RAN AUTOMOBILE THROUGH FUNERAL

Machine Dashed Between the Hearse and the First of Carriages Following.

WAS RUN BY YOUNG MEN.

COMPLAINT HAS BEEN MADE TO THE POLICE AND ARRESTS WILL BE MADE WHEN GUILTY ONES ARE KNOWN.

The police are searching for two young men who ran an automobile last Tuesday through a funeral cortège as it was passing into the gateway at Earlham cemetery. The machine carried the number "Ind. 189" and the young men will be arrested as soon as located. Chief Bailey has written to the secretary of state to learn who operates the machine carrying this number.

Last Tuesday while the funeral cortège of Mrs. Tamar Hockett was entering the gateway of the cemetery the machine came along the National road, westward bound, at a good rate of speed. The pall bearers' coach had just entered the cemetery and the hearse was about to enter when Harvey Wilson, of the Wilson and Pohlmeyer undertaking establishment who was on the seat of the hearse, noticed the automobile coming along at a rapid rate. He beckoned to the young man driving the car to stop, but the young fellow paid no attention and dashed between the hearse and the nearest coach. To escape being hit the driver of the hearse had to turn it sharply around.

After the machine had passed both young men looked back at Wilson and the driver of the hearse and laughed at them. Wednesday Harry Meek, one of the pallbearers, appeared at police headquarters and entered a complaint against the young men in the automobile and asked that the police take immediate steps to have them arrested. The actions of these young motorists was severely condemned by all who witnessed their act and they probably will be severely dealt with when apprehended.

MEAT STORE ROBBED BY A NERVY THIEF

He Went in Through the Front Door.

SECURED A SMALL SUM.

Thursday evening the meat store of Maher and Hadley, Eleventh and Main streets, was broken into and the cash register opened and robbed of \$1,80.

The proprietors of the store were not aware of this theft until early this morning, when the store was opened. Complaint was made to the police and Messrs. Maher and Hadley made the remarkable statement that the thief entered the front entrance of the store by breaking the strings with which the big double doors were secured. The police were informed that the doors were not locked owing to the fact that there was no lock and that they had also neglected to lock the cash register.

Chief Bailey states that some time ago, this same store was robbed and that at that time the thief entered the store by cutting the strings which secured the doors.

The police are of the opinion that the theft was committed by one or several of a band of youthful crooks who have caused the police much trouble of late.

slipups. The one feature that provoked both applause and giggles, was pulled off in the fifth by "Rabbit" Ritter, who in chasing a high one, tripped backwards over a hole, seating himself with a soft, but firm thud. In this position he caught the ball. Huckins' batting and Steins' third base play were pleasing features. Score:
