### THE VALUE OF CHARCOAL.

Few People Know How Useful It Is in Preserving Health and Beauty. Cost Nothing To Try.

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose.

Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system.

Charcoal sweetens the breath after smoking, drinking or after eating onions and other odorous vegetables.

Charcoal effectively clears and improves the complexion, it whitens the teeth and further acts as a natural and eminent safe cathartic.

It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and throat from the poison of catarrh.

All druggists sell charcoal in one form or another, but probably the best charcoal and the most for the money is in Stuart's Charcoal Lozenges; they are composed of the finest powdered Willow charcoal, and other harmless antiseptics in tablet form or rather in the form of large pleasant tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will soon tell in a much improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it is that no possible harm can result from their continued use, but on the contrary, great benefit.

A Buffalo physician, in speaking of the benefits of charcoal, says: "I advise Stuart's Charcoal Lozenges to all patients suffering from gas in the stomach and bowels, and to clear the complexion and purify the breath, mouth and throat; I also believe the liver is greatly benefited by the daily use of them; they cost but twenty-five cents a box at drug stores, and although in some sense a patent preparation, yet I believe I get more and better charcoal in Stuart's Charcoal Lozenges than in any of the ordinary charcoal tablets."

At all social affairs of note this year candleabra and small candle holders are being used extensively. The shades for the candle are tinted to blend with the decorations and the effect is good. The wire frames used for the shades can be bought very reasonably. Then with crepe paper, paints and a brush a beautiful shade can be made. It is advisable to cover the frame with strips of muslin, then make a pattern of paper or batik and fit it on before the original shade is made. Many beautiful shades are made of cloth embroidered in most any color desired. A charming little shade for an afternoon tea or dinner party is one made of ribbon and embroidered. Small roses made of delicate pink ribbon with green ribbon for leaves completes the design. French knots may be used to finish the centers and if desired a pink silk ribbon will finish both edges although this is not altogether necessary. A very attractive shade for winter is one lined with red crepe paper having red poppies painted or embroidered on the outside.

Fans are very good this year, being carried to elaborate dress affairs such as fancy dress balls, parties and the like. For a time it seemed as if the custom had died out, so little have fans been carried the past year. But this year no woman would go to a dress affair without a handsome fan. Perhaps the most popular one is the tiny one made of gauze, heavily embroidered and fastened upon a mother of pearl necklace. A Spanish woman carries a fan almost from infancy and by this means she conveys every impression of pain, joy or coquetry and is able to carry on a whole conversation without saying a word. Many women of society are now collecting antique fans. The long-ago fans of the Watteau period, which have an aperture through which the owner can look, are much sought after. Bonner, Watteau and Greuze painters during the reign of Louis XV, painted the most elegant fans. Today the modern hand painted fan is much prized.

Mrs. Laura R. Bates and daughter Miss Virginia of Liberty, have returned home, having been the guests of Horace Ratliff and family, west of the city for a few days.

## DEMONSTRATION AS MAN WAS ACQUITTED

Andrew Detsch, Who Killed Wife's Lover Is Now a Free Man.

### PLEA OF BURGLAR WINS.

CIRCUMSTANCES SURROUNDING THE KILLING WERE SENSATIONAL AND THE CASE CREATED MUCH INTEREST.

Philadelphia, Pa., Jan. 25.—After a trial of three days Andrew Jackson Detsch, charged with murdering Harry Ferree in a boarding house in this city last November, was acquitted late yesterday afternoon. The jury was out nearly three hours. The announcement of the verdict caused an enthusiastic demonstration in the court room.

The killing of Ferree was sensational and owing to the peculiar circumstances the case created great interest. Detsch claimed he killed Ferree in mistake for a burglar and the jury took this view of the case. Detsch, who is 23 years old, lived with his young wife and child in an up town boarding house. On the night of Nov. 5 police men heard shots and traced them to the house. They forced an entrance and on the third floor hallway in front of the door of the Detsch apartments, they found Ferree dead with three bullets in his body.

He was in his stocking feet. Ferree was about 50 years old and had occupied a room on the second floor. Detsch declared that he had heard some one trying to get in the room, and thinking it was a burglar, shot four times through the door. The police were inclined to accept this explanation, but in searching the effects of Ferree they found many letters that had passed between Ferree and Mrs. Detsch and a number of suggestive photographs. The police then charged Detsch with having deliberately killed Ferree. They contended that Detsch learned of alleged misconduct between his wife and Ferree and that Detsch caused his wife to lure Ferree to her room and that Detsch fired the shots when he heard Ferree place his hand on the doorknob. Detsch maintained during the trial that he did not know the man outside the door was Ferree and that he thought he was shooting a burglar.

### DODGES THE ORDINANCE.

While Deutcher Militair Verein Is Prematurely Observing The Event Tonight, There Will Be One Soldier Absent.

PETER SCHATTEN SAYS  
HE IS NOW A YANKEE.

He Fought in the Prussian War—Deutche Verein Will Number More Than Forty Members.

Peter Schattel, a veteran of the War of 1866, waged by Prussia against the South German states and Austria, states that he will not identify himself with the Deutcher Militair Verein, a local organization of ex-members of the German army.

This society, which held its first meeting December 15 last, will tonight prematurely celebrate the birthday of Emperor William, which event is next Monday, but Schattel will not be there.

"Are you going to join the Military Verein, Mr. Schattel?" admiringly asked a reporter this morning. He did not anticipate the result of this innocent question.

"No sir I am not going to join the Verein" emphatically replied the veteran of the War of '66. "I am an American citizen now and I owe no allegiance to Kaiser Wilhelm. Why should I go to that meeting of the Verein tonight, smoke cigars and do other things, then yell at the top of my lungs 'Heil Kaiser'?"

Schattel stated that he served the Fatherland faithfully when a German subject but now he is a Yankee, the Emperor of Germany is absolutely nothing to him.

The Deutcher Militair Verein will soon have forty five members. Nearly all of them are naturalized American citizens, but they still have a warm spot in their hearts for the Fatherland and tonight at the old house, South Sixth and E streets, good old German war songs will roll out of the ancient building with the pipe and organ, smoke and the Kaiser's health will be drunk by the ex-warriors in toasty draughts of old nut brown.

The annual roll call meeting of the Whitewater Lodge of Odd Fellows was held last evening at the lodge rooms. There were about 250 members, wives and friends from about forty out of town lodges who had come. An excellent program was rendered and addresses were given by Richard Hollingshead of Indianapolis, past grand master; Thomas Jessup, George Bishop and others.
