**WILL CELEBRATE THE FOURTH ALL WEEK**

Judge H. C. Fox Will Hold No Court.

There will be no sessions of the Wayne circuit court this week. The judge will observe the Fourth of July in a continuous manner. The second day of the month he will attend the home coming celebration at Eaton, O. He will join with the Elks in their celebration on the third and on the fourth he will attend the annual reunion of ex-soldiers at Jackson park.

**THEY FEAR FLOODS**

For This Reason Farmers Want West River Dredged.

**A PETITION HAS BEEN FILED**

The petition for the improvement of West River in Perry township has been presented direct to the circuit court. It was expected the petition would be handed first to the county commissioners but in order to circumvent any delay that might be occasioned by such procedure the circuit court will be the first to deal with the matter. The petitioners wish West River dredged in order to counteract the recurrent floods. This river flows between shallow banks and with every hard rain it leaves the banks and floods the fields. Farmers along the route of the stream have suffered heavy losses for a number of years and now desire to prevent further continuance. A remonstrance to the petition is expected. The improvement will have to be paid for by assessment against all property owners for a certain distance back from the stream and some of these are expected to enter formal objections.

**LIVES OF NEGROES THREATENED BY MOB**

Black Men Commit Atrocious Assault on White Girl.

Waycross, Ga., June 27.—Albert Baker and Walter Wilkins, negroes, were brought to Waycross for safekeeping, the charge against them being assault upon the 13 year old daughter of Mr. Wylie Wainwright. The girl was taken from her home at 6 o'clock Thursday evening by a negro supposed to be Baker and it was several hours before she succeeded in making good her escape. An armed mob tried to take Baker and Wilkins from the officers, but their plans were frustrated. The crime is the most atrocious in the recent history of Ware county and talk of lynching is rife.

**CLEAR OWN SKIRTS.**

McDaniels Says Jap Affair Was Not Serious.

Clyde McDaniel who was reported as involved in difficulty with Dan Robinson of the Robinson Amusement company, following an alleged buggy ride with a little Japanese girl, an attack of one of the shows denies the affair was of a serious nature. He says he did not take the girl riding and there was no transaction of an improper kind. Friends of McDaniel regret the rumors that resulted from the precipitate action on the part of Robinson.

**BRYAN'S WINDOWS SHOW STAIN OF PETROLEUM**

Nebraskan Will Not State, However.

Lincoln, Neb., June 27.—Mr. W. J. Bryan prefers to maintain a judicial silence on the question of the stained glass windows that adorn his home at Fairview, Neb. He was acquainted last night with the current stories that said windows showed stains of petroleum hue because of their having been given Mr. Bryan by Mr. Guffey of Pennsylvania, who is not unrelated to the Standard Oil. Without leaving an inferential peg on which to hang either credence or disbelief in the story, Mr. Bryan contented himself make no reply.

**TENNIS TOURNAMENT AT PLAY GROUND**

Campbell and Herbert Were Winners Yesterday.

In the single tennis tournament at the playgrounds yesterday afternoon Herbert and Campbell were the winners.

The first match was between Campbell and Spangler, Campbell winning by fast playing, scores being 6-2 and 6-4.

In the second match Herbert defeated Reller in a fast, clean game which he won by the scores of 6-2 and 6-3.

**PLAN TO BUILD NEW DESTROYERS**

Ten of the Little Vessels Will Be Built.

Washington, June 27.—The navy department is planning the construction of ten torpedo boat destroyers of sea-going qualities with a large steaming radius.

They are to be 280 feet long and of 700 tons displacement, with contract speed of twenty-eight knots and cost not more than \$800,000 each. Oil burning machinery is to be installed.

**Transplanting Trees.**

To merely replace a tree that has been blown down is a much more simple affair than to transplant a forest giant. Yet this sort of thing is constantly done and is no novelty. So long ago as the time of Louis XIV. hundreds of forest trees were dug up by the roots and transplanted to Versailles, where they still form a forest around the old palace.

**BOYS' BRIGADE CAMP IS BROKEN UP**

Enthusiastic Lads Return to Homes in City.

Camp was broken by the Boys' Brigade Saturday. The members of the local company returned to their homes and the New Castle company departed for the Henry county seat. The youngsters were in a happy frame of mind because of their ten days' outing, but all regretted the departure for home. Memories of the days which were spent in Camp on the banks of Nolaans Fork will be cherished by the lads for many years.

**Cause of Nosebleed.**

In weak persons bleeding at the nose is frequently hurtful and should be stopped without delay, as continued hemorrhage may prove fatal if neglected.

Those who suffer from poorness of blood or anemia and are sometimes seized with violent nosebleeding should avoid as far as possible anything which may tend to bring it on. Gentle exercise only should be taken, as violent bodily movements may provoke a repetition of the hemorrhage. Even running downstairs hastily should be avoided. Bleeding at the nose is usually a sign that something is wrong with the system. The cause should, if possible, be discovered and steps taken to remove it.

**"Survival of the Fittest."**

In Ireland from time immemorial candidates for political honors have had to cope not only with Irish brains, but with the noble Irish oak in the shape of a shillalah, a fact which illuminates a reminiscence of Galway, found in Blackwood's Magazine. When George IV. visited Ireland an election for Galway was pending. The king inquired of a Galway gentleman who came up to Dublin to attend his levee which candidate would probably be returned.

"The survivor, sir," replied the gentleman.

**Exceptions.**

Hardy—She may be well educated, as you say, but she uses very singular expressions. Tardy—She does? Hardy—Yes. Yesterday, for instance, she spoke of a musical concert. Tardy—Wasn't that correct? Hardy—Certainly not. It wasn't necessary to say "musical" in speaking of a concert. A concert must be musical. Tardy—Must, eh? Well, I've been to some that were not.

**A Restful Book.**

"Yes, I picked up his book last night, and I never budged out of my chair until 4 o'clock this morning." "Goodness! Was it that interesting?" "No, but I didn't wake up until that time."—Philadelphia Press.

**True Helpfulness.**

I want it to be said of me by those who know me best that I have always plucked a thistle and planted a flower in its place wherever a flower would grow.—Abraham Lincoln.

**CASE MAY NOT BE CALLED FOR TRIAL**

Lack of Evidence May Free Livery Employees.

It is probable that the cases of the State vs. Donald Cameron and William Morris charged with assault and battery will not be called for trial. The men claim they engaged in a friendly scuffle at the Shurley livery barn on North Eighth street and there was no ill feeling displayed. There was but one eyewitness to the fight; so far as the police have been able to learn and as he is another employee it is not probable he would divulge anything that might incriminate the two men.

**DID NOT GRADUATE AND THEN SUICIDES**

New York Young Man Was Greatly Depressed.

New York, June 27.—While relatives insisted today that the shooting of Charles M. Rolker, Jr., a broker, of No. 127 Riverside Drive, was an accident, Coroner Dooley and the police are satisfied it was a case of suicide. Young Rolker was a member of the graduating class of Columbia university this year, but is not on the graduating list, and it is said that his failure to finish had made him despondent. The mother denies this, and says he was happy and had no motive for suicide.

**GET BIG CONTRACT.**

Caldwell & Mobley, contractors, who have recently located in this city have been awarded the contracts for a Friends' church, Carthage, Indiana. It will be a brick structure with stone trimmings. They will commence operations at once. The above firm has the contract for a school building at Carthage, also, which is now under construction.

An important matter from without the state will be brought before the board of review at its final meeting Tuesday according to Auditor Coe. The auditor will not divulge the nature of the matter but states it will be such as to claim the undivided attention of the board until the time for adjournment. The subject will be brought before the board by a local merchant.
