

Benton Heights

A Sensible Addition for Sensible People.

Within easy walking distance of the principal shops, with city cars and electric lights, with graded and graveled streets, sidewalks, shade trees, etc. Yet with the lots sold at such low prices and on such easy terms that you cannot afford to miss the opportunity to own your own home.

Location

Benton Heights is situated in the north western portion of Richmond, one mile from the center of town. The property faces over 1,700 feet on School street, while Boyer, Fidge, Ratliff, Hunt and Harris streets extend through it.

The ground lies high, commanding a fine view of the city. The entire plat is underlaid with gravel, and we guarantee a dry cellar on any lot you select. The Fairview cars run direct to Benton Heights and take you to Main and 7th streets in 10 minutes.

Yet with all these advantages, you only pay county taxes at Benton Heights, as the property is just beyond the city limits. This means a big saving in a year's time.

Improvements

Every street at Benton Heights has been cut to a standard grade and is graveled. Good gravel sidewalks are down in front of every lot. Fine maple shade trees have been planted on both sides of every street. We guarantee to replant any tree that dies.

Three houses have already been erected at Benton Heights, a fourth is now building and a number more will be erected during the next few months. Each house erected adds to the value of every lot on the entire plat.

You Cannot Find a Nicer Location Around Richmond for Your Home

Nearly one-half of the 189 lots at Benton Heights are now sold. The remaining lots go on sale today, and the sale will be continued until all lots are sold. Every lot is sold at private sale—no auction.

PRICES:

Lots are priced at \$125, \$130, \$140, \$150, \$190, up to \$250 for the choice locations.

On these terms you can pay for a lot and never miss the money. With your lot clear, any contractor will build your house, and your present rent money will repay the loan.

WHY PAY RENT WHEN YOU CAN OWN YOUR OWN HOME ON SUCH EASY TERMS?

At Benton Heights

You pay no interest for one year, then only 6 per cent on the unpaid balance.

We pay all taxes until you receive your deed. In event of your death, provided your payments are never more than 30 days in arrears, your heirs receive a deed to your lot without paying us another cent. You run absolutely no risk in buying a lot at Benton Heights.

Come to Benton Heights

anytime, morning, afternoon or evening and see these lots for yourself. You will always find some one to show you around. Come after supper if you can't get away sooner as we are on the grounds till dark.

FOR THE SAKE OF HUMANITY HE SUFFERED MANY HARDSHIPS.

Was at Last Rewarded by a Great Discovery.

The great scientist that devoted twenty years of his life to travel and study for the betterment of humankind, was at last rewarded by a discovery that is today filling hundreds of homes with health and happiness. Hundreds of letters of thanks are being received from every direction; and while money is a much needed thing, the scientist in an interview said: "I would gladly give every dollar I have and every dollar I ever expect to have if all people now suffering with stomach, liver and kidney troubles understood the wonderful merits of Root Juice. It is a compound that heals and tones the blood-making and blood-filtering organs. It creates a healthy appetite, prevents fermentation of food in the stomach and bowels, cleanses the system, stops bloating, belching and heart burn. It removes all causes of constipation and kidney symptoms. In after effects of La-Grippe, when the general health is bad, Root Juice has a truly wonderful toning action on the whole system. The great remedy is sold for \$1 a bottle at A. G. Luken's drug store.

WILL ABSOLUTELY IGNORE MAJORITY STATE'S NEW LAWS

(Continued From Page One.)

of the sixteen-hour law. The Lake Shore and Pennsylvania were designated as the greatest offenders.

Filing of the complaint was followed by an announcement from the roads that they would ignore the law so far as interstate traffic is concerned. It was declared at the same time that the legislature of Indiana had no right to legislate in a way to affect trains doing an interstate business. The railroads expressed a willingness to obey the law in operating trains making trips between points in Indiana, but such trains are rarities. Ninety-nine of ever hundred trains that arrive or leave the union station in this state do an interstate business.

Same Argument Applied.

The same kind of an argument is up as an excuse for disobeying the sixteen-hour law, which makes it unlawful for railroads to work their trainmen, operators and other employees more than sixteen hours without eight hours' intervening for rest and recreation, and for violating the \$1,000 license law, which provides that liquor shall not be sold on trains unless this fee has been paid. All such legislation is well and good, the railroad representatives declare, for trains doing a business wholly within the state, but absolutely unconstitutional if applied to trains crossing a state line, inasmuch as it then affects interstate traffic.

At the present time none of the big roads are complying with the provisions of any of the new laws except the one making two cents the maximum price to be charged for passenger service. As a result of the wholesale violations, the railroad commission is setting its traps for a big hunt. Violators will be hauled before the commission within a short time and asked to explain why the penalties imposed by the various acts should not be imposed against them. This is what the railroads are awaiting, however, as it will enable them to take appeals and thereby set the machinery of the courts in motion toward grinding out decisions relative to the constitutionality of the laws odious to them.

Suit Not Yet Ended.

Though Judge Anderson, of the federal court, has declined to grant a temporary injunction in the suit of Anna M. Boyle, bond holder of the Louisville, New Albany & Corydon Railroad company, the suit is not yet ended, inasmuch as petition for a permanent injunction has been filed. No date has been set for the argument. This suit was instituted, it is thought, to test the constitutionality of the new 2-cent law. The Southern railroad, Queen & Crescent, and L. & N., are un-

derstood to be back of the legal controversy. Other roads with lines in the state are interested onlookers if not active participants, inasmuch as the constitutionality of the act is questioned by all of them, and outside railroads and other states are watching the outcome because the decision of the Indiana courts will have a bearing on the situation in all communities where 2-cent laws have been enacted.

Cured of Rheumatism.

Mr. Wm. Henry of Chattanooga, Tenn., had rheumatism in his left arm. "The strength seemed to have gone out of the muscles so that it was useless for work," he says. "I applied Chamberlain's Pain Balm and wrapped the arm in flannel at night, and to my relief I found that the pain gradually left me and the strength returned. In three weeks the rheumatism had disappeared and has not since returned." If troubled with rheumatism try a few applications of Pain Balm. You are certain to be pleased with the relief which it affords. For sale by A. G. Luken & Co.
