

Whose Say-so is Best?

With nearly all medicines put up for sale through druggists, one has to take the maker's say-so alone as to their curative value. Of course, such testimony is not that of a disinterested party and accordingly is not to be given the same credit as if written from disinterested motives. Dr. Pierce's medicines, however, form a single and therefore striking exception to this rule. Their claims to the confidence of invalids does not rest solely upon their makers' say-so or praise. Their ingredients are matters of public knowledge, being printed on each separate bottle wrapper. Thus invalid sufferers are taken into Dr. Pierce's full confidence. Scores of leading medical men have written enough to fill volumes in praise of the curative value of the several ingredients entering into these well-known medicines.

Amongst these writers we find such medical lights as Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago; Prof. H. C. of the same city; Prof. John M. Scudder, M. D., late of Cincinnati, Ohio; Prof. John King, M. D., late of Cincinnati, Ohio; Dr. Grover Cox, of New York; Dr. Bartholomew, of Jefferson Medical College, of Pa., and scores of others equally eminent.

Dr. Pierce's Favorite Prescription cures the worst cases of female weakness, irregularities, cures painful periods, dries up discharges and weakens drains, restores times known as pelvic catarrh and a multitude of other diseases peculiar to women. Bear in mind, it is not a patent medicine, but a secret medicine, but the "Favorite Prescription" is composed of the same known ingredients put up for women's special maladies and sold through druggists, can it be said that the maker is not afraid to deal thus frankly, openly and honorably, by letting every patient know the same known ingredients what she is taking.

Sick women are invited to consult Dr. Pierce, by letter, and he will guarantee a cure is guaranteed as sacredly secret and womanly confidences are protected by professional privacy. Address Dr. R. V. Pierce, Buffalo, N. Y.

GRIM DEATH CAME WITHOUT WARNING IN AWFUL MANNER

train, but his wife occupied the private car. Mrs. Schaff was not injured. The train dispatcher, knowing that the dense fog could prevent the trainmen seeing the block signal, went outside and waved his lantern frantically and fired at least a half dozen shots from his revolver, but the train went thundering by and a moment later the crash came.

The firemen of both trains were killed instantly, but the engineers escaped by jumping.

The report of the collision was heard all over the town. Fire bells and whistles called the people to the aid of the injured. Immediately following the crash the wreckage caught fire and some bodies were burned before they could be exhumed from the ruins. The heat of the burning cars was so intense that rescuers could not get near enough to help.

One man who was pleading piteously for aid was pinned under a car seat. He was rescued when the flames were within six feet of him. Another man was thrown out of the window of the smoker into a ditch. These were the only passengers rescued from the smoker. The killed include men, women and children, and all that could be seen at daybreak was the smoldering skeletons of human bodies and the wreckage.

Coroner Conley at once took charge and the prosecuting attorney will assist the coroner in an investigation of the wreck.

Every Heart Beat

Forces about 8 ounces of blood out of the heart, and sends it pulsing through the veins to the remotest part of the body. It is the amount required by the body to nourish and sustain the body. Every ounce less in this means a shortage in nature's supply of building-up material. A weak heart cannot meet this demand, and consequently you suffer. If your heart skips a beat, or flutters, palpitates, pains you, or you have shortness of breath, you may be sure that the heart is working imperfectly.

Dr. Miles' Heart Cure will strengthen the heart muscles and nerves.

"I had been a great sufferer for 15 years. At the time I commenced taking Dr. Miles' Heart Cure I had been confined to my bed for four months. I had frequent sinking spells, sometimes as many as three in a day, during which my heart would seem to stop beating, necessitating the calling of a physician to resuscitate me. Before finishing the first bottle the sinking spells had ceased, and I took altogether five bottles for a complete cure. I now enjoy perfect health, and am very grateful for this wonderful medicine, for it is the means of my being with my family now."

1519 Yandes St., Indianapolis, Ind. Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money. Miles Medical Co., Elkhart, Ind.

PRESIDENT PAYS TRIBUTE TO LEE

Asks that Great Educational Be Established as Monument to His Deeds.

HIS SKILL AS A GENERAL

GREAT SOLDIER LEFT COUNTRY A MEMORY OF HIGH LEADERSHIP AND SERENE GREATNESS OF SOUL.

[Publishers' Press.]

Washington, Jan. 19.—The centenary anniversary of the birth of Robert E. Lee was elaborately celebrated tonight at the New Willard, under the auspices of the local representatives of southern societies and in the presence of a distinguished audience. The decorations included the intermingling of the Stars and stripes and the stars and bars. The Marine band was present by direction of the secretary of navy.

Hon. Hilary Herbert, president and addresses were delivered by Senator Berry of Arkansas; Associate Justice Brewer and Representative John Sharp Williams.

President Roosevelt was unable to attend, but sent a letter paying a high tribute to the character and public life of General Lee, in which he said among other things:

"I hope that you will take advantage of the 100th anniversary of the general's birth by appealing to all our people, in every section of the country, to commemorate his life and deeds by the establishment at some great educational institution of the south of a permanent memorial, that will serve the youth of coming years, as he, in the closing years of his life, served those who so sorely needed what he so freely gave."

In touching upon the career of the great commander he said: "General Lee has left us a memory not merely of his extraordinary skill as a general, his dauntless courage and high leadership in campaign and battle, but also of that serene greatness of soul characteristic of those who most readily recognized the obligations of civic duty."

"Once the war was over he instantly undertook the task of healing and binding up the wounds of his countrymen in the true spirit of those who feel malice toward none and charity toward all; in that spirit from which the throes of the Civil war brought forth the real and indissoluble union of today."

45 NEW CARS DESTROYED

FIRE AT PULLMAN PLANT

Youngster Watching the Blaze is Run Down by an Express Train on the Pennsylvania—Property Loss Was Half a Million.

[Publishers' Press.]

Wilmington, Del., Jan. 19.—Fire early this evening licked up 45 newly finished Pullman cars and resulted in the death of one boy, and causing a property loss of upward of \$500,000. The Pullman plant here is second in size of the Pullman plants throughout the country. The fire tonight consumed one of the largest buildings and only the most desperate work on the part of the firemen saved the entire ten acres of shops with their 150 cars from destruction.

Superintendent Cannon says the fire originated in a subsidiary paint room and was in all probability due to spontaneous combustion. Gas tanks aboard the burning cars exploded while the flames were at their height, but as far as known no one was injured by them.

The boy who lost his life was run down by an express train while watching the flames from the elevated structure of the Pennsylvania, which passes the Pullman plant. It was the largest fire Wilmington has had for ten years, and the second time the Pullman plant has been destroyed within that period.

MURDERER'S TITLED SISTER VISITS HIM

Countess of Yarmouth Sees Her Brother, Harry Thaw in Old Tombs Prison.

HE SHOUTS FOND GREETING

THEY EMBRACE ONE ANOTHER AS BEST THEY CAN AND SHE BESTOWS A KISS ON THE PRISONER.

[Publishers' Press.]

New York, Jan. 19.—With the meeting of the Countess of Yarmouth and her brother, Harry Thaw, in the grim corridors of the Tombs prison, the Thaw family is again united. Harry Thaw goes to his trial next week for the murder of Stanford White, committed by the fact that all the members of his family will be with him during the ordeal. The visit of his titled sister cheered Thaw immensely and his spirits, which have been morose of late, were brighter.

Dressed in plain black, heavy veiled and looking not at all like the wife of the owner of one of the oldest titles in England, the Countess of Yarmouth visited her brother for the first time today. The countess arrived yesterday from Europe. She was accompanied by her mother and sister-in-law.

The prisoner had been standing at the door of his cell, his face pressed against the bars for an hour, waiting for them. When he finally caught sight of his sister his face lightened up and he shouted a fond greeting. She rushed ahead of the others to the cell and kissed him through the bars. They embraced as best they could with the bars between them and commenced to talk at the same time. The mother and wife looked on at the meeting with tears in their eyes.

The visitors stayed the limit allowed by the regulations. When they returned to the matrons room where they were again searched, they were all wiping their eyes.
