HIGH SCHOOL FOOT-BALL TEAM VICTOR

Triumphed Over the Greenville Team in the Contest Saturday Afternoon.

WAS PLAYED IN THE RAIN.

IN TEN MINUTE HALVES THE LOCALS HAD LITTLE TROUBLE IN RUNNING UP A 19 TO 0 SCORE—ALLISON A STAR.

Greenville, Oct. 26.—Playing in torrents of rain and with a somewhat crippled lineup, the Richmond high school football team defeated the fast Greenville high school team to the tune of 19 to 0. Play was called at 3:30 and Greenville kicked off to Richmond. Allison received the ball on the ten yard line and advanced it 20 yards. By two line backs and a great end run, Allison made the first touchdown for Richmond in four minutes of play. Cox, on account of the wet ball, missed kicking goal. Richmond 5; Greenville 0.

Richmond kicked off to Greenville's 10 yard line and they returned the ball 15 yards. Richmond held Greenville for downs on the 15 yard line and by a series of dodges, Tallant made Richmond's second touchdown. Allison kicked goal. R. H. S. 11; G. H. S. 0 at end of the first half.

Richmond kicked to Greenville's 20 yard line and they returned the kick and Allison returned the ball 20 yards. By fierce line plunges by Tallant and Allison and end runs by Allison and Hiatt, the ball was again placed safely six yards from the goal line. Then by a vicious line back, Hiatt made the third touchdown for Richmond. Allison kicked goal. Score, R. H. S. 17; G. H. S. 0.

Richmond kicked to Greenville's 20 yard line and they returned the kicks, Allison receiving the ball and putting it back to Greenville's 35 yard line. By a beautiful forward pass from Hiatt to Allison, Richmond gained 20 yards and being held for two downs, Allison punt-ed to the 5 yard line, where Greenville received the ball and Hobson, by a great feat of strength, carried the Greenville lad over his own goal line for a safety. The ball was punted to Richmond's 25 yard line. Hiatt received the ball and ran it back 5 yards. The game ended with Richmond struggling hard for another touchdown on Greenville's 20 yard line. Score, R. H. S. 19; G. H. S. 0.

The game was absolutely void of any dirty playing and free from any accidents and arguments. Greenville treated the R. H. S. team royally, giving a dance for them in the new armory hall. Richmond's entire team played a steady, consistent game, at all times outplaying their heavier opponents. Cox played a heady game at quarterback. With Richmond's superiority so clearly demonstrated as in Saturday's game there is no fear whatever of meeting New Castle on Nov. 10. Manager John Clements is well satisfied with the result of the game, as this is the first Richmond team to beat Greenville in many years. Lineup:

VERY ENCOURAGING REPORT IS GIVEN

No Further Failures of Importance Are Reported at New York City.

BANKS COME TO RESCUE.

CLEARING HOUSE HAS AUTHORIZED THE ISSUANCE OF LOAN CERTIFICATES—ADVICES FROM ABROAD REASSURING.

New York, Oct. 26.—The Stock Exchange and the banks closed at noon today without any further failures of importance, with considerable improvement in the stock market and with several important remedial measures taken or agreed upon to strengthen the financial situation. The only reverse of the day was the suspension of the Terminal Bank, Brooklyn, a new and small institution without any importance in the general financial world. There is now a breathing spell until Monday morning, and there is distinct sense of relief apparent everywhere. Already arrangements for the importation of gold are well under way and it is hoped these will furnish the relief needed. It is understood that the treasury department will, as heretofore, advance the gold for immediate use so as to save the time occupied in transit from Europe.

Meanwhile as a precautionary measure, although not regarded vitally essential, the clearing house today authorized the issuance of loan certificates. This means that the clearing house banks are to present a united front in this emergency and that the aggregate resources of all of them are to be pledged for the maintenance of each.

The runs upon the Trust Company of America and the Lincoln Trust company continued in much abated form and both institutions met all demands.

The drafts of country banks on their New York reserves were heavy, but at this period of the year such drafts are to be expected for the purpose of moving the crops.

The imposition of the ninety-day rule in Rhode Island stopped runs there and matters assumed a normal phase.

Confidence Abroad.
The stock market opened at an advance on yesterday and showed little symptoms of serious agitation. London and other foreign points also gave reassuring advices. The rate of exchange was such as to facilitate gold imports and confidence abroad was evidenced by the improved tone of all foreign bourses, the only weakness apparent being the result of a failure in Constantinople and the financial crisis in Chile. On the whole the power of resistance of the banks in New York and the stability reported from all outside points brought the week to a close with a feeling that the general position was greatly improved.

The event in the financial situation today was the determination of the clearing house in full session to issue clearing house certificates.

The Happy Family Circle.
Father and mother, sisters and brothers, soon get to know one another's interests and hobbies, household comfort. It is well to remember that in the digestion and absorption, and other troubles of the stomach, liver and kidneys a quick cure can be had by the use of Dr. Caldwell's Syrup. Game With Franklin Played In a Rain Which Kept Down The Crowd and Made the Field a Sea of Mud.

GAME WAS WELL PLAYED, EVERYTHING CONSIDERED

The Worst Feature Was the Continual Wrangling, Which Interfered Time and Again—Quakers Were Superior.

Franklin, Ind., Oct. 26—Earlham College defeated Franklin here this afternoon by a score of 5 to 0. The heavy rain which began this morning continued through most of the game and not only kept down the crowd but also turned the field into a lake of mud. Fast work was impossible but the game was well played considering the conditions. In the early part of the first half the play was continually on Franklin's ground. There was much fumbling by both sides, especially by the home team. Finally Bryan punted out sixty yards and after that the ball stayed in Earlham's territory. The half ended with the ball on the 20-yard line.

Bryan caught the kick off in the second half and punted it back. Earlham steadily forced its way down the field on end runs and trick plays. Franklin, with the ball almost on the goal line, braced and held Earlham for downs, the ball being one foot from the goal. Two long punts, both of which were fumbled by Earlham, took the ball down to the other end of the field. There was more punting and both sides were penalized several times. Finally Franklin caught the ball on the 20-yard line but was penalized fifteen yards for holding. Bryan then attempted to punt and Stanley broke through between Byer and Boyer and blocked the kick, the visitors getting the ball. Earlham then started a series of savage line backs. Franklin fought desperately, but was unable to stop them and Harrell was finally shoved over for a touchdown. White failed to kick goal. Bryan kicked-off on the 20-yard line and then followed interchanges of punts in which Bryan did some spectacular work after catching the ball. Earlham fumbled on the 20-yard line and the crowd howled for a touchdown. A punt probably would have won the game for Franklin as Earlham was not able to do much on the offensive and probably could not have made the first down, but instead of that, end runs were tried and Franklin lost fifteen yards in three downs. After this the game developed into a change of punts and ended with Earlham on Franklin's 20-yard line. Score: Earlham 5, Franklin 0. Both sides put up a good game despite the horrible condition of the field. The worst feature of the game was the continued wrangling which stopped the play again and again. The home team showed lack of practice near the end of the game. The team had had practically nothing but signal practice since the game with Notre Dame last Saturday. The superior condition of the Earlham team showed plainly and it is to this that the victory of the visitors is chiefly due. Score:

A Small Horror.
The weasel is one small horror. Astonishingly strong, apparently fearless and as persevering as an ant, when once he has settled to the track of a rabbit that particular bunny is indeed in grave peril. The rabbit seems to know it, too, and the knowledge to half paralyze him, for he seldom attempts the one saving chance—a straightaway, long sustained run at top speed. And the end of the patient, if we do but wait the hour sort of pursuit! 'Tis indeed bloody murder. The fiend within angel garb finally toils within deadly distance. There is a snake-like stroke, most likely aimed at the big vein near the butt of the rabbit's ear. Once there, the brute sticks leechlike to the blood sucking, while the trembling, wailing rabbit totters aimlessly about till its drained body falls limply to pay its tax to mother earth.—Edwin Sandys in *Outing Magazine*.

Daniel O'Connell.
After a dinner at Lord Dunbar's, Lady Morgan writes in her diary, I met the redoubtable Dan O'Connell. Dan is not brilliant in private life, not even agreeable. He is mild, silent, unassuming, apparently absorbed and an utter stranger to the give and take of good society. I said so to Lord Clanricarde, who replied: "If you knew how I found him this morning! His hall, the very steps of his door, crowded with his clientele. He had a word or a written order for each, then hurried off to the law courts, thence to the Improvement society and was the guest here today. Two hours before he was making that clever but violent speech to Mr. la Touche, and now no wonder that he looks like an extinct volcano."

ANDREW CARNEGIE IS FOR THE PRESIDENT

He Thinks Roosevelt Should Be Re-elected.

POLICIES ARE BENEFICIAL

New York, Oct. 26.—Andrew Carnegie, referring to the criticism of President Roosevelt and the tendency to blame him for the present financial trouble said he considered the action of the president in forcing some industrial combination to observe the laws most excellent. He said he believed the interests of the country de-

mand the re-election of the president. He was elected only once and Carnegie can see no reason for a change. We are now crossing the stream he said and should risk no swapping of horses.
