WOMAN WAS SUICIDE

Coroner Brown of Frankfort, Returns Verdict in Mysterious Dukes Case.

ADmits THERE IS MYSTERY

Frankfort, Ind., January 25.—Coroner G. W. Brown returned a verdict this morning in the case of Mrs. Samuel Dukes, who was found dead a week ago with a bullet through her heart. He says the woman committed suicide, shooting herself with a pistol. Though his verdict was suicide, Coroner Brown said there were mysterious features in connection with the case that he could not explain, but that the testimony of the witnesses went to show that the woman had taken her own life. The fact that she

had threatened to kill herself was a strong factor in the coroner's rendering a verdict of suicide, and the absence of a motive for her murder also strengthened his belief that she had fired the fatal shot herself. Chief of Police G. W. Bird is also confident that Mrs. Dukes took her own life, though admitting there are strange features in connection with the case that can not be solved and which point to a mystery. The fact that the coroner has rendered a verdict of suicide will not prevent prosecution in the future should new testimony showing that Mrs. Dukes was murdered, be brought to light.

NEW GAS WELLS CANDLEMAS DAY

Richmond Company Has Hope Of Discovering a New Pocket.

WILL BRING FIELD NEARER.

The Richmond Natural Gas company will drill a few experimental wells on the farm owned by Moses Helney, two miles south of Hagerstown. The leases have been secured and work will be commenced early next spring. Should gas be found in paying quantities it will bring the producing field twelve to fifteen miles nearer Richmond than at any time in the past.

Chesterfield, in Madison county, furnished the first supply of gas for Richmond, since when there have been wells brought in at New Castle, and various other intermediate points. Hagerstown has had good service with natural gas ever since the fuel was first discovered in Indiana, and it is the belief of the Richmond experts that a pocket will be found in the section immediately south of the limits of the Hagerstown field.

FEEMSTER MAY ENTER THE RACE

Friends Want Him to Be Next Prosecutor.

Alonso Feemster, a Cambridge City attorney, is being influenced by his friends to enter the political race as prosecuting attorney. The conditions of this are rather unusual, inasmuch as the two contestants who have announced their candidacy are not practicing attorneys but school teachers. Very little interest is manifested in the matter by the Wayne county bar.

JAPS ISSUE ORDER

Only Relatives of Men Already In Hawaiian Islands Can Go There.

WILL NOT BE RESCINDED.

Tokio, January 25.—Evidence of the determination of the Japanese government is shown by an official order issued to emigration companies today, wherein all emigration to the Hawaiian islands is absolutely prohibited except in the case of relatives of Japanese already residing there. The order bearing on emigration to the Hawaiian islands has created consternation among the emigration companies who expected to institute a virulent attack upon the foreign office policy in this respect.

Viscount Hayashi, however, is determined not to yield and says that the Japanese government having given a promise will not recede from it regardless of political pressure.

Feast of the Purification Observed February 2, by Catholics.

ORIGIN OF THE OCCASION.

On February 2 is observed in the Catholic church, the Feast of the Purification, in honor of (1) the purification of the Holy Virgin in the temple at Jerusalem and (2) the presentation of Jesus on the same occasion, according to the law of Moses. This feast is called Candlemas, because before the mass of this day the church blesses her candles for the whole year and makes a procession with blessed candles in the hands of the faithful in memory of the divine light with which Christ illuminated the whole church at His presentation when the aged and holy Simeon called Him "a light to the revelation of the Gentiles and the glory of His people Israel." (Luke II, 32.)

At Rome on this day the Pope officiates every year in the chapel of the Quirinal. When he has blessed the candles he distributes them with his own hand among those in the chapel, each of whom, going singly up to him, kneels to receive it. The cardinals go first, then follow bishops, canons, priors, abbots, priests down to the sacristans and lowest officers of the church.

WILL WONDERS NEVER CEASE.

He Was Almost Dead.

When the Root Juice people were in Richmond hundreds of people flocked to A. G. Luken's drug store to see them and get some of the great remedy, and after they left the great sale of the remedy continued because of the many remarkable cures it made. Many names of people living in this locality who were cured by taking a few bottles of Root Juice were published in this paper. The remedy is such a health-promoting agent that it creates great excitement in every city in which it is introduced. Mr. Albert Timlick, of Cantrell, Ill., wrote and said: "For a number of years I suffered with a severe stomach trouble and tried many kinds of medicine, but none did me any good. I was almost dead when I started on my first bottle of Root Juice, but as soon as I took three or four doses I began to feel better. Four bottles of the Juice made a complete cure of my troubles. I now have a good appetite and can eat anything I want. Before I took Root Juice I could not digest the lightest food. It would sour on my stomach and would bloat fearfully. I digest everything I eat now. It has certainly worked wonders for me." Root Juice is a great healing tonic to the stomach, bowels, liver and kidneys. It is sold for \$1 a bottle. Three bottles for \$2.50 at A. G. Luken's drug store.

CUT OWN THROAT

Shirley Doyle Says That He Is Innocent of Charges Against Him.

GIRL IS GROWING WEAKER.

Anderson, Ind., Jan. 25.—Shirley Doyle who is being tried in the circuit court here, on the charge of attempting to kill Miss Lida Scott, swore on the witness stand today that the girl cut her own throat.

In testifying in his own behalf he said that Miss Scott turned a razor on her own neck after slashing him twice just below each ear; that after she had slashed him he held her hands, in which she had the razor, until they were near the home of his brother Martin where he leaped from the buggy, caught the horse by the bridle and was leading it up to his brother's home when he saw Miss Scott lift a shawl or fascinator from her head and neck and cut her own throat.

Miss Scott was unable to be in court today. Dr. Snodgrass said she was very ill and rapidly growing weaker. She suffered more hemorrhages of the throat today and is unable to retain any nourishment.

Guests Leave in a Hurry. Pontiac, Ill., Jan. 25.—Fire destroyed the Central hotel on West Madison street. The building was an old wooden structure. The 100 or more guests barely had time to escape in their night clothes. They left their personal effects and valuables. One woman and a man jumped from the second story and were seriously injured. The fire probably originated from a defective fuse. The loss is \$15,000.

Exhausted

and broken down from overwork and financial troubles a man needs an invigorator and something that will put energy and vitality into him, and he could get in no way that would be as harmless as by drinking a good, pure beer brewed from malt and hops, without adulteration, like the Richmond Export beer. When you want a bracer that will brace, try a glass of pure Richmond Export beer.

The Recent Financial Flurry

demonstrated the great value of a savings account. Many wage earners, with income temporarily cut off, passed through the period without inconvenience as they were able to fall back upon their bank accounts.

Unfortunately, however, numerous others had not fortified themselves in this manner. They are now in debt.

Now that the shops are open again, you should maintain a savings account. Do this, and the next flurry will not find you unprepared.
