803 MAIN STREET

### DRUGGISTS RECEIVE SOME GOOD NEWS

Barnard, State Food and Drug Commissioner Makes Ruling Affecting Them.

CAN SAVE MUCH STOCK.

WILL OFFSET A LAW PASSED BY LAST LEGISLATURE WHICH IS CLAIMED TO BE DETRIMENTAL TO THE BUSINESS.

H. E. Barnard, state food and drug commissioner, is preparing a bulletin which carry good news to the druggists of Richmond and the state. It will mean that the druggists will save much of their stock which they have been thinking they would have to destroy. The unrest of the druggists and the bulletin are the outcome of the law enacted by the last legislature, which provides that any drug containing any quantity of alcohol, morphine, opium, cocaine or any similar substance, shall be sold in a wrapper which shall bear a label showing the proportion of alcohol, opium, or other similar substance which the drug contains. This law will become effective March 1 next.

In many, if not all of the drug stores, of the state there are in stock drugs, which do not bear labels. Some of these drugs were bought years ago, and in some instances the companies manufacturing them have gone out of business. Druggists have been wondering whether or not they would have to destroy all of this stock. It would mean an immense loss.

To Save Much of the Stock. Mr. Barnard, in his bulletin, will issue orders which will provide for the saving of most of this unlabeled stock. He will direct the retail druggists to write to the manufacturers of the drugs for formulas showing the ingredients, as required by the state law, and will permit the druggists to paste these formulas on the receptacles containing the drugs.

If the druggists are unable to get formulas from the manufacturers they may write to the food and drug department of the state and this department will make an effort to supply the formulas. Many formulas are kept on file in his office, Mr. Barnard says. If the manufacturers cannot supply the formula and the state department has not the formula, Mr. Barnard will, under certain conditions, analyze the drug on hand and will make a formula which he will supply to the druggists. He will not do this in every case, but he will make an analysis of any drug when a request comes from three or more druggists. These formulas, after they have been prepared, will be given to the inspectors of the board of health and the inspectors will distribute them among the druggists. In this way the druggists of the state will lose little money on account of the operation of the new law.

### Two Unwelcome Visitors Here

At this season La Grippe and Pneumonia cause more deaths than consumption. Foley's Honey and Tar cures the gripple coughs that may result in pneumonia over night. Do not take chances with a cold when Foley's Honey and Tar will quickly cure it.

Considerable damage has been done at Dover, England, by the firing of the heavy guns from the forts, which have been erected to protect the national harbor. The town crier was sent around the town to advise the inhabitants to leave their windows open, but upon the firing of the nine-inch guns the vibration was so great that in many cases portions of the ceiling fell and many ornaments were knocked down and broken and windows were cracked.

### GAINS DISTINCTION AS POULTRY MAN

James Morrisson Has One of Best Equipped Poultry Parks in County.

IS IN CHARGE OF EXPERT.

COLORED MAN IS ONLY ONE EVER GRANTED A DIPLOMA FROM THE AMERICAN POULTRY INSTITUTE.

James Morrisson has gained considerable distinction as a poultry fancier and at his home on South Sixteenth street has one of the best equipped chicken parks in the state. W. W. Russell who is superintendent of the place has just returned from Washington C. H., Ohio, where a cage of birds were displayed at the Ohio State poultry show which was in session there January 7-11. Two first prizes were won, one on a pullet and the other on a cockerel. The two fowls were of the White Wyandotte variety. Superintendent Russell, who came from the East to take charge, has the distinction of being the only negro in the United States who has a diploma from the American Poultry Institute, at Rochester, N. Y., thus being entitled to the honor of expert poultry judge at shows. Mr. Russell graduated from the Rochester poultry institute with first honors in his class and the feeling was so strong against the granting of first honors to a colored man, that the institution has never since admitted a colored man to its course.

Mr. Morrisson has expended a large sum in perfecting his park. All of the buildings are substantially built with

interlining of tar paper, and the floors are cemented. The brooder building is heated with steam. Mr. Morrisson is at present erecting an addition to the several buildings.

There once was a maiden young and gay,  
She'd laugh and sing the whole long day,  
For I am so happy and well, said she,  
Now that I take Hollister's Rocky Mountain Tea.—A. G. Luken & Co.

### PROHIBITION NOT FEASIBLE NOR WISE

Cardinal Gibbons Favors High License.

Baltimore, Jan. 16.—In a statement made public today, William H. Anderson, superintendent of the Maryland Anti-Saloon league, declared that the league is not fighting high license. As evidencing this fact, Anderson made public a statement from Cardinal Gibbons, who favors high license.

The statement is as follows: "I believe that the right of the people to determine by their operation of local option law whether saloons shall or shall not be closed within their respective communities is in harmony with the American principle of self-government."

"While I do not wish to be understood as having in any degree changed my opinion, that it is neither feasible nor wise under present conditions to attempt prohibition throughout the whole extent of a large city like Baltimore."

Chicago passengers using C. C. & L. trains land at 12th street (Illinois Central) Station; most conveniently located. Remember this. 6-11

### NO GRAND JURY FOR JANUARY TERM

Nothing Has Arisen to Justify Its Call.

Unless something demands consideration there will probably be no grand jury called for the January term of the Wayne circuit court. Nothing has arisen since the October term to demand grand jury investigation.

### WIFE DESERTER MAY GO FREE

May Consent to Provide for Family.

Providing satisfactory arrangements can be reached between the attorneys for William Katte, charged with wife desertion and Prosecuting Attorney Jessup, the defendant may not be compelled to serve a sentence for his offense.

At first Katte refused to provide for his family, but it is thought that he will consent to this measure and abide by the mandates of the court.

The Hebrew tradition ascribed the invention of weights and measures to Cain, those of Egypt to Theuth, those of Greece to Hermes.
