HAVE TO PAY, EVEN IF IT IS LEAP YEAR**

Newport, Ky., Jan. 17.—That leap year does not reverse the financial end of a nuptial contract was demonstrated in the Campbell county court house yesterday beyond a doubt. Whatever mistaken ideas that J. D. French, aged 24, of Union City, Ind., might have had on this subject were promptly dispelled by his youthful bride as the couple stood in front of the marriage license desk yesterday. French came to Newport with Miss Gladys Strait, aged 21, also of Union City. They procured a license, and as the time came for the groom to settle the

first bill, he turned to his bride and remarked: "You ought to pay for the license; it's leap year, you know." Miss Strait was ready with her alibi as she replied: "Well, you don't have to marry me, even if it is leap year." That settled all the argument, and Mr. French produced the wherewithal that paid the county for the document. They went to a minister's residence and French had that dignitary's fee ready even before the contract was sealed.

**ATHLETICS WILL
NOT BE ABOLISHED****Local Athletes Do Not Fear
That High School Will
Act as Others.****STATE MANUAL IS ISSUED.**

Athletes of Richmond high school, which is a member of the Indiana Interscholastic Athletic association, have no fear that high school athletics will be abolished, owing to the lead Manual Training and Shortridge high schools of Indianapolis have taken. It seems that other schools over Indiana are of the same opinion as the fourth annual handbook and report of the board of control of the Indiana High School Athletic association, including 123 of the leading high schools of the state, shows this. It has just been issued. In addition to a careful review of all departments of high school athletics for 1907, it contains an article dealing with the abolition of interscholastic athletics in Indianapolis schools of unusual interest.

Both Shortridge and Manual will remain in the association and may take part in the state meet, although they can not play with each other or with other schools in other phases of athletics. Notwithstanding this ruling, football players of the two Indianapolis schools have already been busy, as is proved by the following extract from the report:

Already unauthorized boys of the two schools have made overtures to schools outside of Indianapolis for games. The board calls attention to the fact that games played with boys of these schools without the sanction and certification of the principals of the schools are violations both of the letter and spirit of the constitution and should not be allowed. With this point carefully guarded, there should be no alarm as to the effect of the action of the Indianapolis school board upon the future of the association.

**INTERSTATE POLO
LEAGUE DISBANDS****Three Towns Quit Under
Protest.**

Youngstown, O., Jan. 17.—The Interstate Polo league, the biggest organization of the kind in this country, has gone to the wall. Almost all the old Western and Central league players were members of the various interstate teams.

At a meeting held in Youngstown, Sharon and Akron made known the fact that they were ready to quit. The other three teams in the league—Beaver Falls, Canton and New Castle—were making money and wanted to continue, but as the losers couldn't see the percentage the league was disbanded.

BASEBALL GOSSIP.

Manager Jessup of the Richmond team spent yesterday in Hamilton, O., on baseball business, the exact nature of which he neglected to inform the local war correspondents.

"Bunny" Pierce, who played with the Decatur I. O. league team last season has been signed by the Cincinnati Reds. Pierce was a favorite with the local fans and should develop into a fast player.

T. "Rabbit" Ritter of New Castle, ball player in the summer and polite, fashionable cigar clerk in the winter, was in Richmond yesterday afternoon visiting with his many local friends. The forenoon was spent by Mr. Ritter in Dublin where he fell down in an effort to pry loose some currency from a merchant who is in debt to Mr. Ritter's employers. Tom states that he is feeling as fine and dandy as a high school cadet and that he is wanted up the Michigan league this coming season.

"Buck" Weaver and Tommy Carlin, two popular members of the local team last year, will not wear Quaker uniforms this coming season, according to T. Ritter. He states that Weaver has signed with the Cedar Rapids, Three I league team and that Carlin will be with Mobile in the Southern league. This is bad news.

Frank Runyan, manager of the Bluffton team, is a candidate for the presidency of the I. O. league this season. The I. O. league magnates could make no better choice than Runyan. He is a sportsman, a good business man and knows baseball from a to zard. Frank is now out canvassing the circuit.

There will be a big delegation of baseball promoters in Richmond next Monday when the I. O. league meeting is held. Anderson, Bluffton, Muncie, Van Wert, Piqua, Hamilton, Clark, Fort, Huntington, Marion and Richmond will all be represented. It's about an even bet that Richmond ties up with this circuit and turns the glacial shoulder toward the Ohio state league.

Omer Pea, of this city, who first came into the limelight as a fairly good amateur ball player, playing on the Morristown team, and who afterward won fresh laurels on the Rushville ball team last summer, is now negotiating with Mr. Jessup of the Richmond, Indiana club for a permanent berth on that team. The question of salary is all that has kept the deal from being closed.—Rushville Republican.

Welcome to our beautiful city, Mr. Pea, whoever and whatever you are. Let not the paltry matter of a few thousand dollars keep you and Manager Jessup from coming to terms.

There was some dissatisfaction expressed yesterday at Richmond over the outlines of the Ohio State league. President Quinn is going over there in a day or two and will have something to say which will convince the Hoosiers that they are to have the best base ball ever produced in their town.—Columbus, Ohio, State Journal.

Indianapolis, Ind., Jan. 17.—At the state meeting of Township Trustees the following officers were elected: President, P. R. McCarthy, of Vincennes; Vice President, O. C. Puterbaugh, of Elkhart; Secretary, P. Richard Schaff, of Hammond; Treasurer, Charles Deal, of Scottsburg. Mr. McCarthy announced the appointment of the new Executive Committee. Its members will be Charles E. Potter, of Richmond; J. W. Spicer, of Marion County, and George Laney, of Rosedale.

Behind the King.

The king can do no wrong, but there is one innocent thing that no sovereign ever does—namely, to stand with his back against a wall. At the royal stand at Newmarket or elsewhere his majesty invariably leaves ample room for persons to pass behind him, so that he may escape having perpetually to reply to their salutations, which he would be bound to notice did those people pass in front of him.—London Chronicle.

Newark, O., Jan. 17.—Every fan in the city of Newark is delighted with the new league that was formed in Columbus Tuesday. The opinion is generally expressed is that the new Ohio State league as it stands now is stronger than the O. P. league ever was, and they are probably right. Not a town was considered by those in authority if they didn't think it "first class in every way for a baseball town."

The fans think and rightly, too, that the break that occurred between the east and the west was the best thing that could have happened for the teams in the western end. The westerners thought that anyway, and the \$1,000 offered was just so much velvet for the starting of the new league, that is destined to outshine the O. P. as it now stands, in many ways.

The eastern papers are congratulating their one time circuit mates upon securing as president of the league as thorough a base ball man as Bobby Quinn is. He is known all over the country as one of the best informed base ball men in the United States.

Some questions have been asked for information regarding the new towns in the league.

Lima is a city of 25,445 people, and is the center of the Ohio oil field. There are about 3,000 wells and a refinery in the vicinity. It is on the C. & D., Lake Erie & Western, Detroit Southern, Pennsylvania, and Columbus, Lima and Milwaukee railroads. The manufacturing are varied and include railroad shops, boiler, straw-board, egg crates, nitroglycerine, car and engine works.

Springfield has a population of 40,161, and is on the Big Four, Erie, Pennsylvania and Detroit Southern railroads. It is in a large agricultural region and there is a large tannery located in the city. It is the center of many manufacturing industries.

Richmond has a population of 18,712. It is on the Grand Rapids & Indiana, Pennsylvania and C. C. & L. railroads. The manufacturing include threshing machines, boilers, machinery, pianos, furniture and undertakers.
