

NEW CASTLE WILL MEET CITY TEAM

Aggregation Which Jumped From Indianapolis to Play On the Local Floor.

TWO CITY LEAGUE GAMES.

AMATEURS WILL MIX IT UP TO NIGHT AND BOTH CONTESTS ARE EXPECTED TO BE OF THE SENSATIONAL TYPE.

Friday night the Richmond and New Castle teams will play at the coliseum and the most interesting game of the season is anticipated. New Castle recently signed the entire Indianapolis team, much to Manager Cohen's disgust, and this outfit can measure up to almost any team in the state. The two teams will lineup as follows:

Richmond: First Rush, Samuels, Barker, Second Rush, Frost, Parry, Center, H. Kenworthy, Williams, Half Back, C. Kenworthy, Alexander, Goal, Campfield.

The game will be called promptly at eight o'clock. New Castle is polo crazy and it is probable that there will be a good sized delegation of rooters from the Flower City at the Coliseum Friday night.

City League Games.

This evening two city league games will be played at the coliseum and it is expected that there will be a large crowd in attendance. The first game will be between the Greeks and the Emperors. The second game will be between the Crescents and Realviews. The first city league game was played last week when the Kibbeys defeated the Harrison in an exciting contest by a score of 3 to 0.

WOMAN SHOT MAN FIVE TIMES

After Killing Him, She Then Shot Herself.

New York, Jan. 22.—Frank Brady, an advertising man, was shot five times and instantly killed in a restaurant in Macey's department store today at noon by Mae Roberts Clarke, of West 133rd street. The woman fired three shots into her own head and died at the hospital later. The shooting created a panic. The woman shot Brady in the back while he was seated at a table. She pulled a second gun from her muff and killed herself. A third loaded revolver was found in her handbag. No motive for the tragedy is known at present.

DEATHS AND FUNERALS.

HARRIS—Winston E. Harris of Williamsburg, Ind., died Monday at ten o'clock. He was an uncle of J. S. Harris of South Thirteenth street. The late Mr. Harris was an old pioneer, being about eighty-nine years of age. He was buried today at 1:30 o'clock. Interment at Mt. Zion cemetery at Williamsburg.

KETNER—The funeral of Carolyn Ketner was held this morning. A short service was held at the home, 100 North Sixth street at 9 o'clock and the funeral cortege about ten o'clock went to the Christian church in Abington, where further services were held by Rev. J. A. Campbell of Richmond. The interment was in the Abington cemetery.

JACKSON—Mrs. Mollie Jackson, wife of Joseph Jackson died Monday at the family residence, 27 North Eleventh street after a long illness. The funeral was held Tuesday, leaving the house at 12 o'clock and arriving at Whitewater, where the services were held at the Christian church at two o'clock. Interment was in Whitewater cemetery.

LANDWER—The funeral of Anthony Landwer was held yesterday from the parlors of Doan and Klute. Interment was in Earlham cemetery.

Plants That Poison One Another.

It is a matter of common observation that grass does not grow so well close to trees as in the open. The same is true of grains. Experiments in England and in this country have shown that the deleterious effects of the near neighborhood of grass and trees are mutual. The tree suffers as well as the grass and grain. This is especially true of fruit trees. The cause is ascribed to the excretions by the trees, on the one hand, of substances poisonous to the grass and by the grass; on the other hand, of substances poisonous to the trees. It thus appears that the failure of grass to grow well near trees should not be ascribed to too much shade nor to the exhaustion by the tree roots of the food supply needed by the grass.—Exchange.

EARLHAM EXPECTS TO BEAT DEPAUW

Basket Ball Squad Is Practicing Diligently Preparatory To Friday's Game.

GRIP INTERFERES IN WORK.

SEVERAL OF THE PLAYERS HAVE BEEN OUT, HAVING BEEN ATTACKED BY THE AILMENT—SWAIN HURT.

The Earlham basketball squad have been going through the hardest kind of practice preparatory to its battle with DePauw at Greencastle on next Friday night. Although Coach Vail is suffering from an acute attack of the grip, he has been out to the practice games every evening and is rounding the team into even better shape than that which it displayed in the game with Miami last Friday. The work is improving and all of the members of the team have been practicing at goal throwing until all have become quite proficient. In the game with the Kibbeys on Tuesday night Swain received a badly sprained ankle and this accident along with the grip which is very prevalent in the school at this time will cause a shift of the men on the different teams.

COLLEGE STUDENTS TO BE MARRIED

It Was Case of Love at First Sight When Quaker Students Met.

A WEDDING THIS MONTH.

IT WILL TAKE PLACE AT THE HOME OF THE BRIDE, MISS HORACE MARSHALL, IN MARTINSVILLE.

Invitations for the wedding of Miss Horace Marshall of Martinsville, Ind., and Mr. Lester Moorman of Winchester, Ind., have been received by several of the students at Earlham college. Mr. Moorman and Miss Marshall were students at Earlham last year never having met before that time. It was a case of love at first sight and the formal announcement of their engagement was made at a house party given by Miss Marshall last August. The wedding will take place at the home of the bride's parents in Martinsville, Jan. 29.

Is The Stomach Dispensable?

An operation for the removal of the stomach in a Chicago hospital recently, promoted discussion among the surgeons, whether the stomach could be removed, and the patient be none the worse for it. Before the discussion had well got out, the patient had died. It demonstrated a could not live without his stomach. To keep the stomach in good condition, and cure constipation, indigestion, etc., use the great herb laxative compound, Dr. Caldwell's Syrup Pepsin. It is sold at all druggists and is a bottle.

A NEW PICTURE OF H. H. ROGERS.

It is the habit of the American people to consider John D. Rockefeller the head and front of the Standard Oil monopoly, but H. H. Rogers, it is understood, is the real power now active in the management of the enormous trust. This is a new picture of Mr. Rogers. He is vice president of the Standard Oil company. Fairhaven, Mass., likes Mr. Rogers more than the general reading public likes him, because that is his native town, and he has presented to it many gifts, such as a town hall, a public library and a school building.

BOWLERS OF RICHMOND NOW MAKING PREPARATIONS FOR A TOURNAMENT

Prizes Will Be Awarded to the Men Making the Best Scores Of the Series of Games—Eaton, Ohio Was Defeated by The Hunts in Game Last Night.

The superior bowling of the Hunts in a game against an Eaton, O. team last evening, eliminated all spirit of contest. Four games were played and the Hunts won all with ease. The Eaton team was handicapped by the difference between the length of alleys here and the ones to which it was ac-

customed at Eaton. The Hunts totaled 569 pins more than Eaton.

Arrangements are being made for a two-man tournament among local bowlers. It is proposed that the bowlers be divided into two classes. The persons in the first class, which will be composed of the better bowlers, will draw by chance for a partner from the ranks of the second class. It was thought better to do this than to try to handicap the players. An entrance fee of fifty cents will be charged and the money divided into prizes for the winners.

THAW PROVIDED THOUSANDS FOR WHITE'S VICTIMS

(Continued From Page One.)

should say of her life in Monte Carlo, the Italian Lakes, Rome and on the Riviera. It is no wonder that Jerome despaired. She was letter perfect.

Thaw is Same Now.

Whatever Thaw may have been when he shot Stanford White, it is evident that he is same now—same and afraid and sorely beset by thoughts of a life imprisonment among ordinary maniacs who have no money and no friends.

And when his wife would hesitate in her answers Thaw would shake his head and nod vigorously in the effort to guide her along the proper defensive path. Once or twice the jurymen saw him, and in the end his foolish efforts may tell against him.

Evelyn Thaw did not need his coaching. She is smarter, keener, brighter in every way in this dire emergency than her husband. Throughout her cross-examination she showed a coolness born of an awful experience.

It is strange that most of the morbid women who hang about the corridors and street corners to catch a glimpse of Evelyn Thaw hate her, feminine fashion, for the wrongs she has suffered and the life she has led.

Young and pretty and buried into the glare of the white lights in her early teens, according to woman's merciless philosophy, she should still have been temptation proof, joined a nunnery, been a scullery maid, burned her face, anything to prevent her from being attractive to men.

But Evelyn Thaw's chief crime, according to feminine ethics, was in tell-

ing her story. Along Broadway there are a thousand women who have done what Evelyn Thaw did, who are flaunting behind the veils of propriety. Stand forth, oh, daughters of Eve, and be sworn!

Different Kind of Fire.

A young fellow was noticed the other day gazing lovingly at a letter as he stood on the street corner. After fondling it for a moment, he went up to a fire alarm box and tried to get it inside. A passerby who had been watching him, however, intervened. "I know your heart's on fire," he observed, "but I think you had better use the box at the next corner." — San Francisco Argonaut.

A Curious Church. The most singular church in the world is probably St. John's, at Davos Platz, in Switzerland. Davos Platz is over 5,000 feet above sea level and is famous as a winter resort for convalescents on account of its great purity of air and protection from high winds. St. John's church is a very small building, but nevertheless it has two steeples. One of these is much larger than the other, towering high above the church and presenting a most singular appearance, being twisted after the manner of a corkscrew. The steeples contain some fine chimes, which in ancient times were used to sound the alarm when there was a threatened invasion of wild animals.

Methodist ministers in the United States are today preaching in more languages, it is said, than there were used after the miracle of the Pentecost.
