

LOCAL AND GENERAL SPORTS

FOOTBALL PRACTICE IS MUCH IMPROVED

Spirit That Was Exhibited the First of the Week Is Being Kept Up.

VAIL GIVES CHALK TALK.

NEW FEATURES ARE BEING INTRODUCED BY THE INSTRUCTOR—CO-EDS ARE BEGINNING TO TAKE AN INTEREST.

The foot ball practice at Earlham is keeping up the spirit which it showed at the first of the week. A marked improvement in the reserve teams is an especially encouraging feature.

Wednesday evening Coach Vail gave a chalk talk before the entire squad in Parry hall. Besides showing the ability of the coach, it gave the members of the teams an insight into the science of the game, which is absolutely necessary to develop heady players. Coach Vail has instituted another feature in the practice of the squad. He has divided it into different divisions, composed of center, ends, backs and quarter, which will compete in the near future to determine their ability in forward passing, kicking, running with the ball, etc. Individuals will also compete in drop kicking, punting, forward passing, for speed and accuracy. Much interest is shown in the contest and it is expected to develop an even greater rivalry for position, and a much greater proficiency in these different departments of the game.

Co-eds Take Interest. The Earlham co-eds have at last begun to take an active interest. Wednesday evening they were out in force, singing the Earlham songs and applauding the good plays. Their advent was noticeable in that it imparted more dash and spirit into the players. Yell practice is being held every morning before chapel in Hadley hall. All are taking part save a few freshmen who have been somewhat slow in adapting themselves to the conditions of the college.

The remaining teams to be played will run up against a different aggregation from that which met Miami and Wabash.

BASKETBALL TEAM IS READY FOR GAMES

An Organization Is Completed At Whitewater.

ANXIOUS TO GET GLOVES.

Whitewater, Ind., Oct. 24.—The Whitewater basketball team has been organized and the following officers elected:

President—M. E. Hunt.
Secretary—R. E. Richards.
Treasurer—Ollis Shaffer.
Manager—Kenneth Barton.
The management is very desirous of securing games with clubs in good standing and will make dates at any time. Any team desiring a game should write the manager, Kenneth Barton, Richmond, R. R. 4, or telephone Hollansburg, 1207.

Deed of a Gallant Nobody.

It is not always the information carried by the recognized aids-de-camp to and from the commanding officer in battle which is of highest value. There was a supreme moment during the battle of Waterloo when the Duke of Wellington was left absolutely alone, and that not when he was running the risk of capture by sailing through the enemy's lines. It simply meant that every galloper had gone his way, each with his message. At this moment a stranger rode up to the duke and quietly asked, "Can I be of any use, sir?" The duke took one glance at him and unhesitatingly answered, "Yes, take this pencil note to the commanding officer, pointing to a regiment in the heat of the battle. The stranger took the note and galloped away with it through the thick of the fight. He delivered it, but what happened to him no man knows. The duke always declared that to be one of the most gallant deeds that had ever come under his notice. It was done without prospect of acknowledgment or reward, and neither attended its successful accomplishment.—London Standard.

A Frost Desolated Land.

I learned from an eyewitness something about Spitzbergen, that desert arctic island 500 miles north of the North cape of Norway and within 700 miles of the north pole; a frost desolated land, where the grass grows longer than the trees and huge glaciers in the ice bridged valleys amid the jagged mountains move majestically down into the sea until mighty icebergs, a monstrous birth, break off and rise to the surface amid thunderous reports—once the only sound that broke the profound silence of those awful solitudes. Spitzbergen is the only spot of earth that is positively known as No Man's land. It is the possession of no country and has nothing even resembling a settled government. The island seems likely to remain No Man's Land, though it is said that an effort has been made by Norway to establish some sort of protectorate over it.—National Magazine.

IDLEMAN TAKE LEAD IN BOWLING LEAGUE

The Entre Nous Team Has Dropped to Third.

WEDNESDAY NIGHT GAMES.

His Dear Old Mother.

"My dear old mother, who is now eighty-three years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by A. G. Luken & Co., Druggist, 50c.

PREDICTS THAT ROLLER SKATING WILL STICK

M. C. Henley Thinks Its Popularity Will Continue.

OPENS ON THANKSGIVING.

Roller skating, which has been popular for the past few years, will be so again this year, according to M. C. Henley, president of the coliseum board of directors. The Roller skating season will be opened Thanksgiving evening and record breaking crowds are expected.

Mr. Henley says, not only is Richmond in the grasp of the roller skating fever, but all other cities over the country are establishing skating rinks and opening old ones. "The present popular sport will not die out as it did many years ago when it was first inaugurated," says Mr. Henley. The coliseum management has not definitely decided whether or not it will secure additional features for the big rink this year.

Out of Sight.

"Out of sight, out of mind," is an old saying which applies with special force to a sore, burn or wound that's been treated with Bucklen's Arnica Salve. It's out of sight, out of mind and out of existence. Piles too and chilblains disappear under its healing influence. Guaranteed by A. G. Luken & Co., Druggist, 25c.

WON TWO AT BASKETBALL

Whitewater Superior to Fountain City at This Sport.

Whitewater, Ind., Oct. 24.—The basketball boys defeated Fountain City in two well played games, one at Fountain City last Friday and again on the local grounds Monday evening. The score at the former was 31 to 15, and the latter 23 to 0, both in favor of the home boys.

NOTICE TO OUR CUSTOMERS.

We are pleased to announce that Foiey's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. A. G. Luken & Co.

GAVE TALK IN CHAPEL.

Miss Sarah Hill Tells About Experiences in Germany.

Miss Sarah Hill gave an interesting chapel talk to the students at Earlham, relating her experiences in Germany when with a company of school teachers. They spent a summer there studying the German language.

Chicago passengers using C. C. & L. trains land at 12th st. (Illinois Central) Station; most conveniently located. Remember this.

It concerns you, read carefully, Dr. Caldwell's Syrup Pepsin is positively guaranteed to cure indigestion, constipation, sick headache, offensive breath, malaria and all diseases arising from stomach trouble.

CRY OF DISTRESS HEARD AT FRANKLIN

Only Seventeen Men Were Out For Practice Wednesday Evening.

MEET EARLHAM SATURDAY.

UNLESS GREATER INTEREST IS TAKEN, IT IS FEARED THAT THE BAPTISTS WILL STAND LITTLE CHANCE.

Franklin, Ind., Oct. 24.—Only seventeen men reported for practice Wednesday. Coach Jones is in despair over the failure of the candidates to turn out as well as they did earlier in the season. It is probable that an urgent appeal to the student body will be made in chapel as, with the Earlham game only three days off, something must be done to get more men.

It was impossible to do much work except signal practice Wednesday afternoon. The team is hard at work learning several new sets of signals in preparation for the games which will show whether Franklin has a championship team. The improvement so far this year has been great, but considerably more is needed. Bryan at quarter is playing a much better game this season than he did last fall. His headwork is better and he is playing a much better defensive game. Duggan is doing good work at left half and Dittmars, until his recent injury, handled right half very successfully. Overstreet is showing up well at full back.

Capt. Boone, who started the season at right half, is now in his old place at tackle. He was rather out of form at Notre Dame Saturday, but has shown up much better since then in practice.

Don't think that piles can't be cured. Thousands of obstinate cases have been cured by Doan's Ointment. 50 cents at any drug store.

C. C. & L. ticket agent will sell you sleeping car tickets to Chicago for their 11:15 P. M. train. Call on him.

M'FARLAND IN VICTORY.

Ft. Wayne, Ind., Oct. 24.—Packy McFarland of Chicago earned another decision over Kid Goodman of Boston here last night after ten of the wildest rounds ever seen at the local club.

"Generally debilitated for years. Had sick headaches, lacked ambition, was worn-out and all run-down. Burdock Blood Bitters made me a well woman."—Mrs. Chas. Freitoy, Moosup, Conn.

DISCRIMINATION IS CHARGE BY DOCTORS

Allege That Indiana Medical College Is Given Unfair Advantage.

APPEAL TO STATE BOARD.

INDIANA INSTITUTION CLAIMS IT HAS A CONTRACT THAT ENTITLES IT TO EXCLUSIVE RIGHT TO CLINICS.

Local physicians will be especially interested in the following dispatch from Indianapolis:

Charging that the Indianapolis City Board of health, three members of which—Drs. Frank Morrison, Thomas Noble and Edmund Clark—according to the petitioners, are graduates of the Indiana Medical college, is discriminating against all colleges except the Indiana Medical college in permitting clinics and practice at the City hospital and City dispensary. Dr. E. M. Haggard and Dr. N. D. Woodward, members of the Indiana Physio-Medical college faculty, Wednesday appealed to the State Board of Medical registration and examination for relief. It was charged that the board of health is favoring the Indiana college because members of the board are graduates of that institution and members of its faculty.

The request came as a result of a complaint made to the board by the American Medical association that the Physio-Medical college has not been doing standard work. The members of the faculty yesterday represented to the board that this was due to their inability to follow up patients in the City hospital, not only in Indianapolis, but in other cities as well.

The Indiana Medical college declares it has a contract with the board of health entitling it to the exclusive right to clinics in the City hospital. Dr. W. A. Spurgeon of Muncie and other members of the state board, yesterday expressed surprise that such a condition should exist. The board promised to investigate the matter, and if possible use its professional influence in bringing about better provision for the other colleges.

HONOR IS CAPTURED BY GERMAN BALLOON

The Pommern, With 876 3/4 Miles to Its Credit Wins The Bennett Cup.

FRENCH ARE CLOSE BEHIND

ONLY FIVE MILES DIVIDED THE WINNERS—IT WAS SHOWN THAT AMERICA IS BEST FIELD FOR SUCH RACE.

RECORDS OF THE FLIGHT.

Pommern (German) landed Asbury Park, N. J., 9 a. m. Oct. 23; 876 3/4 miles from start.
L'Isle de France (French), landed at Hubertsville, near Point Pleasant, N. J., at 1:10 p. m. Oct. 23; 870 3/4 miles.
Dueseldorf (German) landed near Dover, Del., 9 a. m. Oct. 23; 790 miles.
St. Louis (American) landed at Westminster, Md., 6:40 a. m., Oct. 23; 750 miles.
America (American) landed near Patuxent, Md., 8 a. m. Oct. 23; 735 3/4 miles.
Abercrom (German), landed at Manassas, Prince William County, Virginia, at 7:10 a. m. Oct. 23; 680 miles.
Anjou (French), landed near Arminus Mines, Louisa County, Virginia, 7:45 a. m. Oct. 23; 675 miles.
United States (American) landed at Caledonia, Ont., 6:15 p. m., Oct. 22; 625 1/4 miles.
Lotus II (English) landed at Memphis, O., 5:10 p. m. Oct. 22; 375 miles.

St. Louis, Mo., Oct. 24.—Proclaimed as the most remarkable ballooning contest in the history of the world's aeronautics, with every racing record broken, the second international cup competition, which started from here on Monday last ended Wednesday, with Germany accorded the winning laurels. The finish of the race was the closest and most exciting the followers of the sport has ever known, the victorious German balloon, the Pommern, which landed at Asbury Park, having but slightly more than five miles the advantage of the French contestant, L'Isle de France, second in the race, which descended during the afternoon at Hubertsville, N. J., a few miles from the Atlantic coast and slightly northwest of Point Pleasant.

Another German balloon, the Dueseldorf, stands third in the race, American entries are fourth and fifth, a third German team is sixth, a French team seventh, American eighth and English ninth.

The official measurements will be computed at the geological survey of the government at Washington. Only the proximity of the Atlantic Ocean stopped the wonderful flight of the Pommern. The balloon could have remained in the air many hours longer and undoubtedly would have added several hundred miles to her record, but for the expense of water ahead. The record of the international race, set by the balloon United States in the flight from Paris last year, was 402 miles. This was more than doubled by the Pommern and the French balloon, which threatened the winner. In fact but one of the nine contestants in this year's race failed to exceed the 1906 record.

America Best Field.

The result of the race ended Wednesday, the first of its character ever held in this country, has qualified the United States, in the opinion of all the ballooning experts gathered here, as the most favorable aeronautic ground in the world. Germany having won possession of the silver trophy presented by James Gordon Bennett, the race next year will be in the home of German Aero club. Final possession of the trophy rests with the club which wins it three times. Aside from possession of the trophy, the Pommern and the French balloon, which threatened the winner. In fact but one of the nine contestants in this year's race failed to exceed the 1906 record.

ITCH IN THE SKIN, NOT IN THE BLOOD.

People with Eczema, etc., Make Grievous Error by Taking Medicine Into the Stomach.

When your hand is scalded with hot water until it blisters and burns, you don't drink medicine to cure it. You apply a healing lotion to the injured skin.

Eczema, psoriasis, salt rheum, barber's itch and other such diseases of the skin cannot be cured by filling the stomach with medicine any more than you can cure a burn by drinking medicine. To cure these diseases you must apply the remedy on the part affected. The diseases named are caused by germs in the skin. Kill the germs and the disease goes away and the skin is left pure and white as nature intended it to be.

That mild, simple liquid, oil of wintergreen, properly compounded in D. D. D. Prescription cures the germs and heals the skin so perfectly that you can never tell where the disease was.

"No tongue can tell nor pen portray what I suffered for ten years from Eczema," writes Mrs. R. R. Latta of Garrison, Mo. "I was treated by the best doctors in the west, but received no benefit. Three bottles of D. D. D. cured me sound and well. Six or eight months have passed and there is no sign of a return. My advice to all is, don't delay. Begin the use of D. D. D. at once and be cured." For sale by all druggists.

LET'S SEE!

DO I need a FALL SUIT or Overcoat in the new fall GRAYS, BROWNS or a nice BLUE SERGE? I can buy them at the K. & K. Clothing House, made up in the latest style, to fit and please me, at from \$10.00 to \$20.00.

DO I need a FALL SHIRT? I find the best assortment in Richmond at the K. & K. house at 50c, 75c, \$1.00 to \$1.50.

DO I need a new Collar? Krone & Kennedy have the latest styles.

DO I need a new Hat? Krone & Kennedy have just received a new line of Felt and Stiff Hats that are "nifty."

DO I need new Underwear? The K. & K. house is "it" in two-piece garments and union suits.

I find that no matter what I need in the Clothing line, I can do just a little better, find a little better assortment at

session of the cup the Germans won a cash prize of \$2,500, also offered by Mr. Bennett.

BEACHEY'S AIRSHIP WINS.

Performs Marvelously in Teeth of Wind With Great Speed.

St. Louis, Mo., Oct. 24.—Sailing to windward and return over a course measuring one mile and a half from start to finish, Lincoln Beachey, of Toledo, O., Wednesday won the dirigible balloon or airship race, which marked the close of the St. Louis Aero-nautic carnival of 1907. The prize was \$2,000.

In his "Beachey Airship," a cigar-shaped affair, propelled by a four-cylinder gasoline motor, the winner covered the distance in 4 minutes and 40 seconds. Jack Dallas, in the "Strobel Airship," a sister craft to the Beachey, won second place, with a time record of 6 minutes and 10 seconds, while Capt. Thomas S. Baldwin of New York, in the "California Arrow," was third in 7 minutes and 5 seconds.

A Criminal Attack

on an inoffensive citizen is frequently made in that apparently useless little tube called the "appendix." It's generally the result of protracted constipation, following liver torpor. Dr. King's New Life Pills regulate the liver, prevent appendicitis, and establish regular habits of the bowels. 25c. at A. G. Luken & Co. drug store.
