

## New Skin Remedy

Creates Big Stir; Drug Stores Crowded With Sufferers

For several weeks past W. H. Sudhoff's and other leading drug stores in this city have been crowded with persons desiring a supply of poslam, the new cure for eczema. This is the drug which has created such a stir throughout the country since its discovery one year ago.

For the convenience of those who use poslam for pimples, blackheads, blotches, red nose, acne, herpes and other minor skin troubles, a special 50-cent package has been adopted, in addition to the regular two-dollar jar, which is now on sale at all leading drug stores.

In eczema cases, poslam stops the itching with first application and proceeds to heal, curing chronic cases in two weeks. In minor skin troubles, results show after an overnight application. For a free experimental sample, write direct to the Emergency Laboratories, 32 West Twenty-fifth Street, New York City.

## Took Kindly to the Water.

They tell this story of the experience of two Maine boys in trying to catch a woodchuck.

They had tried quite a number of times to capture the animal, but unsuccessfully. At last they decided to drown him out; so, procuring four pails, each took two, and they carried water for two solid hours and poured it into the hole in the ground in which the said chuck had taken up his abode. Getting tired, they sat down. After about half an hour the woodchuck cautiously left the hole and deliberately walked down to the brook and took a long drink of water and then scooted back to the disgust of the two boys.

## Mexican Rapid Transit.

The queerest mode of travel I saw in all Mexico was that adopted by a woman who was on her way to the doctor, seated complacently in a chair borne on the back of a man. Some Mexican women are afraid even of the automobile, while they look upon the rapidly spinning trolley with such trembling down to the brook and took a long drink of water and then scooted back to the disgust of the two boys.

## Unchanged.

"I met Doukey today for the first time in years. He hasn't changed much."

"Oh, he hasn't changed at all, but he doesn't seem to realize it."

"How do you mean?"

"Oh, he's forever talking about 'what a fool he used to be.'"—Philadelphia Press.

There is no medicine so safe and at the same time so pleasant to take as Dr. Caldwell's Syrup Pepsin, the positive cure for all diseases arising from stomach trouble. The price is very reasonable—50c and \$1.

The Woman's Missionary society of the First Baptist church will meet tomorrow afternoon with Mrs. E. McMahon, 332 Randolph street.

Mrs. Hudson will entertain the Penny club tomorrow afternoon at her home 108 North Sixteenth street.

Mrs. George Mashmeyer was hostess yesterday afternoon for a meeting of the Dorcas society at her home on South Fourteenth street. The hours were spent at needlework. A dainty luncheon was served. The guests of the club were Miss Esther Besselman, Ruby Wilson, Mrs. Elizabeth Yergens and Mrs. Arnold Kline. The club will be entertained in two weeks by Miss Esther Besselman, 133 South Fourth street.

The Southern women are known for their peculiar facility in getting up charming social affairs and for their wonderful art in decorating.

The Ticknor club met yesterday afternoon with Mrs. Judson Rupe of South Fourteenth street. The regular program was given. Mrs. Hughes had the current events. The next meeting will be Monday with Mrs. John Coate, 36 South Twelfth street.

Miss Jennie Gifford of South Twelfth street will entertain tomorrow afternoon.

The Magazine club met yesterday afternoon with Mrs. Paige of North Twelfth street. Mrs. W. H. Romey and Mrs. Walter Davis were the readers. The club will meet next Monday afternoon with Mrs. Samuel Gaar, 200 North Thirteenth street. It will be miscellaneous day. Mrs. Ostrander will have charge of the program.

Miss Mable Hasemeier and Miss Hazel Thomas are guests at Cambridge City today.

Lent is being observed in various ways this year. Many are not playing cards during this season of self sacrifice. Several clubs are reading books instead of gathering at the card tables. A young girl who is quite fond of gay colors was heard to remark the other day, "I am not wearing anything but black. It is lent and I am keeping it in this manner." Of course the majority of people who are observing the season are not remaining at home like hermits, but they are keeping the season in their own way and out doing the things which seem right to them. Lent has never been observed in this city to such an extent as it has this year. Practically all social frivolity has been laid aside and things will be very quiet in the social world until after Easter.

Mr. Timothy Nicholson will talk on "Indiana Prison Reforms" tomorrow afternoon at two-thirty o'clock, at a meeting of the Domestic Science association, at the Morrison-Reeves library. The public is cordially invited.

Mrs. Willard Rupe of Montezuma, is the guest of friends and relatives in this city.

Charles Moss was pleasantly surprised at his home on North H. street by a number of his friends. The affair was in honor of his twenty-first birthday anniversary. The hours were spent at cards. Those present were: Mr. Dan Jennings and wife, Perry Moss and wife, Emmett Moss and wife and little daughter Emma; Mr. Ora Harter, Walter Comer, Robert Grouche, James and Elmer Moss; Elery Carr, Miss Eva Henderson, Miss Mable Mattix, Anna Mattix, May Hamilton, Jessie Wiggins, George Neadeam, Mary Wiggins and Mealy Wiggins.

Several social affairs will be given this week in honor of Miss Stella Hunt of Greensfork, whose marriage to Mr. Harry Buntin of this city, will take place April the eighth. Miss Hunt was the guest of honor at a "china show" given by Miss Linnie Hatfield, at her home in Greensfork. The parlors were decorated in hearts and carnations and wedding bells were suspended from the doorways. In the dining room the china was displayed under a flower laden umbrella, which stood in the center of the table. Each guest wrote her favorite recipe on a heart-shaped leaf and these were bound and presented to the bride-elect. The remainder of the afternoon was spent in contests, after which a three course luncheon was served. The favors were small wedding bells attached to a card by white ribbon, the card containing a verse of poetry announcing the marriage of Miss Hunt to Harry Buntin of Richmond, which will occur Wednesday, April 8, 1908. The guests were Mesdames William Hunt, Orville Hoover, John Ernsberger, Charles Crump, Thomas Tarkenton, Lafe Stigleman, J. F. Clawson, D. C. Moore, E. S. Martindale, W. L. Hatfield, William Roller, Harry Fagan, Harry Hort, Albert Albertson, E. G. Hatfield, B. H. Hatfield and Mrs. Janet Buntin, Misses Jeannette, May and Nellie Lamb, Isabelle Keimle, Julia Ellis, Edith Bond, Hazel and Edith Hatfield, Misses Clarice Foster and Alpha Mustard of Richmond, Mrs. Roy Copeland of Cambridge City, and Mrs. Byron Pierce of Economy. Many beautiful pieces of Haviland china were received.

Mrs. Silvia Turricchi entertained at dinner last evening at her home, 333 North Seventh street. Places were arranged for Mr. and Mrs. Roy Norris, Mr. and Mrs. Samuel Long, Mr. and Mrs. Harry Bullerick, Mr. and Mrs. Sandy Pryor, Mr. and Mrs. Earl Craft and Miss Nora Mann.

The Women's Missionary society of the First M. E. church, will meet tomorrow afternoon at two thirty o'clock with Mrs. Edgar E. Brown, 2116 Main street. The women are requested to bring their bibles.

The Good-Cheer club will be entertained tomorrow afternoon by Mrs. James Cook, northeast of the city.

The following is the program for the Paderewski concert tomorrow evening at the Coliseum:

## Make Your Own Cough and Cold Medicine

Make a thick syrup by heating and stirring Granulated Sugar and water. Put 2 1/2 oz. of Pinex in a pint bottle and fill it up with the Granulated Sugar Syrup. Take a teaspoonful every one, two or three hours.

This gives you a full pint of better cold and cough remedy than you could buy, very pleasant in taste and prompt in effect. It usually conquers a bad cough in twenty-four hours. The cost is as follows: Pinex (2 1/2 oz.), about fifty cents; Granulated Sugar, about four cents. This cost, as compared with "ready-made" syrup, is extremely low.

Cure should be taken to use the ingredients above given. All druggists have Pinex, or can get it very easily if requested. It is the most concentrated form of Norway White Pine Extract, and is far superior to any of the numerous pine oil or pine tar preparations. Granulated Sugar makes the best syrup.

This recipe is also an excellent thing for whooping cough, weak lungs, pains in the chest, bronchial troubles and other common affections of the throat.

## PADEREWSKI HAS HAD GREAT SEASON

His Richmond Concert Tomorrow Night Will Be About His Ninetieth.

BUSINESS HAS BEEN LARGE.

FINANCIAL DEPRESSION SEEMS TO HAVE HAD BUT LITTLE EFFECT—ITS RECORDS HAVE BEEN BROKEN EVERYWHERE.

Paderewski is coming to Richmond, to give his only recital here Wednesday evening. He is rapidly nearing the end of one of the greatest tours he ever undertook in this country. On one of his early tours he played one hundred and twenty times, and this year he will play about one hundred times. His tour this year has been a matter of amazement for all who are interested in the theatrical and musical business. Coming in a season of acute financial depression, it was thought that he would feel the effects of the economical wave which was sweeping over the country, and would suffer accordingly. His experience simply shows that no matter how "tight" money may be, when the public wants anything, it will find some way in which to get the price.

Paderewski's season began in Bridgeport, Conn., on the 28th of last October, and he will have given when he reaches Richmond, about ninety concerts. In only two instances have the receipts fallen below the records of the past. This applies, of course, to the cities where he has appeared in former years. In New York, he gave three recitals to the utmost capacity of Carnegie hall. Two capacity audiences in Boston, two in Chicago, two in Philadelphia and two in St. Louis, showed that in the larger cities, the desire to hear him was as keen as ever, and this in the face of one of the busiest musical seasons this country has ever known. In the smaller cities capacity has been the rule. In the West, Northwest, Southwest and along the Pacific coast, Paderewski, during the one month of February and early March, gave between twenty and thirty concerts, and all records were broken. An idea of the business that he has done is shown by the Los Angeles concert, where the gross receipts were just fifty-one dollars less than six thousand.

Moreover, Paderewski, has never given greater satisfaction with his playing. That he should receive no unfavorable criticism is not to be expected, but the vast number of critical

articles which have been written about his concert this year have been pitched in the highest key of enthusiastic praise. ## HISTORY MAKING CONVENTION OF THE REPUBLICANS

(Continued From Page One)

some members of the Studebaker family.

Coming Struggle.

The indications are that the principal fight at the meeting of the committee on resolutions Wednesday night will be over the attitude to be taken regarding the temperance legislation. The officials of the anti-saloon league are greatly disappointed over the township and ward local option plank of the democratic platform, and they are insisting on county local option endorsement by the republicans.

Among the arrivals are Senators Beveridge and Hemenway and Congressman Jesse Overstreet. The latter will be temporary chairman of the convention, and will deliver the keynote speech. The two senators have established headquarters at the Claypool hotel. Each is deeply interested in the race for governor. Senator Beveridge favors Charles W. Miller, while Senator Hemenway is for Congressman James E. Watson.

Just Looking On.

Senator Beveridge declared that he is here merely as a "looker-on," but he took occasion to assert that the party ought to select as its nominee for governor some very strong man who can get the most votes. He points out that

if the Democrats should carry the state this year they would elect a United States senator and would gerrymander the state next year so that they could carry the legislature in 1910. All of Senator Beveridge's lieutenants and federal employees are working for Charles W. Miller, while Senator Hemenway's appointees are active for Congressman Watson.

Candidates Optimistic.

All the candidates for the governorship were optimistic, and speak eloquently of their chances. Both Watson and Charles W. Miller voiced confidence in their ability to land the nomination early. William L. Taylor and Hugh T. Miller asserted that neither of the first two can do this, and each declared that a deadlock of a prospective deadlock will give him the prize.

Movement by Watson's Friends.

There is a movement on foot to induce the committee on rules and organization to recommend the nomination by acclamation of the six unopposed candidates before the other contested nominations were taken up. Charles S. Hernly, of New Castle, an ardent supporter of Watson for Governor, is the prime mover in this. He insists that such a program will facilitate and expedite matters. He thinks the unopposed candidates can be nominated at the first session of the convention, Wednesday afternoon, and that more time will then be available for the contested nominations Thursday morning.

Nominations on Thursday.

The nominations will be made on Thursday, the session beginning at 9 o'clock in the morning.

# TUNGSTEN

## The New Light Made By An Electric Lamp

See Window Display of This Great LAMP The TUNGSTEN.

**"LIGHT UP"** Good light adds to the comfort of an evening at home, makes reading easy on the eyes, and gives every one a cheery feeling.

The Tungsten Lamp produces a light closer to that of day than any other artificial light. This light in the home makes everyone happy.

## DOWN TOWN

the stores with the best light are the ones where the crowds go. There is no better advertisement than brilliant light, and there is no better or less expensive light than that produced by the Tungsten Electric Lamp. It uses two-thirds less current than any other electric lamp, and burns 1,000 hours. Cost less than one cent an hour. Think of it; a lamp giving twice as much light; burns nearly twice as long and cost almost nothing more for current. What more could the merchant or the home wish for, in the way of economy and real daylight produced only by the Tungsten Electric Light. The Tungsten comes in three sizes—32, 48 and 80 candle power, cost you from \$1.45, \$1.65, to \$1.90. Call on us and have a real artificial light, almost the same as daylight, placed in your place of business, office or home.
