

that Thaw must introduce to prove that Stanford White pursued Evelyn Nesbit to her ruin after she had taken up with Thaw.

**Mother Against Daughter.**  
It begins to look now as though the old drama of mother against daughter would be staged in the sombre court room before the next fortnight is passed. If Evelyn Nesbit takes the witness stand and testifies as to her relation with Stanford White and attempts to justify the crime of her husband, the prosecuting attorney of New York will call Mrs. Holman in rebuttal. He will also cross-examine Evelyn Nesbit as to her relations with Harry Thaw, not only in New York and Paris, but also from the first time that Thaw was introduced to her up to the night of the tragedy on the roof garden.

**Mrs. Holman Willing Witness.**  
The district attorney has found a willing witness in Mrs. Holman and her son, who is also to be called to testify in rebuttal, if needed. The Holmans are not likely to forget that it was only upon her consenting to absolutely ignore her family in the future, that Mrs. William Thaw was willing to receive Evelyn as Harry's wife. The studious insults and slurs that have been thrown at the Holman family since the shooting of White by Thaw and his relatives, have not been forgotten and Thaw's attorneys more than any one else realize that the testimony of Mrs. Holman is likely to be very dangerous to their cause.

**Man's Mental Condition.**  
One rumor in the criminal courts building after adjournment tonight, was that before the evidence for the state was complete an application for the appointment of a commission to determine as to the mental condition of the accused would be made by the district attorney with the consent of the lawyers of the defense.

**Must Serve Term of From One to Fifteen Years in Ohio Pen for Horse Stealing.**

Eaton, Ohio, Jan. 24. (Sp.)—The case of the state of Ohio vs. Frank Young was decided by the petit jury Wednesday morning after being out all night. The defendant who had been indicted for horse stealing, was found guilty, and will be sentenced to serve a term in the Ohio state penitentiary, the time extending from one to fifteen years. The attorney for the defense at once filed a motion for a new trial. In all probability the motion will be overruled. The defendant is also wanted at Washington, C. H. O., on four charges for like offenses, it is said.

### WILL GET MONEY DUE HIM

**Edward McCullough Turns up at Eaton to Claim the \$1,000 Left by His Father.**

The whereabouts of the son at the time were unknown. He is now back in Eaton, a helpless paralytic, and arrangements for the transfer of the fund have been made.

### His Head Bowed in Grief.

William Gibson's gray head was bowed in grief and shame when arraigned in the city court yesterday morning on a charge of intoxication. Tears came into his eyes when Judge Converse fined him \$1 and costs.

## Head Ache Sometimes?

If so, it will interest you to know that it can be stopped with Dr. Miles' Anti-Pain Pills; and without any bad after-effects, and this without danger of forming a drug habit or having your stomach disarranged. They positively contain no opium, morphine, cocaine, chloral, ether or chloroform in any form. Dr. Miles' Anti-Pain Pills relieve pain, and leave only a sense of relief. The reason for this is explained by the fact that headache comes from tired, irritable, turbulent, over-taxed brain nerves. Anti-Pain Pills soothe and strengthen these nerves, thus removing the cause. They are harmless when taken as directed.

"We use Dr. Miles' Anti-Pain Pills for the cure of headache, and we think that there is nothing that will equal them. They will cure the severest spell of nervous or sick headache in a very few minutes. I am of a nervous temperament, and occasionally have spells when my nerves seem to be completely exhausted, and I tremble so I can scarcely contain myself. At these times I always take the Anti-Pain Pills, and they quiet me right away. It is remarkable what a soothing effect they have upon the nerves."

### JOHANNING LEAVES CITY

**Wife Says That he Has Gone South For Health But Others Have Different Story.**

H. H. Johanning, the well known plumber of South C street has disappeared from the city leaving many jobs, only half completed, while no one has been left to attend to his business affairs.

Rumors have been rife during the past few days that Johanning left the city owing to the pressure brought to bear upon him by a number of creditors, including one which held claims of more than two thousand dollars against him. Suit was brought some time ago for this amount and as the time for trial approached it is thought that Johanning became alarmed and decided to vanish.

Mrs. Johanning stated to the Palladium yesterday that her husband had gone south for the benefit of his health and that she in daily communication with him, and he would return to this city in the early spring.

### THREE GOING TO PURDUE

Those who will be permitted to enter at Purdue in mid winter, the first time such a privilege has been accorded local students are Jesse Miller, Carl Lindstrom and George Nixon. By getting credit for work in the high school the boys will be enabled to finish at Purdue in three years and a half. In making such an arrangement the authorities at the state school paid a high tribute to the work done in Richmond high school.

### Headquarters at Topeka.

Ralph Husson, a popular young attorney will take a position in the legal department of the Rock Island road, with headquarters at Topeka, Kan. Mr. and Mrs. Husson will remove to Topeka at once.

### RECENT INVENTIONS.

Miss Anna M. Town of Utica, N. Y., has invented an arrangement of electric lights of practical service to those who cannot hear the doorbell or telephone bell. When either bell rings a brilliant light flashes through the rooms, a difference in color distinguishing the two bells.

After seventeen years striving tirelessly to invent a mechanical device which experts told him was impossible Joseph Petrillo of Boston has succeeded in inventing the long sought for "one wheel quarter hour striker" for clocks. For a century skilled workmen from all over the world have been at work trying to accomplish this striker.

### TALES OF CITIES.

New York is seldom thought of as a manufacturing city, but it has 60,842 manufacturing establishments.

Kansas City consumes 125 carloads of peanuts every year, but the streets and sidewalks give evidence that the city makes no effort to hide its shells.

Administrative London contains 113 square miles and a population of 4,500,000. Greater London contains an area of 693 square miles, with a population of 6,581,372. Postal London has no fixed boundary, the limits being extended or reduced at the pleasure of the post master general.

### FLOWER AND TREE.

Scarlet flowers stand drought better than any other.

Hyacinths, paper white and empress narcissus will thrive in comparatively dark windows.

The primrose and lily of the valley will stand the shade of trees better than most other flowers.

If plants are watered at night, they have a better opportunity to absorb the moisture than in the daytime, when the sun dries the soil very rapidly.

### SHARP POINTS.

Better believe yourself a dunce and work away than a genius and be idle. For one who cannot thoroughly respect himself the high and abiding confidence of others is impossible.

The moment others see that money grabbing is your dominant passion then the bud of your nobility perishes. A constant struggle, a ceaseless battle to bring success from inhospitable surroundings, is the price of all great achievements.—Success.

### NEW SHORT STORIES

**A Diplomat.**  
Harry Laughlin, the billiard expert, told at an exhibition game in Toledo, O., a billiard story.  
"Once, when I had my own parlor in Columbus," he said, "I was a good deal disturbed by the loss of chalk. Chalk disappeared at a tremendous rate, and I said to my helper:  
"Keep a better eye on the chalk. Jim. I'm no millionaire."  
"I know the gents' wot pockets the chalk, Mr. Laughlin," Jim said, "but

"YOU ARE IN THE MILK BUSINESS, AIN'T YOU, SIR?"

"They're regular customers. I guess you wouldn't want to offend 'em, would you?"

"Well, no," said I, "I wouldn't. You might give them a gentle hint, though. Use your diplomacy."

"Jim, I found out later, used his diplomacy that night. He walked up to one of my best patrons that had just pocketed a piece of chalk, and he said:  
"You're in the milk business, ain't you, sir?"

"Yes, Why?" the patron asked.  
"I thought so," said Jim, "from the amount of chalk you carry away. The boss likes enterprise, and he told me to tell you that if you wanted a bucket of water now and then you could have one and welcome."

**It Didn't Work.**  
"The late Sam Small had his faults," said an Atlantan, "but he did not dodge the penalty of them. When he went wrong he owned up like a man, and if punishment was due he took it."

"That was the doctrine Sam Small preached. He hated dodgers. He used to laugh bitterly at the plea of 'hypnotic influence' that used to be put up by nearly every murderer."

"I once heard him ridiculing hypnotism. He said that he bought pretty heavily one year for Christmas, and when the bill came in for turkey and mince meat, candy, ducks, chickens, plum pudding, fruit cake and so on, he thought to himself that there was a case for hypnotism to be tried."

"He went first to hypnotize the grocer. Approaching the man, he looked him squarely in the eye, at the same time repeating slowly and impressively:  
"My bill is paid."

"A change came over the grocer's face. His color faded, his eyes grew dull, his expression blank, and in a strange, mechanical voice he muttered:  
"You're a liar."

### Kaiser and Admiral.

A good story is being told in Berlin of the Kaiser and an old admiral who is a fine old sea dog and an uncommon good trencherman. The etiquette of courts prescribes that when the sovereign has done eating the course has to be removed, whether the rest of the diners have finished or not. The Kaiser was very fond of the rough old admiral, whose sea talk amused him immensely, and on one occasion when the admiral was dining with the emperor a dish was served to which the admiral was inordinately devoted. It so happened that the emperor did not care for it and had very soon finished. The footmen began to remove the plates, but the old admiral, who did not mean to be balked of his favorite dish, rapped the servant who tried to take his plate over the fingers with his fork and cried out, "Gesichte weg," much to the amusement of the emperor and the rest of the guests, who were bursting with laughter at this terrible breach of etiquette.—London P. T. O.

### Comes Out Himself.

Back in the eighties a Chelsea celebrity was "Tight" Howe, always looking for a chance to perform deeds of valor, always boasting of his courage and really having more sand than judgment, according to the Boston Herald.

With "Tight" could always be found a semisporting element, knowing there would be "something doing." One night in passing a saloon where there was a great deal of noise "Tight" halted his admirers and said, "Boys, stay right here, and I'll go in there and throw 'em all out, and one of you count 'em as they come."

In he went. In a few minutes out came a man through the window, sash, glass and all, and one of the crowd yelled with all his might, "One!" From the gutter came "Tight's" voice, saying: "Stop counting! Stop counting, you fool! It's me that came out!"

### PINHOOK SCHOOL BURNED

The Fire is Supposed to Have Originated from an Overheated Stove—No Insurance.

What is known as the Pinhook school building, two miles north of Bethel, was destroyed by fire Wednesday night. The structure, which cost about \$2,000, was uninsured. The fire is supposed to have originated from an over heated stove.

### The SPORTING WORLD

**Murphy "Unbeats For the Limit."**  
Chubby Charley Murphy, president of the Chicago National Baseball club champion of the league, has developed into a plunger—that is, he is getting reckless with the club's money, not with his own.

He has decided to spend \$25,000 to strengthen his team for next season though many rival clubs think the Cubs

CHARLEY W. MURPHY.

are too strong already. The sporting world can hardly believe that Murphy will separate himself from so much money—that is, from so much of the club's money—but Charley will take oath that he is ready to "unbeat for the limit" whenever a good candidate for his champion team leaves in sight over the horizon.

### Penn's Football Outlook.

The prospects for a splendid football team at the University of Pennsylvania next season are very fine. Only two men, Quarterback Lawrence and Left End Levene, will be absent when work begins next fall. Halfback Pol well will be the captain, though Hunt or Scarlett, right end, was mentioned.

In addition to Scarlett, end; Gaston and Draper, tackles; Gallagher and Ziegler, guards; Dwyer, center; Green and Folwell, halves, and Hollenbach, full, the following men will be eligible for the team: Lavery, who played in the Michigan game at right tackle; Dyer, subhalfback, who proved a very strong offensive player; Longwell, the fullback who was hurt in the Indian game; Keinhart, the quarterback candidate, of whom nothing is known; Townsend, subend and half; Bickman, subcenter; Shible, subend and quarter; Rogers, subend; Shirley, subquarter; and Grizzle, subguard.

Besides this list of substitutes, there are several members of the scrub who will return and should give some one a tussle for positions, as follows: Colburn, '08, dental; Turner, '08, law; Esen, '08, medical; Campbell, '08, law; Wassenburg, '08, medical.

### Donahue Out of Game For Good.

"Frank Donahue is through with baseball all," declared Connie Mack during a fanning bee in Philadelphia. "He has gone too far into the hotel business to think of leaving it now. All the money he saved from his baseball career has been staked on his present venture, and it would be folly for him to give it up at this age."

"I know the stand Red purchased, and it is a good one. He says he paid \$15,000 for it. I was surprised to hear this, as I thought it was worth far more. He's got a good place and is fully determined to give up baseball."

### Johnston Gets Sweet Parole.

C. Johnston of Coleman, Tex., who purchased from L. E. Brown of Delavan, Ill., the richly bred weanling colt Crescendo Parole, out of Chord, 2:27, has now bought, for show ring as well as racing purposes, from the same breeder the brown filly Sweet Parole, by the 1906 champion sire of early speed, Parole, 2:06, out of the young mare Leequa, by Edgar Wilkes, 2:22; second dam Marsy Marshall, dam of one and full sister to Major Marshall, 2:08½; May Marshall, 2:08½; dam of Nathan Straus, 2:03½, etc.

### New Use For Bicycles.

Each brigade of firemen in Marseilles, France, has six cyclists attached, and it is stated that they are usually the first to arrive at a conflagration. The interesting feature in this connection is that the wheelmen carry two boxes, a folding ladder, two lamps, six axes, a shovel and a ram, together with a box of small tools—brawny boys, evidently, who would not object if they were ordered to carry a folding bed for the comfort of the possible sufferers.

### Owley Living in Seattle.

Jack Owley, the famous halfback of Yale in the years 1901, 1902, 1903 and 1904, like a good many other eastern gridiron stars, has gone to the Puget sound country to settle. Owley is going into the lumber business and will make Seattle his headquarters. Since graduating Owley has acted as coach for the last two years at Yale, and much of the credit for the great work of Tom Shewlin's team of last year was given to Owley.

### May Change Auto Race Rules.

As a result of the European trip of William K. Vanderbilt, Jr., who sailed from New York recently, the rules of the next Vanderbilt cup race here may be modified. Part of his errand abroad is to consult with the foreign clubs on the subject.

### Sells Princess Xenia.

Vance Nuckols has resold his recent purchase, Princess Xenia, 2:13½, by Jay Bird, to I. Schlessinger, Vienna, Austria.

### An Act of Humanity.

Judge Converse decided that it would be an act of humanity to send John Burns to jail, and so he assessed a fine of \$5 and costs. Burns was found on the streets in a most deplorable condition as the result of exposure and excessive indulgence in intoxicants.

### DELIGHTFUL ROLL CALL

### IOLA LODGE HAS "FEAST"

Degree Team Does Splendid Work in Ushering Two Candidates Into Mysteries of the Third Degree—A Program of Interest.

One of the most delightful lodge and social events in the mystic circles of Richmond recently, was the roll call meeting of the Iola lodge of Knights of Pythias, held at the Pythian temple last night. More than two hundred members of the lodge were present, to witness the crack Triumph lodge degree team give the third degree to two candidates, and also participate in the abundant "eats" which were served on the first floor at the conclusion of the evening's program.

Preceding the regular initiation a musical program was rendered, Prof. Jesse Woods being in charge. Harry Buntin recited several of his original selections, which elicited much praise.

The Triumph lodge degree team is composed of the following, Elmer Weisbrodt, George Lambert, Frank Thayer, Capt. Charles Kuhlow, Walter Marshall, Walter Lichtenfels, Harry Besselman, Forrest Shook, John Schattel, John Ness, Frank White, George Westenberg, Lewis Grieswell, Wm. Kamp, Howard Smith, Richard Hart, Frank Thomas.

The members of the petit jury returned to their homes yesterday morning, and no further service will be required of them until Wednesday next, when the suit of Elmer C. ### MAY OIL MORE STREETS

It is Said that Residents of North Seventh and Ninth Streets Would Try Experiment.

In the last few months a great many residents of this city have become strong advocates of oiled streets, and it is likely that the Good Roads Improvement company, of Cincinnati, which oiled South Fourth street and National avenue last fall, will procure a number of contracts this spring. The oiling of a street saves the cost of sprinkling, and makes the thoroughfare smooth and hard. The cost is nominal, being at the rate of 6 cents per square yard.

It is understood that among those who will petition for oiled streets are property owners on North Seventh and North Ninth. The claim is made that one application of oil will keep a street in good condition for three years.
