

PROMOTERS NOT YET DISCOURAGED

Three Towns in Proposed I.-O. League Still Doubtful However.

LEAGUE MEETING HELD.

MEN INTERESTED IN PROPOSED CIRCUIT DISCUSSED PLANS YESTERDAY—SHAMROCKS WILL NOT TAKE A FRANCHISE.

(By Tort.)

The Indiana-Ohio league is still in existence. The promoters met yesterday at Anderson, and every city in the proposed league was actually represented. While it cannot be stated that Muncie, Anderson and Hamilton are actually in the fold, it looks as though the first two cities will surely be identified with the organization. Hamilton is a possibility.

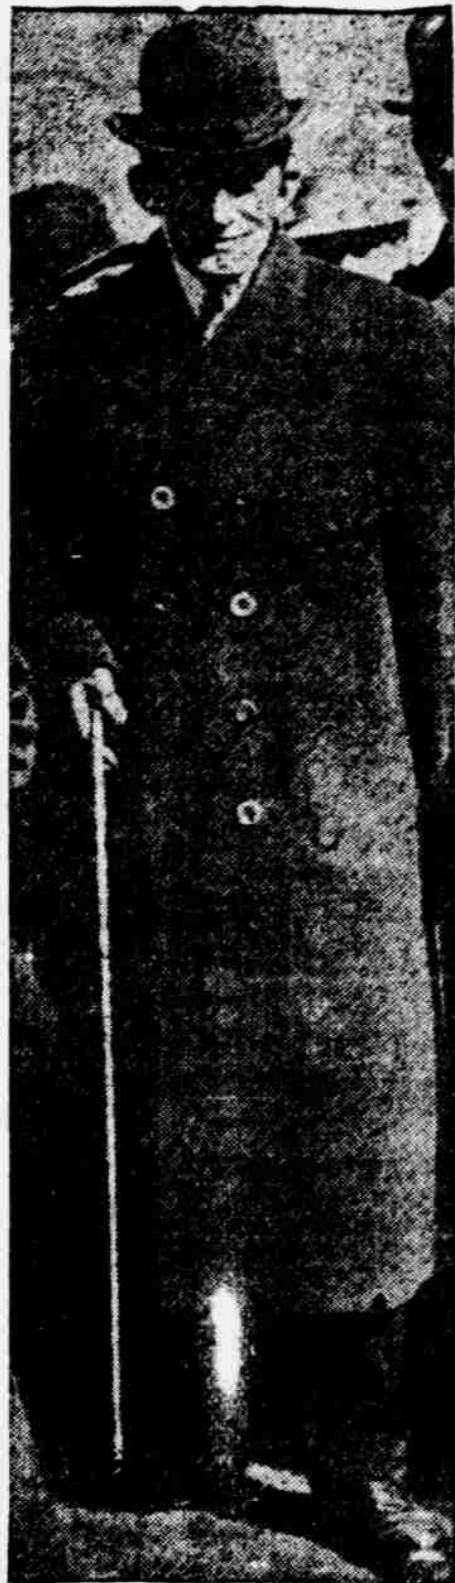

Dal Williams, a veteran baseball man, represented Anderson. He believes that league baseball in that city would be a success and he is now engaged, with the assistance of Mark Norton, one of Anderson's wealthiest business men, in the work of organizing a stock company. "All that is necessary to place a team in this city is to raise \$1,000 and I feel sure that this can be done. I will let you know in two days whether or not I have been successful in this effort," said Williams to President Gamble.

Jack Grim, the old Brooklyn star, represented Muncie. Grim is confident that Muncie would be a good baseball town and if he can induce some Muncie capital he will head a team in that city. After the adjournment of the meeting, Grim, Gamble and Jessup went to Muncie, where they saw Attorney Hall, an enthusiastic fan. Mr. Hall served several terms in the legislature and was always a staunch supporter of the Sunday base ball bill. He told Grim that he would do everything in his power to place Muncie on the baseball map. The first of next week Grim will return to Muncie, and he and Mr. Hall will make an effort to raise a stock company. W. H. Watkins, the Indianapolis magnate, is back of Grim in his effort to place a team in Muncie. Watkins figures out that it would be a good plan for Indianapolis to establish a "farm" in Muncie, similar to the one Columbus has established at Lima, O.

The Shamrocks will not take a franchise in the I.-O. league because some of the members of that organization fear that Muncie will not support a team. The fans there are of a different opinion. The Shamrocks have offered to lease their park to Grim if he places a team in Muncie. Their proposition will probably be accepted.

John DeArmond at Hamilton claims that it will be possible to place a club in that city if some outside capital can be interested. In a letter to Clarence Jessup, DeArmond suggested that an effort be made to place half of the stock in the proposed company in this city. He says that he can place the remainder of the stock in Hamilton. To a man up the street Hamilton looks to be the best ball town in the proposed circuit, and a league club there could make more money than the Krebs have in the past. In conclusion it can be stated that the I.-O. league is still in formative stages, but the promoters are not the least discouraged.

Will Mix It Up at Garfield Tonight.

The Richmond High School basketball team will meet the Rushville five in the Garfield gymnasium tonight. The local quintet has been practicing hard and expects to take the Rushville into camp. Allison is suffering from an injured knee and Thornburg has a severe cold. Both will play notwithstanding.

"DEMOMS" ACTIVE IN OLD HENRY

Jeffersonian Party Takes Interest in Meetings.

New Castle, Ind., Feb. 28.—Not in years have the democrats of Henry county taken as much interest in the affairs of their party as they are taking this year. Meetings of the smallest importance are largely attended and great enthusiasm prevails. Meetings are now being held in the various townships to select candidates for township trustee, assessor, precinct committeeman, etc., and a large attendance is reported from all of them, with a confidence that the party will win next fall.

DEPORT ANARCHIST

Emma Goldman May Be Banned From America by A Ruling.

FORFEITED HER RIGHTS.

Chicago, Feb. 28.—If Emma Goldman the anarchist, appears in Chicago next week, as it has been reported she intends to do, she may be deported by the government. It was declared today by immigration officials that when Miss Goldman left the United States last year and went to Europe, she cut herself off from this country and orders were given by the immigration bureau that she should be arrested and deported upon her return. If she is now in this country, it is said that she must have evaded the immigration officers. The local officers declare that if she appears in Chicago next week, they will at once seek orders to arrest and deport her.

POLO GAME TONIGHT.

The office force of the Starr Piano Company and that of Gray, Scott & Co. will meet in a game of polo at the Coliseum tonight. There is much rivalry between the two teams and the match is expected to be of much interest.

Not a Final Settlement.

The person who settles a matter and settles it wrong is in the position of a man who has got rid of the skunk under his porch by driving the innocent little animal under the barn. Then every wandering boy who knows the facts comes along and works for hours with a pole trying to goad the animal. Whether he succeeds or not, the attempt is ruinous to the brand of atmosphere used in the neighborhood.—Minneapolis Journal.

Striking.

"Annie," said Polly, ruefully rubbing her forehead, "that big photograph of you is a striking likeness, isn't it?"

"Do you think so, dear?"

"Yes," said Polly. "It just fell off the mantelpiece and hit me on the forehead."

Good Substitute.

"George," she said, after she had accepted him, "tell me, am I your first and only love?"

"Why—er—no, dear," replied the drug clerk dreamily, "but you are something just as good!"—Exchange.

Pessimistic.

"I never knew such a pessimist as that fellow Jenkins."

"Yes, I actually believe his idea of heaven is a place that is paved with gold bricks!"—Puck.

OPERATORS AND MINERS SPLIT ON A DATE

Cannot Arrange for a Joint Wage Convention.

Indianapolis, Ind., Feb. 27.—The joint committee of the Western Pennsylvania, Ohio, Indiana and Illinois coal miners and operators adjourned last night until tonight, when the effort to agree upon a date for calling a joint wage convention will be resumed. Following the adjournment of the joint committee the operators of the four states held a caucus, but were unable to agree upon a proposition to submit to the miners this morning.

John Mitchell, President of the Mine Workers, in a statement to the joint committee meeting, said he was tired of the dilatory tactics being used by the operators and intimated that if they were continued he would issue a call for a national convention of the miners at which to prepare for a wage contest.

President Traer, of the Illinois operators, said that, while the other states might proceed with some arrangement, the Illinois operators were not ready to sign a call for a joint wage convention. H. L. Chapman, speaking for the Ohio operators, and G. W. Schlusberg, representing the Western Pennsylvania operators, favored delay.

WAR FOOTING NEXT

Ships Have Been Ordered to Move on a Minute's Notice by Department.

ORIENT, IS DESTINATION.

New York, Feb. 28.—A Washington dispatch says:

A diplomatic move of the first importance is concealed in a very innocent order issued from the navy department instructing ships now on the Asiatic station to hold themselves in readiness to move on notice or practically to attain a war footing.

There is nothing in the order to alarm any nation. It is regarded in diplomatic circles, however, as the first move of the United States in the Chinese-Japanese imbroglio, which may become acute at any time. It is known that the state department intends to send Minister Rockhill up the Yang-Tze River and his trip will be of long duration. It is estimated that he will ascend probably 1,500 miles and will certainly visit the Vice Roys in Nankin and Hangkow. He is to go on a warship, and it is reported in the navy department that the ships ordered for duty at Manila shall form an imposing escort for the minister on this tour of the interior of China.

The state department has adopted the policy of Secretary of War Taft. He is the author of the sentiment that "the Oriental thinks with his eye," and there is no question that the trip of Mr. Rockhill is to be made as impressive to the eye of both China and Japan as possible.

EYES ON MITCHELL

Illinois Democrats Want Him To Head the State Ticket This Year.

HEALTH WORRYING MANY.

Chicago, Feb. 28.—John Mitchell, president of the United Mine Workers of America, who was named some time ago as a possible democratic candidate for Governor of Illinois, has the support of some of the leading men in the democratic state organization, and if his health be such as to warrant his becoming a candidate his name may be on the democratic primary ballot on August 8.

At this early stage in the proceedings he has the support of democrats who have been able to direct nominations before there was a state primary law, and whose influence will count heavily, even with one. It is recognized that he will attract a big vote in Chicago and would be a substantial help to the county ticket in case he were nominated.

Of the democratic leaders who are beginning to see the possibility of democratic success this year some regard Mitchell as the strongest man who could be named to head the state ticket.

POLICE WERE NEEDED

Had to Preserve Order in the Trial of the Logansport Mayor.

McKEE WAS ACQUITTED.

Logansport, Ind., Feb. 28.—Amid riotous scenes the trial of charges of intoxication, preferred by Councilman John P. McKee against Mayor George P. McKee, was resumed last night. Every policeman in the city was called to preserve order. The room was so packed it was difficult to move. The councilmen, preferring the charges and acting as McKee's judges, moved to adjourn to the court house after City Attorney George Funk had defied Chief of Police George Graham to put him out of the room. The "trial board" let amid hisses for the court room, but the mayor and his council remained, refusing to recognize the authority to adjourn to another room than that in which the trial was ordered.

In the presence of 1,000 men the Mayor declared that he was a victim of conspiracy to defeat his candidacy for congress on the republican ticket. The councilmen left the council chamber, then reassembled and by vote acquitted McKee. Legal complications of unusual nature are created.

During the last year the exports of this country have grown greatest in the items of cars, carriages and automobiles.
