

PROTECTION IS NEEDED AGAINST IMPURE MILK

Wayne County Medical Society
Insists That Steps Be Im-
mediately Taken to Bring
About Better Conditions.

NOT A SINGLE MODEL DAIRY IN THE COUNTY.

One of the Speakers Before
The Meeting Made This
Declaration Without Fear,
Causing a Sensation.

MILK TICKETS NOT FAVORED

IT IS SAID THE PASTEBORDS AL-
SO CARRY DISEASE AND COU-
PON BOOKS SHOULD BE SUB-
STITUTED.

The Wayne County Medical Society
insists that the city of Richmond
should take prompt steps to protect
its residents from impure milk. At a
meeting held by the society yesterday
numerous papers on the milk question
were read and it was the unanimous
opinion of all the physicians in attend-
ance that the milk now being sold in
this city was far below the proper
standard of purity and that the regula-
tion of milk sold in this city was pos-
sible and imperative.

The physicians of the county are
unanimous in the opinion that impure
milk is one of the best agents for the
spread of all kinds of diseases, in-
fants and invalids being the principal
victims. In one of the papers read
before the meeting the statement was
made that there was not a model dairy
in Wayne county.

The remedy for this alarming state
of affairs recommended by the Wayne
County Medical society is the adop-
tion by the municipal government of
the tuberculin test, which is most ef-
ficient and safe. Physicians are of the
opinion that the city should by ordi-
nance provide for a milk inspector who
should at least once a year visit each
dairy in the county and inspect the
milk and general sanitary conditions.
If diseased cows or unsanitary condi-
tions were found the inspector should
have the authority to prevent the
dairy in question selling milk in the
city.

The Wayne County Medical society
is also of the opinion that the prac-
tice of carrying milk about the city in
open cans is dangerous and that the
proposed milk ordinance should pro-
vide that all milk be delivered in sealed
bottles. Milk tickets should also
be done away with, the physicians
think, and coupon books substituted.
Milk tickets go from home to home
and afford a means of spreading dis-
ease germs. Coupons after being torn
from books are destroyed by the milk
agent.

STARR PIANO CO. ENTERS ILLINOIS

Articles of Incorporation Have
Been Filed With Secre-
tary of State.

HEADQUARTERS IN CHICAGO.

The Starr Piano company has been
incorporated in Illinois with a capital
stock of \$100,000, the license having
just been issued by the secretary of
state. By this incorporation the com-
pany is given a better business stand-
ing. Chicago is designated as the
central offices for the company in that
state, and they carry \$50,000 in stock
in that city.

Sounds the Same.
"My husband is a fool!" snarled
Mrs. O'wter Towne.
The visitor expressed only mild sur-
prise, but the suburban lady was
moved to explain.
"You know, I wanted to persuade
our hens to lay in the nests we pro-
vided. And a neighbor suggested get-
ting a couple of nest eggs. So I tele-
phoned my husband to bring home a
couple of artificial eggs with him."
"Well, and didn't he?"
"Didn't he? The idiot brought home
a couple of cork legs!"—Cleveland
Leader.

UNION TRACTION OFFERS REWARD TO AID CAPTURE

Desires to Know Who Placed
Explosives on the Street Car
Tracks Between Marion and
Gas City.

DEPORTATION OF LABOR LEADER NOT LIKED.

It Is Very Probable the Inci-
dent Will Finally Reach the
Courts and Power of City
Officials Tested.

Indianapolis, Ind., January 9.—The
Indiana Union Traction Company
has offered a reward of \$100 to per-
sons giving evidence to show who placed
explosives on its tracks in Marion and
Gas City.

Two cars were stoned last night, one
woman passenger being cut by flying
glass. Cars were operated last night,
until 10 o'clock. Extra police rode
on all cars.

The arrest of six persons alleged to
have placed the stone is expected anytime
today. One car struck a big boulder
but was not derailed.

Soap, which had been placed on the
tracks, made it impossible to complete
the trip from Marion to Gas City.

ALLEGED DEPORTATION

Of Labor Leader May Be Carried Into
Courts—Quiet at Anderson.

Anderson, Ind., Jan. 9.—W. D. Ma-
son, president, and A. L. C. of the
Indiana Union Traction Company, first
vice president of the Amalgamated Asso-
ciation of Street and Electric Railway
Employees of America, have consulted
attorneys here and it is not improb-
able that they will go into court against
the city of Marion in order to have
a judgment rendered whether or not a man
can be deported from a city or town if he
has not been convicted of a crime and
has no specific charge against him.
The action contemplated arises from the
alleged deportation of Henry from
Marion while he was there in the inter-
est of the motion picture and conductors
who are on a strike against the In-
diana Union Traction company.

At the headquarters of the local
strikers this morning every man who
joined the strike when it was called
a week ago, answered the roll call. At
the office of the Indiana Union Traction
company President Brady said no seri-
ous trouble had been experienced. The
company has begun to gradually
restore the night service and by the
end of the week will, it is thought, un-
dertake to operate cars until midnight.

CAR MEN'S LEADER

Refused to Treat W. Traction Com-
panies in Indiana Fight.

Indianapolis, Ind., Jan. 9.—Charles
E. Warner and George W. Purcell,
state labor commissioners, have re-
turned from Marion and Anderson,
where they had been in an effort to
settle the street car strikes. War-
ner said that a compromise was sug-
gested to the effect that the traction
companies make a contract with the
Amalgamated Association of Street
Car and Electric Railway employees to
cover the employment of the men on
the city lines, and a contract with the
Brotherhood of International Railway
employees to cover the employment of
the interurban men.

This proposition was declined by W.
D. Mason, president of the amalgama-
ted organization. The labor commis-
sioners said they had done everything
in their power to settle the strike.

Hamilton, O., Jan. 9.—The three wo-

Muff and Mrs. Edward Stevens, who
were elected to the board of education
at Somerville, this county, last fall,
took their seats last night. They con-
stitute a majority of the board and
proceeded to eliminate the two male
members in the organization. Mrs.
Keller was elected president and Mrs.
Muff clerk. The important commit-
tees were all divided among the wo-
men. The two men in the board, the
Rev. Charles Williams and W. C. Han-
cock, announced that they will resign,
as their usefulness is evidently at an
end. They are holdovers.

HAS ROOM 23 SUCH AN EVIL REPUTATION

Does room 23 of the New Wind-
sor hotel bear a good or bad rep-
utation? This is the question that was
asked today in the city court in the
case of the State against Marion May-
nard and "Buck" Snow, respectively
defendant and prosecutor.

The principal witness was Mary
Bowdel and the fact that she was
who was arrested with her in the
subway number room last Sunday
morning last. Both gave testimony
favorable to the defense, claiming that
they were not in the room for immoral
purposes.

Over two hundred sensational hunters
crowded the little court room. The
only woman present was Mrs. Bowdel,
who was brought from the women's
prison where she is serving time on a
charge of adultery. She was a most
disheveled looking woman and the
object of special interest to the big
crowd. Mrs. Bowdel's dependency
was the result of her mother refusing
to have anything to do with her or
furnish her money to secure release
from jail. The defense argued that
when Clark Snow assigned Mrs. Bow-
del and escort a room it was with the
understanding that the woman was to
occupy the room alone. Snow testi-
fied that he did not see the young man
sign on the register "J. E. Cook and
wife, Canton, O."

The prosecution sprung a surprise in
Chief Bailey, who stated that in his
opinion room 23 bore an evil rep-
utation and that he could produce a list
containing the names of people who
had occupied the room for immoral
purposes. In his argument Prosecutor
Jesse stated that a member of the po-
lice force had boarded at the hotel and
had in this manner become acquainted
with the fact that room 23 was an evil
resort. The case is still being heard
before a jury and Special Judge P. J.
Freeman.

POWERS MAKES

EARNEST APPEAL

Asks Men and Woman to Sign
Petition.

Lexington, Ky., Jan. 9.—A state-
ment to the public was issued by Car-
ol Powers today in which he asks the
people to sign a petition to Govern-
or Wilson for his pardon on the main
grounds that he was tried under in-
just three times and at his last trial
ten jurors asked for his acquittal. A
committee, composed of four demo-
crats and three republicans, has
charge of the petition. The petition
will be circulated among the women
as well as the men.

America Alone Has Humming Birds.

Though the art museums of Europe
may have some treasures of which
America cannot boast, our continent
has the distinction of a monopoly of
the world's supply of humming birds,
the gems of all the feathered creation.
Of these there are said to be some 400
species—the Four Hundred we may
well call them—nearly all of which
are peculiar to the tropical regions.
Only eighteen cross the borders of the
United States from Mexico and occur
only in our southwestern states. The
popular idea is that the hummer lives
only on honey gathered from flowers.
This is a mistake. The bird does se-
cure some honey, but its food consists
mainly of the small insects which fre-
quent the flowers. Some of these in-
sects are injurious to the blossom, and
the tiny bird fulfills a useful function
in destroying them. That the hummer
is insectivorous is also shown by his
habit of catching tiny insects on the
wing, which is occasionally observed—
H. K. Job in Outing Magazine.

France's Roads Best in the World.

Among the reasons which make the
highways of France the best in the
world is the requirement that all pre-
liminary roadmaking operations shall
be thoroughly performed. When em-
bankments are made the earthwork is
built up only a few inches at a time,
and the successive strata are leveled
and in the neighborhood of masonry
retained. Every ditch is carefully cut
at a proper angle, rained and if
necessary paved with stones. Danger-
ous turns are protected by stone para-
pets. At each crossroad there are sign
posts, always in order, and the Touring
club of France has established indi-
cators to remind the tourist of danger-
ous curves, rapid descents, etc. Every
railroad crossing is protected by a
gate, which has a watchman in charge
day and night—Leslie's Weekly.

Extravagance of the New Yorker.

Is not the native New Yorker the
prey and the plaything of the waiter,
the cabman, the ticket speculator and
the market man? Does he not pay two
prices for food in the glittering Broad-
way cafe and then, after waiting an
hour, receive a cold, dried portion of
something that he did not order and
never would think of ordering unless
delicious? Does he not recognize that
the legal tariff of cab charges is pure
fiction and fork over what the weather-
beaten Rube Burrows on the top of the
hansom may demand? Does he not
But, oh, what's the use! The scales
they weigh him on at birth give it
returns, and at his funeral the under-
taker charges his estate for extra car-
riages that never show up—L. S. Cobb
