## ORGANIZED EFFORT AGAINST MR. BRYAN

John W. Kern Hears Some Interesting News.

Information has come to John W. Kern of Indianapolis, who probably is William J. Bryan's closest friend in Indiana, that an organized effort has been in progress within the democratic party to prevent the nomination of Mr. Bryan for the presidency. Mr. Kern's discovery doubtless will create a good deal of interest nationally in political circles.

Mr. Kern's information is that agents of the anti-Bryan combination have been at work in Indiana, but that apparently they have realized that they were on a futile mission and have abandoned the Hoosier state as hopeless ground in which to plant an anti-Bryan propaganda.

## SENSATIONAL MOVES MAY BE FORTHCOMING

Federal Authorities Have Not Relaxed Efforts.

ROCKEFELLER'S WIFE SICK.

Cleveland, O., July 4.—Though Rockefeller has been served with a subpoena at Pittsfield, Mass., the federal authorities here have not relaxed their vigilance. Orders were received from District Attorney Sims at Chicago, of what nature is not known, that are keeping United States Marshal Chandler busy. It is rumored sensational moves in the war of the government against the Standard Oil company, may be made soon. Excitement of the government chase after Rockefeller has had a bad effect upon his wife. A nurse is in constant attendance.

## EAGLES BIG CLASS ON SEVENTEENTH OF JULY

Nearly Two Hundred Candidates to Be Taken In.

MANY VISITORS EXPECTED.

The Eagles will initiate their record breaking class of one hundred and sixty-five candidates at the coliseum on the night of July 17. Owing to the large crowd of visitors, between six and seven hundred being expected on the occasion, the lodge hall was abandoned for larger headquarters. The degree team from the Muncie chapter of the order will give the work to the large class. Visitors are expected from Cincinnati, Dayton, Indianapolis, Columbus and all the smaller towns in a radius of one hundred miles of Richmond. The event will be one of the biggest lodge events in Richmond for some time and will be one of the largest classes of candidates in the history of any of the local lodges. Following the initiation a banquet will be served in the lodge hall to the candidates and visitors.

## MAY BRING A CARNIVAL TO CITY IN AUGUST

Eagles Will Stand for Nothing But the Best.

COMMITTEE QUITE ACTIVE.

The Eagles' committee in charge of the arrangements for a carnival, has decided that if a good carnival company can be brought here the lodge will do so about the middle of August. The committee has received a number of communications from carnival companies over the country who desire to come here, but the Eagles want nothing but the best obtainable and unless they are successful in getting what they want, the carnival idea will be abandoned. It is the hope of the lodge in giving a carnival to superintend one that will be a credit to Richmond and to the lodge giving it. Nothing but the very best shows will be tolerated, and the members of the committee feel that when they charge a dime for a show, the people should not have to tolerate a moving picture show or some other, got up on a cheap scale. "The best or none" is the motto of the Eagles' carnival committee.

## JEWELRY MUST BEAR THE GENUINE STAMPS

New Law of the Nation Is Now In Effect.

AN END TO THE FAKIRS.

From now on Richmond people may buy jewelry, confidently relying on the stamps put on it as being a genuine indication of its merit, for the law enacted at the last session of congress to prohibit false stamps on gold and silver articles entering into interstate or foreign commerce is now in effect. The reform has long been agitated by leading American manufacturers of jewelry, silversware, watches and optical supplies. As the federal statute, however, applies only to interstate and foreign commerce it will be necessary for the state legislatures to pass similar laws in order to protect the domestic trade. In some of the states a stamping law has been enacted. The association of manufacturers will now devote its energies toward the adoption of uniform laws in other states. When this has been done it will put an end to the extensive traffic now carried on in fake jewelry and silverware, bearing counterfeit stamps as to quality and manufacture.

Early Wednesday morning the children went into the yard to have a little Fourth of July celebration with firecrackers. A few moments after they left the house the mother heard a terrific explosion. She rushed into the yard and found both children lying prostrate on the ground. The elder boy suffered the loss of two fingers and a thumb from his right hand and was severely injured about the head. WASHING WITHOUT WATER

Is Like Trying to Get Rid of Dandruff Without Herpicide.

Did you ever see any one trying to wash themselves without soap or water?

If you did what would you say of him?

It is every bit as foolish to try to get rid of dandruff and to prevent baldness by feeding the germs which cause it, with Cantharides, Yaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Vigors.

Newbro's Herpicide is successful because it attacks and kills the parasitic germ which feeds on the hair roots.

It is the original and only genuine scalp germicide manufactured.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and \$1.00. Leo H. Fife, Special Agent.
