

GRAND JURY BUSY AT SPRINGFIELD

Six Alleged Leaders in Riots
Arrested as Result of
Investigations

TASK IS NOT HALF DONE.

SMALL TOWN NEAR SPRINGFIELD
ISSUES WARNING AND NEGROES
HAVE BEGUN TO FLEE FOR
THEIR LIVES.

Springfield, Ill., Aug. 22.—The grand jury yesterday indicted six more alleged leaders in the recent race riots. Four of them were indicted four times each for malicious mischief and inciting riot, and two were held on two charges each. All were the result of the destruction of Loper's restaurant.

Those indicted today were Ernest Humphrey, huckster; Rudolph Bredmeyer, mechanic; John Schienle, grocery clerk; William Sutton, cabman; Herbert Carey, blacksmith, and one other man whose identity was kept secret at the order of Judge Creighton because he was understood to have fled from Springfield.

It is rumored an indictment charging murder also is to be returned against Humphrey and more indictments are anticipated against Kate Howard and Abraham Raymer, who are under serious indictments. Among others who may be indicted are many living in nearby towns.

Jury's Task Not Half Done.
That the grand jury has not half finished the task is shown by the statement of Assistant State's attorney Wines tonight. He said the prosecutors were confident half a hundred or more indictments would be returned within the next ten days.

The coroner's jury returned a verdict saying Louis Johnson, the boy who was killed during the riot at Loper's restaurant, was shot by an unknown person. This decision was reached only after a delay. Coroner Woodruff having discovered no autopsy had been made. The coroner and a physician went to Mechanicsburg, where they exhumed the body and made an examination. The physician reported to the jury that the boy was killed by the shot which struck him in the neck.

Rolla Keyes, the boy who was shot accidentally by a playmate, which occurrence almost caused a riot under the supposition that a negro had shot him, is said to have a good chance of recovery. William H. Bowe, who was shot and beaten by negro thugs, is thought to be on the road to recovery. News came from Buffalo, fifteen miles from Springfield, today, saying that race hatred has reached a high pitch there. In front of the interurban station at Buffalo is a large sign: "All niggers are warned out of town by Monday, 12 m. sharp."

"BUFFALO SHARP SHOOTERS."

Affairs of the Sporting World

It is quite probable that Ambrose Puttman, the star twirler of the Louisville club, will be sold to the Cincinnati Reds. Puttman was formerly with the Boston Americans. Hall of the Night Riders, will probably go to the Boston Americans.

Charles Dryden, in the Chicago Tribune, says: "Connie Mack has signed a pitcher named Salved. Hooked up with Catcher Blue they should form a combination quite pleasing to the bugs."

Cincinnati is considering the advisability of selling Pitcher Andy Coakly to the New York Nationals. Coakly hopes the deal will go through.

The Boston Nationals announce that they have signed outfielder Beals Becker, of Little Rock, Ark., who was with Pittsburgh for part of the season. Becker will join the Bostons at Chicago.

go, as also will pitcher William Chapelle, of Memphis, over whose signing there has been such a fuss in the Southern league.

Chris Enderen & Sons, spar makers, having headquarters in Hoquiam, Wash., have practically closed a deal with the Emperor of Germany whereby they are to supply spars for a new royal yacht.

It is understood that Clarence Owens considered the best umpire in the American association, has accepted terms with the National League for next year and not the American League as has been reported.

Following closely upon the sale of Billy Gray to the Washington Americans, it was announced that "Rube" Ellis, the young left fielder of the Los Angeles team, has been sold to the Cincinnati Reds.

FILING OF BRIEF STOPPING POINT

Marks End of Route in Freight
Interchange Case That
Was Long.

HOPE TO WIN THE CASE.

ATTORNEYS FEEL REASONABLY
SURE OF FAVORABLE VERDICT
IN CELEBRATED CASE NOW IN
COURT.

The filing of the brief in the case of the Commercial club of the City of Richmond and the Indiana State Railway Commission against the P. C. C. & St. L. Railway company, yesterday, marked the consummation of a long legal preliminary. The counsel for the plaintiffs has hope for favorable action upon the part of the high court. The point at stake is one of principle and fair dealing, as much as law, but sentiment never weighs in the balance of justice.

The case began with the petition of the Commercial club before the railroad commission. An order was made by the commission directing the roads to make a physical connection and interchange freight. From this order the Pennsylvania took an appeal upon statute to the superior court of Marion county. The superior court affirmed and sustained the order of the commission and the Pennsylvania then appealed the judgment to the superior court of Indiana.

The case has been presented so far upon the complaint filed by the Pennsylvania railroad in the superior court and the appeal to the supreme court is upon the sufficiency of the complaint filed by the railroad company.

If the supreme court upholds the complaint then the case will be sent down for the trial in the Marion superior court and tried upon its merits and evidence introduced by both sides the case being tried in the regular way. If a demurrer to the complaint is sustained, the Pennsylvania railroad will then be compelled to either file an amended complaint or abandon its proceedings.

The presumption is that the railroad company in its present complaint has alleged all the facts which will support its contention, and if defeated on the present complaint the matter will probably be closed.

WOODRUFF NOW READS OFF WALL

Bandage Removed From Their
Eyes Since Roosevelt
Calls for Hughes.

WANT ON BAND WAGON.

CHASING IN FROM SUMMER RESORTS AND MOUNTAIN SIDES
AND HOTFOOTING TO CATCH
REAR HANDLES.

New York, Aug. 22.—Chairman Tim Woodruff and the other fellows in the high up ranks among the republican politicians, who had a dream that they were the leaders of political thought in the Empire state, got the word what to do today direct from The People.

As has been told in these dispatches from day to day, these "leaders" could not see the handwriting on the wall. They kept hotfooting it down to see the People at Sagamore Hill to convince him that Hughes would not do at all.

Now they have been told that he will do and they are chasing each other into town from the mountains and seaside resorts, doing a regular Marathon, and preparing to do the mightiest kind of high jump acts to leap into the band wagon on which President Roosevelt is holding the ribbons and doing a classy bit of driving and steering.

Any lingering doubts as to the certainty of Hughes' renomination that may have existed were dissipated today by a formal statement from James S. Sherman, the republican vice presidential nominee.

"The sentiment of our conference with the president yesterday," he declared at republican national headquarters, "was decidedly favorable to the nomination of Governor Hughes. No other candidate was discussed."

INJUNCTION IS ASKED BY SUIT

Glen Miller Traction Squab-
ble in Court for Another
Hearing.

HILL IS THE PLAINTIFF.

CLAIMS HIS RESIDENCE IS DAM-
AGED AND ANNOYANCE WILL
FOLLOW OPERATION OF IN-
TERURBAN CARS.

This afternoon in the circuit court suit for injunction against the city and the T. H. I. & E. traction company, to prevent the placing of a traction line through Glen Miller park, was filed. In this suit George W. Hill, 2277 Main street, was named as plaintiff. He represents all the citizens who have protested against the placing of a traction line in the park.

In the suit the plaintiff sets forth specific damages, alleging that his home is opposite the point where the park line joins with the Main street line and that his property is damaged by the operation of cars through the park; that it mars the view from his home and that he will be greatly annoyed by the additional noise and confusion.

The injunction proceedings were prepared by Attorneys Wilfred Jessup and A. M. Gardner. It is not known when the case will be brought to the attention of Judge Fox.

BRYAN'S SIGNAL FIRED LAST NIGHT

Opened the Campaign at Des
Moines Last Night, At-
tacking Republicans.

TELLS HIS PARTY'S AIM.

CLAIMS IT ASKS ONLY EVEN-
HANDED JUSTICE IN TAXATION
—EACH INDIVIDUAL SHOULD
CONTRIBUTE TO SUPPORT.

Des Moines, Ia., Aug. 22.—Comparing the attitude of the two dominant parties on the tariff question William J. Bryan, the democratic candidate for the presidency, at the base ball park, in this city last night before a vast audience, fired the first gun in the campaign.

He attacked the republican promises of tariff revision and asked if the democratic party was not justified when it included in its platform the declaration that "the people cannot safely entrust the execution of this important work with a party which is so deeply obligated to the highly protected interests as the republican party."

"The whole aim of our party," he said in summarizing, "is to secure justice in taxation. We believe that each individual should contribute to the support of the government in proportion to the benefits which he receives under the protecting government. We believe that a revenue tariff, approached gradually, according to the plan laid down in our platform, will equalize the burdens of taxation and that the addition of an income tax will make taxation still more equal."

"If the republican party is to have the support of the people who find a pecuniary profit in the legislation of the taxing power as a private asset in their business we ought to have the support of that large majority of the people who produce the nation's wealth in time of peace, protect the nation's flag in time of war and ask for nothing from the government but even-handed justice."

AUTHORIZED BONDS

Issue Ordered to Cover Ex-
pense of New Washington
Township Road.

MAY BE SOME COMPLAINT.

The county commissioners met this afternoon and passed an ordinance authorizing the issuance of bonds to the amount of \$10,000 for the building of the Washington township road. This was the first road petitioned for in Wayne county under the new law. It has been a thorn in the side of the commissioners ever since the petition was filed with them. The bonds authorized today will be placed on sale two weeks from today. It is regarded as probable that remonstrators against the road will seek to prevent the commissioners from selling these bonds by filing suit to enjoin.
