HORN VERY EFFECTIVE.

LALLY BREAKS HIS OWN REC-  
ORD AS UMPIRE.

(By Tort.)

Richmond, 6; Medicine Hat, 3.

To acclimate themselves to the San-  
ta Claus atmosphere, which is popular  
only with the coal man, our sturdy ath-  
letes slept Tuesday night in the cold  
storage plant. Wednesday afternoon  
they were prepared to meet the Medi-  
cine Hat outfit, champs of the Polar  
league, at their own game—ice  
baseball. Result, Richmond 6, Ben-  
ney's Icebergs, 3.

Casey Horn worked for the locals and  
he gave the lie to the popular legend  
that he is a hot weather twirler. Mr.  
Horn pitched the best game of the sea-  
son, allowing the Icebergs only five  
hits and whiffing out eight of them.  
Mr. Yerkes, of the Nashville Southern  
league team, and late of the St. Louis  
Nationals, worked for Medicine Hat.  
Mr. Yerkes was nearer the sun than  
any other man on the lot, but even he  
suffered with the cold. The first  
three innings he was reserved and  
stingy, but after that our demons belted  
him at will, accumulating all told,  
nine safeties. Not a Quaker did the  
lengthy Mr. Yerkes breeze.

Both Messrs. Horn and Yerkes used  
the cuspidor curve, formerly known as  
the spit ball. The former got away  
with it, but Mr. Yerkes complained  
that he could not use the delivery prop-  
erly because his saliva froze to his fin-  
gers. Mr. B. Lally, umpire, again occu-  
pied the limelight. The visitors greet-  
ed Mr. Lally with "Good afternoon, Jes-  
se James," when the booming Bud ap-  
peared on the scene. In the course of  
the game Mr. Lally broke his own rec-  
ord. Some of his decisions will be  
pickled and preserved as curios.

Bugs Frost Bitten.

One hundred frost bitten bugs en-  
joyed the contest, the harmony of  
which was dislocated now and then by  
an error. Each team perpetrated four  
misplays. Two of our errors were  
costly ones. The visitors also made  
two costly errors. The game was in-  
teresting but there were no special fea-  
tures to it except Parker's beautiful  
three bagger, Jessup's hitting and  
Johnson's good third base play. Fisher  
made some nice stops at first base. Mr.  
Fisher still alleges that he is a bach-  
elor notwithstanding the fact that he  
was billed to take the life sentence  
Tuesday. He refuses to explain the  
mystery.

In the first two innings the Icebergs  
piled up two runs. Our demons tied  
the score in the fourth on an error by  
Barton and hits by Jessup and Fisher.  
In the fifth Weaver walked and count-  
ed on Parker's smoochy triple. A  
double by Johnson and a single by Jes-  
sup gave these two men an opportunity  
to pull off a double steal, Jessup coax-  
ing a throw to second out of Tacks  
Benney, the human phonograph. This  
allowed Mr. Johnson to waltz home.  
Horn scored Jessup on a single. Par-  
ker singled in the seventh and counted  
on errors by Barton and Valdoise.

SONOMA GIRL AGAIN  
WINS AT COLUMBUS

Took \$5,000 Stake After Los-  
ing Two Heats.

CAME NEAR TO RECORD.

Columbus, O., Sept. 26.—The long-  
est day's program raced on any track  
this season was disposed of Wednes-  
day at the Driving Park, the races  
being called at 10 o'clock a. m. The  
big race was the \$5,000 Merchant's  
stake for 2:24 trotters in which So-  
nomia Girl was favorite at 50, the field  
25.

The California mare did not seem to  
have her speed in the first two heats,  
got away slowly and could not get up  
amongst the leaders, Margaret O win-  
ning both heats in splendid style.

McHenry got the mare away in  
good shape in the third heat, took the  
lead early and won without trouble, al-  
though Margaret O, who is a great  
stretch trotter, tried hard and was on-  
ly beaten a length in 2:07, remarkably  
fast time considering the fact that the  
horses had to face a strong, cold wind  
through the back stretch.

Sonomia Girl held the field safe in  
the two final heats, although Margaret  
O made a brave try in each round.  
The time in the fifth heat was 2:08 3/4,  
within one-quarter of a second of the  
world's record for a fifth heat, held  
by John Nolan.

FIRST BOWLING MATCH  
IN SEVERAL YEARS

Idleman and Hunt Teams Con-  
tested at City Alleys.

LATTER WON BY 113 PINS.

The first bowling match of the sea-  
son, in fact the first bowling match  
that has been played in Richmond  
for several years, was pulled off Wed-  
nesday night at the City Bowling al-  
leys between the Idlemans and the  
Hunts, the latter team winning two  
out of three games. In the three  
games the Hunts rolled a total of  
2,215 pins against 2,102 pins rolled by  
the Idlemans. Roy Carmen made the  
high mark, rolling 200 pins in the  
third game. The management of the  
City bowling alleys announces that  
from this time on one match game a  
week will be played. Interest in bow-  
ling has been revived as evidenced by  
the big crowd that witnessed the  
match game Wednesday night. The  
following are the individual scores of  
the players on each of the two con-  
testing teams Wednesday night:

MEDICINE HAT IS  
TO STAY ALL WEEK

This Fast Aggregation Will Be  
Seen Here Both Sat-  
urday and Sunday.

YINGLING TO BE IN BOX.

HE WILL PITCH IN ONE OF THESE  
CONTESTS—REDS MAY COME  
OCTOBER 8—HORN LIKES THE  
SPITBALL.

Medicine Hat will probably be the  
attraction here the remainder of the  
week. Manager Jessup has arranged  
to have this fast outfit play here Sat-  
urday and Sunday and it is probable  
that they will also play here Friday.  
Owing to the cold weather the atten-  
dance at the games played so far this  
week have been light. If Old So-  
i will kindly beam forth again the fans  
will turn out as of yore. The Medi-  
cine Hat with its lineup of fast minor  
leaguers is well worth seeing. The  
Canadian champs play faster ball than  
any team that has been seen here  
this season.

Yingling to Pitch.

"Ying" Yingling, the crack Detroit  
American league twirler, whose name  
listens like a doorbell, will twirl  
again Medicine Hat either Saturday  
or Sunday. Yingling is one of the  
promising southpaws of the country.

Reds October 8.

It is probable that the Cincinnati  
Reds will be seen here October 8. Lo-  
cal fans are staunch rooters for the  
Reds through thick and thin and a  
big crowd will turn out to see them.  
Delegations from many towns will  
also be in evidence. On October 9  
the Reds play Dunkirk at Muncie.

Plummer Jonahed.

Tom Plummer believes that Rich-  
mond is his Jonah town. The big fel-  
low finds it impossible to hit the ball.  
In the Iowa State league the past sea-  
son Plummer hit at a .287 clip and led  
the Quincy outfielders in fielding.

Benny and "Kid."

Tacks Benney, manager of the Medi-  
cine Hat team is an attraction. He  
has barked at umpires so long that  
his voice has become frazzled. If any-  
one makes a noise like a squirrel he  
shys and kicks in the dashboard. He  
had an interesting tilt with "Kid"  
Houghton Wednesday. "Kid" led the  
bleacherites. It was up to the Kid  
to make good so when Benney called  
him a "city slicker" the little polo  
star came back as follows: "When  
you get back on the farm tell the  
home folks that you saw a real live  
city slicker, will you?"

Spitball for Horn.

"It's me for the spitball" remark-  
ed Casey Horn after his successful  
experiment with this damp delivery,  
Wednesday.

## TORONTO TAKES THE FIRST

Championship Ball Games are Now in  
Progress.

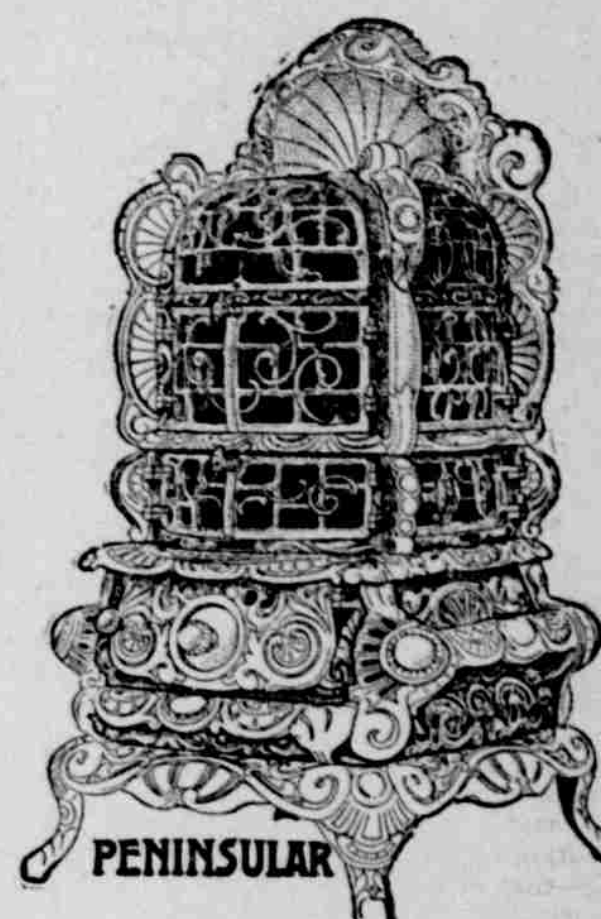

Toronto, Sept. 26.—With the weath-  
er around freezing point, 4,000 specta-  
tors with their overcoats and furs on  
saw the first game of the series here  
between Columbus and Toronto for  
the championship of the minor base  
ball league. Columbus in the initial  
innings tallied three runs, the first  
three men knocking out doubles, and  
this caused the weather to rise several  
degrees higher in the grand stand, but  
it took a sudden drop in Toronto's  
half, as the locals crossed the pan four  
times. The final score was Toronto  
12; Columbus 4.

CANCEL THE GAME AT  
THE ELEVENTH HOUR

New Castle Cannot Meet the  
Q. & B. Ball Team.

Manager Babylon of the Q. & B.  
team of this city has been notified by  
the manager of the Krell-French base-  
ball team of New Castle that it will  
be impossible for him to get a team  
together to meet the Richmond ag-  
gregation next Sunday. His men he  
says, are scattered and it will be im-  
possible to present a strong front to  
the Richmond team if they go to the  
"flower city" and hence he deems it  
inadvisable for the local men to go  
Sunday. The Quigley and Babylon  
team has been rather unfortunate  
this entire season, having many of its  
games canceled at the eleventh hour.  
For this reason the season as a whole  
has not been as successful as was  
hoped.

Until a few years ago the Philippine  
islanders held their Sunday on the day  
which was Monday to the inhabitants  
of the neighboring island of Borneo.  
This curious anomaly arose from the  
historic fact that the Philippines were  
discovered by Spanish voyagers coming  
from the east around Cape Horn, while  
Borneo was discovered by Portuguese  
coming from the west, and sailors lose  
or gain a day, according to their direc-  
tion in crossing the Pacific.

## WHY CHARGE IS REDUCED

Railroads Find Good Roads to  
Their Advantage.

At the general inquiry into gravel  
rates in force on the various railroads  
of the state which opened before the  
Indiana Railroad commission Wednes-  
day, various freight officials told the  
commission that the railroads felt jus-  
tified in making lower rates on road-  
making materials than on the same ma-  
terials transported for commercial pur-  
poses. The reason given was that the  
making of good hard roads develops  
tributary country, increasing and mak-  
ing more uniform the traffic upon  
which the railroad depends from that  
part of the country.

"Do unto others  
as you would have  
others do unto you."

If you sell groceries to Mr. Smith, it is only natural  
that Mr. Smith should expect you to buy meat in his shop.  
Isn't that perfectly fair? Well, then, if you earn your liv-  
ing in Richmond, is it unfair to expect you to spend what  
you can of it here? Many of those who do their shopping  
out of town, do so thoughtlessly.

If your brother sells furniture, you wouldn't go into an-  
other city to buy a chair just because it looked pretty and  
cheap in the show window, would you? Wouldn't you say  
to yourself: "My brother can get me that chair just as  
cheap. I couldn't think of getting it from anyone else." If  
you have to live and earn a livelihood in Richmond, every  
other person who is similarly situated is your brother. He  
can get it for you just as cheap, no matter what it is.

Think it over.
