

**A Heavy Load to Carry.**

Along with dyspepsia comes nervousness and general ill-health. Why? Because a disordered stomach does not permit the food to be properly digested, and the products assimilated by the system. The blood is charged with poisons which come from this disordered digestion, and in turn the nerves are not fed on good blood, and we see symptoms of nervousness, sleeplessness and general breakdown. It is not head work, nor over physical exertion that does it, but poor stomach work. With poor, thin blood the body is not protected against the attack of germs of grip, bronchitis and consumption. Fortify the body at once with Dr. Pierce's Golden Medical Discovery—a rare combination of native medicine roots without a particle of alcohol or dangerous habit-forming drugs.

A little book of extracts, from prominent medical authorities extolling every ingredient contained in Dr. Pierce's Golden Medical Discovery will be mailed free to any address on request by postcard or letter. Address Dr. E. V. Pierce, Buffalo, N. Y.

Many years of active practice convinced Dr. Pierce of the value of many native roots as medicinal agents and he went to great expense, both in time and in money to perfect his own peculiar processes for rendering them both efficient and safe for tonic, alterative and rebuilding agents.

The enormous popularity of "Golden Medical Discovery" is due both to its scientific composition and to the actual medicinal value of the names of the ingredients on the wrapper of every bottle sold gives full assurance of its non-alcoholic character and removes all objection to the use of an unknown or secret remedy. It is not a patent medicine nor a secret one either. This fact puts it in a class all by itself, bearing as it does upon every bottle wrapper the Badge of Honesty, in the full list of its ingredients.

The "Golden Medical Discovery" cures, weak stomach, indigestion, or dyspepsia, torpid liver and biliousness, indigestion, stomach and bowels and all catarrhal affections no matter what parts or organs may be affected with it. Dr. Pierce's Pleasant Pellets are the original little liver pills, first put up 40 years ago. They regulate and invigorate, stomach, liver and bowels. Much imitated but never equalled. Sugar-coated and easy to take.

# A CHEERY HOME

It is the common expression you hear applied to the house that is well supplied with plants during the winter months. They lend an air of comfort to the home and remind one of the balmy days of the warmer months. A fern is especially an attractive plant for indoors during the winter. Practically everyone in Richmond possesses either a Sword fern or a Boston fern, and have enjoyed having them about. Knowing the great popularity of ferns, therefore, the Palladium obtained the exclusive right to offer in connection with the paper three of the Whitmanii ferns to each subscriber. The Whitmanii fern is a variation of the Sword and Boston ferns and completely outshines them in beauty besides being as hardy. The Whitmanii fern is an ideal indoor plant and has only to be seen to be wanted. If the solicitors have not yet visited you let the Palladium office know and a sample Whitmanii fern will be sent to you as quickly as possible, together with the terms under which you may obtain it.
