As Second Class Mail Matter

The increasing number of burglaries in this part of the country is a reminder that the safest place for a man's money and valuables is in a good banking institution such as are all the banking institutions in Richmond and Wayne county.

Those democrats who have been howling with delight over the reported discord in the ranks of their republican enemies are now beginning to realize the truth of the old adage about people living in glass houses not throwing stones.

Hurray for his most devilish majesty Abdul Hamid 2, sultan of Turkey. He is celebrating Thanksgiving by a general massacre of the Armenians.

That deal made in turkeys at Hagerstown last week won't be anything compared to the deal in turkeys that will be made tomorrow.

But at any rate that automobile driver who was stopped by the police yesterday showed evidence of having a guilty conscience.

And there will be many of us who will call for a new hand out of that deal of turkeys that is to be made tomorrow.

The state food and drug commissioner states that the breakfast foods are pure—what? Sawdust?

## McMANUS DECLARES O'SHAY IS GERMAN

Police Sergeant Shows Loyalty to His Race.

## POLICE COURT CONVULSED.

"What's this defendant's name?" asked Judge Wm. C. Converse, of Sergeant Daniel McManus in police court. "Why, your honor, his name is O'Shay, and he's German," replied the sergeant, who is very desirous of protecting the fair Irish name. The rejoinder was the signal for an outburst of laughter.

It all happened near the close of a hearing in which James O'Shay, an aged man of Greenville, O., was the defendant, who was charged with drunkenness. The old man's hair was streaked with silver and his step was infirm. His case evoked the sympathy of police court attaches. He said he had come to Richmond in search of a daughter, but had found she had gone to New Castle to reside. His spare change was soon spent in drink. In several instances he attempted to beg money. At the corner of Sixth and Main streets Tuesday night he took exception to two men standing on the corner, and unknown to them he slipped up behind and drew back his cane with both hands intending to strike them across the back when the detaining hand of a police officer slapped him on his shoulder and the old man was taken to the city jail and locked up. He was shown leniency by the court, and after a ticket was purchased for him he was sent back to Greenville.

## BAILEY COMPLETES TWO YEARLY AS POLICE CHIEF

Has Made a Good Record in This Capacity.

## SOMETHING OF DETECTIVE.

Superintendent Jesso Bailey of the Richmond police force, has just ended a two years' service, having passed the second milestone Monday night. During his service as head of the local force Mr. Bailey has strictly obeyed the orders given him by the board of police commissioners to clamp tightly the lid in this city. He has kept it so tight that one man asserted it will take a crow bar to pry it off.

During his two years' service Bailey has done much detective work that has added to his fame as a police chief. His clever bit of detective work in running to the ground Herbert Eschenfelder, forger, was particularly noteworthy, according to the statement of his friends.

For the strong—that they may keep their strength.  
For the weak—that they may regain their strength.  
For the young that they may grow in strength.

## HOG CHOLERA PREVAILS ABOUT LOSANTVILLE

Unusual Conditions Are Reported From There.

## SALE IS ALMOST STOPPED.

Losantville, Ind., Nov. 27.—Fremont Bennett, proprietor of the West River stock farm, east of this place, reports the loss of a number of fine hogs the past few days from some epidemic, presumably the cholera. At the present time about thirty of his hogs are showing symptoms of the disease.

Experienced hog raisers agree that the prevalence of cholera at this season of the year is unusual, and they are at a loss to know the reason for it at this time.

Until recently this has been a good hog market, but the low market price and the prevalence of this disease has almost completely stopped the sale of hogs in this locality.

**TAKING TWO WEEKS' VACATION.**  
C. P. Kirkpatrick is taking a two weeks' vacation from the Pennsylvania offices in Richmond. He and Mrs. Kirkpatrick will visit in Camden and Anderson.

## HAS RETURNED TO RICHMOND.

Joe Davis, an excellent young man, who has been acting yardmaster for the Panhandle railroad here, returned Sunday afternoon to Richmond.—Elwood Call-Leader.

"What are you crying about now, dearie?" asked the fond mother. "Is there something mamma's sweetest wants?"  
"Yes."  
"What is it?"  
"—I don't know! That's what I'm crying about!"

## A GOOD STORY.

Told by a Former Coffee Slave.

The relief which comes by leaving off coffee and using Postum Food Coffee, is so striking that people like to tell others who may be in the condition they got out of.

The use of Postum is on the increase in this country and the famous beverage made from wholesome field grain has been the means of restoring to thousands of former coffee drinkers, good digestion, steady nerves and sound sleep.

"About 18 months ago," writes a Kan. woman, "I was a most miserable person. I am 28 years old and all my life I have been subject to headache, which seemed to get worse with each attack so that about every week I would have a spell that laid me up two days."

"Whenever I would go out anywhere I'd come home with a spell and then would not eat anything—just drink coffee. I had nervous chills and my memory was getting very bad."

"My friends thought I would not live long, and I was little more than a skeleton. At last a friend advised me to quit coffee and use Postum. It seemed silly to think coffee was the trouble but I am thankful I tried it out, for I am now in perfect health, have no headaches or dizzy spells, no more nervous chills and my nerves are strong and steady. My mind is clear and my memory all right, in fact I am like a different person."

"Constipation was one of my old troubles, I had to take something all the time. Now I am never bothered this way and everyone remarks how well I am looking. I am getting fleshy and am glad to tell others that Postum has done it all for me."

"A few times when out of Postum, I have returned to coffee and every time I'd go to bed with a raging headache, so that's proof that coffee was at the bottom of my trouble." Name given by Postum Co., Battle Creek, Mich. Read, "The Road to Wellville," in page. "There's a Reason."

## ATTORNEY GENERAL SAYS IT IS LEGAL

Minnesota Official Declares Railroads Can Collect Excess of Ten Cents.

**PENNSYLVANIA IS PUTTING IN DOUBLE TRACKS BETWEEN TRENTON AND MAUCH CHUNK—OTHER NEWS OF RAILROADS.**

In an official opinion the attorney general of Minnesota holds that it is legal for the railroads of the state to charge an excess of 10 cents when cash fares are paid on a train. When the passenger pays fare between points in Minnesota and one adjoining state and is charged the penalty, it is said by other authorities, the railroad so charging extra fare is violating the Hepburn law, which is to the effect that the net fare between interstate points shall not be more nor less than the published tariffs.

## DOUBLE TRACKING.

Plans are being completed by the Pennsylvania for the double tracking of the Belvidere division from Trenton to Mauch Chunk. Work will probably be started in the spring. For some time, owing to increased freight traffic over the line has been delayed. Surveys are being made and the necessary property along the line is being appraised. The block system will be installed and more trains will be run over the line Sundays.

## FEELING THE EFFECTS.

Almost all the freight and passenger agents having offices are feeling the effects of a resumption of business following the short temporary depression and the general impression among all classes of railroad men is that the worst is past and that a return to normal is now on the way. As an agent expressed it, "this is the season between grass and hay, with the wheat of the country nearly all sent to market and the balance in the hands of the independent producer, who is waiting for a sharp advance in market." Cars will not move until freezing weather on account of the risk of fermentation incurred by the shipper when it is loaded in the car without precirculation of air.

## TRASK IS SICK.

George Trask, the veteran railroad writer on the Indianapolis Star, formerly with the Journal, is still sick and unable for duty.

## CENTERVILLE COULD NOT KEEP IN THE RUN ING

Basketball Game Was a Ver One-Sided One.

## THE SCORE WAS 26 TO 1

At the basketball game played Tuesday night between the R. H. S. team and the Centerville H. S. team the score was 26 to 1 in favor of Richmond. The game was one-sided all the way through and the Richmond players had very little chance to demonstrate their ability as basketball players. A curtain raiser was played by two of the girls' teams of the high school. There was a very good attendance.

## TIRE ON ENGINE WHEEL BURST AT HAGERSTOWN

It Resulted in An Artificial Rainfall.

## WAS NOT MUCH DELAY.

Hagerstown, Ind., Nov. 27.—Just as a double header engine and caboose was pulling into the depot Tuesday afternoon about 4:30 o'clock, the tire of one of the wheels bursted off, sweeping the steam pipes off the boiler, causing an artificial rainfall, and the engine to go "dead." It was put on a siding and traffic was only delayed about fifteen minutes. The engines had taken an extra through freight to Kokomo Tuesday morning, and were returning. They had been examined at New Castle and the tire was known to have been loose, but the crew thought that by coming slowly they could make it to Richmond.

## LOSANTVILLE TURKEYS.

It Has Been Supplying Many of Them For Thanksgiving.

Losantville, Ind., Nov. 27.—This place will no doubt be on a front seat when it comes to furnishing turkeys for Thanksgiving dinners. The past week there have been no less than 100 fine select turkeys shipped from here to many different points.

The last windmill at Yarmouth (England) was recently sold for demolition.

## HOW TO KEEP YOUR HAIR BEAUTIFUL

This is a question asked every minute in the day by women—"How can I make my hair beautiful?" "How can I keep it from coming out?" etc., etc.  
"An you recall the first letter or composition you wrote? At that time you thought it a very red task and complained to your parents at being unprovided to do it. It is not so hard now, you understand it. Just so with your hair. When you understand the requirements it will be just as easy for you to have beautiful hair as it is for you to write a letter or composition now. Beautiful hair may be acquired by any one who will follow the instructions which are simple. USE E. BURNHAM'S HAIR AND SCALP TONIC. It restores gray hair gradually back to its youthful color. E. BURNHAM'S HAIR AND SCALP TONIC is acknowledged the standard of the world. It has made thousands of people happy. It will please you."

## ARE FEW RABBITS FOR THANKSGIVING

They Will Not Cut Much Figure in the Matter of Holiday Dinners.

## POULTRY VERY PLENTIFUL.

IF YOU HAVE THE PRICE YOU CAN EAT EITHER DUCK, CHICKEN OR TURKEY—PRICES ON A SLIDING SCALE.

There probably will be very few rabbits to adorn Thanksgiving dinner tables. Grocers and butchers alike are unable to secure rabbits at any price, and the only place that they will be found will probably be on the tables of the farmers. There is not much trouble experienced by the dealers by the dealers in obtaining a sufficient supply of turkeys to fill the demand, however, and they may be bought in almost all sizes. Chickens and ducks are both very plentiful, and together with the turkeys are in steady demand. All of the good things that are to be expected in connection with a Thanksgiving dinner are on the market and an immense business is being done by all the local dealers. The small boy may expect his pumpkin and mince pies in sufficient quantity to appease even his far-famed appetite for these delicacies, and the sale of cranberries and vegetables is correspondingly large.

Turkeys are selling at various prices, some of the merchants asking as low as 20 cents, while others are asking 21, 22 and 23 cents a pound and there seems to be no standard on which the merchants have decided. The prices of chicken will range from 16 to 17 cents, while ducks may be secured for 70 or 75 cents.

## NOT MUCH TROUBLE TO GET LABORERS

Slack Season at the Factories Has Been a Help to The Farmers.

## WAGES ARE ALSO REDUCED.

WHERE \$2 A DAY WAS PAID FORMERLY, HELP CAN NOW BE HAD AT ABOUT HALF THAT FIGURE.

A report on the scarcity of farm labor for gathering the corn crop, shows that up to about two weeks ago the farmers were having considerable trouble in securing laborers at \$2 per day, including dinner, but in the past week, owing to the slack season at a number of the factories, it has been possible to secure labor for \$1 per day. The harvesting of the corn has really just begun, although some was gathered earlier, which proved to be not so good and solid as it should be. In some cases the corn harvested so early averaged as high as 50 to 60 bushels per acre, while at other places it averaged as low as 35 and 40 bushels to the acre. The ears this year are not so long as they have been heretofore, nor are they so well filled. This the farmers attribute to the lateness of the season. Although there probably will be a plentiful yield, it will not be of as good quality as hoped, owing to the fact that the ears are not filled out.

The corn shredders are busy throughout the country, but the farmers are not well satisfied with their work, owing to the fact that the fodder is too moist and hence renders the shredders of little value. It is very probable that quite a considerable lot of the corn will fall, owing to the moist condition.

There are thousands of hogs throughout the country which will be ready for market this winter. Cholera is prevalent just some different sections of the country.

On account of the shortage of pasture, there will be a large number of cattle thrown on the market before feeding time comes.

An examination has been made of quite a number of fields of wheat for evidences of the Hessian fly. These examinations have shown that fields sown as early as the middle of September, were considerably infested, while those sown later show little or no evidence of the fly. The fields most infested, show about fourteen per cent of the plants infested.

## AMBRIDGE IN READINESS.

opes to Triumph Over the Richmond Football Team.

Cambridge City, Ind., Nov. 27.—The football team is all ready and in the pink of condition for tomorrow's contest with the Richmond eleven. Great hopes for victory are entertained. If the weather is at all favorable the attendance will be large as everybody is interested in the outcome of this, the final game of the season.

"Dollar and a half for that book?" he said. "I think I'll wait till they get cheaper."  
"But it may be out of date then," said the bookseller.  
"True," was the reply. "They only live six months these days. I'd better buy it now."—Atlanta Constitution.
