Game Last Evening.

Empires 4, Crescents 3.
Last night the curtain dropped on the City Polo League, the last game of the season being played by the Empires and Crescents, resulting in a 4 to 3 victory for the former team. The result of this game tied the Crescents and Greeks for second place. The Kibbeys, by playing fast, consistent polo from start to finish won the championship in a common center, leading their nearest opponents by 222 points. Between the Crescents, Greeks and Empires for the past four or five weeks it has been a nip and tuck fight for second place and when the gong sounded the close of the race last night, a blanket could have been spread over these three contestants. The Bealview team got away bad and were almost out of the running before they struck their stride. The last two weeks this team has been playing good polo as shown by the fact that last Wednesday evening they took the Kibbeys in a 5 to 4 game. Had the season lasted three or four weeks longer the southenders would have been well up in the running.

So successful has the city league been this season that it is an assured fact that the league will be reorganized again next fall with six instead of five teams in the field. In the Sunday issue of the Palladium, an all-star city league team will be picked. Before the league game last night the Greeks and the Bealviews played an exhibition game, the former winning 3 to 1. This game was well played an interesting to the big crowd.

CASE AGAINST ROAD MAY BE DISMISSED

Verdict Once Rendered in
Favor of Defendant.

It is probable the suit filed against the Chicago, Cincinnati & Louisville Railroad company, by the estate of Mrs. John D. Pults will be dismissed. Action brought by the husband of the woman for damages resulted in a verdict for the railroad company. It was shown to the satisfaction of the jury that Mrs. Pults was standing on a sidetrack at College Corner when struck by a train and injured so severely that death followed two years later.

THREE TRIAL MEETS ARE TO BE HELD

American Olympic Committee
Renders Decision.

New York, March 28.—The American committee of the Olympic games, to be held in July in London, has decided upon three trial meets to select an American team. They will be held at Philadelphia, entries to close May 25th with J. E. Sullivan, No. 21 Warren street, New York; at Chicago entries to close May 18th, with E. C. Brown, No. 125 Michigan avenue, Chicago, and in San Francisco, entries to close May 1st, with S. S. Peixotto, 458 Guerrero street, San Francisco. Three Marathon race trials will also be held.

ARE PRACTICING HARD

Captain Allison Puts Baseball
Candidates Through Preliminary Training.

IMPROVEMENT EXPECTED.

The high school baseball team was given another hard workout yesterday after school hours at the public school play grounds. There were some twenty candidates out, so that Captain Allison divided the men up into two teams. Allison and Clements twirling for the one team and Johnson for the other. Ferling officiated at the back stop and did remarkably well.

The hitting by both teams was far below par and it looks as if a batting net would be of good use to the majority of the men. The fielding was fairly good, but nothing to boast of. Although it is rather early, Captain Allison hopes to make a better showing next week and expects the men to exhibit some of their fine points, as the squad on the whole is a likely looking bunch. After practice Capt. Allison had the men jog around the track a couple of times to end things up properly.

The next practice will be held next Monday evening and "everybody out," is the decree of the manager and the captain.

PARTY VOTE PASSES ALDRICH CURRENCY BILL IN SENATE

(Continued From Page One.)

amendment was adopted prohibiting any national bank from investing its funds in stocks or other securities of a corporation the officers or directors of which are officers or directors of the bank, and providing a penalty of imprisonment of from one to five years. The proposition to insert a provision for a government guarantee of deposits in national banks was the subject of an extended debate, and was defeated.

Another amendment offered by Mr. La Follette prohibited loans by national banks to its officers or to any corporation the majority stock of which is owned by the officers of the bank. It was rejected.

Knox Makes a Protest.

An amendment by Mr. La Follette to punish by from one to five years imprisonment any falsification in bank securities was adopted, but was protested against by Senator Knox as already provided for by existing law.

House Leaders Are Silent.

Republican leaders in the house were very reticent about predicting the course of the Aldrich bill in that branch of congress. Speaker Cannon refrained from making comment, and some of the chiefs of the majority were equally silent. Enough was gathered, however, to justify the prediction with the reasonable certainty that when the bill goes to the house from the senate it will be referred to the committee on banking and currency, despite current report that jurisdiction over it might be given to the committee on rules.

MAY GO ON STRIKE

35,000 Operators in the West
Thinking Seriously of
This Move.

AFFECTS SEVERAL STATES.

Kansas City, Mo., March 28.—Thirty-five thousand members of the United Mine Workers of America employed in districts Nos. 14, 21 and 25, comprising Missouri, Kansas, Arkansas, Oklahoma and Texas, will probably go on strike April 1. This announcement followed a decision reached at a meeting of the division vice-presidents held here. The Southwestern Interstate Coal Operators' association declined to name a date to begin negotiations for a new contract with the miners to take the place of the one now in effect and which expires March 31. The operators say that the miners have violated their contract in the Texas, Oklahoma and Arkansas districts by striking without leaving their differences to a board of arbitration.

STOKES JACKSON SPRINGS NEW PLAN FOR T. H. KUHN

State Democratic Chairman
Says He Thinks Local Man
Would Be Elected to Con-
gress From This District.

FRIENDS DESIRE TO
SEE KUHN RUN.

Minister States That He Has
Given the Proposition No
Consideration, Whatever—
His Chances.

When asked today regarding an interview with Stokes Jackson as to the probability of his candidacy for congress, the Rev. T. H. Kuhn, of this city stated he has given the proposition no consideration.

It is known friends of the candidate for governor have importuned him to continue in the political field and try again for the congressional plum in the Sixth district. Whether or not he will entertain the proposition is unknown, even to Mr. Kuhn. Mr. Kuhn was the last opponent of James E. Watson, the republican candidate in this district, and the number of votes polled by him marked him as a strong candidate.

Stokes Jackson, of Greenfield, democratic state chairman, is one of the most influential democrats who thinks well of Mr. Kuhn as congressional timber, and it is his opinion that the preacher politician could be elected to the national legislative body next fall if the democrats of the Sixth should see fit to nominate him.

"Mr. Kuhn is an excellent campaigner," said Mr. Jackson yesterday, when he was asked his opinion of the Kuhn congressional boom, "and I believe he could be elected in the Sixth this year. He made an unusually strong race against Mr. Watson the last time the latter was elected, and the experience he gained from his recent race for the nomination for governor would make him still more able to put up a hard fight for a seat in congress."

"One of the strongest points in Mr. Kuhn's favor is that he is absolutely clean politically. He is one of the best campaigners in the state and wherever he goes he makes friends. Of course he is well known all over the Sixth district, and the fact that he received 29,029 votes to 22,135 for Mr. Watson in the last race proves that he is popular with the people."

"The democrats of the Sixth district were much disappointed that Mr. Kuhn failed to get the nomination for governor, although they are heartily for Mr. Marshall—and they don't want Mr. Kuhn to get out of politics altogether."

"I don't know what Mr. Kuhn's attitude will be toward this suggestion that he become a candidate for the nomination for congress. I haven't seen him since the talk started. But I do believe the people of the Sixth district will make every effort to get him into the race."

The date for the Sixth district democratic congressional convention has not been named.

AUTOISTS PREPARE FOR BUSY SEASON

Wayne County Club to Hold
Annual Meeting.

On April 21, the annual meeting of the Wayne County Automobile club will be held for the purpose of electing officers and preparing a program for the season. At the present time there are over one hundred automobiles in the county, of this number about eighty are owned by Richmond people. Owing to the financial stringency the local automobile market this spring has been dull.

DEPOSITIONS TAKEN

Witnesses From Williamsport
To Appear in Smith-
Vaughan Proceedings.

CASE TO BE HEARD SOON.

Depositions of witnesses at Williamsport, Ind., have been taken for use in the case of Susan J. Smith against John D. Vaughan for damages. The plaintiff seeks to recover \$10,000 as bail for her injured feelings brought about by a breach of promise to marry, which she says the defendant is guilty of.

Practically all doubt as to the certainty of the case being heard in Wayne county has been abandoned. The trial has been set for April 13. This is expected to prove one of the most important and most interesting cases during the April term of court. Nothing will be left undone by both parties. Wilfred Jessup has been assisting the counsel for the defendant in the preparation of testimony.

FUROR IS LIKELY

Appeal From Action of County
Commissioners Will Go
To Circuit Court.

WASHINGTON TP. CASE.

An appeal from the action of the court of the county commissioners in granting the petition of a number of the residents of Washington township for the construction of a free gravel turnpike, will be taken to the circuit court. The commissioners have no recourse under the law other than order the construction of a road, when the petition complies with the law. The petition now on file did this in every detail. It is claimed by those who are promoting the project. The opponents will base their claim for an appeal, upon the assertion that some of the signers to the petition are not resident freeholders in Washington township.

The opponents of the road are basing their attitude upon an interpretation of the law provided by attorneys they have retained. The matter, which at first promised to go through without any opposition now bids fair to create one of the largest furors that has stirred a township in this county in many years. The entire township would have to bear the tax for the cost of the road construction and it is claimed only about one dozen families would derive any benefit from the road.

ACCUSED OF "COWING" WITNESS

Attorney Freeman Resented
Accusation.

In connection with the case of Mary vs. Fred McGuire in the Wayne circuit court this morning, attorney John F. Robbins became somewhat provoked by the proceedings and turning upon Perry J. Freeman, pauper attorney, accused him of "cowering" witness. Mr. Freeman resented the remark and placed his objection before the court. Judge Fox rapped for order a number of times before the heated conversation between the two attorneys subsided. Unaware to his father, Byram Robbins, who was appearing as counsel for McGuire, had informed the court of his withdrawal from the case. The senior Robbins came into the court room later and Judge Freeman had attempted to take advantage of his client.

McGuire was summoned to court to explain why he had not complied with the decree of the court that he pay in a certain sum of money for attorney's fees for his wife. McGuire stated he had no money. He said he earned about \$6 last week, but had to spend it.

ABRAMS SERVED TIME IN PRISON

This Is Disclosed by Prose-
cuting Attorney.

The prosecuting attorney has been informed that Joseph Abrams, the young man arrested at Cambridge City and charged with the theft of a horse, has served two years time in the Ohio penitentiary at Columbus. Abrams retained counsel a few days ago, but they have withdrawn from the case and his interests now are being attended to by the pauper attorney. Abrams claimed he hired a horse and risk from Baxing, the hogman, with the intention of taking his wife to ride. Instead, he became intoxicated and drove to Cambridge City, where he attempted to dispose of the outfit.

JOHNSON TALKATIVE

Prospective Presidential Can-
didate States His Views
On Situation.

NOT SEEKING NOMINATION.

St. Paul, Minn., March 28.—Governor Johnson Friday made a specific declaration that while he has not sought and will not seek the democratic nomination for president he will not refuse the honor if it is tendered him. This statement was made in a letter to Swan J. Turnblad, publisher of the Minneapolis Swedish-American Post, who had asked Governor Johnson for a declaration on the subject.

The Governor's letter to Mr. Turnblad is as follows:

In reply to your inquiry as to my plans in connection with the democratic nomination for president, let me say that I do not believe that any American citizen should be an active, open candidate for the nomination to the presidency. Any American would appreciate the high honor which could come to him in being selected as the standard bearer of his party.

I am not unmindful of the high honor which has been paid me by the people of Minnesota, and if the democratic party of the state desires to present my name to the next national convention I am sure I would have no objection; but even if Minnesota were the only state to declare for me at that time I should still feel that the distinction was one of the greatest which could come to me.

I have nothing, and will do nothing, in the way of organization to bring about this end, and shall not be a candidate in the sense of seeking the nomination.

I desire it understood that in no sense am I to be a candidate for the purpose of defeating Mr. Bryan or any other man; that the only consideration which would induce me to allow the use of my name would be the feeling that I might be necessary to the cause.

I have written you fully, that you may thoroughly understand the situation. In order that there may be no doubt I would say, in answer to your question, that, if a nomination came to me, I certainly should not refuse it.
JOHN A. JOHNSON.

Statements Are Issued From
Germany in Regard to
Hill Case.

AMERICANS TO BLAME.

Berlin, March 28.—The matter of the acceptance by the German government of Dr. David Jayne Hill, now American minister at The Hague, as American ambassador to succeed Charlemagne Tower, continues to hold public interest. The foreign office deals with the affair by denying that any expression adverse to Dr. Hill has come from the German side, declaring that he is persona grata, and that all statements in a contrary sense are inventions put into circulation by designing Americans. It states that the opposition to Dr. Hill is American and not German.

Charlemagne Tower's Part.

Mr. Tower's part is explained to have been confined to a transmittal to President Roosevelt of the Emperor's definite communication. It happens also that his majesty at about the same time requested a distinguished personal friend of President Roosevelt who is now in Germany, to write to the president concerning his majesty's unwillingness to receive Dr. Hill.

Both of these communications were sent at the express wish of the emperor. It is just possible that the foreign office is not aware of the second communication, which is probably still in the transatlantic mail.

BLASTING IS NECESSARY.

The work of building the first section of the big Northwest Second street sewer system is now well under way. CONFERENCES ARE HELD.

Indianapolis, Ind., March 28.—Dr. Henry Jameson, dean of the Purdue school of medicine has denied that any progress had been made in negotiations looking to a consolidation of the two medical colleges of the state.

"It is true that President Stone, of Purdue, and President Bryan, of Indiana university, have had several conferences on the proposition," he said, "but nothing has been done, and it is not likely that anything, either way, will be decided on for several months."

H. BURGESS IS DEAD

Popular Young Man Expires at
Home of His Parents
South of Richmond.

LUNG TROUBLE THE CAUSE

Howard Burgess, a well known young man, died yesterday afternoon at the home of his parents, Mr. and Mrs. Andrew Burgess, who reside on the Abington pike. Mr. Burgess was 25 years old. About two years ago he was stricken with lung trouble and was later forced to resign his position as a member of the faculty of the Kokomo high school.

Mr. Burgess was a graduate of the Richmond high school in 1901. After finishing his high school course he attended Purdue university and graduated later. He also attended Earlham college. After securing his appointment to the Kokomo high school he married Miss Blanche Overdeer, who had been his sweetheart while the two were students at Earlham. Wherever Mr. Burgess was known he was extremely popular. At Earlham he was the editor of the Sargasso and while a student at Purdue he was chosen editor of the Debris. The funeral will be Monday at the home at 2 o'clock.

Decatur German Is Destructive to Property and Will

WANT HIM IN HOSPITAL.

An effort will be made to deport Ernest Oscar Schienfeld, a demented native of Germany for whom accommodations at the Eastern Indiana hospital for the insane have been requested. Adams county seeks to place the German at the hospital. The man is regarded as a demon and while in jail at Decatur has been very destructive to property. He refuses to have bed clothing placed in his cell and will wear nothing but a shirt.

There is no medicine so safe and at the same time so pleasant to take as Dr. Caldwell's Syrup Pepsin, the positive cure for all diseases arising from stomach trouble. The price is very reasonable—5c and 10c.
