HORRORS OF GREAT KENTUCKY FEUD THAT STARTED OVER PIG, DEPICTED BY SON

Marion, O., Jan. 30.—Sitting in the big witness chair in the police court yesterday afternoon, John Hatfield, of Kentucky, son of Captain Hatfield, leader of the famous McCoy-Hatfield feud in Rowan county, Kentucky, 16 years ago, entertained the mayor, the sheriff and the police by telling for the first time his father's side of the feud tragedy. Hatfield asked for a night's lodging, and to be accommodated he had to be arrested on a charge of vagrancy.

"The trouble all arose over a pig," declared Hatfield. "Father had sold McCoy a young shoot. McCoy delayed paying for it. They met at election time and father asked McCoy for the money. McCoy was insulted, and drawing his revolver, fired. The bullet missed its mark and father drew his gun and shot and killed McCoy."

This was the beginning of the great feud which followed.

Hatfield then told the court of the horrible death of his little sister. He said that his sister, aged 8, was gathering daisies along the roadside, when she was seized by the McCoy band. "They bent two sapplings to the ground, and tying a leg to each of them, allowed the sapplings to spring," sobbed the big Kentuckian, who broke down completely when he attempted to describe the condition of his sister when she was found by him several hours after the terrible deed had been committed.

The prisoner said that his father, who had 14 bullets imbedded in his body during the three years of the feud, is dying at Hot Springs, Ark. He is past 80 years old. Hatfield said he had a sister, Mrs. Minnie Connors, residing in Columbus, who had in her possession most of the weapons used by her father during the feud.

BRICKBATS HURLED

Another Outbreak Occurred at Anderson, Ind., Last Night.

A WOMAN WAS INJURED.

Anderson, Ind., Jan. 30.—Almost simultaneously and in different parts of this city, last night, stones were hurled by unknown persons into city and interurban cars of the Indiana Union Traction company. A woman on

an outgoing interurban car was struck in the face by a brickbat that crashed through a car window and also drove a piece of glass into one eye.

A motorman on a city car was hit on the head by a boulder that came out of the darkness into the vestibule of his car. Police were unable to get a clue to the vandals, but supposed they were strike sympathizers. It was four weeks ago today when motormen and conductors of the Amalgamated Association of Street and Electric Railway employees went on a strike and have since been out and promoting a boycott against the traction company lines.

SOLDIERS TO COAST

Mobilization of Troops and Fleet Is For Protection It Is Asserted.

RAILROADS HAVE CONTRACT

Omaha, Neb., Jan. 30.—Added significance to the theory that the sending of Bob Evans' fleet around the Horn to the Pacific coast may not be so much for a mere naval demonstration as for possible protection, was given when it was learned in Omaha for the first time that Uncle Sam is also quietly carrying on plans for the mobilization of troops on the Pacific coast this winter.

So carefully has this matter been guarded by the government that no intimation of it has become public until it was learned in Omaha that the traffic departments of the Burlington and Union Pacific railroads here have been requested to submit bids for the removal of infantry, artillery and cavalry corps from Western points to the coast.

Troops will be sent from Fort Crook, Fort Leavenworth and Fort Russell, Wyo., to Seattle and the Presidio at San Francisco about April 1, according to advices received by the railroad officials.

The entire battery of the Fifth Artillery at Fort Russell will abandon that fort and go to Seattle, while many companies will be sent from Fort Leavenworth to the Presidio.

The army troops will arrive at the Pacific Coast government reservations practically at the same time the fleet under Admiral Evans is due there.

PROFESSOR WANTS AN EARLY HEARING

Charged With Assaulting His Pupil.

Bloomington, Ind., Jan. 30.—Prof. W. O. Bohannon, of Evansville, appeared before Judge Wilson in the circuit court yesterday and requested an immediate trial on the indictment returned against him by the grand jury charging him with criminal assault upon Miss Nettie Northcott, his fifteen-year-old high school pupil. The case was set for the March term of court, and the \$25,000 civil suit filed against him by Miss Northcott will also be tried in March.

BLEW OFF HEAD OF LITTLE SISTER

Children Were Playing "Robber" With Shotgun.

Mayfield, Ky., Jan. 30.—Patrick Crawford, aged 7 years, shot and killed his sister, aged 5 years, at their home near Farmington last night. The children were playing "robber," and the boy, pretending that he heard a noise at the door, seized a shotgun and marched out.

Just as the boy opened the door the little girl marched in and the weapon was accidentally discharged, the lead blowing off her head.

SOFA SOLD BY FOOT

Capitol Grafter Listed Article As Sixteen Feet Long, at \$18.40 Per Foot.

THE TRIAL IS OF INTEREST.

Harrisburg, Pa., Jan. 30.—Sofas and other articles of furniture were introduced by the commonwealth in the trial of the alleged state house furnishing frauds. One of the sofas furnished by Sanderson for the capitol under the "per foot" system was measured and was shown to be six feet long. Sanderson billed the sofa to the state at eighteen feet and it was paid for at the rate of \$18.40 "per foot". The commonwealth is not expected to close its case before Friday.

That Architect Joseph M. Huston means to take care of himself at the expense of his four co-defendants is apparent from the testimony of his brother, the Rev. Samuel C. Huston of Philadelphia, a retired Presbyterian clergyman, who was called as a witness for the commonwealth.

The Rev. Mr. Huston testified that when his brother went to Europe in the spring of 1906 on business for the state he left with him signed blank architect's certificates and a power of attorney. Soon after the architect's departure Contractor John H. Sanderson, one of the defendants, presented a bill supported by an affidavit for which he asked and obtained certification of the architect by the brother's signature. The commonwealth expects to prove that this bill was fraudulent in that Sanderson was given the contract for certain furnishings under one item in the special capitol furnishings schedule and billed these articles to the state under another item, the amount of which is in excess of the item under which he was given the contract.

A FORT WAYNE WOMAN HUNG.

Marvelous Results of a Woman's Plea.

An old lady called on the Root Juice Scientist over at Lafayette, Ind., and said: "I actually hung to the neck of my husband and pleaded with him to try Root Juice. So much was being said about the many remarkable cures the remedy has made that I felt it might do him some good. He had suffered for years with his stomach and kidneys and severe headaches. Every change of the weather his back pained him very much, and of late years the lightest food would ferment in his stomach and bowels and the fermentation of gas would cause him to bloat so that he couldn't button his vest. He tried so many medicines that he lost heart, but I finally persuaded him to take Root Juice. He has used but a little over two bottles and I never saw such a change in a man in my life. He told me this morning that he would not take the best farm in the state for what the wonderful medicine has done for him."

Here in Richmond many people have reported remarkable cures resulting from a short use of the great health-promoting discovery. It gives a good appetite, creates good digestion and seems to heal and tone every organ of the body. Root Juice is \$1 a bottle, or three bottles for \$2.50, at A. G. Luken's drug store. "Use-It" Pain Oil, 25 cents. The Oil is a wonder for pain, soreness and inflammation and should be used freely in connection with the Juice in rheumatic and kidney troubles.

SUPERINTENDENT IS FREED FROM DAMAGES

Did Not Collect Illegal Fees From Teacher.

Bloomington, Ind., Jan. 30.—Harry O. Buzzard, county superintendent of the schools of Monroe county, who has been made the subject of a rigid investigation by the grand jury, was exonerated late last evening by that body. Mr. Buzzard has been accused of extorting fees from applicants for teachers' license.

A number of witnesses were before the grand jury to testify against him. Austin Thompson, who was the instigator of the charges, stated tonight that he will file charges against Mr. Buzzard before the county commissioners to have the office declared vacant. It had been charged that Mr. Buzzard had collected fees of \$2 from the applicants for license when their papers were forwarded to the state superintendent when he should have collected but \$1.

At that time the vessels were in latitude 39 degrees and 11 minutes, south, and longitude 55 degrees and 11 minutes west. RIGHT

Tell If You Know a Good Thing.

When a man finds the true food value of a preparation like Grape-Nuts, it is an error to more than neighborly, to tell it to others.

"I should feel responsible, to a degree," writes an Ohio man, "for much human suffering were I to withhold from others the knowledge of the benefits I have personally derived from the use of Grape-Nuts as an article of food."

"Two years ago I began to feel a general tendency to collapse—had frequent bilious attacks, was troubled with constipation and vertigo, also rush of blood to the head, causing temporary blindness."

"Liver and stomach in bad condition, appetite and sleep became very irregular, memory began to slip away, legs became shaky and I found it necessary to use both hands in drinking from a cup."

"Previous to this time I was in the habit of eating all I wanted of whatever was set before me. When the trouble came, I tried medicine without help, but I gradually grew so weak I had to give up a lucrative government position."

"Whatever I ate disagreed with me, until my wife began feeding me on Grape-Nuts food. At first I ate it sparingly until I found it did not hurt me, then gradually increased the amount as my appetite demanded. For many months I have virtually lived on Grape-Nuts, fruits and Postum."

"The result is gratifying in the extreme. Some of my former difficulties trouble me now. In eating sleeping, action of bowels and kidneys, everything goes like clock work—no dizzy spells, no congestion of brain, no lack of memory, no trembling of limbs."

"I weigh more than for years (I am 62) and enjoy long walks which were formerly impossible. No thanks to medicine, but all thanks to Grape-Nuts and Postum." "There's a Reason."
