# MANY PEOPLE MAKE EFFORT TO DEFRAUD

Take Advantage of the Cash  
Fare Plan to Flim-flam  
The Conductors.

SOMTIMES SUCCESSFUL.

PENNSYLVANIA DIRECTORS EX-  
PECTED TO DECLARE THE US-  
UAL DIVIDEND—OTHER NEWS  
OF THE RAILROADS.

It is freely asserted that the loss in revenues to the local railroads, particularly the Pennsylvania, on account of dishonest passengers is growing alarming. Many people board the trains with the ever constant idea of flim-flamming the conductor. The manner in which they attempt to perform the feat is very simple. Instead of purchasing tickets before they board the trains, they pay cash on the trains—that is if the conductor happens to catch them. The favorite plan seems to be to pay the conductor to a small station a few miles ahead, then take chances of being called on a second time by the conductor after the destination to which they have paid is reached. It is said that many people follow this practice and the railroads lose much money, notwithstanding the scrutinizing and careful work of the conductors. People boarding the trains in Richmond bound for Columbus, Dayton or other Ohio points have in many instances paid their fare to New Paris and have then gone the remainder of the way on the "nerves." It is a very easy matter for a conductor to overlook a passenger of this kind. Frequently, however, "ride beaters" are caught and required to pay the full fare all of the way.

## DIRECTORS HOLD SESSION.

The Pennsylvania directors met Friday to take action on the semi-annual dividend to be declared. The dividend last year was 3 1/2 per cent and is same again this payment. There are a number of Pennsylvania stockholders in Richmond who will benefit.

## JAMESTOWN BUSINESS.

From present indications it seems that people will continue to go to Norfolk, Va., to visit the Jamestown exposition as long as the big show continues open. It closes Dec. 1 but several local and Wayne county people have purchased tickets good up until Dec. 15. Many are going to the East, spending but little time at the exposition securing long time stopovers in the larger eastern cities. The Jamestown business this year has not by any means been up to expectations of local agents. It was thought last spring that Richmond and Wayne county would send hundreds of people to the exposition but this has not been the case.

## Cured of Bright's Disease.

Mr. Robert O. Burke, Elkhart, N. Y., writes: "Before I started to use Foley's Kidney Cure I had to get up from twelve to twenty times a night, and I was all bloated up with dropsy and my eyesight was so impaired I could scarcely see one of my family across the room. I had given up hope of living, when a friend recommended Foley's Kidney Cure. One 50 cent bottle worked wonders and before I had taken the third bottle the dropsy had gone, as well as all other symptoms of Bright's disease." A. G. Luken & Co.

## Would You Keep Your Plants from Freezing?

You can keep fire over night, and have the stove burn up two or three hours the next morning with the fuel put in the night before. This is possible with Cole's Original Hot Blast Stove, because it is ABSOLUTELY AIR-TIGHT. Unlike the ordinary stove, its construction requires no putty to make seams and joints proof against air-leaks. Burns soft coal, hard coal or wood.
