

NATIONAL POLO LEAGUE AGITATED

Said That a Number of Prominent Sporting Men in the West Are Interested.

LARGE CITIES IN CIRCUIT.

INDIANAPOLIS WOULD BE THE ONLY INDIANA CITY IN THE LEAGUE—BASEBALL MEN ARE INTERESTED IN THE GAME.

So general is the interest in roller polo throughout the Central West that a number of sportsmen of wide reputation, most of them professional baseball promoters, are said to be hopeful of being able another season to organize a national league to take in several of the principal cities of the Mississippi and Ohio valleys. They believe that with the stars of the game distributed among eight or ten of the big cities, the patronage would be sufficient to make the venture a paying one. It has paid in cities of smaller size, even when the salaries were fancy, and the promoters think the big cities would take to the sport as readily, especially if the world's best players were secured, as they can be. Cities from which a circuit probably would be selected in case the plans mature fully, are Louisville, Ky., Chicago, Toledo, O., Cleveland, O., Cincinnati, St. Louis, Indianapolis, Columbus, O., Detroit, Mich., Milwaukee, Pittsburg, and Kansas City. Visionaries of a national league have been entertained by certain sportsmen for some years, since the game reached its great popularity in Ohio, Pennsylvania, Indiana, Michigan, Wisconsin and Illinois, and by another year at least, they may think conditions warrant the venture.

FATHER'S CRUELTY DRIVES BOY TO KILL

Committed Suicide in New York Hotel After Writing Letter to Parent.

WAS DRIVEN TO THE DEED.

DECLARED IF FATHER HAD TREATED HIM AS A FATHER SHOULD A SON, THINGS WOULD BE DIFFERENT.

New York, Jan. 7.—A young man believed to be H. Gray Duberly, son of Captain James Grey Duberly, The Cannons, Westcastle, Yarmouth, England, was found dead in his bed, evidently from the effects of narcotic poison, in the Hermitage Hotel, last night. Six letters were found in the dead man's rooms. One of the letters was addressed to his father.

An examination was made of Duberly's effects, but nothing of apparent value was found. The letter to his father was opened, and was as follows:

"By the time you receive this letter I shall be no more. You killed my mother and you have compelled me to commit suicide. May God have mercy on your soul. Had you treated me as a father should treat a son, things would have been different. I do not want to die cursing you. I forgive you as I hope God may forgive me. I only hope you will treat the rest of the children better than you have treated me."

CLERK'S BONDSMEN PAY SHORTAGE

Money Applied to Liquidation Of Record Debts.

Kokomo, Ind., Jan. 7.—The bondsmen of Howard L. Bull, retiring county clerk, paid over today \$206.65 each in settlement of Mr. Bull's liability to his successor, W. N. Elkenberry. The amount is in the hands of the bondsmen's attorneys, Bell & Purdum, together with the \$5,000 received from the sale of Indianapolis real estate recently sold by Mr. Bull.

The money will be applied today in the liquidation of record debts, item by item as far as it will extend. Mr. Bull's total liability is \$7,211. After the sale of the Indianapolis property this left him to need \$4,211.

Mr. Bull's embarrassment is due to his payment of old debts which hung over him when he entered office and on which he is said to have paid beyond his ability. His plight excites sympathy and it is not construed as an intentional malfeasance in office.

Mrs. Sylvester Eaves, who died at eighty-two in Adrian, Mich., recently did not undress for the last fourteen years.

WOMAN CLAIMS SHE WILL KILL HERSELF IF NOT RELEASED

Mrs. Mary Bowdel, Convicted Of Adultery, Chafes Under Confinement in the Women's Jail.

HUSBAND NOW WORKING IN HIS WIFE'S BEHALF.

Bowdel Is of Good Family. It Is Claimed—Wieland Case Postponed Until Wednesday At Attorney's Request.

Mrs. Mary Bowdel, who was convicted of adultery yesterday in the city court and sent to the women's prison to stay a fine of \$10 and costs, threatens to commit suicide unless she is released. W. R. Bowdel, her husband, has paid a fine of \$1 and costs for intoxication and is now trying to secure the release of his wife. Up to the present time Bowdel has been unable to secure the necessary money to pay his wife's fine. His anxiety to get her out of prison is because he believes she will attempt to carry out her threats to take her life.

Bowdel has informed the police that if he secures his wife's release he will send her to the home of her parents in Dayton, O., and that he will return to his home in Indianapolis and take steps to secure a divorce from her. A commercial traveler called at police headquarters this morning and inquired about Bowdel's case. He said that Bowdel came of a good family, was a college graduate, and was now engaged as a representative of a periodical known as "The College News."

Mrs. Bowdel, the traveling man said, also came of a good family, but that her parents had disowned her. This morning in the city court Harmon Wieland, proprietor of the New Windsor hotel, and Sam Snow, night clerk at the hotel, were arraigned in the city court and entered pleas of not guilty to a charge of keeping a house of ill fame. It was at this hotel that Mrs. Bowdel and a local young man were arrested early Sunday morning. The complaint cited the fact that the hotel had been used for disorderly purposes on several occasions, but that these cases were unknown to the police. Attorney B. C. Robbins appeared for the defendants. At his request the hearing of the case against Wieland and Snow were continued until tomorrow afternoon.

WELCOMED AS BRIGHT EXAMPLE IN BRAZIL

Elaborate Preparations Made For the Reception of American Battle Fleet.

WILL BE FORCE CONVINCING

Rio Janeiro, Jan. 7.—An important newspaper of this city, O Paiz, makes the following comment upon the approaching visit to Rio Janeiro of the American battleship fleet under Rear Admiral Evans:

"The American warships are coming at an opportune moment, for the government is just now busy with the reorganization of the Brazilian fleet. The presence of the American ships will have for Brazil the convincing force of an example, and they will give us a demonstration of the victory won by the patriotism of a people that is young as we are young."

"The encouragement which will result from this visit will be very useful to us, and, furthermore, the presence in this harbor of the American ships will prove that our attitude at the second peace conference, when we crossed arms politically with the delegates from the great republic of the north, has aroused neither antipathy nor suspicion of the United States."

"Our government and our people will know how to welcome the coming visitors, giving proof by our course of the high sentiments which move us and the extent of our political education."

JAPS ARE HURRYING TOWARD THEIR HOME

Japanese Themselves Refuse To Discuss Their Movements in Northwest.

MYSTERY IN EVIDENCE.

Vancouver, B. C., Jan. 7.—Many Japanese reserve army men have been ordered to Tokyo, according to a report current here today. The Japanese themselves refuse to discuss the question, but it cannot be denied that several hundred men have arrived from the south side of the international boundary line and are making ready to leave for Japan. Japanese Consul Merikawa has come to Japan on a furlough and his office in Vancouver denied any knowledge of the matter. It is rumored that a large number arrived here on a steamer yesterday from Puget Sound.

Somebody thinks that great men suffer the greatest impoverishment in the realm of human kindness. In the first place, we are afraid of approaching them lest our offers should seem presumptuous and impertinent, or we think that such little ministries as ours can never be needed, and the kindly service is withheld. Dr. Robertson Nicol has told us what delicate delight it gave to Ian MacLaren when anybody did him a kindness. An individual act of personal grace made his heart sing for many a day.—London Strand.

HUNTS MAKE GOOD TEAM SCORE IN BOWLING BATTLE OF MONDAY NIGHT

One good team score by the Hunts and one good individual score by Smith, were the only features of a contest between the Hunts and Idlemans in the City Bowling league last evening. The players all showed lack of practice. The Hunts won all three of the games.

NEW CHARGES MADE AGAINST GRAFTERS

Pennsylvania Capitol Thieves Conspirators.

Harrisburg, Penn., January 7.—Three men already under indictment on charges of conspiracy in connection with the furnishing of the new State Capitol are to be confronted with additional charges of false pretenses. Counsel for Congressman H. Burd Cassel, of Marietta; Joseph M. Huston and John H. Sanderson, of Philadelphia, were notified yesterday by District Attorney Weiss that additional suits would be brought against their clients before Alderman Cavney today. Cassel is President of the Pennsylvania Construction Company, which supplied the metallic furniture for the Capitol. Huston was the architect of the building and designer of the furnishings. Sanderson was the chief contractor for the furnishings.

Huston is already under indictment on 30 charges of conspiracy, and Sanderson and Cassel on 15 charges each of conspiracy.

The reasons for instituting these additional suits at this time are not disclosed.

The full details of the charges will not be made public until after the information has been made.

MOORELAND CLAIMS GAME OVER PROTEST

Whitewater Basket Ball Team Gets Raw Deal.

Whitewater, Ind., Jan. 7.—The basket ball team returned from Mooreland Sunday morning, feeling that they had been given a raw deal by the team of that place. The score as they gave it, stood 29 to 28 in their favor, but the Whitewater team says it was erroneous and should be considered 30 to 29 in their favor. One goal not being counted that should have been counted.

Yet He Wished Him Well.

"Between emotionalism and formalism in religion," says a Washington clergyman, "there is a golden mean—a reflection that came to me upon the conclusion of my remarks to a colored congregation in Richmond."

"I had invited an aged deacon to offer prayer. 'O Lord,' prayed he, 'gladly I pore broader the eye of de eagle, dat he spy out sin afar off. Give his hands to de gospel plow. The his tongue to de line of truth. Nail his yere to de gospel pole. Bow his head way down between his knees, O Lord, an' fix his knees way down in some lonesome, dark an' narrer valley where prayer is much wanted to be made. 'Noint him wif de kerosene ole of salvashun an' set him on fire!'"

ANOTHER VICTORY FOR GREENSFORK

Defeated Strong Modoc Quintet in Fast Game.

Greensfork, Ind., Jan. 7.—The Greensfork basket ball quintet added another victory to her long string Saturday night by defeating the fast Modoc team by a score of 31 to 27. The first half proved to be a nip and tuck affair and finally ended with a tie score of 10 to 10.

With possible defeat staring Greensfork in the face, the home team pulled together and fighting every inch of the way won out by a small margin of four points.

Greensfork has one of the fastest independent teams in the state and would like to arrange games with any fast quintet.

I Love You.

A Danish paper compares "I love you" in many languages. Here are some of them: The Chinaman says, "Uo ngai ni!" the Armenian, "Ge sirem ez bez;" the Arabian, very shortly, "Nehabeek;" the Egyptian, similar, "N'achkeb;" the Turk, "Sisi seveforum;" and the Hindoo, "Main tym ko pijar karyu." But overwhelming is the declaration of love of an Eskimo, who tries to win the chosen one by the pleasing sound of the dainty little word, "Univigssasndluinalerdmjua-guarsigajak."
