

A GAY DON JUAN WIELAND SHOWN TO BE IN TRIAL

Prosecution Pictures Defendant in Terms Which Placed The Man in Very Unfavorable Light Among Jurymen.

LANDLORD AND CLERK
CONVICTED ON CHARGE.

Hearing Broke Record for the City Court, Lasting Until After Ten O'clock Last Night.

Hiram Wieland, proprietor of the New Windsor hotel, and Frank Snow, his night clerk, were found guilty this morning of keeping a house of ill fame. Wieland was fined \$25 and Snow was fined \$10 with no costs. Neither defendant will have to pay the costs of the first trial. The case has been appealed to the circuit court.

The second trial of Wieland and Snow was a record breaker for the city court. The hearing of the case started about 8:20 o'clock yesterday morning, and it was not until 10:30 o'clock last night that it went to the tired and sleepy-looking jurymen. About 4:30 o'clock this morning, the jury, after an all night vigil, reached a verdict. They then curled up on chairs in the council chamber and slept until breakfast time, after which they filed into the court and reported their verdict.

Yesterday was spent in the examination of witnesses. The defense did not call upon Mrs. Mary Bowdel and the local young man who was arrested with her last week in room 23, as witnesses. At the first trial this pair gave testimony for the defense which proved of great assistance to the prosecution.

The state made a most damaging case against the two defendants, who, when they were placed on the witness stand yesterday afternoon made poor impressions on the jurymen. In the morning a woman, who was formerly employed at the hotel, stated that Wieland had attempted to make a date for her with a traveling man who was expected to be a guest at the hotel within a few days. In the afternoon another woman employee of the hotel testified that Wieland had made insulting proposals to her and that when Mrs. Wieland, who is the housekeeper of the hotel, rebuked her for being so slow in her work, she informed Mrs. Wieland that all the girls who worked at the New Windsor could do better if Wieland would leave them alone. The woman stated that because of this frank statement a scene between Mr. and Mrs. Wieland ensued. Testimony was also introduced that Wieland had tried to influence one of the women employees to have men visit her at the hotel, offering to provide her with a room if she would do this. Altogether, the testimony introduced by the state showed Wieland up in the light of a gay Don Juan.

In his own defense Wieland attempted to cast a reflection upon the story of the woman who testified that Wieland had tried to make a date for her with a traveling man, by stating she had been discharged from the hotel for stealing. The state counteracted this testimony by introducing evidence that the woman had taken articles from the hotel because Wieland had refused to pay her her wages. Wieland also testified that he had always given the most careful instructions that no persons of doubtful character should be admitted to the hotel and that he had instructed his wife never to employ help who appeared to be of loose character. Mrs. Wieland, who is a cripple, testified in behalf of her husband and stated that she had never quarreled with him because of his alleged misconduct with women employees. About five o'clock yesterday, Prosecutor Jessup started into his argument and he made a most powerful impression upon the jury. Attorney B. C. Robbins followed for the defendants and he made a gallant defense. Mr. Robbins talked for two hours and forty-five minutes. Mr. Jessup closed the argument for the state.

"The Girl Question" at the Gennett on Thursday Night

SENSATIONAL MUSICAL COMEDY SUCCESS WILL BE PRESENTED TO A RICHMOND AUDIENCE.

FAIR WOMEN CAUSE POOR BOWLING SCORES IN RICHMOND-EATON GAME

Bowlers of Both Teams Were Paralyzed by the Beautiful Smiles of the Still More Beautiful Women—Hunts Won All Four Games Played—Return Date at Eaton.

The Hunt bowling team is accepting little credit for its victory over an Eaton, O., team last evening. Very poor scores were made throughout the contest. This was due to two reasons. The pins were new and broke badly for both teams, an unusually large number of splits predominating. The other reason attributed for the poor bowling was a slight nervous effect created by the presence of such a large number of spectators, particularly the women. Four games were played, the Hunts winning all, by from 49 to 113 pins.

Tonight the Hunts go to Eaton for a return game. The game will be played on a pair of home made alleys which are about nine feet short of regulation and on which the Eaton team professes to be invincible. The Hunts will of course be handicapped by the unusual conditions but intend to put up a hard fight.

The teams line up last evening: Hunts—B. Martin, J. Martin, Parry, Hunt, Carman.
Eaton—Farr, Appleby, Shephard, Gregg, Saylor.

CHIC LITTLE ACTRESSES WOULD MEET LOCAL GIRLS' BASKET BALL TEAM

Through Their Advance Agent, Pretty Maids of "The Girl Question" Have Issued a Challenge to the Local Followers of the Exciting Sport.

"The \$1,000 Beauty Broilers," who appear here in "The Girl Question" at the Gennett Thursday, would like to meet the girls' high school basket ball team in a game of basket ball to be played Thursday afternoon. These little "broilers," ten in number, are playing girl high school basket ball teams in a number of the cities in which the "Girl Question" appears, and are anxious to meet the Richmond team. In some way the fame of the local aggregation of girl ball tossers has gotten to the ears of the show girls and they are anxious to demonstrate to the satisfaction of themselves and Richmond people that the high school girls cannot play basket ball as good as they think. The "broilers" are exceedingly quick, due of course to their dancing training, and they are practically tireless from the same cause, so that no matter how fast and furious the game goes they are apparently as fresh at its end as they were at its beginning. Despite the fact that none of these girls are over five feet two inches tall, and the heaviest weighs less than 125 pounds,

"Just Out of College."

George Ade's latest contribution to the stage has its first local performance the coming Wednesday night at the Gennett. Mr. Ade has struck a fresh lead in his comedies that ex-

tends not only to story and treatment, but also includes types of character. In this work will be found quite a number of these personages. The hero on his graduation begins to carve out his career in life and quickly proves himself a rather energetic artist in the carving way. A start which at once attracts attention from the sentimental side is his falling in love. In the ordinary stage work this comes in at a much more subsequent phase of the proceedings, but Mr. Ade likes to make new departures, and in this case has not neglected his liking.

"The Girl Question."

Frank Adams and Will Hough, the authors of the book and lyrics of "The Girl Question," the sensational musical comedy success of the year in Chicago, are the authors of three of the greatest theatrical successes of the past three years, though curiously enough, they have never had a play produced except at the LaSalle theatre, Chicago. Both were students at the University of Chicago when they wrote "The Girl Question," which ran 304 times at the LaSalle. The following year they turned out "The Time, the Place and the Girl," which ran 453 times at that theatre, and this year they produced "The Girl Question," which has already passed the 250th performance there, and whose receipts up to date are slightly in excess of those of "The Time, the Place and the Girl." The road company, organized by the Askin-Singer Company, began its season on Christmas Day, just as did its predecessor last year, and comes here to the Gennett on Thursday night with an all-star cast of principals, headed by Paul Nicholson and Angeline Norton and a chorus of pretty girls.

Vaudeville at the Phillips.

Selection of the Four Sullivans, singers and dancers, as headliners on the vaudeville bill at the New Phillips this week was a fortunate one as they have proven in the two performances already given that they are well suited to refined vaudeville. Their singing and dancing is of a high grade and free from anything that is in the least suggestive or coarse, and in this respect all the more pleasing to the patrons. The Four Sullivans are all men, all about the same size, all dress alike and look alike. Their dancing is done with hard soled shoes. They were enthusiastically received. Lew Simonds and company, a team appearing in black face, have a pleasing stunt, chiefly dialogue in which there is opportunity for much that is of an amusing nature. They sing and play the banjo as well. A feature of the eccentric comedy sketch put on by Earl and Leo is the playing of the harp by Miss Lee and the violin by Mr. Earl. M. Williams, cowboy juggler, is different from the rest in this line in some respects, chiefly in that he gives the turn a cowboy dressing. He uses guns, daggers, broadswords, a

cannon ball and a large wheel in parts of his performance. The illustrated song this week is "In the Wildwood Where the Blue Bells Grow," sung by Miss Ethel O'Connell, and the camera-graph shows two amusing motion pictures. "The Experiences of Cab 27" and a metropolitan fire department in action, showing first a parade and next the response to an alarm of fire. At the matinee of Wednesday there will be souvenirs for the ladies and on Friday night the amateurs are invited to appear. Saturday the usual special matinee will be given for the children.

STATE STOCKMEN FEAR TAX INCREASE

Miss Mary Stubbs Is Having Trouble in Getting Statistics.

FIGHT SHY OF REPORTS.

BELIEVE THAT IT IS A SCHEME TO INCREASE TAXATION AMONG THE FANCY BREEDERS OF INDIANA—2,000 OWNERS.

Miss Mary Stubbs, chief of the Indiana bureau of statistics, is having some difficulty in gathering information in regard to pure bred live stock in Indiana. The breeders of such stock, it seems, have the idea that information which is sent in by them will be used as a part of a scheme to increase their taxes. For this reason many are slow in filling out the blanks which have been distributed by the bureau.

The plan of gathering statistics on pure bred live stock was first considered at the meeting last year of the Indiana Live Stock Breeders' association. At that time a committee was appointed to confer with the state statistician on the subject. Miss Stubbs declares there is no plan to use this information in any taxation scheme.

"The bureau has obtained the names of more than 20,000 persons owning or breeding pure bred stock," she said, "and letters and blanks have been sent to these owners, but the responses have been slow. The prevailing idea that it is a scheme to increase the farmers' taxes has kept many from replying, but the individual report will be confidential and only the totals for each breed in each county of the state will be given. For this reason we are particularly anxious that every one should take active interest in this matter, so that when the report is published, each county will make the proper showing. When completed a copy of this book is as much the property of one breeder as another and will be mailed on request."

To Her Credit.

FRISCO GRAFTERS PROTECTED FIGHT TRUST

Get \$18,000 According to Figures Made Public.

San Francisco, Cal., Jan. 14.—The first definite figures of the amount put up by the San Francisco "fight trust" for protection have been given out by the graft prosecution. They are taken from the testimony given by Abe Ruef when he made his confession last September.

Ruef received \$18,000 from Granev. Of this sum, which had been subscribed in equal portions by Granev, Colfroth, Willie Britt, and Morris Levy, Ruef paid Gallagher \$9,000, to be divided equally among the supervisors, and \$4,500 to Schmitz, retaining \$4,500 for himself.

It developed subsequently that Gallagher held out \$25 on each of seven supervisors and paid them only \$175. Ruef was out \$500 on the deal for he was afterwards compelled to return \$5,000 to Britt under a threat of exposure. Each of the four members of the fight trust put up \$5,000 so some one must have held out \$2,000. As money was paid to Granev by the members of the trust, and by him to Ruef, it looks as if it was up to Granev.

Telephonic communication has been established between a number of Australian farms by means of wire fences. It has been found easy to converse with a station eight miles distant by means of instruments connected on the wire fences. Several stations are thus connected.
