

HIGH HONOR GIVEN ROOT IN MEXICO

Invited to Be Present at a Special Meeting of the Chamber of Deputies.

ALL MEMBERS PRESENT.

WAS ALSO MADE A MEMBER OF THE MEXICAN ACADEMY OF JURISPRUDENCE AND LEGISLATION—BANQUET GIVEN.

Mexico City, Oct. 4.—Secretary of State Elihu Root was Thursday the recipient of the highest honors which can be granted to a foreign visitor at the City of Mexico. He was invited to be present at a special meeting of the Chamber of Deputies convened especially to show the appreciation of the law makers of this republic for the distinguished guest of the nation and in the evening a ball was given at the Jockey club. Mr. Root visited the Chamber of Deputies, the legislative body which corresponds to the United States house of representatives. The entire membership of the house was present and the enthusiasm which greeted the speech of Secretary Root was boundless.

Root Makes Reply.
After all routine business was transacted, the president of the council, Senator Emanuel Callero, delivered a speech welcoming Mr. Root in the name of the legislature of Mexico. Mr. Root in reply said:

"Mr. President and members of the Chamber of Deputies of the United States of Mexico: I am doubly sensible of the high honor which you have conferred upon me by this audience today. I am sensible also of the great mark of friendship to my country involved in this reception of one of her officers in this distinguished manner by the popular law-making body of this great republic. I sincerely hope, not merely that I personally may never do ought to show myself to have been unworthy of your consideration, but that my country may forever, in its attitude and conduct toward the people of Mexico, justify your kindness. You will have gathered from my words, which your president has been good enough to quote in the admirable and grateful address which he has just made, that I am one of those who believe that the old days when nations sought to enrich themselves by taking away the wealth of others by force ought to pass and are passing."

Secretary Receives Another Honor.
Immediately after the session in the Chamber of Deputies Mr. Root was whisked to the building of the Mexican Academy of Jurisprudence and Legislation, where another honor was to be conferred on him, that of membership in that body.

After this ceremony was over Mr. Root had just enough time to drive to the castle of Chapultepec to prepare for the banquet tendered him by the City of Mexico at the Municipal Palace at 8 o'clock. This affair was one of the most brilliant events of the series of entertainments in honor of Secretary Root.

Former Assistant Secretary of State rancis B. Loomis arrived in this city yesterday and called on Secretary Root at Chapultepec castle.

SOUTH SIDERS WILL MAKE INVESTIGATION

Want Time to Look Into Pickle Proposition.

HAS LAND FOR FACTORIES.

Members of the South Side Improvement association will make every endeavor to land the big Fee-Meyers pickle concern of St. Louis, which desires to locate in Richmond. The South Siders, however, wish time to investigate the merits of the offer made them by the company, and some definite action will be taken soon in regard to the matter. The South Side association has several acres of land to be given to factory enterprises and a portion of this will be granted the pickle concern if it seems fit to locate here, in preference to other towns desiring to land the concern.

Q. & B. TEAM GOING TO CAMPBELLSTOWN, O.

Manager Babylon Not Disheartened.

MANY DATES CANCELLED.

Not disheartened or discouraged by the repeated cancellation of base ball dates during the season just closing, the Quigley and Babylon team has decided to remain in the game as long as the weather man is kind enough to dish out a brand of goods in any way favoring base ball playing. Next Sunday the local aggregation will go to Campbellstown, O., where it will meet the strong team of that place. Manager Babylon is moving about with bated breath, fearing an eleventh hour decision on the part of the Campbellstown management to cancel the game, such as quite a number of managers have done this season.

FIGHTING AGAINST SLEEP.

Experience of a Traveler in Crossing the Gobi Desert.

Many difficulties must the traveler contend with when crossing the desert of Gobi, and one of these is the almost overwhelming desire to sleep. Hans Doring writes in the North China Daily News: "Hitherto I have thought that traveling by carts over stony roads and staying in Chinese inns at night was the hardest thing a foreign traveler in China was called upon to endure, but since I have traveled with a caravan of camels I have changed my opinion. The monotony of the desert by day and the bed of camels' saddles at night, the evil smell of camels and the slowness of their drivers and the acrid, choking smoke of the little fire on which one's food is cooked—none of these things is so trying to the foreigners as the sleepiness which attacks one in this high region. This to me was a real torture. Traveling through the cold night with no other company than dull Chinese, who seem to sleep while walking alongside the camels or while sitting on their backs, and being weighed down by heavy sleepiness is the worst thing I have endured."

"You sit on your horse and, in spite of every effort, fall asleep. Presently you wake up and find yourself on the ground with your horse standing bewildered at your side, wondering whether you are alive or dead. Then you try to keep yourself awake by walking and talking a bit to the camel drivers, but you soon find that they are just as sleepy as yourself. A few words are exchanged and then you are too tired to open your mouth to talk or even to think of anything but sleep, sweet sleep. Oh, for just a few minutes there at the roadside in the soft sand! But, no, you must go on and fight against this desire. It is too dangerous to sleep by the roadside on the ground. The caravan cannot wait and your servant would not watch over you; he would soon fall asleep like yourself. The wolves would then have an easy time."

"Yet in spite of all this reasoning you feel as if you were drawn to the ground by the power of a thousand strong magnets and soon yield to sleep again. Suddenly your watchful horse, whose reins you have kept slung around your neck—this is a wise thing to do—pulls up, starts and jerks you wide awake. You jump up, not knowing where you are for some seconds, but you see your horse trembling and realize that danger is near."

"For a few minutes you are fully awake and feel glad and refreshed. You jump on your horse and catch up with the caravan, which has gone a few li (a li is 654 yards) ahead."

"After another ten li or so sleep creeps on again like a huge boa constrictor embracing you in its irresistible grasp. The same fight has then to be fought over again. Then at last the caravan arrives at the halting place for the night."

A Royal Ship.

Considerable amusement was once caused by a slip of Emperor Nicholas' pen in accepting the offers of several companies of Siberian militia who volunteered for service at the front. The petition read, "We humbly lay at your majesty's feet our desire to be permitted to fight and die for the fatherland." The emperor in accepting wrote on the margin of the petition in his own hand, "I thank you sincerely and hope your wishes may be fully realized."

The Wasted Wittlelam.

"I always thought," said the hostess, "that Scotchmen were humorous. Last night I showed a departing Scotch guest a great pile of overcoats in the dressing room."

"Here," I said, with a wave of my hand, "you are the first to leave. Take your choice."

"Thank you," said he as he fumbled searchingly among them, "I'll have me own!"—New York Press.

LORENZO MAYHEW HURT IN ACCIDENT

Trusted Family Horse Frightened by Dropping Shafts, Threw Him Out.

UNCONSCIOUS FOR HOURS.

ON ACCOUNT OF HIS ADVANCED YEARS, MR. MAYHEW'S HURTS TAKE ON SOMETHING OF A SERIOUS NATURE.

Lorenzo Mayhew, an age and respected resident of South Twenty-third street figured in a runaway accident Thursday afternoon which came near terminating seriously for him. He received many bruises and cuts about his body and was rendered unconscious for several hours.

About two o'clock Thursday afternoon he hitched the family horse, a supposedly gentle creature, to a spring wagon. While driving along Twenty-second street directly in front of Glen Miller park, a bolt in the shafts broke and allowed a portion of them to fall, striking the horse on the heels. This greatly frightened the animal and it immediately began to rear and plunge. Mr. Mayhew was thrown almost instantly from the wagon and lay in an unconscious state until picked up by people residing in the neighborhood who had witnessed the accident. The horse ran several squares before it was stopped.

After a physician had to some extent alleviated the man's sufferings he was removed to his home on South Twenty-third street. Being a man of advanced age his condition is more serious than would be the case otherwise.

Family horses guaranteed to be perfectly gentle, have been the cause of more runaway accidents in Richmond which have resulted seriously, than any others. Several people have had narrow escapes due to the freakishness of their trusted horses.
