a volcano in the Hawaiian Islands. The Boxing Horners and Clark and Temple are two as good teams as can be secured for vaudeville circuits that include cities the size of Richmond. But these are only the high places in the bill and in addition there is Carl Raymond, comedy acrobat, singer and dancer, piano overture, illustrated songs and motion pictures. Today a souvenir matinee will be given and on Saturday a special matinee for children, with a double performance on Saturday night. Manager Murray is highly pleased with the start he has made on the New Year.

### The Country Jay—Gennett.

There is but one Geo. Wood, and if you fail to see him, as Zeb Hawkins, The Country Jay at the Gennett tonight you will miss the best treat of the season. There is not other comedian so funny, there is no other play that produces so many laughs.

There is not a drone in the company, every character is in the hands of an artist of recognized ability. This company gives its show on the stage not on the street. Be in your seat early as the fun starts at the rise of the curtain at the Gennett today, matinee and night.

## EIGHT ARE ACQUITTED

### FOURTEEN MORE FOR TRIAL.

The Alleged Revolutionists Who Have Faced Court in Mexico Exonerated—Three Men Blown to Pieces by Explosion.

[Publishers' Press.]

El Paso, Tex., Jan. 1.—Eight of the 22 alleged revolutionists arrested in Jaurez by Mexican authorities some weeks ago and taken to Chihuahua for trial arrived at home, having been acquitted by the court. The remaining 14 are yet to be tried.

Three men were blown to pieces and three mortally wounded by the explosion near Parral, Chihuahua, Mexico, of two boxes of dynamite. The six men were at work in an excavation when the explosion occurred. It is not known what caused it.

The grand jury was called in special session here to investigate wholesale charges of election frauds, particularly with reference to violation of the law which makes it a crime to pay the poll tax of others. This practice is widespread along the border and this action of the courts created a sensation. It promises to uncover a number of scandals.

### Damages For Boycot.

[Publishers' Press.]

Logan, O., Jan. 1.—Joseph Brooker, saloonkeeper, filed a petition in Hocking county court of common pleas asking \$2,000 damages from a dozen members of the Ohio Liquor league. He alleges that the defendants unlawfully combined together for the purpose of boycotting him, that they have prevented him from purchasing beer, bread and buns, ice and other necessary articles, and that he has been compelled to purchase from business houses of other cities, to his great detriment and damage. He was granted a temporary injunction against defendants under \$300 bond. It is said that Brooker was a member of the same league and violated an agreement to sell no large glasses of beer.

### Big Distillery Fire.

[Publishers' Press.]

Cincinnati, O., Jan. 1.—The entire series of buildings owned and operated by the Diamond Distilleries company, from 418 to 425 East Pearl street, was gutted by fire. ### Deadlock Broken.

Dover, Del., Jan. 1.—The deadlock in the house Republican caucus over the election of a candidate for speaker was broken after an all-night contest. Richard Hodgson, favored by Senator Higgins, was selected for speaker over the candidate favored by Senator Alee.

[Publishers' Press.]

Madrid, Jan. 1.—The formal signing of the Alger-Ciras convention took place at the state department here in the presence of representatives of all the nations who took part in the conference. The ratification of the United States contains the reservation formulated by Henry White, who was head of the United States delegation to the conference April 7, and the resolution of the United States senate Dec. 12. The reservation made by the United States sets forth that it does not accept the obligation of responsibility with measures necessary to carry out the provisions of the protocol. The signatures of United States delegates at Alger-Ciras were preceded by the words: "Under reserve. This declaration made at a plenary sitting of the conference April, 1906." After the conclusion of this formality there was a gala banquet in honor of the plenipotentiaries at which members of the cabinet, diplomatic representatives in Madrid and prominent Spanish statesmen were present.

## ROCKEFELLER ADDS THREE MILLIONS

Oil King Makes Handsome New Year's Gift to the University of Chicago.

### IS FOR ENDOWMENT FUND.

FORTY THOUSAND DOLLARS HOWEVER IS SET ASIDE FOR INCREASING THE SALARIES OF THE INSTRUCTORS.

[Publishers' Press.]

Chicago, Jan. 1.—John D. Rockefeller's New Year's gift of nearly \$3,000,000 to the University of Chicago brings Rockefeller's gifts to the university up to a total of \$19,416,922. Announcement of the latest donation was contained in a letter from John D. Rockefeller, Jr., to the acting president, Harry Pratt Judson. The major portion of the gift is to go to the permanent endowment fund of the university, and for this purpose securities with a market value of \$2,700,000 are provided.

The remainder of the gift, \$2,700,000, is to make up the year's deficit, to provide for an increase in the salaries of instructors and to allow appropriations for various purposes. The \$2,700,000 addition to the endowment brings this fund to \$10,452,616. Rockefeller's provision for an annual increase of \$40,000 in the salaries of instructors enables the trustees to proceed along more liberal lines.

## NEW YEAR RECEPTION

### HELD AT THE WHITE HOUSE.

Officials of Different Departments and Citizens Received by the President According to the Established Custom.

[Publishers' Press.]

The president, vice president and members of the cabinet and their wives exchanged new year's greetings in the library.

## BRIDGE QUESTION

### IS UP ONCE MORE

It Is Said the Jar of Traction Cars Is Injuring Main Street structure.

### CITY IS LIKELY TO ACT.

WHEN COMPANIES ARE COMPELLED TO GET NEW FRANCHISES RIGHT TO THE BRIDGE MAY BE LIMITED.

The question whether or not the heavy interurban cars passing with great frequency over the Main street bridge and at speed which may be classified as "fairly rapid," is injuring the structure, is again being considered by the city officers. It is understood that there is evidence to prove that the continued jar brought about by the heavy cars will soon materially injure the great web of steel that spans the Whitewater, if, in fact it already has not done so. One of the possibilities of the future is the compelling of the interurban companies to build their own bridge over the Whitewater and in the face of the present action to compel the corporations to get a franchise in order to be permitted to continue to run over the city's streets, it appears that the city is in position to limit the period which interurban cars may continue to use the bridge.

### Pay Depositors in Full.

## ABOLISH ROTTEN EDIBLES

### LAGNIAPPE IS STOPPED.

Merchants and Board of Health Unite to Stop Dread Disease at New Orleans—Malady Was Survival of Spanish Settlers.

[Publishers' Press.]

New Orleans, Jan. 1.—Lagnappe, one of the oldest customs distinctive to New Orleans, was abolished by concerted action of the trades people, especially grocers, at the request of the board of health. Lagnappe is a survival of the Spanish settlers, who preceded the French in Louisiana, and consists in giving to purchasers small favors, such as an apple or a piece of candy. The legend from which the name comes says that the first lagnappe was given by a grocer to a man with a monkey, the lagnappe being for the ape.

The custom has taken the place of trading stamps in many cities. It also was used by sharp buyers as a graft. The board of health stopped it because of rotten edibles given to children. Many persons regret the passing of this custom, declaring that it made children willing to run errands.

### Oppose Demurrage Law.

[Publishers' Press.]

Chicago, Jan. 1.—At a meeting here of presidents of railways entering in Chicago ways and means were discussed for trying to convince shippers that a reciprocal demurrage law would be a bad thing for them as well as the railroads. Plans were formed for a thorough campaign of education among shippers. Conferences will be sought with the principal commercial organizations throughout the country and the railroad side of the matter presented to them.

# Pain

## Wears Out the Nerves.

Do you realize that pain is weakening, and exhausts your vitality? Don't you remember how completely worn out you felt after that last attack of headache, neuralgia, backache, periodical or other spell of suffering? Nearly every case of inflammation, apoplexy, paralysis, epilepsy and insanity is directly due to the weakening influence of pain upon the brain nerves? For this reason every one who suffers from pain of any kind should not fail to get relief as quickly as possible.

You can do this by taking Dr. Miles' Anti-Pain Pills—others do.

"I have used Dr. Miles' Anti-Pain Pills for years, and can say they have never failed. I always keep them in the house. In fact I had rather be without sugar than the Pills. Previous to using them I had always suffered with sick headache, sometimes being in bed for three and four days. I had tried nearly everything I ever heard of, but after a short time the effect would wear off. It is five years now since I began taking Dr. Miles' Anti-Pain Pills, and the results are as good as first."

MRS. W. H. MARSHALL.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit you. If it fails, he will return your money. 25 doses, 25 cents. Never sold in bulk. Miles Medical Co., Elkhart, Ind.
