of the day, made entirely of native medicinal roots and without a drop of alcohol in its composition. There are no secrets--all its ingredients being printed on the bottle-wrappers.

The "Golden Medical Discovery" not only builds up the strength of the feeble, debilitated, languid, nervous and easily fatigued, whether young or aged, but it enriches and purifies the blood, thus making the improvement lasting. It corrects and overcomes indigestion, dyspepsia, biliousness, torpid liver, chronic diarrhea and kindred derangements of the stomach, liver and bowels. Bronchial, throat and laryngeal affections, attended with hoarseness, persistent cough, and all manner of catarrhal affections are cured by the "Golden Medical Discovery." In Chronic Nasal Catarrh, it is well to cleanse the nasal passages out freely with Dr. Sage's Catarrh Remedy fluid while taking the "Golden Medical Discovery" as a constitutional treatment. Old obstinate cases of catarrh yield to this thorough course of treatment. Through enriching and purifying the blood, the "Discovery" cures scrofulous affections, also blotches, pimples, eruptions, and other ugly affections of the skin. Reporters Say There Is an Abundance of Fish. FALL FISHING VERY GOOD. Indianapolis, Sept. 9.—The anglers and hunters over the state have been more than busy during the past week, and reports from every section go to verify the prediction of several weeks ago relative to the abundance of fish in the various streams which were willing to bite upon favorable conditions showing themselves, and the abundance of duck, brant and other wild bird game which have been nesting in the marshes in the northern part of Indiana. Both the fishermen and hunters have been well rewarded, and the enthusiastic welcome of September has proven well founded, the anglers having a good taste of fall fishing with ideal conditions prevailing, and the marksmen a splendid inning at the feathered game. Although the game law allowing the knights of the trigger a whirl at the birds, has been in effect but one week, scores and scores of the beauties have been brought down by the unerring aim of these individuals who have been anxiously awaiting this opportunity.

Communication was immediately opened with the police of Springfield, with the result that when the stranger stepped off the train he was detained and the money recovered. Seattle claims to be the sixth largest city in point of area in the United States, New York, New Orleans, Chicago, Philadelphia and San Francisco are the cities with the larger area.

WOULD SEND GREAT FORCE; IS OPPOSED

French Minister of War Would Like to Put 50,000 Troops Into Morocco.

FAIL TO SEEK A PARLEY.

ARMISTICE IS FRUITLESS AND GENERAL DRUDE IS PREPARING TO CONDUCT AN ACTIVE CAMPAIGN.

Paris, Sept. 9.—The minister of war favors sending 50,000 French and Spanish troops to Morocco, but his staff opposes. A dispatch from Madrid says Spain will send 5,000 infantry and 500 cavalry to occupy Tangier and Tetan.

FAIL TO SEEK PARLEY.

Armistice is Fruitless and General Drude Plans Campaign.

Casablanca, Sept. 9.—The armistice sanctioned by Gen. Drude has been fruitless thus far, as the delegates of Caid Mazl, chief of the Chamula tribe, have not put in an appearance. Gen. Drude has planned a vigorous campaign against the natives, in case the Moors remain obdurate. Natives declare that numerous members of the tribes are encamped at Taddert awaiting the arrival of Mulal Hafig or his representative before making another attack. Many peaceful Arabs, who desire to return to Casablanca, are hindered by the warring tribesmen, who have strong cordons of sentinels posted, with instructions to kill all persons attempting to pass them. An example of the wild anarchy prevailing in the country is found in the seizure of Caid Zulgreither, one of the formers of the Casablanca revolt, by tribesmen, who appropriated his fortune and grossly maltreated his family. Gen. Drude says he has profited by the suspension of fighting by determining the exact positions of the enemy. Admiral Philibert cables that all the ports are orderly.
