

## FIREMEN TO JOIN THE NATIONAL BODY

Believe by This Action They  
Will Secure An Increase  
In Wages.

### A MEETING AT BUFFALO.

SCALE WILL BE ARRANGED FOR  
ALL LINES WEST OF THE MIS-  
SISSIPPI RIVER—OTHER NEWS  
OF THE RAILROADS.

Firemen on both the C. C. & L. and the Pennsylvania, running out of Richmond, will join the ranks of the National association of firemen to secure a readjustment of the wage scale which will mean an increase, it is asserted. Firemen on the Pennsylvania were granted an increase about one year ago, but this, according to statements of one of them, did not meet the needs, nor did it come up to the standard considered good pay for labor given.

Division chairmen of Brotherhood of Railway Firemen will meet Grand Master J. J. Hannahan in Buffalo next Tuesday and a scale of wages will be arranged for all lines west of the Mississippi river. It has been learned in Richmond that there will be a stout resistance on the part of the railroads, as many officials claim there will be hundreds of railroad men seeking work in the near future, and it will be a very easy manner to dispense with the services of the firemen if they should demand an increase. Local firemen, however, do not take such a view of the situation and think the railroads will be powerless unless they grant the increase which will undoubtedly be arranged.

Forty-three thousand firemen will be affected by the increase should it be given. Just how the demands will be presented to the railroads, has not yet been determined, but a feasible plan will be adopted at the meeting in Buffalo Tuesday. Its outcome is awaited with eager interest among Richmond firemen.

### EXTRA SWITCHING CREWS.

So great has become the freight business on the G. R. & I., north of Richmond, that two extra freight switching crews have been added that the increased business may be handled with dispatch. By the addition of the two switching crews freight is handled much easier by the through freight trains and much time is saved in transportation.

### TESTING ELECTRIC BRAKE.

The Pennsylvania is now making a series of tests with an electrically controlled brake which it is the intention of applying to the fast trains of the system. If it is successful the road will place them on all trains but this will not be the case unless the brakes are perfect.

### WINTER UNIFORMS DUE.

Sunday the white caps and summer wearing apparel of Pennsylvania trainmen will have to be relegated in favor of the regular winter uniforms. The order has been issued from the general superintendents office in Pittsburgh. Many of the trainmen and local attaches will blossom out in new and natty blue uniforms, the regular Pennsylvania winter standard.

### EXCURSION TO INDIANAPOLIS.

The Pennsylvania will run probably its last popular excursion to Indianapolis Sunday. The customary rate will prevail. A large number of people are expected to take advantage of the low rate.

### LULL IN TRAFFIC.

There is a lull in passenger traffic at the present time from some unknown reason. The passenger business during the entire summer up to the present date has been exceptionally good and local railroads are at a loss to understand the lull. A good business, however, is being done by both the C. C. & L. and Pennsylvania.

### PILLS AND PILES.

A prolific cause of Piles is the use of cathartics and pills of a drastic, violent nature, which is always followed by a reaction.

But no matter what the cause or what the kind of Piles, Dr. Leonard's Hem-Roid can be relied upon to cure—to stay cured.

It is an internal remedy that removes the causes of Itching, Blind, Bleeding or Suppurating Piles.

A guarantee goes with each package.

\$1.00, L. C. H. Pile, Richmond, Ind., or The Dr. Leonard Co., Niagara Falls, N. Y.

St. Helena is determined to suppress juvenile smoking. The new law that has just come into force in the lonely little Napoleonic island would probably be deemed Draconian by the average London youngster, says the Pall Mall Gazette. Any person giving or selling tobacco to boys or girls under the age of sixteen is liable to a fine of 20 shillings for the first offense and 40 shillings for each subsequent offense. Boys detected in the act of smoking or in possession of cigarettes or tobacco are liable to a fine of 5 shillings and twelve strokes with the birch.

Experiments made by German scientists show that butter keeps best when preserved with from three to five per cent of salt. If the proportion of salt is higher than that the results are less satisfactory.

## BRIDGE NEARLY COMPLETE

It Is Named After the Emperor  
William.

Berlin, Oct. 12.—The bridge named after the Emperor William, in the harbor of Wilhelmshaven, is approaching completion, and will be the largest swing bridge hitherto constructed in Germany, and the second longest on the continent of Europe. The bridge crosses the Ems and Jade Canal close to its junction with the harbour, and furnishes the most direct means of communication between the latter and the town.

## DO PEOPLE SHUN YOU

ON ACCOUNT OF FOUL BREATH  
FROM CATARRH?

THEN READ BELOW.

"My, My! What a Breath! Why Don't You Have Gauss Cure That Catarrh?"

If you continually hawk and spit and there is a constant dripping from the nose into the mouth, if you have foul, disgusting breath, you have Catarrh and I can cure it.

All you need to do is simply this: Fill out coupon below.

Don't doubt, don't argue! You have everything to gain, nothing to lose by doing as I tell you. I want no money—just your name and address.

### FREE.

This coupon is good for one trial package of Gauss' Combined Catarrh Cure, mailed free in plain package. Simply fill in your name and address on dotted lines below and mail to:

C. E. GAUSS, 325 Main Street, Marshall, Mich.

An interesting series of wax producing insects from India, China and elsewhere has been placed in the British natural history museum at South Kensington. From the secretions of one species of these little creatures—found in profusion on the bark of fig and other trees—a number of articles of commercial value are produced. Among these are sealing wax, shellac, seedlac and buttermilk, specimens of which are exhibited at the museum side by side with the wax in its original form.

### Out of Sight.

"Out of sight, out of mind." is an old saying which applies with special force to a sore, burn or wound that's been treated with Bucklen's Arnica Salve. It's out of sight, out of mind and out of existence. Piles too and chilblains disappear under its healing influence. Guaranteed by A. G. Luken & Co., Druggist. 25c.
