## SONOMA GIRL BROKE RECORD FOR SEASON

Defeated High Ball in Grand Circuit Event.

### UNDER THE WIRE IN 2:05 1/4

Columbus, O., Sept. 18.—Rain Tuesday spoiled what promised to be the most sensational racing program seen on the grand circuit this season. When the horses were called the track was in fine condition and 10,000 people were out to see Sonoma Girl and Highball again clash in the Hoster Columbus \$10,000 stake.

The 2:11 pace, unfinished from Monday, was won by R. F. D. in 2:05 1/4.

Lillian R, the prohibitive favorite, won a heat in the 2:09 trotting stake. By this time rain had commenced to fall and when the eleven horses scored for the big event the dust was well settled by the shower.

Sonoma Girl was in second position, scoring, while Highball was on the outside. When the word was given Sonoma Girl sprinted away in front. Highball was back several lengths, but stepping fast and at the quarter was in fourth place, moving up to the mare at the half, which was reached in 1:02.

Then the great battle commenced. The three-quarters was reached in 1:34 and still the great gelding could not head the flying mare. Through the stretch Geers was teaming with all his skill but the stealing stride of the Western queen kept her in front of her more flashy-going antagonist and the great crowd stood up and cheered itself hoarse as she flashed under the wire winner in 2:05 1/4, breaking the race record for the season.

### CAMPBELLTOWN'S KICK.

Not Satisfied With the Umpiring at Centerville.

Centerville, Ind., Sept. 18.—The ball game won by the Centerville team from the Campbelltown All Stars was due to one sided umpiring. Bad decisions in the start of the game put the visiting team in the air. The score was 12 to 0 in favor of the home team. Campbelltown wants to play one more game with Centerville at Campbelltown as they are not satisfied with the last game.

## CHICAGO DECLARED AGAINST A CHARTER

Voters of That City Decide to Cling Longer to the Old Document.

### BATTLE OF TEN YEARS.

THE VOTE WAS A LIGHT ONE AND MAYOR BUSSE THINKS THIS FEATURE IS GREATLY TO BE REGRETTE.

Chicago, Sept. 18.—After ten years of charter talk Chicago voters Tuesday decided after ten hours of voting to cling to the old document and the progressives went down to defeat by an unofficial vote of 122,054 to 59,446. Thus ends one of the bitterest political fights in the history of Chicago.

For more than ten years the city has been rent by factional fighting. For six years the battle has been carried on in legislative halls. The victory today, although party lines had been obliterated to an extent, means a victory for Roger Sullivan and the democrats. The fight has been a complex one, which invited the shrewdest of party leaders to a test of their skill.

The liquor interests became involved in the squabble and added zest to the contest. A newspaper war followed, and the result was that the city was worked up to a fever heat when the voting began this morning. It had been predicted that 140,000 votes would be cast. From the early returns the total vote is placed at 181,500.

More than half of the registered vote was cast, final figures, unofficial, showing 59,446 ballots for the charter and 122,054 against it. The total vote polled was 181,500 out of a registered vote of 361,908. The vote was due to some extent to the fact that the election was a special one and that the granting of time off for the purpose of voting was optional with employers and in the majority of cases voters were obliged to go to the polls before going to work, or not at all.

### Busse Issues Statement.

Mayor Busse issued the following statement: "It is evident from the result that a great majority of the people of Chicago either do not want a charter or are not sufficiently interested in a new charter to go to the polls and vote. The very light vote polled and the majority against adoption clearly proves that. I think this indifference on the part of the public has been a mistake.

"While the charter contained some provisions that were disagreeable to this, that or the other special interest or element in the community, yet, on the whole, it was a good thing for Chicago. Its adoption would have enabled the administration to do many things in the way of public improvements which would have been of lasting benefit to the city and its people."

## FOOTBALL SEASON IS OPENED AT CAMBRIDGE

Scoreless Game Was Played With Greenfield.

### SHOULD HAVE BEEN 5 TO 2.

Cambridge City, Ind., Sept. 18.—The foot ball season was opened here Tuesday afternoon at Oakland Park, with a spirited game between the local and Greenfield teams. The official score was 0-0, but should have been 5 to 2 in favor of the locals. The Greenfield officials, owing to ignorance of the rules, would not allow the points scored. Cambridge made repeated gains through the visitors' line by the use of a "flying tandem." Their end runs were also effective. At no time did the visitors have a chance to score, the locals handling the ball in their territory throughout the game. The two points that the visitors should have had were a touch back. The locals made a touch down in the last half, but it was not allowed as the referee, who was the Greenfield manager, claimed that the ball was out of bounds. The stars of the game were Drischel, Young, Stonecipher and Mosbaugh. Cambridge has the making of one of the best teams in this part of the state and should have the support of the community. They pay a return game at Greenfield Thursday, September 26. The lineup for the locals was as follows: P. Drischel, c; Taylor, lg; Ball, rg; Young, lt; Kniese, rt; Brosis, re; K. Mosbaugh, le; R. Mosbaugh, rhb; Stonecipher, lhb; D. Drischel, fb; Matthews, qb.

## ROOSEVELT APPROVES THE RIDING ASTRIDE

Sees No Objection to This Practice by Women.

### SIDESADDLE WILL STICK.

Richmond young women who are riding horseback astride may be interested in knowing that this plan meets the approval of President Roosevelt. A New York dispatch says: Although President Roosevelt has tendered his official indorsement to the fad of women riding astride, the consensus of opinion among riding masters of this city is that the side saddle will continue to reign supreme for many years to come. Woman's inherent modesty, they declare is one of the chief factors which will prevent the side saddle from being relegated to oblivion. The fact that only slim women appear graceful while riding astride is another potent reason given by them for asserting that the new fad will have few followers.

The indorsement of the President to the mannish style of riding was given during an exhibition at the Oyster Bay academy, which is attended by all the Roosevelt children. When the president saw that every one of the girl pupils of the academy were astride their horses he clapped his hands and cried: "That's good; that's good!"

The riding masters declare that the news of the President's approval has reached the ears of virtually all their patrons, but that as yet they have not been appealed to by any of their side saddle pupils for instructions in the art of riding astride.

## DURBIN LONGS FOR U. S. SENATORSHIP

Former Governor Is Said to Be Casting His Eyes Toward Washington City.

### TO SUCCEED HEMENWAY.

REPORTED TO BE GOODWINE'S MANAGER FOR GOVERNORSHIP —HIS "MACHINE" IN GOOD REPAIR AND COULD MAKE A FIGHT

Indianapolis, Sept. 18.—Ex-Governor Winfield Taylor Durbin, of Anderson, may become a candidate for the United States senate for the seat occupied by Senator Hemenway. Rumors to that effect are current here, but they cannot be confirmed as Col. Durbin is not here. It was stated however, that he has had the matter under consideration for some time and is doing a little preliminary work wherever it is possible without attracting attention. Col. Durbin has pointed out lately as the manager of Senator Fremont Goodwine's campaign for governor, and it was said today that if Goodwine wins the nomination the Durbin boom for the United States senate will be sprung without further delay. The Durbin "machine," which was very effective, is still in good shape, and many of his strongest lieutenants have been urging him to run for senator since having learned definitely from him that he will not run for governor. Senator Hemenway is a candidate for re-election, and it has been the supposition until lately that he would not have opposition, but the fact that he has not been spending much time in Indiana has caused some doubt to arise as to whether he is greatly interested in the matter. It was said that Congressman Crumpacker of Valparaiso may also enter the race against Hemenway.

**How to Wash.**  
In the south seas and in various groups of islands in the Indian ocean the aborigines shoot fish with the bow and arrow. The shot is extremely difficult, as in taking aim at an object under water the archer has to allow for refraction. If he were to aim directly at the fish as he sees it, he would, of course, miss. Long practice has, however, made the natives expert to a wonderful degree in this sport.—London Saturday Review.

**It Was Tough.**  
The waiter girl knew a thing or two about table etiquette, so she sniffed scornfully as she said, "It's not our custom to serve a knife with pie." "No?" remarked the patron in surprise. "Then bring me an ax."—Christian Register.

## LEGALITY OF SCHOOL ABANDONING RAISED

Courts at Indianapolis Are Called Upon.

### INTEREST TO THE STATE.

Must a school wagon, official carrier of children to and from schools in a country district, go nearer than one-half mile to a patron's home in order to take that patron's child to school? This is the question Judge Lawson Harvey, Indianapolis, has been called on to settle. The decision involves in a way the legality of the act passed by the last legislature, which provides that all schools in which the attendance on the opening day was less than twelve should be abandoned and the children sent to other school buildings. John C. Smith, of Lawrence township, Marion county, obtained an alternative writ of mandate against Charles C. Lyle, trustee of that township, ordering Lyle to show cause why the school wagon in his township should not pass nearer than one-half mile to the Smith home in its rounds. Smith's little daughter attended school last year at a building near the Smith home. This year that school was abandoned, and the child attends school near Oakland, three and one-half miles away. Smith says she has to walk one-half mile down the road and wait for the school wagon every morning, and has to walk the half mile every afternoon after school. The question will be raised at the final hearing, September 28, as to whether abandonment of schools because of small enrollment is legal.

IT'S NOT "AU REVOIR" WHEN YOU SPEND THAT DOLLAR OUT OF TOWN; IT'S A PLAIN CASE OF "GOOD BYE FOREVER, DOLLAR."

# They Don't Ask That!

The merchants of Richmond do not ask you to pay a little more for your purchases in Richmond; they do not ask you to accept an inferior grade of article when you purchase in Richmond; they do not even demand that you pay cash when you purchase in Richmond; they are willing to sell the same goods at the same prices as the "out of the city" merchants.

These are facts. Ask any merchant. The Richmond merchants have arisen to the occasion and in many cases will actually undersell the big town competitors. The variety of stock carried by the home merchants depends entirely on the demands of the home trade. They will carry what you want if you give them a chance to do so.
