

## ALL EARLHAM IS WAITING GAME

Contest With Rose Poly Next Friday Night Has Aroused Much Interest.

## IS LAST OF THE SEASON.

THEN COACH VAIL WILL TURN HIS ATHLETES' ATTENTION TOWARD BASEBALL AND TRACK WORK—YELLOW S LEADING.

Today marks the last hard basket ball practice for the Earlham team this season. With Friday night's game the basket ball season will end and the coach will put the men through the paces on the track and on the base ball diamond.

The track and baseball diamond on Reid field are drying nicely and practice may be begun soon. Guyer has been out throwing the hammer and has been hugging the one hundred foot mark closely.

The Yellow S are still ahead of the Whites in the number of points scored. Each new record made gives the side to which the winner belongs a certain number of points and the Yellow S have proved themselves the better men.

Game Attracts Attention. The game Friday night is drawing all attention at present. The Quakers feel that in the Rose Poly team they have foemen worthy of their steel and will exert all energy to defeat the engineers.

The new lineup of the Earlham five has proved to be the best that has been tried this season. Chambers plays a better game at center than he did at forward and Wilson, shoved up to forward has more chances at the goal than he did in the back field. The entire lineup for Friday night will be Hotchkiss and Wilson, forwards; Chambers (Capt.) center; Hancock and Newsome, guards.

**Coach Vail Talks.** Coach Vail, when interviewed this morning said, "The boys know that in going up against Rose Poly they go up against the swiftest team they have played this year but instead of this discouraging them, it has made them all the more eager to meet the engineers." The entire student body will lend its support in the way of songs, yells and banners and this will aid much toward a decided victory.

## HIGH SCHOOL LADS ARE NOW ACTIVE

With the Approach of Warm Weather Practice in Track Feats Rules.

## FRESHIES THERE TOO.

THEY, HOWEVER, GENERALLY CONFINE THEIR EFFORTS TO PLAYING MARBLES—THORNBURG HAS GOOD RECORD.

The high school boys are making use of the small plot of ground on the south side of the school building since the arrival of the fine spring days. Here the book worms gather before the school hours, and some put the shot, broad and high jump, while the little three and four foot freshmen who have not dropped their childhood habits, play marbles. They always seem to be in great fear of having older students "snatchen up." Of the boys that have been putting the shot in the last few days, Thornburg, the fast junior basket ball player, leads the bunch for the longest throw, having put the 12 pounds of lead about 32 feet, while Spangler and Haas are both close behind, averaging from 26 to 28 feet. In the broad jump Howard Reid is leading the crowd and is expected to be the strong man for the broad jump on the track team.

On account of the smallness of the ground the would be dashes and sprinters are unable to show their speed, but it is soon expected as soon as South A street has dried off that there will be a number of scantly clad athletes out making wind.

James Chapman, the high jumper of last year, is in the school this term, and has been giving the other aspirants coaching as to how the stunt is performed.

Always the best seller in the case—Pathfinder 5 cents.

She Had No More to Say. They were returning home from the theater one evening.

"I wonder why it is," said his wife, "that so few actresses travel under the management of their husbands?" "My dear," replied her husband, "have you ever reflected how difficult it is for most men to manage their wives?"

And for fifty-seven consecutive seconds she was silent.—Chicago News.

**The Twilight Of Life.** The muscles of the stomach in old age are not as strong or active as in youth and in consequence old people are very subject to constipation and indigestion. Many seldom have a bowel movement without artificial aid. Many also have unpleasant eructations of gas from the stomach after eating. All this can be avoided by the use of Dr. Caldwell's Syrup Pepsin, which permanently regulates the bowels so that passages come naturally, and so strengthen the stomach that food is digested without discomfort. Druggists sell it at 50 cents or \$1 a large bottle.

## DEBT HOVERS OVER

High School Athletic Association May Give Musical Comedy to Lift It.

## IT WOULD PROVE POPULAR.

The executive board of the Richmond high school athletic association will hold a meeting the latter part of this week for the purpose of making arrangements for raising a fund to enable the high school basket ball team to get out of debt. The debt was accrued in the last game with the Rushville team, on account of the support on the part of the students.

It is probable that the committee will make arrangements by which a musical comedy play will be given and the receipts turned over to the athletic association. It is very probable that if such a play should be given, it would prove very popular, as there are a number of students at the school who have good voices and have had experience in the line.

## EAST DEMANDING AMPLE PROTECTION

Sensationalists Are Urging Congress to Act Immediately.

## THEY WANT WARSHIPS.

ASK WHAT WOULD BE THE RESULT IF ENGLAND SHOULD MAKE AN ATTEMPT ON THE EASTERN COAST.

Washington, March 4.—The Atlantic coast is in danger again. Sensationalists of the East are urging congress to act immediately. They want warships. What would happen if England were to make a demonstration against our Eastern coast? they ask, and why shouldn't England make the aforesaid demonstration? they point out. Then they retell the offensive and defensive alliance treaty between Great Britain and Japan.

Congressmen are being urged to do something to protect the Atlantic coast. Should congress fail to act, the several states may take action themselves, is the threat. Appropriations for the purchase of auxiliary ships are urged in the states. These ships, torpedo boats and submarines could be turned over to the federal government in case of need, it is said.

The people on the Eastern seaboard, who feel that the coast is in grave danger without the entire navy watching it, are pointing to the woeful lack of protection now. The fighting craft available for Atlantic coast defense, which will soon be ready for that duty are three new battleships—the Mississippi, the Idaho and the New Hampshire, two torpedo-boat destroyers, three torpedo boats and six submarine boats.

The navy department is refitting the gunboat Castine as a "mother ship" to the mosquito fleet. The Castine's compressed air and power-generating machinery will be employed for replenishing the power of the smaller boats in emergencies. This idea strikes well with the jingoists in the East and they are now clamoring to congress for more "mother ships" and more "children."

## BIG FACTORY FUND RAISED AT ANDERSON

\$56,030 Raised by Citizens of That City.

Anderson, Ind., March 4.—When Secretary Campbell, of the Anderson Commercial club, closed his books at the expiration of the time limit for raising a factory fund of \$50,000, the footing of subscriptions proved a surprise. The final showing was \$56,030. Secretary Campbell began making collections today. The payments are to be made semi-annually for three years and payments now due are one-sixth of whatever subscription was made. The subscription contracts are practically in the form of notes and are binding on the party subscribing to a contract. The fund of \$56,030 was raised from September 1, 1907, to March 1, 1908.

## PAY MILLION IN BACK TAXES ON FIELD ESTATE

Chicago, March 4.—A check for \$1,000,000 in payment of back taxes on the estate of the late Marshall Field was delivered to John R. Thompson, treasurer of Cook county. The payment is made in accordance with an agreement entered into by the trustees of the estate with county officials several weeks ago, by which suits aggregating \$1,700,000 were compromised.

## BIG INDOOR TRACK MEET FRIDAY NIGHT

Earlham Athletes Will Participate in First of Kind Ever in Richmond.

## EVENTS ARE ANNOUNCED.

PROGRAM WILL CONSIST OF DASHES, RUNS, JUMPS AND WEIGHT EVENTS—LIST OF OFFICIALS ANNOUNCED.

Friday evening at the Coliseum, the first indoor track meet ever held in Richmond will be pulled off. All the entries in the various events are Earlham athletes and Coach Vail has arranged it so that he can get a line on the most promising material for the varsity track and field squad in the coming spring campaign. It is expected that there will be a large crowd at the Coliseum. The following is the list of entries for the events and a list of officials:

25 Yard Dash—Francis, '11; Hawkins, '10; Vannoy, '10; P. Furnas, '11. Running High Jump—Roberts, '11; Francis, '11; Vannoy, '10; Maier, '11; E. Trueblood, '08. 25 Yard High Hurdles—E. H. Calvert, '11; R. Stanley, '10. Shot Put—Gayer, '10; Pennington, '11; Walhall, '10; Thistlethwaite, '08; Wann, '08; Overman, '09; Swain, '10. 25 Yard Low Hurdles—Vannoy, '10; R. Stanley, '10. Pole Vault—Roberts, '11; Swain, '10; Walhall, '10. Mile Run—Chappell, '11; Fauquhar, '10; J. Jones, '09; M. Jones, '10; Pearson, '11; Clark, '11.

**List of Officers.** Referee and Starter—Mr. White. Announcer—Mr. Comstock. Scorer—Roy Compton. Clerk of Course—Prof. E. P. Trueblood. Assistant—Wales Gaston. Track Judges—Professors Waldrup, Hadley and Charles. Field Judges—Owen Kuhn, W. R. Poundstone and Prof. Torrence. Timers—Mr. Harrell, Cecil Calvert and C. K. Chase. General Manager—F. C. Vail.

The style used by the High Jumpers is copied after the so called Sweeney method, by which he cleared 6 feet, 5 1/2 inches as against the "scissor" style in which no one has ever gone higher than 5 feet, 10 inches.

In jumping by this method the contestant runs straight at the bar and after he starts his leap, does some aerial contortions, which enables him to clear the bar with the least elevation, in fact he just skims the bar and appears at the moment of crossing to be lying flat. This feat appears very dangerous but is in reality perfectly safe. The pole vaulter, however, must keep his balance when he drops, or receives some nasty falls. This is a very spectacular event.

"And now, Uncle Ezra," she said just before the guests had begun to arrive, "please remember not to eat your pie with your knife." "All right, Lizzie, but I wish you'd tell that young woman that waits on the table to give me an extra spoon." —Chicago Record-Herald.

Have you trouble of any kind arising from a disordered stomach? Go to your druggist and get a 50c or \$1 bottle of Dr. Caldwell's Syrup Pepsin, which is positively guaranteed to cure you and keep you well.

## ALLISON HAS BEEN IN CONGRESS 44 YEARS

Washington, March 4.—Senator William Boyd Allison of Iowa, has entered upon his eightieth year, and after some one recalled that fact, he received a continuous stream of hearty congratulations from members of both branches of Congress. Senator Allison has not only attained the honor of having served in the United States Senate longer than any other man in the history of the nation, but he has the distinction of being the oldest member of that body with one exception. The exception in Senator Whyte of Maryland, who is now in his eighty-fourth year. If Senator Allison outlives his present term, which will end just one year from now, he will have served 44 years in Congress, 8 years in the House and 36 in the Senate. He was born in Perry, O., March 2, 1829.

## TAFT MEN CLAIM IOWA.

Iowa will hold her convention on March 18. The Taft members are claiming that state now, despite the efforts of the old friends of ex-Secretary of the Treasury Shaw to have it declare for the latter, or else send un-instructed delegates to Chicago. Should the state convention endorse Mr. Taft the Dakotas and Minnesota will follow suit.

## SMALL NUMBER OF DELEGATES CHOSEN

Only One Hundred and Six Delegates Have Been Selected Up to Date.

## THE GENERAL SITUATION.

TAFT MEN ARE CLAIMING EVERYTHING IN SIGHT IN THE WEST—KNOX FOLLOWERS BEGINNING TO TAKE NOTICE.

Washington, March 4.—According to the returns to the republican national committee, 106 delegates to the republican national convention have now been selected.

One of the many reasons the ladies are so anxious for the Home Pattern Co's. Spring quarterly, if you will but look about you and note the number of garments styled after fashion drawings found in the quarterly, one can easily understand why so many ladies want and appreciate a style book of this character and especially as it can be bought at the price of a newspaper.

It's one thousand pictures illustrating every conceivable style of garment for ladies as well as misses and children; it also treats the subject of dress more thoroughly than any similar style publication at home or abroad.

## TAKE ADVANTAGE OF THIS TREAT

for indeed few are the ladies who do not buy some kind of a paper pattern at this particular time of the year, did you know that this beautiful Spring quarterly when purchased with a 15c Ladies Home Journal pattern costs you but 5c at the pattern counter of

## YOUNG COLT WAS STRANGE TO THE WAYS OF THE WORLD

Yingling Was Assaulted, Underwear Strewn Over the Street and Buggy Wheel Fractured by Antics of Youthful Equine.

The business district of Main street actually assumed an animated appearance yesterday afternoon. The excitement was caused by the strenuous actions of a frightened colt. One rig was broken, a box full of underclothing was strewn about the street and Officer Yingling's shirt was bruised as the result of the antics of said equine.

Charles Crocker drove up to the Colonial building yesterday afternoon, hitched his horse and went into a store. Attached to the rear of his phaeton by a halter, was a colt, not wise in the ways of the world. Just as Mr. Crocker started to get into his rig again, the colt became alarmed at a street car. It immediately lunged against the rear wheel of the rig, fracturing it. Obtaining his release, the colt pranced merrily up the street until it was captured at Eighth and Main streets and turned over to Officer Yingling.

While Yingling was leading it back to the Colonial building the colt again

became alarmed at an alleged street car, which the T. H. I. & E. company insists on perpetrating on a long suffering public. With a snort, the animal made a high dive and alighted with its fore feet on a box standing in front of the Loch & Klute clothing store. This box contained underclothing. With a crash, the top of the box caved in. This further alarmed the colt and startled Yingling, who was desperately holding to the halter strap. The animal extracted itself from the box, then made another lunge, this time succeeding in alighting fairly astride the box.

By scientific use of its hind feet the shirt of Yingling became damaged, the box was kicked into the street and its contents strewn about the gutter. After the colt had removed its support, to the street it fell, sprawling on its back on the sidewalk. Aid was then extended to the badly battered Yingling, and after the colt had been placed on its feet, the officer gladly and hurriedly turned it over to its owner.

## AMUSEMENTS

### THEATRICAL CALENDAR.

NEW PHILLIPS.  
Week of March 2—Vaudeville.

GENNETT.  
March 14—(Matinee and Night)—  
"The Man of the Hour."

"The Man of the Hour."

Few theatrical attractions now on tour have received more flattering praise than has "The Man of the Hour," which is announced to appear at the Gennett on Saturday, March 14, matinee and night. Critics everywhere have found much in this production to applaud. It is by George Broadhurst and is pronounced "the great American play." A love story of absorbing interest is woven so intimately with the discussion of municipal affairs that there is an irresistible appeal to the emotions. The great audiences of women who have attended the matinee performances have demonstrated that they like it and that they are quick to respond to every strong touch of political detail as well as to every fine point of sentiment, comedy and pathos. When in Washington it received the unqualified endorsement of President Roosevelt.

Vaudeville at the Phillips.  
The plan of having a single performance at night, at the New Phillips, seems to meet with more favor than did that of having the performance continuous from 7:30 to 10:15. Patronage is quite liberal this week, opening Monday night with a capacity audience. The only exception to the single performance at night, will be on Saturday when two performances will be given to accommodate shoppers who are too busy early in the evening to reach the house in time for the first one. Amateurs are invited to hand their names in at the box office and appear on Friday night. Saturday there will be a special mat-

inee for the children. Those who care for vaudeville will find much on this week's bill to interest them.

**The Sunrise Of Life.**  
Infants and children are constantly needing a laxative. It is important to know what to give them. Their stomach and bowels are not strong enough for salts, purgative waters or cathartics. Give them a mild, pleasant, gentle, laxative tonic like Dr. Caldwell's Syrup Pepsin, which sells at the amount of 50 cents or \$1 at drug stores. It is the one great remedy for you to have in the house to give children when they need it.

**Amiable Mother—Here, Tommy.** is some nice castor oil with a lot of orange juice in it.  
Doctor—Now don't give it all to Tommy. Leave some for me.  
Tommy (who has had some before)—Doctor's a nice man, ma. Give it all to the doctor.
