NATIONAL LEAGUE RECORDS SMASHED

There Were More Shut-Out Games the Past Season Than Ever Before.

TOTAL NUMBER WAS 153.

LARGEST SCORE OF THE SEASON WAS MADE BY PITTSBURG WHEN THEY DEFEATED NEW YORK 29 TO 5.

All major league records for shut-outs were broken in the National League this year, with a total of 153. The innovation introduced by the old league this year of reducing the second half of a double-header to seven innings or less was responsible for some of these record-breaking shut-outs, as sixteen of them were of seven innings' duration or less, and occurred in the last third of the season, after the curtailed double-headers began.

Without that increment, however, the number of shut-outs would have been unusual in the National League, for in the season of 1906 there were only 104 of them, and in 1905 only 87.

Chicago won 31 out of 44 shut-out games in which the club took part, handing the Phillies the largest number—eight—while the Phillies only got back at Chance's men twice.

The Phillies won sixteen shut-out games and lost seventeen.

There have been forty-two games with 1-0 scores, McGinnity having the distinction of winning the longest of them when he beat Cincinnati in twelve innings on May 13.

Two no-hit games were pitched this year—by Pfeffer, of Boston, against Cincinnati, on May 1, and Maddox, of Pittsburgh, against Brooklyn, on September 20.

Corridon, Pittinger, Sparks and Moren, of the Phillies, each pitched a no-hit game. There were only two other no-hit games all season, one by Fraser, of Chicago, and the other by Cannizz of Chicago.

The largest score of the season was made by Pittsburgh when they beat New York 29 to 5 on August 22.

In the American League there were fewer shut-outs this year than last, the total being 132. The Athletics won twenty-six and lost twelve shut-out games. Plank pitched 9 shut-outs, Waddell 6, Dygert 5, Bender 4, Coombs, 1, and Vickers 1.

There were no no-hit games in the American League. Of the seven no-hit games Dygert pitched one.

The largest number of hits made in a game this season was the Boston Americans' twenty-two off Thielman of Cleveland, on August 1.

NEXT GAME IN RICHMOND.

WOMAN TELLS OF HER HUSBAND'S BRUTALITY

Josephine Harris Granted Divorce by Judge Fox.

MARRIED FOR 26 YEARS.

Josephine Harris was granted a divorce from William H. Harris by Judge Fox. Mrs. Harris stated her husband when intoxicated, as he frequently was, used her for a punching bag. Last May he suddenly disappeared and Mrs. Harris has never seen or heard of him since. She expressed no regrets over his continued absence.

Mrs. Harris stated that the evening before William took his impromptu departure, he came home laden with combative booze. William seized her and, after altering her appearance by knocking her down, whereupon he grabbed her by the hair and dragged her about the floor. The children witnessed this brutal act.

Mrs. Harris was given the custody of the four children, the oldest being a son twenty years of age. Mrs. Harris was married to her ex-husband twenty-six years ago.

"Give me a little time," said the literary young man, "and I will do something that will arouse the country."

Three months later he had his chance. He was peddling alarm clocks in a farming district—London Til-Bits.

WAGNER THE LEADING SLUGGER IN NATIONAL

He Made Splendid Average of 350 Per Cent.

SECURED 180 SAFE ONES.

Hans Wagner of the Pittsburgh Pirates is again the leading slugger in the National Baseball League, with a fine average of .350. He was at bat 515 times, and managed to crack out 180 safe bingles. Of extra base hits two-sackers were his favorite drives, as he has thirty-eight to his credit.

Magee of the Phillies ranks second, hitting at a .328 clip. Beaumont of Boston, is a close third, as he laced out enough hits to give him an average of .322. Manager Frank Chance of the world's champions was the leading batsman of his team, ranking seventh, with .293. Out of the ten leading sluggers, Pittsburgh had four, New York two, Philadelphia, Boston, Chicago and Cincinnati one apiece.

Pittsburgh did the best all-round batting, closing the season with an average of .254. The New York Giants were right on their heels, being only three points behind. Chicago came next with .250, losing second place by the narrowest margin possible, one point. St. Louis and Brooklyn bring up the rear, being tied with a percentage of .232.

Without that increment, however, the number of shut-outs would have been unusual in the National League, for in the season of 1906 there were only 104 of them, and in 1905 only 87.

EARLHAM HAD HARD TIME AT FRANKLIN

She Was Also the Victim of Some Poor Decisions By the Referee.

ROSE POLY IS COMING.

COACH VAIL'S BOYS WILL HAVE TO BUCKLE DOWN TO IT TO TAKE A GAME FROM THIS TEAM.

Earlham had a hard time downing Franklin last Saturday, but by sticking at their task they finally succeeded. Neither team handled the ball with certainty, but Franklin recovered their fumbles and took advantage of Earlham's misplays very well. The referee made three decisions that were absolutely wrong and when shown the rule governing each case, was forced to retract two of them, but refused to alter on the first one, for that would have taken the ball from Franklin.

Wilson showed a big improvement in his work and used good judgment in his selection of plays. Bruner played end in great shape and may yet land the place. Thistlethwaite had three duties—player, captain and arguer and performed well in each. It is to be hoped that the officials will be chosen carefully for the remaining games.

Rose Poly plays here on Saturday and Coach Vail's boys will have to buckle down to hard work this week, as they are coming over to win. Having already won more games than the Quakers, they are out strong for the secondary championship. A big crowd will be on hand as a fierce battle is expected.

START A MOVEMENT AGAINST BAD EGGS

Indiana and Adjoining States Unite In It.

COMPLAINT VERY GREAT.

Produce dealers of Indiana and adjoining states are beginning a crusade against the marketing of spoiled eggs. They have been successful in enlisting the aid of some of the western trade journals in the hope of obtaining the strict enforcement of the pure food law which makes persons selling bad eggs subject to a fine. The occasion for this agitation at this time, they say, is that the high prices and the scarcity of fresh eggs now is an inducement to many farmers and country dealers to hold their supplies for better prices.

The current receipts of eggs contain an unusually large per cent of bad stock, which the dealers assert, has in some instances been stored by farmers and country storekeepers for six and eight weeks.

INTERURBAN SCHEDULE HAS BEEN RE-ARRANGED

All Cars Will Hereafter Leave On the Hour.

IS BUT ONE EXCEPTION.

All local interurban cars leaving Richmond, both east and west, will leave the city on the hour, according to a schedule which has just gone into effect. The car leaving for the west at 7:30 at night is the only exception to the rule. The limited car schedule which has been inaugurated, follows:

West Bound.

Leaving Richmond, 7:25 a. m.
Interstate limited, 9:25 a. m.
Interstate limited, 2:25 p. m.
Leaving Richmond, 5:25 p. m.
Interstate limited, 8:40 p. m.

East Bound.

Interstate limited, 10:25 a. m.
Leaving Richmond, 1:55 p. m.
Interstate limited, 4:55 p. m.
Leaving Richmond, 7:55 p. m.
Interstate limited, 9:55 p. m.

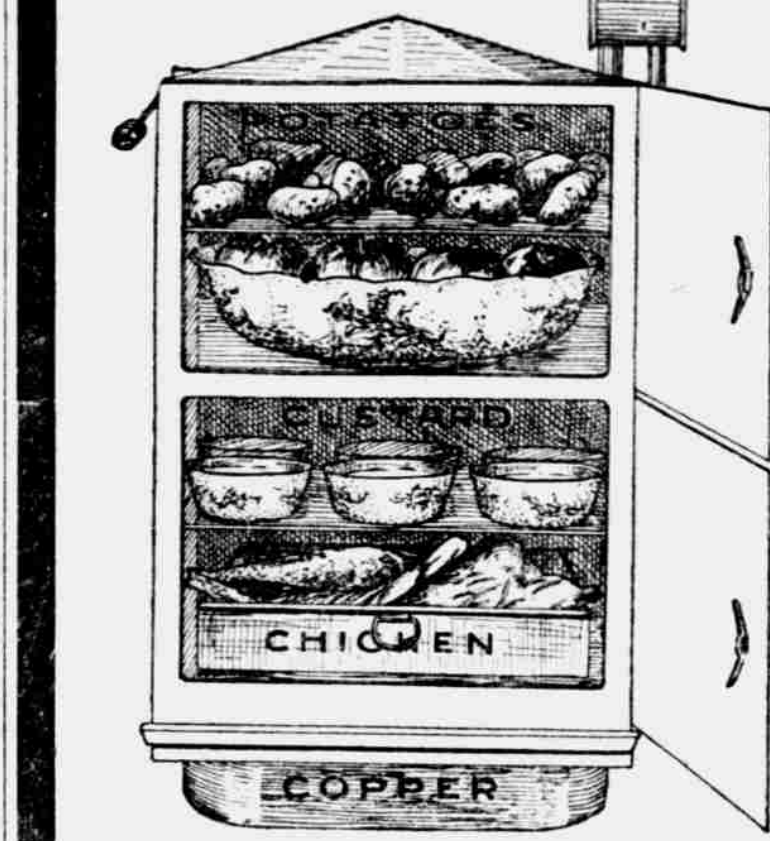

Beggars and Weather.

"What weather is best for our business? Why, winter weather," said the beggar. "Sure, winter makes people generous to the poor. In summer people have an idea that everybody can get along somehow. It's warm then, you know, and they think the poor won't suffer anyway. But the colder the weather the warmer it makes people's hearts, and the more they give then in some ways. The one drawback to my particular line of business in winter is that in cold weather everybody goes about in the streets with gloves on and overcoat buttoned up, and men that would put down their names for a good sum on a subscription list indoors, where they could give it in comfort, are not so ready to drag off their gloves and drag open their coats and go down in their jeans for a nickel out of doors. Even with this drawback, and it's a big one, I do better in winter than in summer. But if it wasn't for that in winter I'd get rich."—New York Sun.

Long Distance Skee Races.

As a test of skill, strength and endurance it would be difficult to beat the long distance skee races in Norway and Sweden. Of these contests the most severe is undoubtedly the twelve mile race over the mountains which opens the great annual "Snow Derby" at Holmenkollen, about four miles from Christiania. In this race, which begins with a steep ascent of 400 to 500 feet, the skee lomber has to jump clefts and ravines, to hop over fallen tree trunks and overcome every kind of obstacle that man can devise; to rush down steep declivities and to make his devious way through mountain forests until he reaches the goal, triumphant, but utterly exhausted.

Considering the arduous nature of these contests, some of the performances are remarkable. Thus the winner of an international speed competition held at Stockholm covered the course of forty miles at an average speed of eight and one-half miles an hour.
