

## NO ACTION TOWARD RELIEVING CROWDED SCHOOL CONDITION

Deal for Starr Property Has  
Not Yet Been Closed. But  
When It Is, Conditions Will  
Be Altered.

## ANNEX TO GARFIELD IS NOW PLANNED.

Then the High School Will Be  
Removed to the New Build-  
ing and Intermediate Pupils  
Will Be Changed.

Dr. M. F. Johnston, a member of the Richmond school board, said today that up to the present time no definite action had been taken by the school board in regard to relieving the congested conditions which have existed for some time at the high school and Garfield school.

Dr. Johnston stated that the deal for the Starr property on North Ninth street, which is in the rear of the Garfield school, had not as yet been actually completed, but that the indications were the deed of conveyance of this property to the school board would soon be executed. An effort is being made by the board to secure the Kelp property which adjoins the Starr property on the south.

Dr. Johnston says that when the new school building is built on North Ninth street, it will be made an annex to the Garfield building, and that these two buildings will in all probability be used as a high school. He says that the board now feels the best arrangement that can be made on the completion of the new structure is to use the present high school building as quarters for the intermediate grammar grades now at the Garfield building. The high school is larger than the Garfield school and the children could be comfortably provided for at the South Twelfth street building.

The Garfield school with its North Ninth street annex would make one of the finest high school buildings in the state and there would be room enough for the establishment of a gymnasium and quarters for domestic science and manual training classes. The North Ninth street annex would probably be designed so that a public art gallery could be established.

## VEIN IS STRUCK IN GOLD MINE

Stockholders and Officers of  
Kilian Company Get  
Good News.

### BIG PRODUCER EXPECTED.

AFTER THE VEIN HAS BEEN DE-  
VELOPED MORE, A STAMPING  
PLANT WILL BE INSTALLED  
AND ORE TAKEN OUT GROUND.

Local stockholders of the Kilian gold mine company have just been notified that a five-foot ledge vein in its property located in Bishop county, California, has just been struck, that will yield a large per cent. of ore. It is thought that this find will prove to be the best producer in the southwest and all of the local stockholders are much elated over the prospects.

It was not thought that it would be possible to do any immediate mining, but it is now conceded that it will be only a short time before the mine can be sufficiently developed to justify the installation of a stamping plant.

## RAILROADS NEED UNLIMITED CREDIT

Unless New Capital Is Raised,  
Transportation Will  
Suffer.

Chicago, Jan. 14—James J. Hill, in an interview on the business outlook, said: "In no direction is the need of restoration of confidence more apparent than in the present position of the railroads. In some directions the demands upon them have temporarily lessened, but the conclusion of the present recession in business, whether it will be of shorter or longer duration, will see the railroads again in need of vast sums of new capital to meet the necessities of traffic. The credit of the railroads has been impaired to such an extent that, generally speaking, they are unable to raise any more capital for the development of their facilities. Until this situation changes they will be powerless to continue their work of providing the facilities which the business of the country demands. New tracks and greatly increased terminals are sorely needed and will be for a long time to come."

## WILLS LEAVES CAMBRIDGE CITY IN GREAT HURRY

Well Known Druggist, Fearing  
Prosecution for Violating  
Blind Tiger Law Takes  
French Leave.

## HIS WHEREABOUTS ARE UNKNOWN TO OFFICERS.

Fugitive Has of Late Been in  
Much Trouble, Being Twice  
Arrested for Assaulting  
Women.

Cambridge City, Ind., Jan. 14—J. H. Wills, proprietor of the Peoples Drug store, has left for parts unknown. His sudden departure is the sequel of a series of difficulties in which he has recently been involved. His flight was the direct result of a charge of violating the blind tiger law, on which charge he was to be prosecuted. The penalty for this offense is a heavy one and rather than face certain conviction Wills decided to permanently abandon himself from Cambridge City and immediate vicinity.

A short time ago, Wills was arrested and convicted of a charge of assault and battery on his wife. Last Friday for some unknown reason he called at the home of Mrs. Jeannette Merrick and assaulted her with his fists in a most brutal manner. Two Richmond young men came to the woman's assistance and they gave Wills a good beating. Saturday one of Mrs. Merrick's defenders, who is a minor, filed charges against Wills, of selling liquor to a minor. The druggist was fined for this offense and for assault and battery on Mrs. Merrick.

Assistant Prosecutor D. W. Mason, after the hearing of these cases, told Wills that no more charges would be preferred against him as long as he behaved himself. However the authorities later decided to prosecute Wills for violating the blind tiger law, a raid on his drug store having revealed the fact that he had a barrel of beer in the prescription room. Wills in some manner heard that he was again to be prosecuted so he immediately decided to take French leave. Before going he told Mrs. Wills that he did not care to face the charge of violating the blind tiger law and that he was going to leave town and never return again. Mrs. Wills does not know where her husband went. To the title to the Peoples drug store is vested in Mrs. Wills and she has assumed control of the store. Prosecutor Jessup is here today and is investigating the case.

## EXHAUSTED SUPPLY OF CHILDREN'S NAMES.

New York, Jan. 14—Oscar L. Darling, of Amherst, N. Y., has advertised for some one to name the new-born child. Darling, the twenty-seven-year-old, Darling father, has exhausted his supply of available names and the only one he has left is "Darling." Darling lets out a howl. Perhaps he understands what he would have done if he knew better.

Mrs. Darling is thirty-four years old. He is the father of the largest family in the state. His first wife was a member of the Smith family of Philadelphia. She had fifteen children, twelve of whom are living. The present Mrs. Darling was a girl in her teens when she became the stepmother of the Darling brood, twenty-one years ago. She has had twelve children, four of whom are living.

"The fact is, we have run out of names," said Mrs. Darling. "No one outside of the family could begin to tell all the children by names. We simply have to put off the christening of the new youngster until we find a suitable name."

## ATTEMPT TO CLOSE 62 LOGANSPORT SALOONS

Liquor Dealers Enlist Business Men's Sympathy.

Logansport, Ind., Jan. 14—The Ministerial association having decided to continue the anti-saloon movement in this city for six months, or until a blanket renunciation has been signed by a majority of the voters of the township, liquor men are preparing to show that the wiping out of the saloons would, in their opinion, be disastrous to the business interests of the city.

There are 62 saloons in the city and many of them occupy desirable business property. They may many thousands of dollars to the city, county and state in the way of licenses and taxes, and the owners and employees occupy two hundred dwellings. This is the statement of the saloon men, and they have enlisted the sympathy of many business men. The temperance sentiment in Logansport is strong, however, and will eventually prevail.
