AFFECTS COLLEGE GRADS

More Experience to Be Demanded Hereafter for Those Who Hold Positions as Consul

(Publishers' Press)

WASHINGTON, Jan. 10.—One result of the adoption of new rules for appointment of consuls after a technical examination was to bring forward a number of applications from young college men and to discourage men of practical business experience from attempting to enter the consular service.

While the material thus offered is pronounced to be excellent of its kind, it is found that a lack of experience in worldly affairs on the part of college applicants tends materially to reduce their usefulness in the beginning.

Therefore, the state department proposed to congress to increase the consular clerks to 30. These will be given some of the younger men, and they will be assigned to duty as assistants to consuls and consuls general.

Experience. After several years apprenticeship of this kind they will be entrusted with consulates.

Eight Fires at Bellaire.

Bellaire, O., Jan. 10.—Eight fires, starting almost simultaneously, threw the city into a panic and dragged the entire population from bed. The cause of the fires was a sudden increase in the natural gas pressure and the flames in each case were extinguished with little loss. Five persons, Frederick Diekel and wife, Harry Diekel and wife and William Mason, were unconscious when rescued. Mason will die.

RESEMBLED NOAH'S FLOOD

California Had a Shower Which Lasted Four Days—Precipitation Heaviest in 18 Years.

(Publishers' Press)

LOS ANGELES, Cal., Jan. 10.—A landslide in El Cajon pass blocked through trains on all roads. The eastbound trains were held in Los Angeles one day. A cave-in at tunnel No. 17, another at the Newhall tunnel and the trouble in Tehachap mountains effectively tied up the Valley line so that it is impossible to say just when it will be open to traffic to San Francisco. On the Coast line to San Francisco, a landslide near Carpinteria, and trouble of a like nature in the vicinity of San Luis Obispo, entirely blocked travel.

Precipitation in the storm that drenched Southern California the past four days is the heaviest in 18 years. The storm was severe in its effects north and east of Los Angeles.

Four or five lives are known to have been lost as an indirect result of the storm.

Santa Barbara, Cal., Jan. 10.—A bridge over the Santa Ynez river, near Lompoc, went down, carrying 20 people into the river. Two persons were drowned and several injured. None of the injured will die.

Once a Queen.

Munden, Austria, Jan. 10.—Princess Mary of Saxe-Altenburg, former Queen of Hanover, who suffered from incurable hernia, necessitating an operation Jan. 6, is dead. Princess Alexandra Mary Wilhelmina of Saxe-Altenburg was born at Hildeburghausen, April 14, 1818, and was married at Hanover Feb. 18, 1843, to Prince George, afterward King George V of Hanover, who died June 12, 1878.

Strike Spreading.

Toledo, O., Jan. 10.—The machinists' strike here took on a serious aspect when 200 men employed in four shops joined the strikers who walked out Monday, after being refused an increase in wages. More men are expected to go on strike before the end of the week.

Smith Parry of Chicago, is visiting Mr. and Mrs. Fred Hauer of South Seventh street.

WILL TETHER WITNESSES

Interstate Commerce Commission Will See to It that Harriman, Rogers and Others Appear.

(Publishers' Press)

CHICAGO, Jan. 10.—Steps for the government regarding the investigation into the management of the Harriman line announced that they will take steps to prevent E. H. Harriman, Henry C. Frick and H. H. Rogers from leaving the jurisdiction of the commission. They will cause the issuance of writs of habeas corpus against the men named, and they will be compelled to remain within the jurisdiction of the commission until they have testified before the board.

Dynamite Cases Dropped.

Wapakoneta, O., Jan. 10.—At the request of Prosecutor Hoskins, Judge Mathers nolleed the indictments pending against Isaac Sheeley, John Sheeley, Lee Sheeley and J. C. Petrie, charged with complicity in an attempt to dynamite the gates at the bulkhead at the Grand reservoir. The death of two state witnesses made trial impossible. Riley Colton and Park Wright, who confessed, implicating the others, are in the dock.

ANOTHER RUSSIAN KILLED

Colonel Patko Andrieff Assassinated—Soldiers Shot at Murderer, But Fail to Hit Him.

(Publishers' Press)

ST. PETERSBURG, Russia, Jan. 10.—Colonel Patko Andrieff, chief of gendarmes of the Lofz district, was shot and killed on the street. A passing infantry patrol fired a volley at the assassin, but only wounded several innocent persons. The assassin escaped.

Sigsbee to Retire.

WASHINGTON, Jan. 10.—It was announced at the navy department that Rear Admiral Charles D. Sigsbee, who was in command of the battleship Maine, when that vessel was blown up and destroyed with great loss of life in the harbor of Havana Feb. 15, 1898, will be placed on the retired list of the navy Jan. 16 on account of age.

MAKE UNAVAILING SEARCH

Revenue Cruisers Look for the Missing "Ponce," But Find No Trace of the Vessel.

(Publishers' Press)

NORFOLK, Va., Jan. 10.—The United States revenue cutters Mohawk and Onondaga, which have been searching for the overdue steamship Ponce, returned to the Virginia capes, both reporting that they were unable to learn anything of the missing vessel. They came to Norfolk for coal, and after filling their bunkers will renew the search.

Cotton Broker Failed.

New York, Jan. 10.—The failure of W. S. Miller of Belton, Tex., a member of the New York Cotton exchange, to meet his financial obligations to members of the exchange, was announced on the floor. Miller's obligations, about \$100,000, were balances due on closed contracts. Miller has been a member of the exchange for several years.

Joint Caucus Called.

Charleston, W. Va., Jan. 10.—Announcement of a joint caucus of the Republican members of the legislature to be held Monday night to decide on a candidate to succeed United States Senator Elkins was read in the legislature.

Use artificial gas for light and heat.

The Palladium gives a dollar each week for the best piece of news "tipped off" to it.

WILL TAKE CARE OF ANTIQUITIES

Congress Authorizes Different Departments to Look Out for Old Relics.

WILL STOP VANDALISM

UNDER THE RULES ADOPTED, PERMITS MUST BE SECURED TO MOVE ANY ANCIENT STRUCTURE OR MONUMENT.

(Publishers' Press)

WASHINGTON, Jan. 10.—Steps were taken by the secretaries of war, interior and agriculture to carry out provisions of the act for preservation of antiquities approved June 8, 1896.

Jurisdiction over ruins, archaeological sites, historic and prehistoric monuments and structures, objects of antiquity, historic landmarks and other objects of historic or scientific interest, shall be exercised as follows: By the secretary of agriculture over lands in exterior limits of military reservations; by the secretary of interior over all other lands owned or controlled by the United States.

Under the rules adopted no permit will be granted to remove any ancient monument or structure which can be permanently preserved under the control of the United States and remaining an object of interest. Permits for examination of ruins, excavation of archaeological sites and gathering of objects of antiquity will be granted by secretaries having jurisdiction to reputable museums, universities, colleges or other recognized science or educational institutions or to their duly authorized agents.

It is also provided that every collection made under authority of the law shall be preserved in the public museum designated in the permit, and shall be accessible to the public. No such collection here will be removed from the museum without the written authority of the Smithsonian institution, and then only to another museum, where it shall be accessible to the public.

It is made the duty of officers in charge of land owned or controlled by the United States to inquire and report to the existence on or near such lands or ruins and archaeological sites, historic or prehistoric ruins or monuments, and other objects of historic or scientific interest with a view to their preservation and exhibition.

CONSIDER JAPS MONGOLS

Several of the Little Fellows Applied for Admission at El Paso, But Were Turned Down.

(Publishers' Press)

EL PASO, Tex., Jan. 10.—Several Japanese who applied to federal authorities here to be allowed to take the preliminary steps towards becoming citizens of the United States were advised to wait until the question of Japanese naturalization is settled.

The authorities hold that Japanese come under clause of the Mongolian race, and therefore are deprived of the right of becoming citizens of the United States under the naturalization law. Until the question is settled, local authorities will not accept the declarations of any Japanese who made his declaration under the old naturalization laws.

Court martial Ordered.

WASHINGTON, Jan. 10.—Secretary Taft telegraphed Brigadier General McCaskey, commanding the department of Texas, with headquarters at San Antonio, to try at once by military court martial Corporal Knowles, company A, Twenty-fifth infantry, colored, who is under arrest at El Reno on a charge of having murderously assaulted Captain Macklin of that regiment.

FLAGS FOR RURAL BOXES

ORDER FROM WASHINGTON

Postmaster Spekenhiser Will Officially Notify all Rural Route Patrons of the New Order—Result of Inspector's Visit.

(Publishers' Press)

Postmaster Spekenhiser, yesterday was requested by the postmaster general at Washington, to notify all the rural route patrons out of Richmond, to immediately place flags on their mail boxes; in order to aid the rural carriers in their work.

The order is a direct outgrowth of the visit of Postoffice Inspector McKorkle, who was here some weeks ago making an inspection of all the rural routes. He spent much time in Wayne county and the order received yesterday is the only improvement suggested by him.

The order is sweeping, as several hundred patrons on the routes out of Richmond have no flags on their boxes, and the carriers have been placed to at disadvantage as it involves more work for them in that they have to stop at each and every box in order to see whether or not they contain mail for collection. When there is mail in the boxes the flag is supposed to be up, and the carrier will then know when to stop, even though he has no mail for that box.

POWDER IN EXPLOSION

Many Buildings Destroyed at the Pittsburg Powder Plant—No Lives Were Lost.

(Publishers' Press)

HOLLIDAYSBURG, Pa., Jan. 10.—The plant and buildings of the Standard Powder company of Pittsburg, located at Horrell station, four miles from Hollidaysburg, were destroyed by an explosion. No lives were lost. The explosion was caused by a fire, which started in one of the buildings. The damage done to the plant will exceed \$100,000.

Residences of John Walls, one mile away, and of August Cooper were wrecked by the force of the concussion. The explosion was heard 25 miles away.

After a hard fight of several hours the fire was brought under control and a change in the direction of the wind removed the storehouse from the danger zone. In the storehouse are 5,000 kegs of powder and two carloads of dynamite. Ten buildings were destroyed at the powder plant and about 35 farmhouses in the Frankston valley were damaged. About 5,000 kegs of powder went up in the explosion.

The Great Restorative Non-Alcoholic TONIC

of the day, made entirely of native medicinal roots and without a drop of alcohol in its composition, is known as

DR. PIERCE'S
GOLDEN MEDICAL DISCOVERY.

There are no secrets about its composition—all its ingredients being printed on the bottle-wrappers.

The "Golden Medical Discovery" not only builds up the strength of the feeble, debilitated, languid, nervous and easily fatigued, whether young or aged, but it enriches and purifies the blood, thus making the improvement lasting.

It corrects and overcomes indigestion, dyspepsia, biliousness, torpid liver, chronic diarrhea and kindred derangements of the stomach, liver and bowels.

Bronchial, throat and laryngeal affections, attended with hoarseness, persistent cough, and all manner of catarrhal affections are cured by the "Golden Medical Discovery."

In Chronic Nasal Catarrh, it is well to cleanse the nasal passages out freely with Dr. Sage's Catarrh Remedy fluid while taking the "Golden Medical Discovery" as a constitutional treatment. Old obstinate cases of catarrh yield to this thorough course of treatment.

Through enriching and purifying the blood, the "Discovery" cures scrofulous affections, also blotches, pimples, eruptions, and other ugly affections of the skin. Old, open, running sores, or ulcers, are healed by taking the "Golden Medical Discovery" internally and applying Dr. Pierce's All-Healing Salve as a local dressing. The Salve can be had of druggists, or will be sent

by return mail on receipt of 50 cents in stamps. Address Doctor Pierce as below for it.

In short "Golden Medical Discovery" regulates, purifies and invigorates the whole system and thus cures a very large range of diseases. The reason *Why* it cures such a varied list of diseases is made clear in a little booklet of extracts from the leading medical authorities, compiled by Dr. R. V. Pierce, of Buffalo, N. Y., and which he will be pleased to send post-paid and entirely free to any who send him their names and addresses.

You can't afford to accept a substitute of *unknown* composition for this non-secret MEDICINE OF KNOWN COMPOSITION.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative, and two a mild cathartic. Druggists sell them, and nothing is "just as good." They are the original Little Liver Pills first put up by Dr. Pierce over 40 years ago. Much imitated, but never equalled. They are tiny sugar-coated granules—easy to take as candy.

Dr. Pierce's Medical Adviser (1000 pages) is sent free on receipt of 21 one-cent stamps (to cover cost of mailing) for paper-covered, or 31 stamps for cloth-bound copy. Address Dr. Pierce as above.
