

FELTMAN'S GREAT ANNUAL SALE

CLOSES MONDAY, FEB. 17, 1908

We had intended to close this sale Saturday, February 15, but from the constant stream of customers who have besieged our store every minute of the time since the sale began, it is evident that we cannot serve all of them by tomorrow night, and as we want to give everybody a CHANCE to avail themselves of this great money-saving shoe sale who desire to do so, we have decided to continue the sale one day longer, as noted above.

There are SALES and SALES. But you can't fool the great bulk of the people. They can easily distinguish the difference between a fake sale and the real article. That is clearly demonstrated by the way the people crowd our store whenever we announce a sale. They know it is not simply a catch-penny scheme to get them in and sell them goods at regular prices, but that every reduction in price we advertise, means actually that much reduced from the regular price.

If you have not yet supplied your shoe wants, don't let these two days pass you without doing so. CAN YOU AFFORD TO PASS UP SUCH AN OPPORTUNITY?

WE ARE GOING TO MAKE SATURDAY AND MONDAY THE TWO GREATEST SHOE SHOPPING DAYS EVER SEEN IN RICHMOND. THESE ARE A FEW OF THE PRICES THAT WILL DO THE WORK.

MUNCIE WILL BE ONE OF THE CITIES IN I.-O. LEAGUE

At a League Meeting Yesterday the Shamrocks Decided To Take a Franchise for That City This Season.

"TOODLES" RUNYAN WAS THERE WITH HIS STICK

He Did All in His Power to Prevent Muncie Joining the League and Then Later Asked for I.-O. Franchise.

(By Tort.)

The officers of the Indiana-Ohio league and Manager Jessup of the Richmond team, met yesterday at Muncie with representatives of the Shamrock Athletic association of that city. After the Muncie men had heard the propositions made by the league promoters, they accepted, on the part of the association, the Muncie franchise in the I.-O. league. Frank Runyan, the Bluffton disorganizer, was on hand to prevent such action and when he learned that his efforts had been fruitless, Fiekie Frank immediately swore allegiance to the badly battered Northern Indiana league and asked that Bluffton be admitted to the Indiana-Ohio league, which organization he has for the past three weeks been doing everything in his power to disrupt. To say that the league officers passed Runyan the principal ingredient of a lemonade, is sketching it mild.

The Shamrock park is located on the outskirts of Muncie about four blocks from the nearest city street car line. Mr. Ryan, one of the Shamrock representatives, stated that the street car company had promised to extend the line to the park. All the Muncie fans are enthusiastic over the prospect of league ball and the lobby of the Hotel Delaware was well filled with enthusiasts while the base ball men were holding their meeting.

After the Shamrocks had formally accepted the I.-O. league franchise,

which action of the Shamrocks' representatives will be ratified at a meeting of the members of the association Sunday evening, the magnates turned their attention to league matters. It was agreed that each club should post a forfeit of \$200 to guarantee the public that the league was to be operated on business principals and that it would finish the championship season. Three clubs—Richmond, Piqua and Van Wert, posted their forfeit money in the hands of President Gamble yesterday. Muncie, Anderson and Hamilton will post their forfeits by a week from Saturday. Additional time was given these three clubs owing to the fact that they were not as completely organized as the Richmond, Piqua and Van Wert clubs.

On motion, President Gamble appointed Secretary W. R. Poundstone, Karl Kepler, of the Muncie Star and Caples Foster, of the Van Wert Bulletin, as a committee to draft the constitution and by-laws of the league. This committee will meet in Richmond a week from Monday. The next league meeting will be held in Anderson Feb. 2, at which time the constitution and by laws will be adopted, and a schedule drafted.

A letter was received from John DeArmond, manager of the Hamilton team, stating that everything was progressing satisfactorily and that he was now considering the site for a park which had been offered him by the street car company. All the stock has been subscribed in the Piqua club and Manager Sank is now signing up his team. Anderson fans want Phil O'Neill to organize a stock company to control the franchise in that city, but everything looks so good to Phil that he will probably run the club on his own hook.

CRUMP WAS NOT ARRESTED IN "CINCY"

Business Partner Issues a Denial.

Yesterday the report was circulated that T. C. Crump, one of the proprietors of the City Bowling Alleys, had been arrested in Cincinnati for violating the anti-spitting ordinance. Mr. Ed Hill, his business partner, emphatically denies this statement, declaring that Mr. Crump is ill with the grip at his home on South Seventh street, and has been so since Saturday.

DEBATE OF INTEREST

Students at Earlham Watching Preparations for Triangular Battle.

THREE SCHOOLS CONTEST.

Next to interest in athletics at Earlham College, the student body is watching the progress of preparations for the triangular debate with Butler and Wabash and awaiting the outcome with great interest. Prof. E. P. Trueblood, who is the head of the department of oratory at Earlham, is doing a great deal of hard work in connection with the debate, and has arranged to hold several primary debates before the time for the triangular meet so that the members of the Quaker teams may be very familiar with the subject from both sides. Earlham has hope this year of winning both sides of the debate, which would be a better showing than last year, when only one victory was recorded.

Some of the finest farming lands in Asia Minor, situated along the Smyrna-Aidin railroad, is owned and operated by Americans. Until within recent years farming for the most part has been in the hands of large Turkish land owners, but of late Europeans, attracted by the climate, have purchased large tracts and commenced raising tobacco, cotton and cereals upon a scientific basis hitherto unknown in this part of the world. The foreigners who now own farms in this vicinity are chiefly English, Dutch, German and Greeks. The American farm owners are naturalized citizens, formerly of Greek nationality. Consular Reports.

MANY FINE HORSES

George B. Dougan and Horace Iredell Have Returned From Kentucky.

INTRODUCED BLUE BLOOD.

George K. Dougan and Horace Iredell, two local enthusiastic horse fanciers, have just returned from the Blue-Grass country, with a wider experience, and a broader knowledge of humanity in general, and horseflesh in particular, than they possessed before they made the trip, and they are most emphatic in declaring that they do not exaggerate in the least when they state that they had the time of their lives, and were the recipients of that real genuine Kentucky hospitality which only he who has enjoyed it can appreciate.

They had the pleasure of seeing all the kings and queens and the retired kings and queens of the trotting and running world. They saw the world's famous Walnut Hall stallion, "Moko" and "Walnut Hall" and met and shook hands with the queen of queens, "Nancy Hanks" and her royal daughter, whose sire is "John A. McKerron," whose royal nose they rubbed. The most intimate friend of her highness is the mother of the "famous Todd," the great sire. They bowed to her royal highness and had a visit to Old Black Inp and her royal foal and Ferreno, the world's two most famous queens of the running turf. They were also introduced to "Yankee," one that has added greatly to John Madden's great wealth.

From there Mr. Dougan and Mr. Iredell went to the great Lexington horse sale. There they found that no section of the country excels in class of horses or hospitality, the people who represent the Blue grass product. They were offered some of the bluest of the blue-blood of the horse world, and brought home a few samples which bear the marks of approval of the Caesar of all horsemen, John Splann. Speaking of him, Mr. Dougan says: "When I mention his name I do not forget others who are proud examples of what the genuine Kentucky horseman represents. Besides horses," it is Splann's genuine honesty, courtesy and hospitality that attracts you. As an illustration, if you want to buy a certain colt, which you mention, and you want to meet Mr. Bowdman, Mr. Evans, Mr. Thayer, or any of the hundreds of those men in the horse busi-

DEMOCRATS TO NAME TOWNSHIP TICKET

Milton Party Leaders Will Meet Saturday.

NEW CASTLE AGAIN

Flower City Polo Bugs Will Attempt to Defeat Richmond Tonight.

EX-LEAGUERS IN THE GAME.

The fast New Castle polo team will be the attraction at the Coliseum tonight. The Flower City manager has been determined on getting together an aggregation that could beat the Quakers and he now believes that his object has been reached. He has signed "Bobby" Brooks, who played three years in the Michigan league and Purdue, an ex-Ohio leaguer. A good game may be expected.

THE NURSING OF LIFE.

Infants and children are constantly needing a laxative. It is important to know what to give them. Their stomach and bowels are not strong enough for salts, purgative waters or cathartic pills, powders or tablets. Give them a mild, pleasant, gentle, laxative tonic like Dr. Caldwell's Syrup Pepsin, which sells at this small sum of 50 cents or \$1 at drug stores. It is the one great remedy for you to have in the house to give children when they need it.

As a certain raiser to the New Castle-Richmond game, the Kroner and Creasents of the City league will mix up.
