## PATCHES

Why Brown Ones Come on Faces.

When a woman can get rid of brown patches on her face by changing her diet it is worth while for other women who care for their complexions to know something of the method.

A lady in Michigan City says that coffee caused the brown patches on her face by first giving her stomach trouble, then putting her nerves out of order, and the result was shown in her complexion.

She quit coffee and began using Postum Food Coffee and in less than a month the stomach trouble disappeared and within two months her complexion cleared up and is now fine and rosy.

She speaks of two men at Westfield, Ind., who have both been improved in health by leaving off coffee and taking in its place Postum Food Coffee, also a husband and wife of the same place, who were in poor health and suffered from stomach trouble. They quit coffee and after using Postum a short time the result was natural sleep, return of appetite, and a gain in strength as fast as nature could rebuild.

She gives the names of a number of other persons who have been helped by leaving off coffee and taking Postum Food Coffee.

It is a safe proposition that if any coffee user has stomach or nervous trouble, or bad complexion, he or she can get rid of the trouble by discontinuing coffee and taking Postum Food Coffee. It is easy enough to prove the truth of this by making trial. Read "The Road to Wellville," in pkgs. "There's a Reason."

## DECLINES A PLACE ON COMMITTEE ON RULES

Representative Watson Will  
Continue as "Whip."

## HONOR ENOUGH FOR HIM.

Representative "Jim" Watson is about the only man on record who has turned down a place on the rules committee of the national house of representatives. The committee on rules is the big committee of the lower branch of congress. It is very nearly "the works," for what it does is usually law and gospel with the majority members of the house.

Speaker Cannon offered Mr. Watson a place on this great committee. It is learned that after thinking it over he has declined to permit his name to be further considered for the place. He is whip of the house and if he stays in congress that is honor enough for him. If he were to go on the rules committee he would have to give up the position of whip. It is considered a most extraordinary performance for a congressman to decline to go on the rules committee. The position on the committee offered to Mr. Watson was made vacant by the retirement of Representative Grosvenor, of Ohio—Indianapolis Special.

It is a known fact that sheep thrive best in a pasture infested with moles. This is because of the better drainage of the land.

## WILL SOON TRANSFER THE LINCOLN FARM

Property Will Pass to Control  
Of the State.

## COMMISSION ACTIVE ONE.

A meeting of the commission appointed recently by Governor Hanly for the purpose of receiving from the Nancy Hanks Memorial association the Nancy Hanks Lincoln farm and burial ground in Spencer county, and converting it into a park, will be called within the next few days. Will H. Freeman, secretary of the state board of forestry who is a member ex-officio of the commission, has addressed letters to the other members asking advice as to the time and place for the meeting. The commission will very likely meet the members of the association at the farm, where formal transfer of the property will be made.

"We expect to put the grounds in splendid condition," said Mr. Freeman at Indianapolis, "but we are not yet in a position to state what lines it will be done. The farm consists of sixteen acres and is located in Spencer county, just a few miles from Lincoln City."

The last legislature appropriated \$5,000 for the purpose of fencing the farm with an ornamental fence and \$500 annually thereafter for the maintenance of the farm. The law provides also that the Memorial association shall transfer to the commission all money that it has on hands.

## REV. CASE AT NOBLESVILLE.

Richmond Pastor Is Heard at His  
Former Home.

(Noblesville, Ind., Ledger.)

Rev. Clarence Case, a Noblesville boy who has been engaged in ministerial work at Richmond since graduating from Earlham college two years ago, occupied the pulpit at the Friends' church Sunday morning. The announcement that he would preach brought out many of his friends, who were pleased with the discourse they heard. He has developed into a fluent speaker, is logical in his reasoning and has the faculty of presenting his themes in an entertaining as well as an instructive manner. The friends of Rev. Case are predicting a bright future for him in his chosen work.
