

WILL WED POOR GIRL

Son of a Millionaire Will Take
A Cigar Merchant's
Daughter.

FLYING HONEYMOON TRIP.

Chicago, Jan. 31.—"Freddie" Hamilton, of Omaha, son of a millionaire banker and member of the eccentric Hamilton family, the doings of which have furnished society with much that is of interest, is in Chicago.

Freddie's brother made himself of interest when he was wedded, after a romantic Castilian courtship, to Countess Decistue, of Spain, at the home of Mrs. Phoebe Hearst, in San Francisco.

A trip to Rome was necessary to remove the church ban.

Freddie himself has slipped out of Omaha with Ethel L. Robertson, daughter of a poor cigar merchant, and will be quietly married at St. Mary's church by Father O'Callahan.

Honeymoon Will be Gay.

After the wedding a flying trip to New York, a rush across the Atlantic in the Lusitania, and an automobile tour through Europe will constitute the honeymoon.

"We slipped into Chicago to get away from the village gossip," said Freddie as he drew a deep inspiration from a Turkish cigarette.

"Those Omahans are something fierce for crushes and gossip," he continued. "So Ethel, her mother, and I just slipped away to Chicago where nobody knows anything and everybody says nothing."

Then Freddie intimated that the interview was at a close.

"But say," he added, by way of a postscript, as he headed from his suite at the Annex for the Pompadour room, "don't forget to mention the fact that Ethel is the most beautiful, most pretty, swaggiest—oh, you know how to do it. Fix it up to suit yourself."

WIFE AND BABY
RESCUED FROM SHIP

Life Savers Have Thrilling
Fight With Sea.

Nantucket, Mass., Jan. 31.—After a struggle of five hours against intense cold and a turbulent sea, the life-savers of the Coast Guard rescued the crew of the Newport brig Fredericka Schep, which was wrecked on Coates beach. Mrs. Charles Overton, wife of the captain, and her baby, who were on board, were also taken off the stranded vessel.

A Great Physiologist

Once Said the Way to Keep the
Stomach Healthy Is To
Exercise It.

But He Did Not Tell How to Make It
Healthy.

The muscles of the body can be developed by exercise until their strength has increased manifold, and a proper amount of training each day will accomplish this result, but it is somewhat doubtful whether you can increase the digestive powers of the stomach by eating indigestible food in order to force it to work.

Nature has furnished us all with a perfect set of organs, and if they are not abused they will attend to the business required of them. They need no abnormal strength.

There is a limit to the weight a man can lift, and there is also a limit to what the stomach can do.

The cause of dyspepsia, indigestion and many affiliated diseases is that the stomach has been exercised too much and it is tired or worn out. Not exercise but rest is what it needs.

To take something into the stomach that will relieve it from its work for a short time—something to digest the food—will give it a rest and allow it time to regain its strength.

The proper aid to the digestive organs is Stuart's Dyspepsia Tablets, which cure dyspepsia, indigestion, gas on the stomach and bowels, heartburn, palpitation of the heart, and all stomach diseases.

Rest and invigoration is what the stomach gets when you use Stuart's Dyspepsia Tablets, for one grain of the active principle in them is sufficient to digest 3,000 grains of food.

The Tablets increase the flow of gastric juice, and prevent fermentation, acidity and sour eructations. Do not attempt to starve out dyspepsia. You need all your strength. The common sense method is to digest the food for the stomach and give it a rest.

Stuart's Dyspepsia Tablets do not make the cure, but enable the organs to throw off unhealthy conditions.

Perfect digestion means perfect health, for under these conditions only do the different organs of the body work right and receive the building-up material found in pure blood.

Stuart's Dyspepsia Tablets is a natural remedy and is a specific for stomach troubles. The ablest physicians prescribe them.

The Tablets are pleasant to the taste, and are composed of fruit and vegetable extracts, golden seal and pepsin.

Vaudeville at the Phillips.

There is still time for any amateur who may care to appear at the New Phillips tonight to leave his name at the box office so that he may have the opportunity. Manager Murray desires to help all those who have ability in this line and give them a start on what may prove profitable employment. Saturday there will be a special matinee for the children. Those who have not yet seen this week's bill will not regret a visit to the New Phillips as some single feature of it alone are worth the money. Tomorrow announcement will be made of the program for next week.

North Bros. Coming.

The Gennett will have for its attraction all next week, the Richmond favorites, North Bros., comedians, under the management of Ira Swisher. It is needless to say very much relative to the merits of this company, as they have appeared here on several occasions and at all times, gave the best satisfaction of any stock company that has ever played this house. They come back with all new plays, opening on Monday night with a play written especially for Nat. C. Goodwin, and one that was a big success, the title of which is "The Viper on the Hearth." During their engagement, they will repeat only one play that they have ever presented here before and that is Victorian Sardou's famous French comedy "Divorçons." On their previous engagement they presented this play to the largest audience ever assembled in the Gennett, but as that was their second performance of the play, they naturally were unable to do the play the justice it deserved, but they have played it every week since then, and one would hardly know it as the same performance.

"Under Southern Skies."

There is the gay spirit of "Hallelujah" in "Under Southern Skies" which comes to the Gennett tonight, with an excellent company and a beautiful scenic production of the pretty idyl, now as famous as "Way Down East." "Under Southern Skies" is by Lottie Blair Parker, of "Way Down East" fame. It is as essentially a geographical play as "Way Down East," and succeeds in staging local color and southern life in really charming and unbacked style.

"Under Southern Skies" is a love story, downright and wholesome, with youth and gaiety, humor and pathos, and a succession of delightful pictures of southern life, all set to the telling of how Lella Crofton was wooed by two youths, one who wished for her happiness, and another who wished for his own selfish ends and forced her to an unhappy bridal. LAST OF "RAGING TADS" IS DEAD

Organization Formed in 1847
Now Only Memory.

Covington, Ind., Jan. 31.—In the death of Lewis R. Hetfield here yesterday another human link in the chain of Indiana's pioneer history is lost. He was associated with stage coach days, watermill days and the removal of the Indian from the lands the white man sought. He was the last of "The Raging Tads," an organization of twenty young men of Covington that grew out of a banquet at Philander Brown's tavern on Thanksgiving night, 1847. He was a Master Mason, having been raised in 1866. A widow and two sons survive him.

Food Wastes in Dyspeptic Stomachs

It seems useless to eat when the stomach can't digest the food. Yet you must eat. Why not then repair your digestion? It can be done. It will cure indigestion and dyspepsia. It will improve your appetite and give you a good digestion. It will cure the gastric and peptic juices necessary to digestion. Your lack of them has caused your dyspepsia. He cannot honestly say so until he has tried Dr. Caldwell's Syrup Pepsin. One bottle will be sufficient to prove its merits, and that one bottle will only cost you 50 cents or \$1 at your druggist.

SEVEN THOUSAND NAKED FANATICS IT IS
NOW BELIEVED, WILL MAKE PILGRIMAGE

Ottawa, Ont., Jan. 31.—Reports received here indicate that the coming spring will see the Doukhobors leave their Northwest communities and go on another wild pilgrimage. All accounts agree that the fanaticism of the sect has no parallel in modern times.

Doukhobor leaders have been particularly busy since the beginning of winter issuing decrees and each new promulgation seems to have been drafted with a desire to outdo the preceding ones in inflicting hardships and suffering on "the faithful."

The people are paupers. They have obeyed an order to sell all their cattle. With the beginning of winter they sold 15,000 sheep to mock the benevolence of the Quakers who gave the flocks to them. All products of the land go to the sect leaders. All chickens have been sold in obedience to a decree. Tea, coffee sugar and pancakes have been tabooed and the general diet has been narrowed to raw potatoes, onions, carrots, turnips and a few other vegetables.

Among the latest decrees have been those abolishing time and looking glasses. Agents of the leaders have taken from the people about \$7,000 worth of clocks and watches. One of Peter Veregin's lieutenants acted as looking glass collector.

The women folk, who are noted for their deftness with their needles, have

been forbidden to make any more embroidery.

The Doukhobor wheat is handled by a committee which does what it pleases with it. This committee controls pretty nearly everything in the way of labor. The gangs which work on the railway and in the community brickyard pay over their wages to the committee without receipt. But when it comes to the laborers getting their meagre food allowances from the committee, they are compelled to give a receipt for every cent.

In one district five hundred persons are living in two houses. Each adult is allowed a sleeping space of four feet wide. All have to climb into their beds over the footboards. The younger men are stowed away in the garrets of the houses after the fashion of canned sardines.

Nobody is permitted to wear more than one shirt no matter how cold the weather may be.

C. C. & L. ticket agent will sell you sleeping car tickets to Chicago for their 11:15 P. M. train. Call on him. apr-17
