

## COHENIZED TEAM FROM NEW CASTLE IS BADLY BEATEN

Richmond Played "Ring-Around-a-Rosy" With the Henry County Outfit in Second and Third Periods.

## TWO QUIGLEYS WERE THE SHINING LIGHTS.

The Little Rushes Carried the Pellet at Will and Scores Were Piled Up One After Another.

About six hundred people saw Richmond easily defeat the Cohenized New Castle team last evening at the Coliseum—score 9 to 4. At the kickoff the game was fast. Sampsel the star rush of the visiting aggregation, was unable to play on account of illness and in his place was a local amateur who went under the stage name of "Wickerson." He and Frost, Sampsel's rush mate, got in some fast work in the first period and kept the big blue-clad Quakers continually in hot water. The period ended with the score 1 to 0 in New Castle's favor.

In the second period Barker was withdrawn from the local rush line and the Quakers presented the old Fairview rushes, Louis and Oscar "Sox" Quigley. It was a treat to see the two fast lads work. "Sox" would get a mortgage on the ball, chase it around the arena, shove it over to brother Louis—well, he would do the rest. Louis only made five goals in the second period. The local amateur working for the visitors, made their only tally in this period. He proved to be the bright particular star of the New Castle outfit. In the third period Richmond made four more goals by pretty team work. Frost and Wickerson counted for New Castle. Lineups and summary:

## DEBTORS WILL BE PUT ON BLACK LIST

Rushville Business Men Want Protection.

About seventy-five business men of Rushville have completed an organization which will be known as the Business Men's and Merchants' Protective association which was effected for the purpose of protecting themselves against bad accounts.

A "Black List" will be prepared of parties who have repeatedly been asked to settle their accounts and have shown no disposition to do so. Each merchant will be furnished with such names, and it will be a violation with penalty to sell such persons goods on credit.

The black list will be in force in the next week, thus offering an opportunity to those knowing themselves to be indebted to the business men to liquidate such indebtedness. The movement was started to throw the red flag into the faces of all chronic "dead-beats" and call a halt on their incurring accounts, which the cash purchaser has to stand in the "profit and loss" column.

## Affairs of the Sporting World

Next Thursday evening the Richmond champs will play at New Castle. The manager of the New Castle polo team stated last evening that the Flower City fans will pack the rink that night, owing to the general interest in the famous Quaker five.

If you attend a game at the Coliseum be careful not to wander out of the house between periods. For some odd reason no pass out checks are given and to get back it will cost you another price of admission.

The Indianapolis five, transplanted in New Castle, does not give general satisfaction to the New Castle management. Richmond talent may be imported.

President Murphy, of the Cubs informs the Brooklyn press there is no truth in the report that Jimmy Sheppard will go back to the Superbas this year. He expects to keep the team intact for 1908.

President Hedges, of St. Louis, contemplates enlarging his grounds. He figures on accommodating 30,000.

Manager Murray of the Philadelphia Nationals, expects to take 14 pitchers

south for the spring try-out. Eight of the bunch are slated for the can before the real coming of the good old summer time.

President Dovey of the Boston Nationals, does not expect to take more than 20 players south for spring training. Practically all of his men are of known quality and there will be but little experimenting.

Manager McGraw, of the New York Giants, gives Al Bridwell, his new shortstop, credit of having the best throwing arm in the National league. He also promises to cure Brid of the habit of fighting ground hits.

Clement, the outfielder secured by Philadelphia from the Eastern league, batted .284 last season. This is the man who won the base-creeping contest in the Bowling Day field events at Cincinnati last September.

Irving Wilhelm, a one-time Pirate, is trying to have the National commission grant him unconditional release. He was drafted by Brooklyn from Birmingham, but does not want to enter the big league again. He claims that two years ago he signed a contract which provided for his unconditional release last fall.

## "WRINKLES, AND HOW TO REMOVE THEM"

This Will Be the Subject of a Lecture.

"Wrinkles, and How to Remove Them" is the subject of a humorous lecture to be given by the Rev. Hugo G. Schmidt at the Pythian temple on Tuesday evening, Jan. 28. The lecture is under the auspices of the Trinity Lutheran church.

Rev. Schmidt is a graduate of Capital University of Columbus, O., and for several years he has been pastor of the Lutheran church at Middletown. He is an eloquent speaker, having gained National reputation as a forceful humorous lecturer and is recognized by the leading Locomotive Bureau of the United States. The church is exceedingly fortunate in securing him to give this lecture and a large sale of seats is already reported.

## THE FIRST SYNDICATE.

How the French Word Was Americanized Amid Much Jest.

Throughout the European negotiations in reference to the Northern Pacific railroad an interesting French word recurred again and again—namely, "syndicat"—which Jay Cooke and his partners soon converted into an English word, syndicate. The newspaper reporters picked it under their tongues. It was a find for punsters and versifiers. The New York Tribune received these lines from one of its waggish contributors:

Pray what is a syndicate  
Intended to indicate?  
Is questioned abroad and at home.  
Say, is it a corner  
Where Jay Cooke & Horner  
Can pull out a very big plum?

In congress the word was under examination. Some of "Sunset" Cox's constituents had written him, that member declared, to ask if it were in any way related to the Kuklux. "A scholar learned in philology," he continued amid laughter, "says it comes from the original Chinese and is pronounced 'Ah Shidecat,' from a well known player of cards called the 'beaten chinee.' A revenue reformer writes me that it is an animal peculiar to Pennsylvania, with a head of iron, eyes of nickel, legs of copper and a heart of stone. It consumes every green thing outside its own state." Cox went to Sir John Mandeville's "Travels in Far Cathay" and there found an account of a "strange animal of the lizard kind. He was known in ancient books as a chameleon. When the sun did shine, he took various colors. Sometimes it wore a golden hue and sometimes had a green back. I caught him by means of a steel mirror, which so bedazzled his eye that he was easily caught. I bring him home as a strange beast. It is called by the natives a scindicat."

## BLOOD IS WOMAN'S FORTUNE IT IS SAID

She Prepares to Establish a Claim to Millions.

Greenfield, Ind., Jan. 25.—Mrs. Retta Curry of this city, daughter of George Knox, the colored barber of Indianapolis, is prepared to establish her claim as being one of the numerous heirs to an estate of \$40,000,000 through the Cherokee Indian blood.

A few years ago the "Cherokee strip" was opened to settlement, the Government purchasing the land from the tribe. The money was placed in trust and has been drawing interest, awaiting its division among the Cherokee heirs.

Mr. Knox of Indianapolis, who formerly lived in this city, said that he was related to the Cherokees and has now established his claim. Mrs. Curry today received papers to sign that will prove her relationship, it is said. Mrs. Curry is the best known colored woman in Hancock county. She is a talented musician and hair dresser and manicurist. She conducts the only establishment of this kind in Greenfield. Mrs. Curry also has a son and daughter who are musicians.

## WEDDING PRESENTS TO BE GUARDED

Detectives Employed to Prevent Theft.

New York, Jan. 25.—Pinkerton detectives were engaged today to guard the Vanderbilt mansion for the wedding of Miss Gladys Vanderbilt and Count Szechenyi, which will take place next Monday.

The wedding presents will be exhibited, but it is not believed that a list will be given out. It is estimated that the value of these gifts will approximate at least \$1,000,000. The party which came from the count's home in Hungary to attend the nuptials, yesterday went to Niagara Falls to spend the week-end. Alfred Gwynne Vanderbilt lent the nobleman his private car, Wayfarer.

## Which of Them?

A certain two men are possessed of exactly \$10,000. One buys a modest house for \$4,000, a modest business for \$3,000 and salts the remainder of his money away against a rainy day. The other puts his entire \$10,000 into a motor car and thereby acquires such credit that he can have a house worth \$50,000 and become a partner in a business paying \$100,000 a year.

Preceding the Richmond-New Castle game last night at the coliseum the Kibbey and Empire teams played an exciting game, which resulted in a 3 to 2 victory for the cravat clerks. The game was well played by both teams and was much more exciting than the professional game. Henley and Bayer for the Kibbeys worked together splendidly and Lancaster at goal for the same team put up an excellent defense. Another feature of the game was the work of Vic Newman, half back for the haberdashers. Newman is about an eighth of an inch smaller than the next second, but that handicap did not prevent him from roughing it up with the big Empire rushes.

The stories also gave a good account of themselves. Clark and Sauters on the rush line for this team did splendid work and would probably have pulled out a victory for their team but for the fast work of Lancaster, the Kibbey goal tend. Lineups and summary:

There was a big crowd witnessed the sport and quite an interest was manifested by those present. Lon Edwards, one of the noted wing shots of Eastern Indiana, made the highest score.

## A JAPANESE DINNER.

Plenty of Variety, but Too Much Salt For American Palates.

"I am afraid you won't like it," said the young Japanese baron. "You insisted, though, on a real Japanese dinner. So what was I to do?"

They seated themselves, the three girls and he, upon the green silk cushions placed on a parquetry floor about a little table a foot high. A Japanese servant entered with the tea, and the Japanese dinner began.

For first course there were sweet fish and tea—delicate tea of the April harvest, "first chop" tea, formerly served with cherry spoons and a poem for each guest.

Next came ushio, a salty soup, with which the national wine, called sake, was served in flat saucers.

The third course was a little raw fish, very salty and steeped in a sour and appetizing sauce. The guests, contrary to their expectation, found the raw fish no more difficult to eat than raw oysters. With this course went a salad of white chrysanthemums.

The elaborate fourth course consisted of boiled chestnuts and a paste of shunks' fins, quail roasted and lashed with preserved cherries and crawfish with eggs. These viands were all arranged decoratively on one large dish.

The fifth course, also on one dish, was boiled bamboo shoots with soy, salted mushrooms and a cold boiled salmon and cold boiled perch, with pickled shoots of the ginger plant.

Next came a soup of seaweed, bitter, salty, decidedly good; next an assortment of nuts boiled in soy; next salt relishes; next delicious boiled rice, the grains as large as cherries, and, to conclude, tea again.

The young girls as they rose from their low cushions and lipped about in the effort to get the stiffness out of their legs said that the Japanese dinner had been very good, really much better than they had counted on, but perhaps a little too salty for occidental taste.—Exchange.

## A Shower Wedding.

"And you say when the heiress became the wife of the foreign nobleman it was a shower wedding?" "I should say so. The bride wore a shower bouquet." "Yes." "And then there was a shower of rice." "My?" "Followed by a shower of congratulations and old shoes." "Well, well! And how did it end up?" "Very embarrassing all round. The nobleman's creditors came around and presented a shower of bills."—Kansas City Independent.

## FAIR CIRCUIT IS MOST PROSPEROUS

Eastern Indiana Dates Have Been Arranged.

One of the prosperous fair circuits of Indiana is the Eastern Indiana Fair circuit, which includes Hagerstown, Middletown, New Castle, Muncie, Fairmount, Portland, Anderson and Montpelier. It is believed by the officials of the circuit that the outlook for the season of 1908 is very promising and they will plan to make the racing events and the accompanying fair displays the best in the history of the various associations. W. L. Risk, of New Castle, is president of the circuit and F. A. Wisheart, of Middletown, is secretary. Dates selected for this season are as follows:

Hagerstown, July 28-31.  
Middletown, Aug. 3-7.  
New Castle, Aug. 10-14.  
Fairmount, Aug. 10-14.  
Muncie, Aug. 17-21.  
Montpelier, Aug. 24-28.  
Anderson, Aug. 31-Sept. 4.  
Portland, Sept. 1-5.  
Dates for the Indiana state fair this year are announced as Sept. 7-11. The event is brought earlier than usual in hope of missing the bad weather that frequently has interfered with the racing programs. Purse, stakes and premiums at the state fair will also be more attractive this year than ever before.
