

EARLHAM TRUSTEES MEET AT COLLEGE

A. K. Hollowell of Indianapolis Was Rechosen President of the Board.

JOS. R. EVANS RETIRES.

SAMUEL C. COWGILL WAS CHOSEN TO SUCCEED HIM—NEW COURSES HAVE INCREASED INTEREST IN WORK.

Earlham college trustees met today at the college in the first session of the present college year. Many routine matters were attended to but the most important action taken was the election of officers for the ensuing year. A. K. Hollowell of Indianapolis was re-elected president of the trustees' organization, while Benjamin Johnson of this city was continued in the office of vice-president. Finley Newlin, who has served the college for the past several years in the capacity of treasurer was also re-elected and Ethel K. Calvert of Selma, O., was elected secretary.

Owing to the resignation of Joseph R. Evans of Indianapolis, from the board of trustees, the members of the board from Western yearly meeting were required to select a new man to fill the vacancy and Samuel C. Cowgill of Montezuma, Ind., was chosen. Mr. Evans is in all health and found that it would be impossible for him to serve longer. He was president of the board for a period covering sixteen years while he has been a member of the board for twenty-six years, the second oldest man now serving. Timothy Nicholson of this city being the oldest. His successor is a prominent tile manufacturer of Montezuma and has become well known to Friends generally owing to his numerous gifts to the Quaker school. He is the donor of the Samuel Cowgill prize for oratory given each year at the college. He is an old Earlham graduate. In view of his numerous gifts and other qualifications for the position of trustee, the trustees from Western yearly meeting thought him the logical man for the place.

Other than the election of officers, only routine business matters occupied the attention of the board.

Since the inauguration of complete chemical and physics courses at Earlham college there has been an added interest in the work, and a larger percent of young men have enrolled in the two departments than ever before. The course in civil engineering is also meeting with much favor.

Mr. W. C. Bott, a Star City, Ind., hardware merchant, is enthusiastic in his praise of Chamberlain's Cough Remedy. His children have all been subject to croup and he has used this remedy for the past ten years, and though they much feared the croup, his wife and he always felt safe upon retreating when a bottle of Chamberlain's Cough Remedy was in the house. His oldest child was subject to severe attacks of croup, but this remedy never failed to effect a speedy cure. He has recommended it to friends and neighbors and all who have used it say that it is unequalled for croup and whooping cough. For sale by A. G. Luken & Co.

CLOSE GUESSING CONTEST

Pilgrim Bros. Conducted an Interesting One.

Pilgrim Bros. have closed their guessing contest and there was an unusual amount of interest taken by hundreds of people as to the actual number of nails in the jar. Promptly at the hour designated for the closing of the contest, the judges took the jar and proceeded with the count. There were 2864 nails in the jar and the guesses varied from 65 to over 30,000. Several hundred guesses were registered, but no one hit the exact number, Conrad Zwissler and J. H. Menke coming nearest and each of them missed it just fourteen. Menke's guess was registered first, it being the seventeenth guess recorded and his guess was 2850. Conrad Zwissler had the 16th guess, and was 2878.

IS JOHN R. McLEAN FOR MR. ROOSEVELT?

There Are Indications That He Favors the Re-election Of President.

ENQUIRER OWNER'S STAND.

EDITORIAL STATEMENT IN THE WASHINGTON POST, WHICH HE ALSO OWNS, HAS LED TO MUCH COMMENT.

Washington, Oct. 2.—Has John R. McLean turned Republican? The Cincinnati and Washington newspaper proprietor has greatly astonished his democratic friends by advocating in the Washington Post, the re-nomination and re-election of Mr. Roosevelt.

The leading editorial in a recent edition of that paper, headed "The Next President," says:

"The history of American politics presents no parallel to the situation that has developed concerning the next presidency. One man stands head and shoulders above all others, and almost without regard to party, he is the choice of the people for president. Theodore Roosevelt enjoys a greater popularity than has ever been the fortune of any American during his life time, with the possible exception of George Washington. The people see the fruits of his integrity and energy, and they want him to remain in the presidency."

"In view of the overwhelming popularity of Mr. Roosevelt and the well-nigh universal clamor for his re-election, the Post believes that he will be re-nominated. Imagine the situation that would arise if the next convention would respond to the popular will and renominate Roosevelt and adjourn. There would be no alternative for him. He would be compelled to run for the presidency. And if he should run, it is certain that he would be re-elected by an unprecedented majority."

A later Post contains a two-column news story with an editorial flavoring showing the growth of third term sentiment throughout the country.

SCARCITY OF LABOR STANDS IN THE WAY

The Fee-Meyers Pickle Factory Would Like to Locate in Richmond.

IS A ST. LOUIS CONCERN.

REPRESENTATIVE OF THE COMPANY IS NOW IN THIS CITY LOOKING OVER THE GROUND WITH A VIEW TO LOCATING.

The Fee-Meyers pickle company of St. Louis, a strong competitor to the Heinz pickle company, and one of the largest concerns of its kind in the country today, desires to remove its factories from St. Louis and locate them in Richmond, but owing to the scarcity of women labor it is highly probable that Richmond will lose the concern. A large number of women are employed by the concern each year, and as Richmond manufacturers are clamoring for women labor, it is hardly probable that either the improvement associations or commercial club can induce the big concern to come here with existing conditions prevailing, although an earnest endeavor will be made to do so.

Mr. Meyers, the secretary and treasurer of the company, is in Richmond, trying to arrange to move his factory here. Hearing of Richmond and her advantages, he has sought out this city above many others in the middle west who have offered larger inducements than could be offered by Richmond. Mr. Meyers states that the concern desires to remove its large plant from St. Louis owing to the labor troubles; also the commission men, through which the concern has to buy all materials used by it. The concern spends about \$150,000 each year among the farmers for pickles and other food stuffs commonly grown by them. The firm also maintains experimental gardens and instructs the farmers as to the proper methods of growing the materials used by them. All the company asks is good labor conditions and ten acres of ground on which to place their plant. In case the factory is secured for Richmond the officers of the company will move here. It will employ about five hundred people.

The big Fee-Meyers company sells its entire output to New York hotels who use its wares exclusively. Mr. Meyers met with the south side improvement association Tuesday night and it is probable the southsiders will make an earnest endeavor to land the enterprise.

TIME IS THE TEST.

The Testimony of Richmond People Stands the Test.

The test of time is what tells the tale. The public soon finds out when misrepresentations are made, and merit alone will stand the test of time.

Richmond people appreciate merit, and many months ago local citizens publicly endorsed Doan's Kidney Pills; they do so still. Would a citizen make the statement which follows unless convinced that the article was just as represented? A cure that lasts is the kind that every sufferer from kidney ills is looking for.

Mrs. Edgar S. Mote, of 17 North Sixteenth street, Richmond, Ind., says: "Some years ago my husband was having some trouble with his back. There was a dull aching pain that bothered him most of the time. He was told about Doan's Kidney Pills and got a supply at A. G. Luken & Co.'s drug store. After taking it he never again mentioned backache to me. He believed that Doan's Kidney Pills are a great remedy and has told several people of the benefit he got through using them."

For sale by all dealers. Price 50 cents. Foster-McBum Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

The advance was, however, short lived and wheat became very plentiful on the bulge forcing prices back. There has been considerable pressure in corn from liquidating longs on corn, values weakening.
