SMITH IS RELEASED; FIRES EXPENSIVE TO IS NOT IDENTIFIED STATE OF INDIANA

Columbus Authorities Are Not
 Sure That Man Arrested
 Here Operated There.

GAVE \$300 BOND HERE.

HE CANNOT BE BROUGHT BACK
 TO RICHMOND UNTIL THERE IS
 A CASE AGAINST HIM FOR
 TRIAL.

Frank Smith, the pick pocket arrested in Richmond Saturday night, probably is a free man by this time, that is if the Indianapolis police have no charges to prefer against him. After Smith was arrested here he was released on a \$300 bond, furnished by Hattie Smith, his devoted wife, but was later arrested in Indianapolis on the charge of stealing a diamond in Columbus, O. Tuesday, Chief Bailey, Chief of Detectives Dundon of Columbus and Private Detective Martin of Columbus, went to Indianapolis. The Columbus officials wanted to take Smith back to the Buckeye capital but when he confronted the Columbus officials at the Indianapolis police headquarters they were unable to identify him as one of the "dip" gang which operated in Columbus when the Barnum & Bailey show appeared there last week.

Was Not Positive.

Detective Martin the day the big circus showed in Columbus gave chase to a man who had "lifted" a diamond stud from the shirt bosom of a man on a street car. Martin was outdistanced by the crook but he was confident that the man was the notorious "Crooked Neck" Smith. When Martin saw Smith at the Indianapolis headquarters he stated he could not positively swear that Smith was the man that he had chased in Columbus, consequently the Columbus officials returned without Smith.

Smith cannot be brought back to Richmond because he is out on bond. If he fails to put in an appearance, and there is no doubt but that he will, when his case is called in the circuit court he will forfeit his bond and be a fugitive from justice, but until he does forfeit his bond the local officials have no authority to return him to this city.

Still in Local Jail.

Tom Johnson and George Fredericks, the two men now confined in the Wayne county jail, probably will be taken to Columbus Thursday. White at Indianapolis Tuesday Chief Dundon arranged to secure requisition papers for these two crooks and before leaving Indianapolis for Columbus he informed Chief Bailey that he probably would send a man to return Johnson and Fredericks to Columbus. These two men are wanted in Columbus for stealing diamonds. They were captured Sunday morning on North E street by Chief Bailey and Officer Bundy. The latter officer located the men at a hotel and they were run to earth without much trouble. Fredericks gave himself up to Bundy but Johnson tried to escape by running into the back end of a store. Chief Bailey went in after him and pulled him out.

Loss Annually Is Said to Run
 To a Sum Approximating
 Five Million Dollars.

A COMPARISON WITH OHIO.

MOST OF THE LOSS, IT IS CON-
 TENDED, IS PREVENTABLE,
 PROVIDED THE RIGHT MEN ARE
 SENT TO THE LEGISLATURE.

Fires annually cost the state of Indiana \$5,000,000.

Each producer in the state of Indiana every day gives an hour and a half out of ten hours of his time to pay for fire waste.

Much of this fire loss is in a sense repaid by the insurance companies, but according to the theory of Rough Notes, the Indianapolis insurance paper, which makes these estimates, insurance payments really add nothing to the wealth of the State, for the insurance companies that pay losses take, in turn, large amounts from the state each year.

Under the heading of "Fire Waste in Indiana" the editors of Rough Notes publish an editorial in the current issue which is as follows:

"The waste in amount of property destroyed by fire annually in the state of Indiana is about \$3,500,000. Add to this about \$1,500,000 as the cost of fire departments and fire preventive appliances and we have about \$5,000,000 chargeable to fire waste, to be deducted from the wealth of Indiana, losses paid by insurance companies adding nothing to the wealth of the state.

"This is upon the basis of computation for the State of Ohio, made by Fire Marshal D. S. Creamer of that State, wherein he observes the fire waste is equal to 15 per cent. of the total year's product of all the industries of the State. So, every producer gives one and a half hours out of each ten-hour day to make good the fire cost.

"The annual fire waste in Ohio is from \$6,000,000 to \$8,000,000; the average is \$7,000,000, nearly all of it preventable. While the property owner is protected, each individual in the state shares in the insured loss. Added to this direct waste from fire is the loss of time of employees in stores and factories and loss of customers by the owners. Aside from this about 100 persons are burned to death in these fires.

"If Ohio burned up 15 per cent. of the industrial products of that state last year, Indiana did about the same thing—the ratio of fire loss to property value not varying widely between the two states.

"Now most of this fire waste is preventable, most of it would be preventable if only the people would elect intelligent business men to the legislature, who would enact stringent laws governing construction of buildings, storage of explosives and highly combustible materials, bearing heavy penalties and rewards for their enforcement."

Patrick Mitchell, ice man, of 412 North Fifth street, Richmond, Ind., says: "My wife thinks Doan's Kidney Pills a great remedy for backache and other pains that come from the kidneys. She was weak and miserable for a long time with kidney trouble and suffered a great deal of pain in the back and in other parts of the body. She tried many remedies but did not find much benefit until she began using Doan's Kidney Pills. They helped her from the very beginning and she was soon cured. We both think a great deal of Doan's Kidney Pills."

LOCKWOOD GETS A BOOM FOR CONGRESS

Well Known Young Republican
 In the Twelfth.

ONCE DURBIN'S SECRETARY

Indianapolis, May 15.—George B. Lockwood of Marion is being boomed for the Republican nomination for congress in the Twelfth district. He is one of the best known and most popular young republicans in Indiana, and it is said that there is a decided sentiment in his favor throughout the district. He formerly resided in Miami county and for years was private secretary of Major George W. Steele. He was later secretary to Governor Durbin, and he has been connected with the state committee for several years. His friends have been doing considerable missionary work for him and are confident that he will be a very hard man to defeat if he enters the race in time.

Complies with all requirements of the National Pure Food Law, Guarantee No. 2041, filed at Washington.

Advice of the largest coffee dealers in the world is always to buy the old-fashioned Arbuckles' ARIOSIA Coffee in the sealed packages. Don't ask for a pound of Mocha and Java, or buy by the price for Coffee fluctuates and you cannot get the same coffee for the same price all the time unless you pay too much for it. Most of the so-called Mocha and Java Coffee is simply masquerading, and is not nearly as good coffee for you as Arbuckles' ARIOSIA, the blend of the Brazilian Coffees most suitable to the taste and health of American people. By the looks there is no difference between roasted Java and Brazilian Coffees; many people drink Brazilian but pay for Java. The principal difference is that Arbuckles' costs you less. It is a mistake to believe that a high price guarantees quality. When you buy Arbuckles' ARIOSIA Coffee, you get a full one pound package of the leading Coffee of the world. Its sales for 37 years are greater than the combined sales of all the other packaged coffees. By giving better Coffee for the money, we have built up a business exceeding the combined businesses of the four next largest coffee firms in the whole world. If your dealer will not supply the genuine, write to ARBUCKLE BROS., New York City.

Rev. N. Wellington Williams, pastor of Bethel church, and Dr. J. R. Norrel have left to attend the electoral college of the A. M. E. church, which convenes in Franklin, Ind., Thursday morning. The college will be composed of lay delegates from all the churches of the Indiana conference. The purpose of the meeting will be to elect two lay delegates to the general conference of the African Methodist Episcopal church which will convene in Norfolk Va., in May, 1908. The Rev. Williams will deliver the quadrennial sermon to the electoral college.

AT EIGHTH STREET

Board of Works Has Been
 Asked to Make Street
 Car Line Possible.

WOULD REACH HOSPITAL.

THERE IS A DEMAND FOR CAR
 SERVICE TO THE NORTHERN
 PARTS OF THE CITY AND TO
 CHESTER.

E. J. Humpe, one of the officers of the Rowlette Desk Manufacturing company on North Tenth street, has asked of the board of public works, through one of its members, that the city build a viaduct across the North Eighth street crossing of the P. C. C. & St. L. railroad.

Mr. Humpe gave as his reasons for asking the building of this viaduct, that a street car line could then be built from the North E street line out North Tenth street to Reid Memorial hospital, or further as the street car company saw fit.

Mr. Humpe stated that a large number of the employees of the Rowlette Desk Manufacturing company lived in the south end of town, and that under the existing conditions these men must walk a great distance to and from their work each day. Mr. Humpe said that he had not yet sounded the officials of the street car company on their willingness to build a car line on North Tenth street. He was informed by a member of the board that this was the first move to be made in securing a car line on North 10th street and that the board would not consider the project of building a viaduct until it learned how the street car company considered the project proposed by the Rowlette Desk Manufacturing company.

Would Be of Benefit.

It is the opinion of the board that the building of such a car line would be a great benefit to the city, and if the street car company would agree to build this line, it is very probable the city would consent to build a viaduct. The board is of the opinion that Reid hospital should be located on a street car line, and it is thought that such a line would prove to be a profitable investment to the street car company. If the North Tenth street line was extended as far north as Chester it would undoubtedly become one of the best paying lines in this part of the state. A number of mechanics employed in this city are residents of Chester and there is a large number of farms along the Chester pike, which is the continuation of North Tenth street.

TRACTION LINES TO BE DISCUSSED

Central Electric Railway Association to Hold Meeting
 At Indianapolis.

SPECIAL SUBJECTS ARE UP.

MAKING OF CONTRACTS WITH EXPRESS COMPANIES WILL BE ONE OF THE TOPICS CONSIDERED.

Indianapolis, May 15.—Miss Lida Merrimon, assistant secretary of the Central Electric Railway association, is sending out circulars announcing the regular bi-monthly meeting of the association to be held at the Claypool hotel, May 23. There will be sessions both morning and afternoon.

The C. E. R. A. meetings brings together general managers and operating men of traction companies in Indiana, Ohio and Michigan. H. A. Nicol, of the Indiana Union Traction company, is president and W. F. Milholland, of the Indianapolis Traction and Terminal company, is secretary-treasurer.

Unusual interest attaches to the coming meeting because of the importance of the subjects to be discussed. Some time ago the association appointed special committees, one to consider the question of standardization of equipment and another to investigate the feasibility of electric lines entering into long term contracts with express companies, and both committees will make reports.

S. R. Dunbar, purchasing agent for the Indiana Union Traction, will read a paper on "The Issuing of Supplies: How to Prevent Leaks" and "Modern Train Dispatching" will be discussed by J. K. Gray, trainmaster of the Western Ohio; M. C. Stern, of the General Systems company, of Dayton, and J. B. Crawford, superintendent of transportation of the Ft. Wayne & Wabash Valley Traction company.

A demonstration in signalling will be given by Chauncey P. Button, general manager of the Telegraph Signal company, of Rochester, N. Y. Many of the supply and equipment houses will have exhibits at the meeting.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

There is probably no medicine made that is relied upon with more implicit confidence than Chamberlain's Colic, Cholera and Diarrhoea Remedy. During the third of a century in which it has been in use, people have learned that it is the one remedy that never fails. When reduced with water and sweetened it is pleasant to take. For sale by A. FINE AMBULANCE FOR USE BY LOCAL FIRM.

Wilson & Pohlmeier have purchased one of the finest ambulances now manufactured, for service in Wayne county. The wagon is beautifully decorated and is lighted with electricity. There is a demand for ambulances of some nature in the outlying districts, and to meet this demand the local firm purchased the wagon. The city ambulance does not reach the country districts. One of the features of the wagon is the chair which is used for the afflicted. It is so constructed that the invalid is taken out of the home with ease and no discomfort, while when placed in the wagon it forms a cot and hangs from the roof. Two seats are provided for attendants.
