## SALVATION ARMY LEADER IN CHICAGO

General William Booth Was Given Cordial Welcome On Every Hand.

### HIS FIFTH VISIT THERE.

DESPITE HIS 78 YEARS, BOOTH IS AS ENTHUSIASTIC OVER HIS WORK AND HIS AMBITIONS AS HE EVER WAS.

Chicago, Oct. 7.—Gen. William Booth, a hero of the battle field of humanity, accompanied by staff officers and his daughter, Evangeline Booth, commander of the American division of the Salvation Army, is in Chicago.

The general's loyal soldiers from all parts of America and the city officially and generally gave him a royal reception. At the La Salle depot 509 Salvation Army officers in uniform, accompanied by a band of nearly 100 pieces, welcomed the veteran commander.

Bowing to the right and left, giving outward evidence of the pleasure he felt, the general, leaning on the arm of his daughter, passed through the dense crowd to a carriage.

The procession passed to the Annex Hotel, where a delegation of aldermen, headed by Alderman Dunn, representing the mayor; Bishop Samuel Fallows of St. Paul's Reformed Episcopal church, representing the clergy, and Representative Matthew Mills of the county bar, was in waiting to receive the party.

#### Fifth Visit to Chicago.

In the general's party, besides himself and daughter, are Commissioner Alexander Nicol of London and Col. John Lawley, traveling secretary. The general arrived in New York seven days ago. He came here direct from Rochester, N. Y. After visiting several of the larger cities of the United States he will sail for Berlin on Nov. 9.

This is the general's fifth visit to Chicago. He appeared in the best of spirits, permitting a vein of humor to enter into his conversation. Although members of his staff appeared to be greatly concerned about the general's health he laughed at the idea of ever quitting active work and declared his health and vitality as good as they ever were.

Gen. Booth's face is a little thinner, his figure perhaps a trifle slighter than they were at the time of his last visit to Chicago, four and a half years ago. But despite his 78 years, time has failed to make any impression on his ambitions to realize still greater things with his army.

## OVERTAXED

Hundreds of Richmond Readers Know What It Means.

The kidneys are overtaxed; Have much to do. They tell about it in many aches and pains—Backache, sideache, headache, Early symptoms of kidney ills. Urinary troubles, diabetes, Bright's disease follow.

A Richmond citizen tells here a certain cure.

Dallas Cassel, living at 711 South Eighth St., Richmond, Ind., says: "I think it was about fifteen years ago that I was cured by Doan's Kidney Pills. At that time I was working, and in the course of a hard day's work had quite a bit of heavy lifting which brought on severe backache and dizzy headaches. I had tried several remedies but with no effect. Finally I was induced to get a box of Doan's Kidney Pills at A. G. Luken & Co.'s drug store. After I had taken them for a short time the dull aching in back disappeared and with it the headaches. Since that time I have not been troubled, and have recommended Doan's Kidney Pills to many other sufferers."

## Distress After Eating

Do You Ever Feel as Though You Had Swallowed a Brick Instead of a Meal?

That heavy, bloated, stuffed-up, lead-like feeling, which you often experience after eating a meal, is positive proof that something is wrong with your digestive organs. They are becoming weak and fagged out. There is a lack of gastric and other digestive juices. The food is no longer properly digested and it forms a heavy load on your stomach, so that nearly every meal causes you misery and distress.

If you are in this condition, it means that you have dyspepsia in some form and may have had it for some time, though you didn't realize it.

Now is the time to check it, for if you don't it will surely develop into worse forms of dyspepsia and other stomach troubles, which may have serious results.

But that is not all. The stomach is the hub of the body and an injury to this is an injury to all. A weak stomach causes the whole body to suffer. The action of the heart, liver and kidneys becomes sluggish. The brain becomes inactive. The nerves become unstrung. The blood loses its vitality.

The only safe, sure, scientific method of restoring your stomach to its healthy, normal state, is to use Stuart's Dyspepsia Tablets, which will act as a substitute in digesting your food, thus giving your stomach a much needed rest.

Stuart's Dyspepsia Tablets have stood the tests for years. Thousands have used them and been cured. Physicians all over the United States recommend them. They are not a secret remedy. They contain fruit and vegetable essences, pure concentrated tincture of hydrastis, golden seal, lactose, and pure aseptic pepsin. These combined ingredients will digest the coarsest kind of food and do the work just as well as any good, strong, healthy stomach will.

Don't take our word for it. Ask your physician, your druggist or any of your friends, who may have used Stuart's Dyspepsia Tablets. But you don't even have to take their word for it. Find out for yourself. Send for a free sample package and try them. That's the surest way to learn the truth. Then, if you are satisfied, you can go to your nearest druggist and get a fifty-cent box. All druggists sell them.

#### Nubian Whistling Trees.

Natives of the Sudan call the acacia the whistling tree. From the larvae of insects which have worked their way into the inside the tree's white shoots are distorted in form and swollen into a globular bladder an inch in diameter. When the insects leave this through a small hole it becomes a sort of organ upon which the wind plays, producing the sound of a flute.—London Globe.

"This bein' Friday," said the farmer who had just staked the hobo to a handout, "I reckon you wouldn't start t' work."

"Not me," replied the unlaundered traveler. "I ain't goin' t' queer me luck by startin' t' work on Friday, ner Saturday, ner Sunday, ner Monday, ner Tuesday, ner Wednesday, ner Thursday. See?"—Pennsylvania Grit.

## TRIANGULAR BATTLE WAS ENGAGED IN

Two Young Colored Men and A Colored Girl Enliven City Court Session.

### ARTHUR GARNER FINED.

HE WAS THE AGGRESSOR AND PROVED TO BE QUITE AN ARTIST IN THE USE OF ROCKS—GIRL JOINED IN THE SCRAP.

A triangular battle between two colored young men a young girl, occurring almost any place between Mark Proffitt's restaurant on North Eighth street and the Pennsylvania depot, was responsible for a rather amusing city court hearing. A Miss Hatch, Arthur Garner and Walker Turner were the participants, Garner being the aggressor. While standing in front of Proffitt's cafe, discussing a dance to be given this week, Garner, who was an old sweetheart of Miss Hatch, stepped up and asked, "Why the confab?" Words followed, and as Miss Hatch said in police court, she hit Garner in the jaw. Garner tried to retaliate, but Turner prevented. Turner started to take the girl home while Garner followed in the rear, throwing rocks and flowerpots and other things at the couple.

Near the North Eighth street hose house, Turner turned on Garner, and while sitting astride the latter's body secured an oath that the aggressor would behave himself. Turner let the boy up and for his pains was hit on the head with a boulder. Garner continued to "rock" the couple and when they attempted to enter the Pennsylvania station two more rocks followed them, one smashing a window and the other slightly damaging Turner's head. For his "naughtiness" Garner was fined \$10 and costs. The charge of assault and battery against Turner was dismissed at the recommendation of Prosecutor Jessup.

## PUBLIC URGED TO ATTEND A LECTURE

Dr. J. N. McCormack's Address Designed to Interest All Classes.

IS TO SPEAK OCTOBER 11.

THE DISCUSSION WILL BE ON QUESTIONS CONSIDERED OF GREATEST IMPORTANCE TO EVERY COMMUNITY.

Dr. J. N. McCormack of Bowling Green, Kentucky, secretary of the state board of health, and chairman of the organization committee of the American Medical association, will deliver an address at a meeting to be held under the auspices of the Wayne County Medical society at the First Presbyterian church, Oct. 11. Although for the discussion of medical topics, this meeting is by no means for the physicians only. It is the desire of the officers and members of the medical society that there shall be a large attendance on the part of the general public and especially on the part of ministers, teachers, lawyers, workmen and, in short, all public-spirited citizens. The American Medical association, which Dr. McCormack represents, is carrying on a systematic campaign for pure food, pure drugs and better sanitary conditions throughout the country. As the representative of the American Medical association, Dr. McCormack has, in the last few years, traveled all over the United States, addressing audiences on popular topics connected with this work. As an evidence of the impression which he has made elsewhere, is quoted this from the Mobile, (Ala.) Daily Item for Jan. 13, 1907:

"Dr. McCormack delivered his famous lecture on Friday night to a large and deeply appreciative audience. Representative classes from all phases of society were present. Physicians, lawyers, ministers, teachers and a large number of ladies gave the doctor close attention for over an hour, and the intense interest throughout showed not only the lecturer's ability, but also that the subject presented is one close to every heart."

It is stated by the committee in charge of the arrangements that the address will be on popular topics, which will be readily understood by anyone, and that Dr. McCormack will discuss questions of the greatest importance to every community. After the lecture a general discussion will be held, which will be participated in by all present. In behalf of this distinguished visitor and of the county medical society, the general public is urged to turn out and give Dr. McCormack an audience worthy of the importance of his subject.

A French Experiment.  
This is how they try to pun in Esperanto:  
"Sir, please pay me the money you owe me."  
"Be off, I order (ordonas) you. Now you have the money."  
"Indeed? Where is it?"  
"Didn't you hear me say that I give gold (or-donas)?"  
Even worse attempts than this have been published in Esperanto gazettes.
