

NIGHT RIDERS SHOOT UP HOTEL

Then Seize Guest and Threat-
en Ducking Unless He
Makes Promise.

CAPITULATE TO THE CLAN.

JOHN HEATH SAID HE WOULD
SELL NO MORE TOBACCO—RID-
ERS STRANGELY DISAPPEARED
AFTER THE RAID.

Lawson Springs, Ky., Jan. 25.—A band of 50 masked night riders, late at night, took possession of the Arcadia hotel here and after terrifying the guests by "shooting up" the place, took John Heath, an independent tobacco buyer, who was a guest, to a river nearby and, upon threats of a "ducking," made him promise not to sell any more tobacco. The riders first tried to force the night clerk to show them to Mr. Heath's room, but this he declined to do. The men then scattered to all parts of the hotel, shooting as they went. The guests terrified by the shooting rushed from their rooms into the halls only to be frightened back. Mr. Heath was recognized by the night riders as soon as he appeared. He was quickly seized and, although dressed only in his night shirt, was put on a horse and taken to the river, about a mile away, where, after threats of being whipped and thrown into the river, he was forced to promise that he would not sell any more tobacco. He finally found his way back to the hotel and the masked raiders disappeared.

Wealthy Man Threatened.
Denver, Colo., Jan. 25.—Edward Chase, one of the wealthiest men in Denver, received in his mail Thursday a letter from the "Black Hand," demanding that he deliver the sum of \$15,000 to a man who would meet him at the corner of Fifteenth and Blake streets, and who would make himself known to Chase by taking off his hat and holding it against his left breast. At the appointed hour Chief of Police Delaney and several detectives secreted themselves in the vicinity of Fifteenth and Blake streets, but the mysterious author of the letter did not appear. In a note Chase was notified that refusal to comply with instructions meant certain death.

Berea Confirms Gift Story.
Lexington, Ky., Jan. 25.—From Berea college comes not only confirmation of Andrew Carnegie's gift of \$200,000, but a statement of plans. The sum was given by Mr. Carnegie with a proviso that, with a like amount to be raised by the college, the whole will be used to establish a great industrial school, similar to those at Hampton and Tuskegee, in Kentucky, somewhere between Lexington and Louisville. The exact place has not yet been decided. Both cities are said to be after the location. Part of the second \$200,000 has been already raised by Berea, and the campaign will be vigorously prosecuted.

Gold Seekers Meet Disaster.
San Francisco, Jan. 25.—More disaster has attended the efforts of C. R. Johnson of Boston to recover the gold lost on the beach at Manzanillo, Mexico, in 1862, by the burning of the old Pacific Mail sidewheel steamer Golden Gate. A letter received here states that two men were drowned and one killed by a blow from a large timber during a storm at Manzanillo some days ago. In the same storm a gasoline launch that had been sent down from this city by Johnson to assist in the operations was sunk.

Harvester Trust Indicted.
Frankfort, Ky., Jan. 25.—The Franklin county grand jury returned an indictment against the International Harvester company of Milwaukee, charging that said company had combined with the McCormick, Champion, Deering and Osborne companies to regulate and control the prices on mowers, reapers, binders and other harvesting machinery. The fine for such an offense under the Kentucky anti-trust statute is from \$1,000 to \$5,000 for each offense.

Bankers Plan Home-Coming.
Lexington, Ky., Jan. 25.—One of the most novel home-comings ever planned will be that of native sons of Owen county, who are Bankers all over the country, who are to hold a big reunion at Owenton. Several hundred men of that county are Bankers all over the United States. Owen being the leading country community with that feature in America. Details are in charge of J. W. Turner of Mount Vernon, Ind., formerly of Owen county, Ky.

Six Deserters Captured.
Rio Janeiro, Jan. 25.—The police of this city have gathered up six sailors from the American battleships under Rear Admiral Evans that had either deserted or failed to return on board before their vessels sailed from here three days ago. They will be sent after the fleet on a collier.

Baron Bode Gets Job.
St. Petersburg, Jan. 25.—The appointment of Lieutenant Baron Bode, as military attaché at Washington in succession to Colonel Raspopoff, has been gazetted.

Snowstorm Is Expensive.
New York, Jan. 25.—That it will cost \$100,000 to clean the streets of New York of the snow which fell in the storm of Thursday night is the estimate of the snow removal bureau.

The success of Paderewski's seventh tour in America shows no diminution since he left for the west. Since leaving Boston on January 2 in his private car, the Magnat, he has played in Akron and Cincinnati, O.; Evansville, Ind.; St. Louis, Chicago, Minneapolis, St. Paul and Minneapolis. Increased receipts over his last tour seem to be the rule everywhere and he has far surpassed the record made in a corresponding number of concerts three years ago. If it be true as some would have it that his enormous business is due to curiosity on the part of the public to see him he is unique in the history of music for there is hardly a person in this country who cares for music that has not seen him and if the plea be true the curiosity of the musical public must be insatiable. Happily it is impossible to convict the American public of such folly as that. Paderewski makes his tremendous appeal to the public through his marvelous art which never has been so perfect as it is this year. It is Paderewski the pianist, who is filling the concert halls today. His personality except so far as it affects his art, has little to do with it.

News of the T. P. A.

Don't forget to pay your semi-annual dues. We had only a few delinquents and we don't want to lose a member.

We note the following in the T. P. A. Magazine:

Mr. Horace Starr, ex-National president of this association, was a recent visitor to National headquarters, where he came to pay his respects to all present while passing through the city. It seems as if Horace grows younger every day, his eyes seem brighter than ever. Horace Starr's good work while president of this association has so brought the name of Starr into the hearts and minds of the members of this association that we know that all will be glad to have his name kept green. May he live long!

The report of the National secretary and treasurer of December 1, shows \$185,961 in the national treasury. The total membership is 36,536 with Indiana a total of 5,982, and too bad Missouri, \$5,980. Well its up to Indiana to get to hustling. There was paid out for indemnity in November \$22,125.74.

Rue Barton, Frank Wehrley and Clarence Finney were in Indianapolis Thursday attending a meeting of confederates. A banquet was held at night and it is reported that it was awful the way this trio ate all on the bill of fare and "battered" for money. They also say that Frank Wehrley's toast was an oratorical jewel and made Chauncey Depew's best efforts look like a joke.

H. M. Kramer, who has been in Memphis for several months looking after the lumber interests of the C. and W. Kramer Co., has returned home.

Where is our membership committee? It is a good time to get busy now. T. P. A. affairs usually get very healthy before convention time.

A clause in our constitution says: New members shall be voted on by the last of post membership. We no longer have some T. P. A.'s in Richmond who are not members of Post.

MARRIED AFTER HAVING WAITED FORTY YEARS FOR EACH OTHER

Stamford, Conn., Jan. 25.—Jeremiah O'Meara, 70 year old, and Helen Naughton, 65, were married here yesterday afternoon after a wait of forty years. They were sweethearts when the civil war broke out and O'Meara enlisted. When the war was over he returned, but could find no trace of the girl he left behind. She believed that he had been killed, but was not able to confirm the belief. Neither ever married and it was only a short time ago that they found each other after forty years waiting.

WOMEN DEVOTED TO ALL UNIONISM

Walk Many Miles Rather Than Ride in Street Cars.

Muncie, Ind., Jan. 25.—It was confidently believed that on the advent of severe cold and stormy weather the city street cars against which labor unions and a number of other organizations have declared a boycott, would again be patronized as of old, but such is not the case.

"And, regardless of the rights and wrongs of the controversy," says a citizen, "devotion of sympathizers with the strikers is in many instances, to their credit." Muncie is a city of so great size that it is necessary for a large percentage of its people to use street cars or other means of conveyance if they desire to travel about with celerity and not impose hardships on themselves. Yet trail women who live in the remote parts of Whitley, Avondale, Industry, Congerville, Heskin Park, and Normal city, suburbs, walk all the way to the business section to shop and return foot, the journey amounting to four and sometimes to six miles before they reach home.

Took a Sham Ballot.
Frankfort, Ky., Jan. 25.—To avoid any possible irregularity and to prevent the invalidation of former ballots in the senatorial race, Speaker Gooch called the joint assembly to order at noon and took a sort of sham ballot. Only 12 members were present and 12 of these voted for Beckham and one for Bradley. Gooch declared no quorum present and no one elected.

Frankfort, Ky., Jan. 25.—At a meeting of the bowling clubs the Louisville delegates to the American Bowling congress were instructed to vote for Garry Hermann of Cincinnati for president.

Jefferson City, Mo., Jan. 25.—Gov. Joseph W. Folk today gave out an announcement of his candidacy for the United States senatorship to succeed W. J. Stone. In his announcement, Gov. Folk says in part:

"If I can be of service to the party and those who believe in the ideas I have been advocating by allowing my name to be considered for U. S. Senator, I shall do so. I shall continue to fight in official position if the people desire; if they release me from further official duties, I shall fight on in private life for the principles I have battled for to the best of my ability in public station."
