In the games in the city league yesterday afternoon there was a mixed display of good and poor playing. In the double header on the hospital grounds between Easthaven and the Kibbeys, the Kibbeys took both. The cravat boys won the first by a score of 6 to 1 and the second, which was a swat fest and comedy of errors was taken by the score of 14 to 10. The same teams will play another double header next Saturday so as to clean up the schedule of the postponed games.

Eggemeyer pitched a great game in the opener. Twelve men went out by the strikeout route and he was so stingy that only one measly, solitary hit was secured off his delivery. Allison poled out a homer in this fray. Score:

HOOSIERS BROKE EVEN.

Win and Lose One Against Starr Piano Team.

In the double header at Athletic park, the Hoosiers won the first game which went nine innings by the score of 5 to 2. The Starrs took the second by the same score in five innings. Good playing won for the Hoosiers and the wild pitches of Lentz contributed to their defeat. Lentz is a new twirler in the league and made a favorable impression. His drop ball is a fooler. ## Ty Cobb Tired of the Days of Ragged Sox and Shirts

Detroit, Aug. 8.—Ty Cobb, the Demon Batter. Said to himself, "Now what's the matter? Hits are fine, and so are doubles. Still I seem to have my troubles. 'Holes in all my fancy hose. Where my shirts go, goodness knows. Something lacking in my life—By Jinks, I believe I need a wife!'"

Wherefore, the Detroit club of the American league will have to get along without Ty Cobb, who will be very busy down in Augusta, Ga., getting

## MANY ENTRIES IN VANDERBILT RACE

### Elimination Race Is Now Very Likely.

New York, Aug. 8.—Information concerning entries for the Vanderbilt cup race from various sources indicate that the list will be larger than ever before, including a substantial number of foreign cars. It is also most probable that an elimination race will be necessary to decide the American team, though this year 10 cars are permitted from every country instead of five cars as in previous years.

"In your opinion," asked the member of the investigating committee, "what is the cause of the noted unrest among the Indians?"  
Comanche Pete, the noted scout, blew a cloud of smoke into the air. Then he took his pipe out of his mouth. "Fleas," he answered.

## OLDFIELD THROWN THROUGH FENCE

Tire on His Monster Racing  
Car Explodes on Lexington Track.

AFTER A RECORD, MONDAY.

WILL ATTEMPT TO LOWER THE  
WORLD'S RECORD WITH CAR  
HE DROVE THROUGH RICH-  
MOND SOME TIME AGO.

Lexington, Ky., Aug. 8.—Barney Oldfield, the famous auto racer, almost had his career terminated on the trotting track here, where he will race against the world's record Monday. He had new tires on his racing car save the left front wheel. While making a mile in about 58 a tire exploded and hurled Oldfield through a fence. The machine careened and nearly turned over, but was righted.

John J. Ryan, who has been challenged for the world's record by Oldfield, will be here Monday, when it is expected details for the contest will be settled. The race likely will take place in Cincinnati. Oldfield has been scorching on the model roads hereabouts and has caused such complaint from the country road residents that orders have been issued by County Judge Bullock to arrest him on sight if he exceeds the fifteen-miles speed limit.

Oldfield, driving the car in which he met with the accident, passed through Richmond a week ago. Oldfield was then on his way to Lexington.

## A Kurdish Tent.

The tents of the Kurds, in which they seek the pasturage of the mountains in summer, vary much in size, though in appearance and shape they conform throughout to one plan. The covering of the tents consists of long, narrow strips of black goat's hair material sewed together lengthways. Along the center of the tent this roofing is supported on three to five poles, according to the size, and stretched out by ropes which, made fast to the edge of the roofing, are pegged securely to the ground. The poles within the tent being of some height, usually eight to ten feet, the edge of the tenting does not nearly reach the ground, but walls are formed of matting, reeds, held together by black goat's hair thread, which is often so arranged as to form patterns on the yellow mats.
