

TEAM ASSURED FOR ANDERSON FANS

Organization to Place Team in
The Field Has Been About
Completed.

NATIONAL PROTECTION.

OHIO LEAGUE HAS LOST ALL
CLAIM TO THE RICHMOND TER-
RITORY — INDIANA-OHIO CIR-
CUIT IN D CLASS.

The Anderson baseball enthusiasts have about completed the organization of a \$1,000 stock company for the purpose of placing a team in the I-O league. Howard Witt, manager of the skating rink, started the ball rolling by subscribing \$100 for stock. Will Norton, Charles Smith and Phil O'Neil promptly took the trail blazed by Mr. Witt, each of them subscribing \$100. By this time it is expected that all the stock has been placed. It was for the purpose of showing the Anderson promoters that the league was ready to take the field this season, that Dal Williams, who is to be the manager of the Anderson team, asked President Gamble to have the next league meeting held in Anderson.

Money in Treasury.

The Anderson promoters figure that with \$1,000 in the treasury when the league opens, there will be enough money on hand to meet incidental expenses. After the opening of the sea-

son, these men figure that the gate receipts will be enough to clear expenses the remainder of the season.

It is also planned to sell about \$1,000 worth of season tickets and there are enough fans in Anderson to take up this issue, all of them being willing to do everything in their power to assure a league team for their home city this season. Anderson has a splendid park and it is centrally located.

National Protection.

There is no longer any doubt but that the I-O league can secure national protection. The only city in the circuit now claimed by another league is Richmond. The Ohio State league had territorial rights for this city, but now that that league has been organized and a schedule for the season prepared without Richmond being included in the circuit the O. S. forfeits all claims to Richmond. The promoters of the I-O league propose to make it a class D organization. It is figured that the receipts from the sale of players and from those drafted by higher class league at the close of the approaching season, will net the companies controlling the various teams in the league handsome returns.

One of Disraeli's Epigrams.

Disraeli's epigrams were pointed and double edged, and this one, given by George Russell to his diary, is about as sharp as Disraeli could make it. Some one had asked Disraeli if he had read the Greville memoirs. Now, there never had been much amity between him and the Grevilles, and so he said: "I do not feel attracted to them. I knew the author, and he was the most conceited person with whom I have been brought in contact, although I have read Cicero and know Bulwer Lytton."

MASONIC CALENDAR.

Friday Evening, March 13—King Solomon's Chapter, No. 4, R. A. M., stated convocation.

WHERE THE BIG NATIONAL DEMOCRATIC CONVENTION WILL BE HELD THIS YEAR.

DENVER AUDITORIUM.

Building Will Seat More People Than the Famous Madison Square Garden in New York City.

Denver, Colo., March 13.—Costing \$550,000, seating 12,500 people, containing probably the most perfect heating and ventilating system of any public building in the world, Denver's monster Auditorium will throw open its doors June 27, to welcome the long list of conventions to be held in Denver this summer.

The building is 266x200 feet in dimensions, and is of the height of a five story building. Its seating capacity is larger than Madison Square Garden in New York, which holds 12-

000 people, the great Coliseum in Chicago where the republican convention is to be held in June, which holds 11,011 people, or the Mormon Tabernacle, in Salt Lake, which seats 10,000. There are 24 exits including 240 linear feet of exit space and the building can be emptied in two minutes.

The Auditorium is constructed entirely of fireproof material and will be the meeting place of scores of great national conventions every year. This is the first time a national political convention has been held in Denver, but the frequency with which this city is chosen by the large fraternal bodies such as the Elks, Eagles, Knights Templar, the Grand Army of the Republic and other similar organizations as their meeting place, required the construction of an immense assembly hall for their entertainment.

ONSLAUGHT COULD NOT BE STOPPED

Richmond Polo Team Tramped
Over Poor New Castle
Lads Last Night.

THE FANS DID NOT GLOAT.

RINK WAS CROWDED WITH SPEC-
TATORS WHO WISHED TO SEE
FLOWER CITY LADS AGAIN
TRIM LOCAL AGGREGATION.

The Richmond polo team had sweet revenge over the New Castle team last evening. The New Castle rink was packed to capacity with Flower City fans who wanted to gaze at the men who actually defeated twice in succession the dreaded Quakers. They also wanted to gloat over these victories to the discomfiture of the locals—but nary a gloat did they get. In frank, brutal English it is necessary to state that the Quakers trounced the prizes of New Castle to the tune of 12 to 5. The Quakers simply rode all over their opponents and battered so many hot ones into their opponents' cage that the draperies were torn loose from their fastenings. Parry and Williams put up a spectacular defense for Richmond, while Louie Quigley and Barker swept everything before them.

TWO GAMES TONIGHT

High School to Go to Center-
ville to Clash With High
School Teams.

ARE PLAYING A FAST GAME.

The Richmond high school first and second basketball teams, will play the two Centerville high school basketball teams at Centerville tonight. The Centervillians have been playing a fast game for the past few weeks and expect to get revenge on the Quakers for their defeat earlier in the season. The Richmondites will play the Centerville team with practically no practice, but they expect to put up a game fight. The lineup of the first team will be Thornburg and Martin, forwards; Marlatt, center; Talant and Fisher guards; and Thomas, referee.

The second team is in much better condition to meet their opponents and expect to take them into camp. The Centerville second team is reported to be playing a faster game than the varsity, and if this is the case, it is probable that the Seconds will have to get a hustle.

The lineup will be as follows: Trueblood and Ackerman, forwards; Hill, center; Ferling and Furnace, guards.
