

## ORCHARD'S ALLEGED CONFESSION KNOWN

It Has at Last Fallen Into the Hands of the Defense in The Trial of Haywood.

### STATE SEEMS WORRIED.

DEFENSE SAYS IT IS GETTING EVIDENCE TO PROVE ORCHARD'S STATEMENTS MADE OUT OF WHOLE CLOTH.

Boise, Idaho, March 25.—Orchard's alleged confession is at last in the hands of the defense in the Haywood trial. How the leak occurred is unknown. The defense has assumed a defiant attitude and the state seems worried. The defense says it is now getting evidence to prove Orchard's statements are manufactured out of whole cloth.

When court opened today the defense had four and the prosecution three peremptory challenges, remaining.

The second venue of taesmen is proving barren of men qualified to act as jurors. Unless the form shown by the first half of them is reversed in the second half, there must be another special venire. The first half has yielded only one man who actually qualified, and only one more man who may qualify; the rest went down for fixed opinion or bias of various forms.

Only 26 of this venire remained, and on the assumption that all peremptory challenges must be used, seven more jurors must be found.

## TWO WOMEN HURT IN RUNAWAY ACCIDENT

Mrs. O. S. Nixon and Rena Pitts Have Narrow Escape.

### BOYS SCARE THE HORSE.

Mrs. O. S. Nixon and Miss Rena Pitts had a narrow escape Friday afternoon from serious injuries in a runaway accident. Both women were badly bruised, as it was, and Mrs. Nixon is unable to leave her home. The accident occurred on South C street, near the Geier market and resulted from the antics of several small boys at play on the street.

While Mrs. Nixon and Miss Pitts were driving along the boys grabbed a small white dog and began to tease it. Finally one of the boys tossed the dog in the air directly in front of the horse. The frightened animal made a sharp turn, breaking the shafts, overturning the phaeton and throwing its occupants to the street.

The animal then bolted down the street, but after going a short distance its legs became entangled in the broken harness, and it fell. Some men grabbed the horse before it could rise to its feet and continue its mad career.

## TWO DIVORCES GRANTED IN CIRCUIT COURT

Lawrence From Lawrence And Morgan From Morgan.

Mrs. Carrie Lawrence was today granted a divorce from Elmer Lawrence. The case began this morning at 10 o'clock and was not concluded until about 2 o'clock this afternoon. A large number of witnesses testified, including the defendant. In an effort to belittle the statements of his wife, Lawrence proved an excellent witness for her and it was largely on his testimony that she was granted a divorce.

The Lawrences were married in 1903 in Connersville after a short wooing. Mrs. Lawrence admitted that she had been engaged to Lawrence only two days before they were married. At that time she was only 17 years of age and she married Lawrence without the consent of her father. She did not realize that she was illegally married until two or three months later. Mrs. Lawrence stated that she had not been married a week until she and her husband began to have trouble.

Hattie Morgan was granted a divorce from Oliver Morgan on the grounds of desertion.

### Disturbed the Congregation.

The person who disturbed the congregation last Sunday by continually coughing is requested to buy a bottle of Foley's Honey and Tar.

A. G. Luken & Co.

## COMMITTEE FOR ALUMNI

It Will Make All Arrangements For Annual Dance.

Owing to the rain Friday evening, not many of the graduates of the High School were present at the meeting of the alumni which was held to arrange for the dance which will be given for the class of 1907. The following committee was appointed to make all arrangements: Anna Ross, Marie Davis, Will Reiler, Joseph Kenney and Ralph Guyer.

GENERAL BARON KUROKI.

The visit of General Baron Kuroki to this country gives Americans an opportunity to study at close range one of Japan's foremost military heroes. General Kuroki's fame rests upon vast performances, not upon mere incidental acts of courage. During the war with Russia he planned and successfully conducted great campaigns, leading immense armies to victory.

## Social and Personal Mention

(Conducted by Miss Florence Corwin. Office Phones, Both 21; Residence Phone, Home 1310.)

"Domestic Science" was the subject to which the members of the Men's Social Union of South Eighth street Friends church devoted their time and thought at the meeting held Friday evening at the church. The question under discussion was whether domestic science should be introduced into the course of study of the schools of the city. The program was arranged by the educational committee of the club, which was appointed last fall and which has made various reports through the winter of the work which has been done by them. This committee was appointed to see the members of the board of education and to obtain their views on the subject of domestic science in the schools. A large number of the members were present at the meeting held Friday evening and much interest in the question was manifested. Mrs. Henry King, president of the Domestic Science Association opened the meeting with a short talk, speaking of the domestic trouble which often resulted from the lack of proper training on the part of the housewife in regard to proper care of the house. Dr. N. S. Cox gave a short talk explaining that he as well as other members of the union, he thought, had given little thought to the subject but that now they were changed from indifference on the subject to being in favor of it. Mrs. Frank Land, former president of the association also talked, expressing the hope that the union would take a decided stand for domestic science in the schools. An interesting and important feature of the evening was the talk given by Mrs. Emma L. Deeson, who is interested in social settlement work at Brooklyn, N. Y., and who is supervisor of Friendly House Association at Brooklyn. She talked most interestingly of the work which is being done there, beginning with the public playgrounds up to the domestic science work in the schools, the work, of course all being among the poorer classes. She explained the effect of the work on young girls, young married women and older married women, of the better kitchens and happier homes in general. Miss Anna L. Leggett, director of domestic art and science at Brooklyn was also present on a motion of Mr. J. H. Johnson a resolution was passed asking the school board to provide the necessary means for establishing this study in the schools. On Sunday, June 2, the Rev. Mr. Case will address the union on "The Negro Problem."

Miss Margaret Sedgwick is entertaining a number of Earlham and Richmond girls this afternoon at her home in West Richmond. The guests number twelve.

The meeting of the Mary F. Thomas W. C. T. U., which was to have been held Monday, has been postponed.

It is announced that there will be no Monday Afternoon card party as is customary, at the Country club next Monday.

Miss George Eggemeyer will entertain the members of the Dorcas society Monday afternoon at her home on East Main street. Needlework will occupy the members and will be followed by refreshments.

Mrs. L. P. Tighe will entertain the thimble club, composed of ladies from Hagerstown, Wednesday evening, June fifth, at her home in this city.

A most instructive talk was given Friday evening by Miss Laura Gano, at the meeting of the Audubon society which was held at the parish house of the Episcopal church. Her subject was "The History and Work of Audubon," and she told of the work of the Audubon societies all over the country and what they were accomplishing. The society will now take up field work and two weeks from last Friday they will do field work along the river banks. They expect to see many new birds.

The Frances E. Willard W. C. T. U. met Friday afternoon at the home of Mrs. Susan Underhill on North E street. It was decided to hold a meeting commemorative of the Flower Mission and its founder, Miss Jennie Cassedy, on the afternoon of the ninth of June, the birthday of Miss Cassedy. A suitable program will be arranged. Miscellaneous business and the reading of an article on the Jewish immigrants of Ellis Islands were the further exercises of the meeting, at the close of which refreshments were served by the hostess.

Only routine business was transacted at the meeting of the Ladies' Aid Society of the First Presbyterian

## MARVEL OVER THE ESCAPE FROM DEATH

Auto Accident in Which Mr. and Mrs. Gotschall Figured Much Discussed.

### MACHINE REDUCED TO JUNK

THERE IS GENERAL COMPLAINT AGAINST THE CONDITION OF THE ROAD WHERE THE ACCIDENT TOOK PLACE.

The remarkable escape of Mr. and Mrs. Guy Gotschall from death in an automobile accident that occurred three miles northwest on the Williamsburg pike Thursday night, is still being discussed throughout the city. R. J. Irwin, manager of a garage in Indianapolis, and who sold Mr. Gotschall the machine some time ago, was visiting the scene of the accident Friday and he admitted that there was not enough left of the machine to ever repair it, and in fact said that the only value he would place on it would be about four cents a pound for junk. He marvelled at the escape of Mr. and Mrs. Gotschall and said he did not see how they had escaped death.

#### Road is a Bad One.

Local autoists state that the Williamsburg pike between this city and Silver Point is the worst specimen of road making in Wayne county. The road is not kept in proper repair they say, and all autoists avoid it for fear of accident.

At the time of the Hagerstown bank robbery, about fourteen months ago, Wood Bricker, Superintendent Jesse Bailey and Patrolman Vogelsong had a similar accident near the scene of the Gotschall affair, while returning to this city. There have been other narrow escapes within a mile of the scene. Not only are the autoists of the city complaining about the road but the rural mail carriers characterize it as "rotten."

Friday photographers, and artists sketching the scene, flocked about the point of accident while it also proved a point of interest for autoists for miles around. Mrs. Gotschall had \$300 money burned in the wreck.

"I suppose you are referring to Mrs. Plainleigh?" remarked Mrs. Flutterby's sister, who usually constituted her audience. "Well, because Frank Plainleigh looks at you occasionally you have no occasion to throw stones at his poor little wife."

"He looks at me," murmured Mrs. Flutterby complacently, "because there is something to look at. Oh, don't misunderstand me!" she went on quickly, noticing the frown of disapproval on the other's face. "I'm not so conceited as you think. I know I haven't such a good complexion as she has nor such a head of hair, but I work over my appearance, I do, and she has taken hers for granted ever since they were married, and that's five years ago. Now, a house will look shabby after five years without repair. Why not a woman?"

"Listen till I tell you. You know we went out horseback riding last Tuesday. Well, she wore a three cornered hat set too large for her, so it wouldn't blow off. It had no fewer than five hatspins in it. Wouldn't that ruin the appearance of Venus herself?"

Her wonderful hair was dragged back into a tight knot as about two dozen wire hairpins could make it, and as for her lovely complexion, it was guiltless of powder and soon grey red and shiny with the unaccustomed exercise. Her figure was far more better than mine, but bad' corsets have made her short waisted, while careful boning and lacing have done wonders for me. Besides, I don't have a thick cloth belt three inches wide sewed to the skirt of my riding habit, for every one knows a belt sewed to a skirt will invariably go up in front and down in the back, and you can't pin it properly."

"Oh, I tell you a woman makes a dreadful mistake when just because

New York, May 25.—A riot between the longshoremen strikers and strike breakers occurred at Brooklyn today. Many shots were fired and several persons were injured. The police reserves, after inflicting numerous scalp wounds with clubs arrested four strike breakers. Children stoned three hundred colored strike breakers, precipitating a riot.

**CHILDREN STONE NEGRO STRIKE BREAKERS; RIOT**

### Several Persons Hurt in Clash At Brooklyn.

### ARRESTS WERE MADE.

New York, May 25.—A riot between the longshoremen strikers and strike breakers occurred at Brooklyn today. Many shots were fired and several persons were injured. The police reserves, after inflicting numerous scalp wounds with clubs arrested four strike breakers. Children stoned three hundred colored strike breakers, precipitating a riot.

**COAL CONTRACTS ARE LET FOR THE CITY**

Various of the Local Firms Get the Awards.

Coal contracts for the ensuing year have been closed by the board of public works with various local dealers. The coal used at the Municipal plant this year will be Kanawha at \$2.28 per ton. Last year Campbell's Creek coal was used at \$2.15 per ton, but this year Campbell's Creek has jumped 20 cents per ton. Judging from this council's recent action to investigate the alleged coal combine in this city has had but little effect on the dealers. The following are the contracts let:

8,000 to 10,000 tons Kanawha nut and slack at light plant, at \$2.28 per ton. Charles S. Farnham.

200 tons Hocking run of mine, delivered in car load lots at crematory, at \$2.50 per ton. Maither Bros. company.

110 tons Pocahontas run of mine coal at city building at \$3.15 per ton; A. Harsh Coal and Supply Co.

40 tons Pocahontas coal, lump, at No. 1, 3 and 4 house houses at \$3.60 per ton. A. Harsh Coal and Supply Co.

60 tons Carbondale run of mine coal at old engine house, south Sixth and E streets, in five ton lots, at \$2.81 per ton. A. Harsh Coal and Supply Co.

A most instructive talk was given Friday evening by Miss Laura Gano, at the meeting of the Audubon society which was held at the parish house of the Episcopal church. Her subject was "The History and Work of Audubon," and she told of the work of the Audubon societies all over the country and what they were accomplishing. The society will now take up field work and two weeks from last Friday they will do field work along the river banks. They expect to see many new birds.

### GRAND JURY ADJOURS FOR SEVERAL DAYS.

The grand jury has adjourned until a week from next Monday when it will meet and complete its labors. At that time a few indictments will probably be returned and a report made to the court on the results of its investigations.

### MAY FESTIVAL TICKETS, SINGLE ADMISSIONS MAY BE RESERVED AT STARR PIANO COMPANY'S WAREROOMS.

The Frances E. Willard W. C. T. U. met Friday afternoon at the home of Mrs. Susan Underhill on North E street. It was decided to hold a meeting commemorative of the Flower Mission and its founder, Miss Jennie Cassedy, on the afternoon of the ninth of June, the birthday of Miss Cassedy. A suitable program will be arranged. Miscellaneous business and the reading of an article on the Jewish immigrants of Ellis Islands were the further exercises of the meeting, at the close of which refreshments were served by the hostess.

Only routine business was transacted at the meeting of the Ladies' Aid Society of the First Presbyterian

## HEALTHY HAIR FOR ALL

BY USING

## NEWBRO'S HERPICIDE

It is now possible for everyone to have healthy and rich looking hair, by using Newbro's Herpicide, the ORIGINAL remedy that "kills the dandruff germ."

The presence of the dandruff germ in the scalp causes first, dull, brittle and lusterless hair, with later, dandruff, itching scalp and falling hair.

All of these disagreeable symptoms will disappear, and the hair grow as nature intended, if the dandruff germ is destroyed and kept out of the scalp. Don't wait for chronic baldness for it is incurable. Herpicide stops itching of the scalp, almost instantly.

"I cannot speak too highly of Newbro's Herpicide, it keeps my hair and scalp in excellent condition."

A Bit of Common Sense.

### Some Mistakes

Wives Who Are Careless About Their Appearance—Dressing the Baby In Hot Weather—Women Who Do Not Ask Questions. ::

"What a mistake a wife makes by allowing herself to become unattractive!" sighed little Mrs. Flutterby as she settled her kimono sleeved lace coat more carefully around her. (That's the secret of keeping a baby well in hot weather. Let her wear as few clothes as possible, and don't fuss over her.)

"I suppose you are referring to Mrs. Plainleigh?" remarked Mrs. Flitterby's sister, who usually constituted her audience. "Well, because Frank Plainleigh looks at you occasionally you have no occasion to throw stones at his poor little wife."

"He looks at me," murmured Mrs. Flitterby complacently, "because there is something to look at. Oh, don't misunderstand me!" she went on quickly, noticing the frown of disapproval on the other's face.

"I'm not so conceited as you think. I know I haven't such a good complexion as she has nor such a head of hair, but I work over my appearance, I do, and she has taken hers for granted ever since they were married, and that's five years ago. Now, a house will look shabby after five years without repair. Why not a woman?"

"Listen till I tell you. You know we went out horseback riding last Tuesday. Well, she wore a three cornered hat set too large for her, so it wouldn't blow off. It had no fewer than five hatspins in it. Wouldn't that ruin the appearance of Venus herself?"

Her wonderful hair was dragged back into a tight knot as about two dozen wire hairpins could make it, and as for her lovely complexion, it was guiltless of powder and soon grey red and shiny with the unaccustomed exercise. Her figure was far more better than mine, but bad' corsets have made her short waisted, while careful boning and lacing have done wonders for me. Besides, I don't have a thick cloth belt three inches wide sewed to the skirt of my riding habit, for every one knows a belt sewed to a skirt will invariably go up in front and down in the back, and you can't pin it properly."

"Oh, I tell you a woman makes a dreadful mistake when just because

New, bring on your birds!" yelled the sailors. A strutting cock was thrown into the pit and was another surprise to the poor dismantled eagle. He backed up closer and closer to the wall, wondering what would happen next.

The cock walked three times majestically around the circle, cuffing at his strange opponent, the eagle pitifully abashed and bedabbled, crouching lower and lower and looking around and above him for an explanation of what it all meant, while the crowd were yelling madly for the English fighter. The eagle made himself smaller and smaller, but at last, finding that he could get back no further and thinking that something was

"All right. I'll bring one," said the sailors.

When they got aboard they rigged up an American eagle. After their own manner, they painted, trimmed, spiced and reefed fore and aft, transforming the eagle to a cock. When ready they went ashore to pit the new American gamecock against all England.
