

## MANSFIELD PLAYED WELL

Did Much to Help Marion Defeat Logansport.

### ATTENDANCE AGAIN SMALL.

| Standing of Clubs. | Won. | Lost. | Pct. |
|--------------------|------|-------|------|
| Anderson .....     | 2    | 1     | .667 |
| Marion .....       | 2    | 1     | .667 |
| Logansport .....   | 1    | 2     | .333 |
| Kokomo .....       | 1    | 2     | .333 |

Marion, Ind., March 29.—In a hotly contested game Marion defeated Logansport at polo last night by score of 5 to 4. The score was tied three times during the game and the playing was sensational. Harkins made the winning goal, less than two minutes before the close of the final period. Mansfield played a strong game. Both goal tenders were given a hard workout. The listless game played on the opening night was responsible for a small attendance.

Summary:  
First period—Hart, 3:20; Harkins, 8:11; Lewis, 3:09.  
Second period—Hart, 2:29; Lewis, 4:5; Hart, 8:54.  
Third period—Higgins, 9:23; Mansfield, 2:08; Harkins, 1:35.  
Rushes—Lewis 2, Higgins 7, Fouls—Hart, Mansfield, Camerons. Stops—Bannon, 40, Sutherland, 47. Referee—Bush. Attendance—400.

## EDUCATION BOARD INTERPRETS LAWS

Measures Passed by Last Assembly Relating to Teachers Are Analyzed.

### QUALIFICATIONS NEEDED.

NO PERSON SHALL BE FITTED TO TEACH IN AN ACCREDITED SCHOOL UNLESS HE BE A COLLEGE GRADUATE.

President Robert L. Kelly returned Thursday night from Indianapolis where he had been in attendance at the two days' meeting of the state board of education. The board spent much time in adopting written interpretations of the new law relating to the classification of school teachers and the qualifications of such teachers, and of the new law concerning normal schools and the training and licensing of teachers.

The board decided that no person shall be qualified to teach in an accredited school who is not a graduate of a standard college, university or technical school or of a normal school of rank equal to that of the Indiana Normal school. Demonstration of the instructor's fitness is required through an examination before the State Teachers' Training board, the State Board of Education. The provisions of the law are not construed to apply to teachers already employed in the normal schools of the state.

It was the sense of the board, also, that the two years' course open to high school graduates provided for in the normal school law, shall be open to graduates of commissioned high schools only. The minimum length of the academic year must be thirty-six weeks and all subjects taught and all work done must have direct reference to the needs of the teachers of the district schools or of the grades in small towns.

The board specifies the course of study and the plan of conducting recitations, specifying that no student shall be permitted to carry more than four studies, other than penmanship, music or physical culture.

"The work in 'observation' and 'practice,'" the board says, "must be given in a training school consisting of two or more grades of children pursuing the course of study for the public schools as outlined by the department of public instruction."

"Since the teachers taking this course are to teach in the rural districts and in the schools of smaller towns, it is considered by the board essential that the school for 'observation' and 'practice' shall include a country training school of standard excellence. It is considered practicable for each institution to arrange with the board of school trustees of the town or city in which it is situated and with a township trustee for establishing and conducting such training schools."

## ON WAY TO RECOVERY

James Oliver Is Showing Signs Of Improvement.

South Bend, Ind., March 29.—James Oliver, the well known plow manufacturer, is now in a fair way to recovery, after having been given up by physicians. He has rallied from serious heart trouble and has informed the doctors that he will get well. The attending physicians announce that he has very good chances now for complete restoration to health, although they say the recuperation will be slow. Mr. Oliver is possessed of iron nerve and of a will power of the strongest type. It is his tenacity and determination that are keeping him up. He is eighty-four years old. He has symptoms of Bright's disease in addition to heart trouble and pneumonia.

## City Advertisement.

DEPARTMENT OF PUBLIC WORKS.  
Office of the Board.  
Richmond, Ind.

**NOTICE TO CONTRACTORS:**  
Notice is hereby given by the Board of Public Works of the City of Richmond, Indiana, that sealed proposals will be received by it, at its office, at the hour of 10 o'clock a. m., on Wednesday, April 3rd, 1907, for the following described public improvements in the City of Richmond, as authorized by the Improvement Resolutions named:

**Improvement Resolution No. 91-1907.**  
Providing for the construction of cement curbs and gutters on both sides of South 16th street, from Main street to South "A" street.

**Improvement Resolution No. 92-1907.**  
Providing for the construction of cement curbs and gutters on both sides of South 17th street, from Main street to South "A" street.

**Improvement Resolution No. 93-1907.**  
Providing for the construction of cement sidewalk on the East side of North 20th street, from North "C" street to North "E" street. Said walk to be six (6) feet in width.

**Improvement Resolution No. 94-1907.**  
Providing for the improvement of the alley between South 9th and 10th streets, by the Grading, Graveling and Bouldering and construction of a three brick center gutter therein, from South "C" street to a point 340 feet south of said "C" street.

All work done in the making of said described public improvements, shall be in accordance with the terms and conditions of the Improvement Resolutions, as numbered, and the detail plans, profiles, drawings and specifications which are on file and may be seen in the office of said Board of Public Works of the City of Richmond.

The bidders, in submitting proposals to make said described public improvements, must accompany each bid with a certified check in the sum of \$100.00, as evidence of good faith that the successful bidders will execute, within ten days from the acceptance of proposals, contracts and bonds satisfactory to the said Board to do the work of making said improvements. A failure of the successful bidders to enter into such contracts and bonds upon the acceptance of such proposals will forfeit the checks and the sums of money payable thereon to the city as agreed and liquidated damages for such failure.

The Board of Public Works reserve the right to reject any or all bids.  
CLIFTON W. MERRILL,  
WATSON P. O'NEAL,  
B. B. JOHNSON,  
Board of Public Works.

## DEATH OF NATHAN CLARK

Well Known Friend Was Eighty-three Years.

### HAD WIDE ACQUAINTANCE.

Westfield, Ind., March 29.—The Rev. Nathan H. Clark, a well known minister of the Friends' church, is dead after an illness of several weeks. He was 83 years old. Mr. Clark was well known from the Atlantic to the Pacific oceans, especially with the denomination of Friends, having traveled extensively in doing evangelistic work. He was one of the best informed ministers of the Western Yearly Meeting of Friends on the history and doctrines of that church, and for years he sat at the head of that body, in its annual meetings at Plainfield. He served as pastor of the local church for several years. He leaves an invalid wife and a large circle of relatives and friends.

### Says Should Be Hearst.

Albany, N. Y., March 29.—When the bill for a recount of the votes cast at the election for mayor of New York city in November, 1905, passed the assembly, one assemblyman in speaking upon the measure, declared that a lunacy commission should examine Hearst instead of Thaw.

**POLICE.**  
Red Blood Corpuscles Made by Good Food Are the Police of the Body.

When a man keeps good red blood in his veins he has a sort of police squad and is practically immune from disease.

Pure blood made from the right food will resist the attacks of disease germs and drive them out or kill them. The first thing that should be looked to, therefore, is the blood, and prompt action to build up the red corpuscles by food. A lawyer in a Western town tells how he drove Bright's disease out of his system by supplying good red blood by food:  
"For several years I had been afflicted with kidney trouble," he says, "which sometimes incapacitated me for business. My condition became such as to cause great fears that Bright's Disease was about to fasten itself upon me."  
"I had always been very fond of coffee. When, however, the kidney symptoms became so alarming, I quit the coffee, and began to use Postum Food Coffee. I soon became as fond of the new beverage as I had been of the old coffee, and, what is more important, my health improved rapidly and steadily until in a short time, the kidney troubles had almost entirely disappeared. I am convinced that my former sufferings and the symptoms of Bright's disease were caused by the use of coffee, and that the credit for my cure belongs to the Postum. Name given by Postum Co., Battle Creek, Mich."

Postum Food Coffee and Grape-Nuts make good red blood. They contain food that Nature uses in the process, so prepared as to be quickly assimilated. "There's a Reason."

George Wilcoxon. Lawrence Gist. C. B. Beck. Howard Hunt. J. Monroe Vorhees.  
Bert. Phillips. E. D. Nerr. O. P. Nusbaum. LeRoy Hodge.

The above group represents the shoe firm and salesmen of Neff & Nusbaum. This firm began business less than seven years ago and in this time has built up a large business and established a reputation for employing honest methods in their dealings with the public.

Their immense business is due largely to the satisfaction which their customers receive and the cheerful manner in which they make good any reasonable claim for defects or unsatisfactory wear of their shoes. Also to the prompt and courteous attention given to their customers by the large and competent force of salesmen which they employ, and not the least of all is the immense stock of Footwear they carry so that the trade can get almost anything they want in Footwear.

Their watchword, "Honest Goods at Honest Prices, and Square Dealing with Everyone" has won them a host of personal friends and regular customers.

## CHANGES MADE IN THE AUTO ROUTE

Start From Cleveland Instead Of New York.

### RICHMOND STILL INCLUDED

J. A. Spekenbier has received notice that the Glidden A. A. A. tour, which is scheduled to pass through this city in June, will start from Cleveland, Ohio, and will go to Chicago and from that point to Cincinnati, via Logansport and Richmond, and thence on east. The trip was first scheduled to leave New York, but owing to the intense rivalry between the two cities, and particularly the auto clubs, it was thought best to start the tour at a neutral point and end it at such. The trip probably will end in Baltimore or Boston. An exact date for the start of the trip has not been arranged, nor will be for a week at least. The entire trip is scheduled to be made in a few hours less than a fortnight. In speaking of the Glidden tour this year and of the necessary requisites for a winning car, a well known auto magazine says:

"It is understood that while the rules will not be of the most exacting sort, the daily mileage will be of such length to thoroughly test the endurance qualities of cars. There will not be the frequent replacing of parts without penalization, as was the case last year, and it will be more of an effort to secure a clean score than was the case in the 1905 event. The route will embrace large cities and resorts where hotel accommodations are sufficient to provide for the autoing cavalcade. It is expected that the entry list will be nearly double that of the previous contest. A separate class for runabouts may be decided upon, with a special cup for the winner."

**Do Not Crowd the Season.**  
The first warm days of spring bring with them a desire to get out and enjoy the exhilarating air and sunshine. Children that have been housed up all winter are brought out and you wonder where they all came from. The heavy winter clothing is thrown aside and many shed their flannels. Then a cold wave comes and people say that grip is epidemic. Colds at this season are even more dangerous than in mid-winter, as there is much more danger of pneumonia. Take Chamberlain's Cough Remedy, however, and you will have nothing to fear. It always cures, and we have never known a cold to result in pneumonia when it was used. It is pleasant and safe to take. Children like it. For sale by A. G. Luken & Co.

## EASTER STYLES CREDIT PAY LATER Buy Your Easter Clothing On Easy Terms

NOW, at the very beginning of the season, we offer you this chance to lay in your spring supply of clothing simply by paying us a small sum down and a little each pay day. If you try this plan once, you'll always buy on our easy payment plan. It means the best clothes for you, the lowest prices, and a convenient way of paying.
