

## I Can Cure Cancer

At Home Without Pain, Plaster or Operation and I Tell You How, Free.

I Have Proven Cancer Can be Cured at Home. No Pain, No Plaster, No Knife.—Dr. Wells.

I have discovered a new and seemingly unfailing remedy for the deadly cancer. I have made some most astonishing cures, I believe every person with cancer should know of this marvelous medicine and its wonderful cures, and I will be glad to give full information free to all who write me and tell me about their case.

Peter Keagan, Galesburg, Ill., had cancer of the mouth and throat. Doctors said, "no hope." Mr. Keagan wrote: "It is only a question of a short time—I must die." Today his cancer is healed up and he is well. My marvelous radiated fluid did it. It has either just such cures to its credit. It is saving the people every day and restoring them to health and strength. If you have cancer or any lump or sore that you believe is cancer write today and learn how others have been cured quickly and safely and at very small expense. No matter what your condition may be, do not hesitate to write and tell me about it. I will answer your letter promptly, giving you, absolutely free full information and proof of many remarkable cures. Address, Dr. Rupert Wells, 2585 Radio Bldg., St. Louis, Mo.

## WILL SING AT REVIVALS

Ernest Naftzger Has Gone to Hartford Connecticut to Join Dr. Elliott, the Evangelist.

Ernest Naftzger, son of the Rev. and Mrs. L. J. Naftzger of Muncie formerly from this city, left last week to join Dr. Elliott, a noted evangelist, at Hartford, Conn. Mr. Naftzger is a singer of much ability for evangelistic work and he has been regularly engaged by Dr. Elliott. Several months ago the young singer made a favorable impression on the Rev. Elliott at Grace M. E. church in this city. The result was that as soon as satisfactory arrangements could be made, Dr. Elliott contracted for his services.

## ANOTHER MINE DISASTER

Several Workmen Injured While Many Others Are Imprisoned in the Shaft.

Scranton, Pa., March 2.—An explosion occurred in the Holden mine of the Delaware, Lackawanna and Western railroad at Taylor at 3 o'clock, this evening. Several men were taken out injured, and several are still in the mine. It is not known whether they are alive or dead.

Demas S. Coe returned home Saturday from Indianapolis to remain over Sunday. He has not yet entirely recovered from the grippe, but will be able to continue his work until the close of the legislature.

## TO REORGANIZE LEAGUE

## A FIRM BASIS PROMISED

Saturday Afternoon Baseball Organization Will Probably Hold a Meeting this Week—Business Men as Officials.

It is almost an assured fact that the Saturday afternoon baseball league, which completed its first season last year in a most successful manner, will be reorganized again some time this month for the coming season. A meeting will probably be held this week and the exact date and place of meeting will be announced in the papers.

All amateur teams in the city desiring to be admitted to this league will be requested to be represented at the meeting by their managers. There are a number of teams in the city who will desire membership in the league. All of them cannot be admitted, but it is hoped that the league this year will be expanded from a four club circuit to an eight or ten club circuit. Last year the season opened in May and closed in September. Six clubs entered the race, the Palladiums, Kibbeys, Pogue-Millers, Starr Pianos, Easthavens and Panhandles and all the clubs completed their schedules, but the two last mentioned.

Last year the league was on a very wobbly financial basis, owing to the fact that the expense fund subscribed by the various clubs in the league was too small. This year this expense fund will be greatly increased. The Starr Piano champions state that they will again put a fast team in the field and expect to carry off another championship. The Palladiums, which was one of the strongest teams in the league toward the latter part of the season, will be in the field again with a team that will make a strong bid for the pennant. Substantial business men who take an interest in clean, healthy baseball will be chosen this year as officials of the league.

## LOCAL FANS ANXIOUS FOR SUNDAY BASEBALL

Local baseball fans and there is a legion of them, are following with the keenest interest the progress of the Sunday baseball bill in the Senate. Local fans have been writing to Representative Ratliff and Senator Kirkman urging them to vote for the bill. Mr. Ratliff was one of the strongest advocates of the bill in the house.

When the vote on the motion to postpone action on the bill was made yesterday in the senate and voted down, Senator Kirkman did not vote, but it is known that he favors the bill and when it is presented to the Senate for final action local fans are positive that Mr. Kirkman will vote for the passage of the bill. If this bill is enacted into a law it is practically certain Richmond will be represented this coming season either by a strong minor league or independent team.

## Games at Garfield.

Friday night at Garfield school there were three games played. One was between the Senior polo team and high school freshmen, with a score of 7 to 3 in favor of the freshmen. The second game was between the Junior polo team and a team composed of players from the Smith school and city schools. The third game was between the Junior basketball team of Garfield and the Starr school team. This was the nippy game of the set in which the Garfield boys came out victorious. The score was 23 to 11 in Garfield's favor.

## A Corbett-Britt Fight.

Reno, Nev., March 2.—A return battle between Young Corbett and Jimmy Britt, a fistic engagement which has been hanging fire for three years, is now an assured thing and Reno, Nev., is to be the scene of warfare.

The men are to battle for a \$15,000 purse, split sixty and forty, at 133 pounds.

## A VERY SPIRITED CONTEST

## OVER SHIP SUBSIDY BILL

Democrats Attempt to Defeat Measure by Filibustering—Indications Pointed to Deadlock Until Argument was Reached Postponing Consideration.

Washington, March 2.—A spirited filibuster against the ship subsidy bill developed in the senate this afternoon. For over two hours the democratic members emphasized their opposition to the measure by preventing consideration and defeating the efforts of its friends to have an hour fixed when it could be taken up.

Indications pointed to a deadlock that would continue until noon on Monday when congress dies and when leading senators feared an end of the effective work had been reached. But an agreement to postpone further consideration of the measure until 5 o'clock cleared the atmosphere and enabled the leaders to effect a truce.

After the passage of the deficiency appropriation bill, the last of the great supply measures, Gallinger, (New Hampshire) in charge of the subsidy bill, suggested that action be deferred until tomorrow at 11 o'clock. This was agreed to and the senate took a recess with the understanding that tonights session was to be devoted exclusively to eulogies in memory of the late representatives, Rixey, Virginia, and Adams Wisconsin, and that a recess then be taken until Sunday morning.

Friends of the subsidy bill are tonight conferring with democratic senators in the hope that some basis for compromise may be reached. The effective work done by the enemies of the measure in the house has left very few features objectionable to the minority.

## CASTORIA.

Bears the Signature of *Chas. H. Fletcher*

## CUNNINGHAM ON TEAM

He, with Another Richmond Player, Thompson, Help to Make up the Kokomo Polo Lineup.

Kokomo, Ind., March 2.—Soxy Lyons has reported the lineup for Kokomo in the post series of games as follows: Mercier, first rush; Cunningham, Jr., second rush; Hardy, center; Lyons, half back; Cusick, goal.

The utility man will be Thompson, a rush from the Interstate league. The men will report a few days before the opening of the league for team work practice. The Alhambra is receiving a thorough cleaning.

## WILL REPEAT PROGRAM

## IT IS PRACTICALLY NEW

Choir at the First M. E. church to Give Another Concert for Benefit of Those Who Did Not Get to Attend Last Friday.

Tuesday night the choir of the First M. E. church will repeat the program given Friday evening at the church, although a glance at the numbers given in full below will show that the program is practically a new one throughout. ## A RARE TREAT PROMISED

Four Thousand Tickets Will be Distributed to His Lecture in Behalf of the Y. M. C. A.—To be Illustrated by Stereopticon.

The following statement, authorized by the executive committee of the city Sunday school association, and readily agree to by the Y. M. C. A. committee, has been issued:

"My Dear Fellow Christian Worker:

"We are bringing E. E. Stacey, state secretary of the Y. M. C. A., to Richmond, in conjunction with the Sunday School Institute in this city, the second week in March. 4,000 tickets have been printed and will be put in the hands of people Sunday, March 10. Your Sunday school and church service will be asked to aid in getting these properly distributed.

"Mr. Stacey will bring an almost unlimited number of slides for the stereopticon and give Richmond a most instructive and interesting stereopticon lectures. The pictures will show every phase of the Y. M. C. A. work, as carried on in our own country and some phases of the work abroad.

"Please announce this lecture on two Sundays, March 3 and 10, in Sunday school and from the pulpit.

"During the first six years of the Young Men's Christian association has been as great as all it measured in the entire preceding 56 years of its organization.

"Why?

"The association is the child of the church, maintained to a great degree, and managed by church people; it is therefore a flower upon the stem of the church. It has shown to the hard, common sense of the world that it can do a certain work and do it better than any similar organization; and it is now receiving its reward in the inflow of those immense stores of moral energy which the religion of Jesus Christ, through His church creates."

"Sincerely,

W. S. HISER,  
Chairman of Young Men's Y. M. C. A. Committee."

## Health and Beauty

Beauty is the external proof of health; with failing health comes failing beauty. Woman's delicate organism is frequently overtaxed by arduous household duties, and the demands of society. The constant drain upon her vitality weakens her nervous system.

The penalty is a tired, worn-out, exhausted condition which destroys her appetite, robs her of rest, and at intervals causes much suffering and distress. When these conditions exist, the weakened nerves must be strengthened. Dr. Miles' Nervine will do this. It stimulates the action of all the organs, brings refreshing sleep, and drives away that look of care.

"I have taken Dr. Miles' Restorative Nervine for years, and did not notice before me. Whenever I feel tired, worn-out, or have headache, I always take Dr. Miles' Restorative Nervine, and it strengthens me. I consider it a great remedy for nervousness or debility."

M. C. L. FREDERICK,  
Canton, Ohio.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

Miles Medical Co., Elkhart, Ind.

## Horse Clippers

"20th Century"

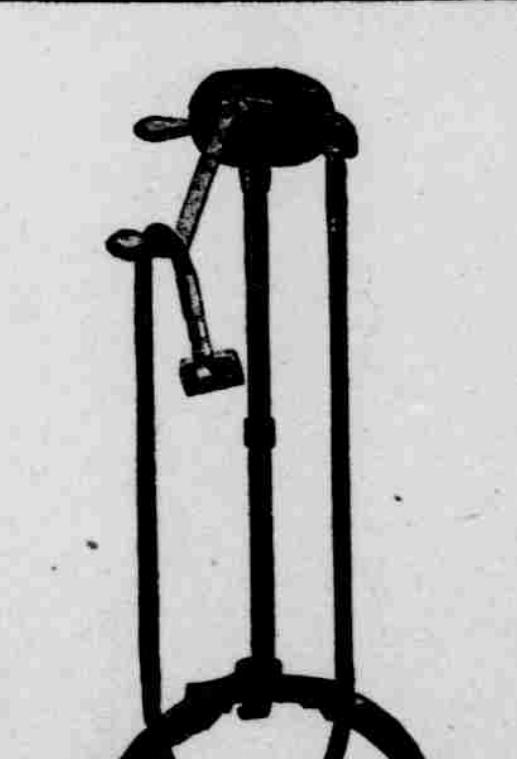

"1906"

"Enclosed Bearings"

Fetlock and Trimming Shears.

Now is the Time to Clip.

Jones Hardware Co.

Fort Wayne Bill Passed.

Indianapolis, March 2—The house today, under suspension of the rules, passed the Fort Wayne track elevation bill.

The merino sheep has the peculiarity of living to a greater age than other breeds of sheep.

The house fly is often literally devoured by parasites, and it has been proved that these parasites are also infested with minute creatures that threaten their destruction.

Baton Rouge.

Baton Rouge, La., was named from the fact that for many years after the town was established a gigantic cypress, the bark of which was red, grew on the site. The name means red stick and was bestowed by the French settlers.

Merino Sheep.

The curious piglike animal known as the babirusa has most remarkable tusks, which have long pungent all students of animal life. As far as can be discovered, these tusks are useless to their owner. On the other hand, by collecting tufts of straw, grass and litter of all kinds, they seem to be an *asymbiotic* organism.

Finger Lines.

Line markings on the fingers have been found distinct and unpaired on the fingers of Egyptian mummies.

The Human Hand.

Aristotle termed the human hand the instrument of instruments, which enables man to make all others, to manage and apply them to divers uses and to produce the most powerful and most delicate efforts.

Dean Swift's Recreation.

Dean Swift relieved his tease and mood by harnessing his servants with cords and driving them up and down the stairs and through the rooms of the deanery.

Baton Rouge.

Baton Rouge, La., was named from the fact that for many years after the town was established a gigantic cypress, the bark of which was red, grew on the site. The name means red stick and was bestowed by the French settlers.
